Since February 24, 2022, the Russian Federation's war against Ukraine has had wide-ranging implications for U.S. national security and for an array of global geopolitical and economic issues. This report compiles some of CRS's products on various aspects of this conflict and is updated as CRS develops new products. It also includes some products published before the invasion that offer relevant background and context.

To contact CRS experts, congressional clients may use the author information on each of the products below.

Conflict Developments and Background Issues

CRS Insight IN12186, *Wagner Group Mutiny in Russia*, by Andrew S. Bowen
