FOREWORD

This volume of legislation and related material is part of a five volume set of laws and related material frequently referred to by the Committees on Foreign Relations of the Senate and International Relations of the House of Representatives, amended to date and annotated to show pertinent history or cross references.

Volumes I (A and B), II (A and B), III and IV contain legislation and related material and are republished with amendments and additions on a regular basis. Volume V, which contains treaties and related material, will be revised as necessary.

We wish to express our appreciation to Dianne E. Rennack and Larry Q. Nowels of the Foreign Affairs, Defense, and Trade Division of the Congressional Research Service of the Library of Congress who prepared volume I–A of this year’s compilation.

Henry J. Hyde,
Chairman, Committee on International Relations.

Richard G. Lugar,
Chairman, Committee on Foreign Relations.

January 17, 2006.
EXPLANATORY NOTE

The body of statutory law set out in this volume was in force, as amended, at the end of 2005.

This volume sets out "session law" as originally enacted by Congress and published by the Archivist of the United States as "slip law" and later in the series United States Statutes at Large (as subsequently amended, if applicable). Amendments are incorporated into the text and distinguished by a footnote. Session law is organized in this series by subject matter in a manner designed to meet the needs of the Congress.

Although laws enacted by Congress in the area of foreign relations are also codified by the Law Revision Counsel of the House of Representatives, typically in title 22 United States Code, those codifications are not positive law and are not, in most instances, the basis of further amendment by the Congress. Cross references to the United States Code are included as footnotes for the convenience of the reader.

All Executive orders and State Department delegations of authority are codified and in force as of December 30, 2005.

Corrections may be sent to Dianne E. Rennack at Library of Congress, Congressional Research Service, Washington D.C., 20540–7460, or by e-mail at drennack@crs.loc.gov.

a. The Foreign Assistance Act of 1961, as Amended

*NOTE.—The Foreign Assistance Act will be referred to as the FA Act and "this Act."
18 Foreign Assistance Act of 1961 (P.L. 87–195)

AN ACT To promote the foreign policy, security, and general welfare of the United States by assisting peoples of the world in their efforts toward economic development and internal and external security, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as “The Foreign Assistance Act of 1961.”

PART I

Chapter 1—Policy; Development Assistance Authorizations

Sec. 101. General Policy.—(a) The Congress finds that fundamental political, economic, and technological changes have resulted in the interdependence of nations. The Congress declares that the individual liberties, economic prosperity, and security of the people of the United States are best sustained and enhanced in a community of nations which respect individual civil and economic rights and freedoms and which work together to use wisely the world’s limited resources in an open and equitable international economic system. Furthermore, the Congress reaffirms the traditional humanitarian ideals of the American people and renews its commitment to assist people in developing countries to eliminate hunger, poverty, illness, and ignorance.

Therefore, the Congress declares that a principal objective of the foreign policy of the United States is the encouragement and sustained support of the people of developing countries in their efforts to acquire the knowledge and resources essential to development and to build the economic, political, and social institutions which will improve the quality of their lives.

United States development cooperation policy should emphasize five principal goals:

1. the alleviation of the worst physical manifestations of poverty among the world’s poor majority;
(2) the promotion of conditions enabling developing countries to achieve self-sustaining economic growth with equitable distribution of benefits;
(3) the encouragement of development processes in which individual civil and economic rights are respected and enhanced;6
(4) the integration of the developing countries into an open and equitable international economic system; and
(5) the promotion of good governance through combating corruption and improving transparency and accountability.

The Congress declares that pursuit of these goals requires that development concerns be fully reflected in United States foreign policy and that United States development resources be effectively and efficiently utilized.

(b) Under the policy guidance of the Secretary of State, the agency primarily responsible for administering this part should have the responsibility for coordinating all United States development-related activities.

Sec. 102. Development Assistance Policy.—(a) The Congress finds that the efforts of developing countries to build and maintain the social and economic institutions necessary to achieve self-sustaining growth and to provide opportunities to improve the quality of life for their people depend primarily upon successfully marshaling their own economic and human resources. The Congress recognizes that the magnitude of these efforts exceeds the resources of developing countries and therefore accepts that there will be a long-term need for wealthy countries to contribute additional resources for development purposes. The United States should take the lead in concert with other nations to mobilize such resources from public and private sources.

6Sec. 203(a) of the International Anti-Corruption and Good Governance Act of 2000 (title II of Public Law 106–309; 114 Stat. 1091) struck out “and” at the end of para. (3), replaced a period at the end of para. (4) with “; and”, and added a new para. (5).

5The responsibilities of the Agency mentioned in this subsection were transferred to the Director of IDCA, pursuant to sec. 6 of Reorganization Plan No. 2 of 1979 (establishing IDCA). The responsibilities of the Secretary of State, insofar as they relate to policy guidance other than foreign policy guidance, were also transferred to the Director. Subsequently, the Reorganization Plan No. 2 of 1979 ceased to be effective with enactment of the Foreign Affairs Reform and Restructuring Act of 1998, pursuant to sec. 1422(a)(1) (division G of Public Law 105–277; 112 Stat. 2681).

Sec. 1522 of that Act (22 U.S.C. 6592; 112 Stat. 2681–794), furthermore, provided the following:

SEC. 1522. ADMINISTRATOR OF AID REPORTING TO THE SECRETARY OF STATE.

"The Administrator of the Agency for International Development, appointed pursuant to section 624(a) of the Foreign Assistance Act of 1961 (22 U.S.C. 2384(a)), shall report to and be under the direct authority and foreign policy guidance of the Secretary of State.".

5Sec. 101 of the International Development and Food Assistance Act of 1978 (92 Stat. 927) struck out sec. 102, which concerned a statement of policy, and added a new sec. 102.
Provision of development resources must be adapted to the needs and capabilities of specific developing countries. United States assistance to countries with low per capita incomes which have limited access to private external resources should primarily be provided on concessional terms. Assistance to other developing countries should generally consist of programs which facilitate their access to private capital markets, investment, and technical skills, whether directly through guarantee or reimbursable programs by the United States Government or indirectly through callable capital provided to the international financial institutions.

Bilateral assistance and United States participation in multilateral institutions shall emphasize programs in support of countries which pursue development strategies designed to meet basic human needs and achieve self-sustaining growth with equity.

The Congress declares that the principal purpose of United States bilateral development assistance is to help the poor majority of people in developing countries to participate in a process of equitable growth through productive work and to influence decisions that shape their lives, with the goal of increasing their incomes and their access to public services which will enable them to satisfy their basic needs and lead lives of decency, dignity, and hope. Activities shall be emphasized that effectively involve the poor in development by expanding their access to the economy through services and institutions at the local level, increasing their participation in the making of decisions that affect their lives, increasing labor-intensive production and the use of appropriate technology, expanding productive investment and services out from major cities to small towns and rural areas, and otherwise providing opportunities for the poor to improve their lives through their own efforts. Participation of the United States in multilateral institutions shall also place appropriate emphasis on these principles.

(b) Assistance under this chapter should be used not only for the purpose of transferring financial resources to developing countries, but also to help countries solve development problems in accordance with a strategy that aims to insure wide participation of the poor in the benefits of development on a sustained basis. Moreover, assistance shall be provided in a prompt and effective manner, using appropriate United States institutions for carrying out this strategy. In order to achieve these objectives and the broad objectives set forth in section 101 and in subsection (a) of this section, bilateral development assistance authorized by this Act shall be carried out in accordance with the following principles:

(1) Development is primarily the responsibility of the people of the developing countries themselves. Assistance from the United States shall be used in support of, rather than substitution for, the self-help efforts that are essential to successful development programs and shall be concentrated in those countries that take positive steps to help themselves. Maximum effort shall be made, in the administration of this part, to stimulate the involvement of the people in the development process through the encouragement of democratic participation in private and local governmental activities and institution building appropriate to the requirements of the recipient countries.
(2) Development planning must be the responsibility of each sovereign country. United States assistance should be administered in a collaborative style to support the development goals chosen by each country receiving assistance.

(3) United States bilateral development assistance should give high priority to undertakings submitted by host governments which directly improve the lives of the poorest of their people and their capacity to participate in the development of their countries, while also helping such governments enhance their planning, technical, and administrative capabilities needed to insure the success of such undertakings.

(4) Development assistance provided under this chapter shall be concentrated in countries which will make the most effective use of such assistance to help satisfy basic human needs of poor people through equitable growth, especially in those countries having the greatest need for outside assistance. In order to make possible consistent and informed judgments in this respect, the President shall assess the commitment and progress of countries in moving toward the objectives and purposes of this chapter by utilizing criteria, including but not limited to the following:

(A) increase in agricultural productivity per unit of land through small-farm, labor-intensive agriculture;
(B) reduction of infant mortality;
(C) control of population growth;
(D) promotion of greater equality of income distribution, including measures such as more progressive taxation and more equitable returns to small farmers;
(E) reduction of rates of unemployment and underemployment; 8
(F) increase in literacy; and
(G)8 progress in combating corruption and improving transparency and accountability in the public and private sector.

(5) United States development assistance should focus on critical problems in those functional sectors which affect the lives of the majority of the people in the developing countries; food production and nutrition; rural development and generation of gainful employment; population planning and health; environment and natural resources; education, development administration, and human resources development; and energy development and production.9

(6) United States assistance shall encourage and promote the participation of women in the national economies of developing countries and the improvement of women’s status as an important means of promoting the total development effort.

(7) United States bilateral assistance shall recognize that the prosperity of developing countries and effective development efforts require the adoption of an overall strategy that promotes

8Sec. 203(b)(1) of the International Anti-Corruption and Good Governance Act of 2000 (title II of Public Law 106–309; 114 Stat. 1092) struck out “and” at the end of subpara. (E), replaced a period at the end of subpara. (F) with “; and”, and added a new subpara. (G).
9Sec. 104(a) of the International Development Cooperation Act of 1979 (Public Law 96–53; 93 Stat. 360) added the reference to energy development and production.
the development, production, and efficient utilization of energy and, therefore, consideration shall be given to the full implications of such assistance on the price, availability, and consumption of energy in recipient countries.

(8) United States cooperation in development should be carried out to the maximum extent possible through the private sector, including those institutions which already have ties in the developing areas, such as educational institutions, cooperatives, credit unions, free labor unions, and private and voluntary agencies.

(9) To the maximum extent practicable, United States private investment should be encouraged in economic and social development programs to which the United States lends support.

(10) Assistance shall be planned and utilized to encourage regional cooperation by developing countries in the solution of common problems and the development of shared resources.

(11) Assistance efforts of the United States shall be planned and furnished to the maximum extent practicable in coordination and cooperation with assistance efforts of other countries, including the planning and implementation of programs and projects on a multilateral and multidonor basis.

(12) United States bilateral development assistance should be concentrated on projects which do not involve large-scale capital transfers. However, to the extent that such assistance does involve large-scale capital transfers, it should be furnished in association with contributions from other countries working together in a multilateral framework.

(13) United States encouragement of policy reforms is necessary if developing countries are to achieve economic growth with equity.

(14) Development assistance should, as a fundamental objective, promote private sector activity in open and competitive markets in developing countries, recognizing such activity to be a productive and efficient means of achieving equitable and long-term economic growth.

(15) United States cooperation in development should recognize as essential the need of developing countries to have access to appropriate technology in order to improve food and water, health and housing, education and employment, and agriculture and industry.

(16) United States assistance should focus on establishing and upgrading the institutional capacities of developing countries in order to promote long-term development. An important component of institution building involves training to expand the human resource potential of people in developing countries.

(17) Economic reform and development of effective institutions of democratic governance are mutually reinforcing. The successful transition of a developing country is dependent upon the quality of its economic and governance institutions. Rule of

law, mechanisms of accountability and transparency, security of person, property, and investments, are but a few of the critical governance and economic reforms that underpin the sustainability of broad-based economic growth. Programs in support of such reforms strengthen the capacity of people to hold their governments accountable and to create economic opportunity.

(c) The Congress, recognizing the desirability of overcoming the worst aspects of absolute poverty by the end of this century by, among other measures, substantially lowering infant mortality and birth rates, and increasing life expectancy, food production, literacy, and employment, encourages the President to explore with other countries, through all appropriate channels, the feasibility of a worldwide cooperative effort to overcome the worst aspects of absolute poverty and to assure self-reliant growth in the developing countries by the year 2000.

NOTE.—Foreign assistance appropriations for fiscal year 2006 are included in the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2005 (Public Law 109–102; 119 Stat. 2172). The Emergency Supplemental Appropriations Act To Address Hurricanes in the Gulf of Mexico and Pandemic Influenza, 2006 (division B of Public Law 109–148; 119 Stat. 2680 at 2745), also provided supplemental appropriations for several foreign aid-related programs, and required a government-wide rescission of one percent of any funds appropriated for fiscal year 2006, unless such funds were designated as an emergency requirement under sec. 402 of H. Con. Res. 95 (109th Congress) (see next note). The Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (division A of Public Law 109–13; 119 Stat. 231), also provided funding for fiscal year 2005, in many instances to remain available through fiscal year 2006, for several foreign aid accounts. Amounts appropriated by those Acts to carry out the purposes of provisions contained in the Foreign Assistance Act of 1961, during fiscal year 2006 unless otherwise specified, are included in footnotes.
NOTE.—Title III, ch. 8 of the Emergency Supplemental Appropriations Act To Address Hurricanes in the Gulf of Mexico and Pandemic Influenza, 2006 (division B of Public Law 109–148; 119 Stat. 2791), provided the following:

“CHAPTER 8

“(2) the budget authority provided in any advance appropriation for fiscal year 2006 for any discretionary account in any prior fiscal year appropriation Act; and

“(2) within each such account and item, to each program, project, and activity (with programs, projects, and activities as delineated in the appropriation Act or accompanying reports for the relevant fiscal year covering such account or item, or for accounts and items not included in appropriation Acts, as delineated in the most recently submitted President’s budget).

“(c) EXCEPTIONS.—This section shall not apply—

“(1) to discretionary budget authority that has been designated pursuant to section 402 of H. Con. Res. 95 (109th Congress), the concurrent resolution on the budget for fiscal year 2006; or

“(d) OMB REPORT.—Within 30 days after the date of the enactment of this section the Director of the Office of Management and Budget shall submit to the Committees on Appropriations of the House of Representatives and the Senate a report specifying the account and amount of each rescission made pursuant to this section.”.
NOTE.—Prior to fiscal year 1992, Congress appropriated funds for each of the Development Assistance functional accounts authorized in sections 103 through 106 of the Foreign Assistance Act of 1961. For fiscal year 1992 through fiscal year 1995, however, Congress made appropriations in one lump sum for all programs within sections 103 through 106, with the exception of “Population, Development Assistance”. In fiscal year 1996, Congress made appropriations in one lump sum for Development Assistance. Since fiscal year 1997, Congress has made appropriations to two development accounts: “Development Assistance” and “Child Survival and Disease Programs Fund”. In fiscal year 2006, the latter account is referred to as the “Child Survival and Health Programs Fund”.

For fiscal year 2006, for the provisions of sections 103, 105, 106, and 131, and chapter 10 of part I of the Foreign Assistance Act of 1961 (Development Assistance and Development Fund for Africa), Congress appropriated $1,524,000,000, to remain available until September 30, 2007. Congress also appropriated $1,585,000,000 in fiscal year 2006, to remain available until September 30, 2007, for child survival, reproductive health/family planning, assistance to combat tropical and other infectious diseases, and related activities.

The Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005 (division A of Public Law 109–13; 119 Stat. 231), provided funding for fiscal year 2005, in many instances to remain available through fiscal year 2006, for several foreign aid accounts.

NOTE.—Transfers. The Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102; 119 Stat. 2198), provided the following:

“TRANSFERS

“SEC. 509. (a)(1) LIMITATION ON TRANSFERS BETWEEN AGENCIES.—None of the funds made available by this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by, or transfer authority provided in, this Act or any other appropriation Act.
“(2) Notwithstanding paragraph (1), in addition to transfers made by, or authorized elsewhere in, this Act, funds appropriated by this Act to carry out the purposes of the Foreign Assistance Act of 1961 may be allocated or transferred to agencies of the United States Government pursuant to the provisions of sections 109, 610, and 632 of the Foreign Assistance Act of 1961.

“(b) TRANSFERS BETWEEN ACCOUNTS.—None of the funds made available by this Act may be obligated under an appropriation account to which they were not appropriated, except for transfers specifically provided for in this Act, unless the President, not less than 5 days prior to the exercise of any authority contained in the Foreign Assistance Act of 1961 to transfer funds, consults with and provides a written policy justification to the Committees on Appropriations of the House of Representatives and the Senate.

“(c) AUDIT OF INTER-Agency TRANSFERS.—Any agreement for the transfer or allocation of funds appropriated by this Act, or prior Acts, entered into between the United States Agency for International Development and another agency of the United States Government under the authority of section 632(a) of the Foreign Assistance Act of 1961 or any comparable provision of law, shall expressly provide that the Office of the Inspector General for the agency receiving the transfer or allocation of such funds shall perform periodic program and financial audits of the use of such funds: Provided, That funds transferred under such authority may be made available for the cost of such audits.”.

NOTE.—Availability of Funds. The Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102; 119 Stat. 2199), provided the following:

“AVAILABILITY OF FUNDS

“Sec. 511. No part of any appropriation contained in this Act shall remain available for obligation after the expiration of the current fiscal year unless expressly so provided in this Act: Provided, That funds appropriated for the purposes of chapters 1, 8, 11, and 12 of part I, section 667, chapters 4, 6, 8, and 9 of part II of the Foreign Assistance Act of 1961, section 23 of the Arms Export Control Act, and funds provided under the heading “Assistance for Eastern Europe and the Baltic States”, shall remain available for an additional 4 years from the date on
which the availability of such funds would otherwise have expired, if such funds are initially obligated before the expiration of their respective periods of availability contained in this Act: Provided further, That, notwithstanding any other provision of this Act, any funds made available for the purposes of chapter 1 of part I and chapter 4 of part II of the Foreign Assistance Act of 1961 which are allocated or obligated for cash disbursements in order to address balance of payments or economic policy reform objectives, shall remain available until expended.”.

Sec. 103. Agriculture, Rural Development, and Nutrition.—(a)(1) In recognition of the fact that the great majority of the people of developing countries live in rural areas and are dependent on agriculture and agricultural-related pursuits for their livelihood, the President is authorized to furnish assistance, on such terms and conditions as he may determine, for agriculture, rural development, and nutrition—

(A) to alleviate starvation, hunger, and malnutrition;
(B) to expand significantly the provision of basic services to rural poor people to enhance their capacity for self-help; and
(C) to help create productive farm and off-farm employment in rural areas to provide a more viable economic base and enhance opportunities for improved incomes, living standards, and contributions by rural poor people to the economic and social development of their countries.

(2) There are authorized to be appropriated to the President for purposes of this section, in addition to funds otherwise available for such purposes, $760,000,000 for the fiscal year 1986 and $760,000,000 for the fiscal year 1987. Of these amounts, the

Sec. 3003(d) of that Act, however, exempted certain sections of law from the application of subsec. (a). Among those exempted were several reports required by the Foreign Assistance Act of 1961 in secs. 116, 240A, 306, 489, 502B, and 634. Among those exempted were several reports required by the Arms Export Control Act in secs. 25, 28, and 36. Among those exempted was sec. 502 of the International Security and Development Cooperation Act of 1985. See sec. 3003(a) of Public Law 104–66 for a complete list of exempted sections of law.

Sec. 209(e) of the Admiral James W. Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106–113; 113 Stat. 1536), continued the requirement of several reports to which Public Law 104–66 would otherwise have applied, including those required in secs. 118(f), 239(c), and 620C(c) of the Foreign Assistance Act of 1961; sec. 1205 of the International Security and Development Cooperation Act of 1985; secs. 533(b) and 586J(c)(4) of the Foreign Assistance Appropriations Act, 1991. For a complete list of sections of law exempted from the application of sec. 3003(a) of Public Law 104–66 by the Nance/Donovan Act, see sec. 209(e) of Public Law 106–113.
President may use such amounts as he deems appropriate to carry out the provisions of section 316 of the International Security and Development Cooperation Act of 1980.\(^\text{14}\)

(3)\(^\text{15}\) Of the amounts authorized to be appropriated in paragraph; (2) for the fiscal year 1987, not less than $2,000,000 shall be available only for the purpose of controlling and eradicating amblyomman variegatum (heartwater) in bovine animals in the Caribbean.

(b)(1) Assistance provided under this section shall be used primarily for activities which are specifically designed to increase the productivity and income of the rural poor, through such means as creation and strengthening of local institutions linked to the regional and national levels; organization of a system of financial institutions which provide both savings and credit services to the poor; stimulation of small, labor-intensive enterprises in rural towns; improvement of marketing facilities and systems; expansion of rural infrastructure and utilities such as farm-to-market roads, water management systems, land improvement, energy, and storage facilities; establishment of more equitable and more secure land tenure arrangements; and creation and strengthening of systems to provide other services and supplies needed by farmers, such as extension, research, training, fertilizer, water, forestry, soil conservation, and improved seed, in ways which assure access to them by small farmers.

(2) In circumstances where development of major infrastructure is necessary to achieve the objectives set forth in this section, assistance for that purpose should be furnished under this chapter in association with significant contributions from other countries working together in a multilateral framework. Infrastructure projects so assisted should be complemented by other measures to ensure that the benefits of the infrastructure reach the poor.

(3)\(^\text{16}\) The Congress recognizes that the accelerating loss of forests and tree cover in developing countries undermines and offsets efforts to improve agricultural production and nutrition and otherwise to meet the basic human needs of the poor. Deforestation results in increased flooding, reduction in water supply for agricultural capacity, loss of firewood and needed wood products, and loss of valuable plants and animals. In order to maintain and increase forest resources, the President is authorized to provide assistance under this section for forestry projects which are essential to fulfill the fundamental purposes of this section. Emphasis shall be given to community woodlots, agroforestry, reforestation, protection of watershed forests, and more effective forest management.

(c) The Congress finds that the greatest potential for significantly expanding availability of food for people in rural areas and augmenting world food production at relatively low cost lies in increas-
ing the productivity of small farmers who constitute a majority of the agricultural producers in developing countries. Increasing the emphasis on rural development and expanded food production in the poorest nations of the developing world is a matter of social justice and a principal element contributing to broadly based economic growth, as well as an important factor in alleviating inflation in the industrialized countries. In the allocation of funds under this section, special attention shall be given to increasing agricultural production in countries which have been designated as “least developed” by the United Nations General Assembly.

(d) Assistance provided under this section shall also be used in coordination with programs carried out under section 104 to help improve nutrition of the people of developing countries through encouragement of increased production of crops with greater nutritional value; improvement of planning, research, and education with respect to nutrition, particularly with reference to improvement and expanded use of indigenously produced foodstuffs; and the undertaking of pilot or demonstration programs explicitly addressing the problem of malnutrition of poor and vulnerable people. In particular, the President is encouraged—

(1) to devise and carry out in partnership with developing countries a strategy for programs of nutrition and health improvement for mothers and children, including breast feeding; and

(2) to provide technical, financial, and material support to individuals or groups at the local level for such programs.

(e) Local currency proceeds from sales of commodities provided under the Agricultural Trade Development and Assistance Act of 1954 which are owned by foreign governments shall be used whenever practicable to carry out the provisions of this section.

(f) The Congress finds that the efforts of developing countries to enhance their national food security deserves encouragement as a matter of United States development assistance policy. Measures complementary to assistance for expanding food production in developing countries are needed to help assure that food becomes increasingly available on a regular basis to the poor in such countries. Therefore, United States bilateral assistance under this Act and the Agricultural Trade Development and Assistance Act of 1954, and United States participation in multilateral institutions, shall emphasize policies and programs which assist developing countries to increase their national food security by improving their food policies and management and by strengthening national food reserves, with particular concern for the needs of the poor, through measures encouraging domestic production, building national food reserves, expanding available storage facilities, reducing post-harvest food losses, and improving food distribution.

(g) (1) In order to carry out the purposes of this section, the President may continue United States participation in and may

17Sec. 1001 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 190) amended and restated subsec. (g). Subsec. (g) was originally added by sec. 301(c) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1532). It previously read as follows: “In order to carry out the purposes of this section, the President may continue to participate in and may provide, on such terms and conditions as he may determine, up to $180,000,000 to the International Fund for Agricultural Development. There are authorized to be appropriated to the President for the purposes
make contributions to the International Fund for Agricultural Development.

(2) Of the aggregate amount authorized to be appropriated to carry out part I of this Act, up to $50,000,000 for fiscal year 1986 and up to $50,000,000 for fiscal year 1987 may be made available, by appropriation or by transfer, for United States contributions to the second replenishment of the International Fund for Agricultural Development.

Sec. 103A.18 Agricultural Research.—Agricultural research carried out under this Act shall (1) take account of the special needs of small farmers in the determination of research priorities, (2) include research on the interrelationships among technology, institutions, and economic, social, environmental,19 and cultural factors affecting small-farm agriculture, and (3) make extensive use of field testing to adapt basic research to local conditions. Special emphasis shall be placed on disseminating research results to the farms on which they can be put to use, and especially on institutional and other arrangements needed to assure that small farmers have effective access to both new and existing improved technology.

Sec. 104.20 Population and Health.—(a) FINDINGS.—The Congress recognizes that poor health conditions and uncontrolled population growth can vitiate otherwise successful development efforts.

Large families in developing countries are the result of complex social and economic factors which change relatively slowly among the poor majority least affected by economic progress, as well as the result of a lack of effective birth control. Therefore, effective family planning depends upon economic and social change as well as the delivery of services and is often a matter of political and religious sensitivity. While every country has the right to determine its own policies with respect to population growth, voluntary population planning programs can make a substantial contribution to economic development, higher living standards, and improved health and nutrition.

Good health conditions are a principal element in improved quality of life and contribute to the individual’s capacity to participate in the development process, while poor health and debilitating disease can limit productivity.

(b) ASSISTANCE FOR POPULATION PLANNING.—In order to increase the opportunities and motivation for family planning and to reduce the rate of population growth, the President is authorized to furnish assistance, on such terms and conditions as he may determine, for voluntary population planning. In addition to the provision of family planning information and services, including also information and services which relate to and support natural family planning.
In order to contribute to improvements in the health of the greatest
number of poor people in developing countries, the President is authorized to furnish assistance, on such terms and conditions as he may determine, for health programs. Assistance under this subsection shall be used primarily for basic integrated health services, safe water and sanitation, disease prevention and control, and related health planning and research. The assistance shall emphasize self-sustaining community-based health programs by means such as training of health auxiliary and other appropriate personnel, support for the establishment and evaluation of projects that can be replicated on a broader scale, measures to improve management of health programs, and other services and suppliers to support health and disease prevention programs.

(2) In carrying out the purposes of this subsection, the President shall promote, encourage, and undertake activities designed to deal directly with the special health needs of children and mothers. Such activities should utilize simple, available technologies which can significantly reduce childhood mortality, such as improved and expanded immunization programs, oral rehydration to combat diarrhoeal diseases, and education programs aimed at improving nutrition and sanitation and at promoting child spacing. In carrying out this paragraph, guidance shall be sought from knowledgeable health professionals from outside the agency primarily responsible for administering this part. In addition to government-to-government programs, activities pursuant to this paragraph should include support for appropriate activities of the types described in this paragraph which are carried out by international organizations (which may include international organizations receiving funds under chapter 3 of this part) and by private and voluntary organizations, and should include encouragement to other donors to support such types of activities.

(B) In addition to amounts otherwise available for such purpose, there are authorized to be appropriated to the President

"1) "In General."—The Administrator of the United States Agency for International Development, in coordination with the heads of other appropriate Federal agencies and non-governmental organizations, shall provide assistance for the establishment and conduct of activities designed to prevent, treat, control, and eliminate malaria in countries with a high percentage of malaria cases.

"2) Consideration of Interaction among Epidemics."—In providing assistance pursuant to paragraph (1), the Administrator should consider the interaction among the epidemics of HIV/AIDS, malaria, and tuberculosis.

"(3) Dissemination of Information Requirement."—Activities referred to in paragraph (1) shall include the dissemination of information relating to the development of vaccines and therapeutic agents for the prevention of malaria (including information relating to participation in, and the results of, clinical trials for such vaccines and agents conducted by United States Government agencies) to appropriate officials in such countries.

"(b) Authorization of Appropriations."—

"(1) In General."—There are authorized to be appropriated to carry out subsection (a) $50,000,000 for each of the fiscal years 2001 and 2002.

"(2) Availability."—Amounts appropriated pursuant to the authorization of appropriations under paragraph (1) are authorized to remain available until expended.

The para. designation "(1)" and a new para. (2) were added by sec. 541(a) of the Foreign Assistance Appropriations Act, 1985, as contained in the Continuing Appropriations Act, 1985 (Public Law 98–473). This amendment had been included as sec. 303 of H.R. 5119, the International Security and Development Cooperation Act of 1984, as passed by the House on May 10, 1984. Sec. 541(a) enacted sec. 303 of H.R. 5119.

Sec. 304 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 190) replaced an authorization figure of "$25,000,000" with "$25,000,000 for fiscal year 1986 and $25,000,000 for fiscal year 1987". Section 103(b) of Public Law 99–529 (100 Stat. 3010) replaced the $25,000,000 authorization for fiscal year 1987 with an authorization of $75,000,000.

United States Agency for International Development for the purpose of carrying out activities relating to surveillance, planning, preparedness, and response to the avian influenza virus, and activities related to surveillance, planning, preparedness, and response to the avian influenza virus, $75,200,000, to remain available until expended: Provided, That the amount provided in this heading is designated as an emergency requirement pursuant to section 402 of H. Con. Res. 95 (109th Congress), the concurrent resolution on the budget for fiscal year 2006.
Sec. 2301. Within 30 days from the date of enactment of this Act and every six months thereafter, the Administrator of the United States Agency for International Development shall submit to the Committees on Appropriations a report which identifies, for all projects funded from amounts appropriated by this Act that are administered by that agency, the following: the program objectives for each such project, the approximate timeline for achieving each of those objectives, the amounts obligated and expended for each project, and the current status of program performance with reference to identified program objectives and the timeline for achieving those objectives.

Title III, ch. 8 of that Act (119 Stat. 2791), however, provided the following:

SEC. 3801. (a) A CROSS-THE-BOARD RESCISSIONS.—There is hereby rescinded an amount equal to 1 percent of—

(1) the budget authority provided (or obligation limit imposed) for fiscal year 2006 for any discretionary account of this Act and in any other fiscal year 2006 appropriation Act;

(2) the budget authority provided in any advance appropriation for fiscal year 2006 for any discretionary account in any prior fiscal year appropriation Act; and

(3) the contract authority provided in fiscal year 2006 for any program subject to limitation contained in any fiscal year 2006 appropriation Act.

(b) PROPORTIONATE APPLICATION.—Any rescission made by subsection (a) shall be applied proportionately—

(1) to each discretionary account and each item of budget authority described in such subsection; and

(2) within each such account and item, to each program, project, and activity (with programs, projects, and activities as delineated in the appropriation Act or accompanying reports for the relevant fiscal year covering such account or item, or for accounts and items not included in appropriation Acts, as delineated in the most recently submitted President’s budget).

(c) EXCEPTIONS.—This section shall not apply—

(1) to discretionary budget authority that has been designated pursuant to section 402 of H. Con. Res. 95 (109th Congress), the concurrent resolution on the budget for fiscal year 2006; or

(2) to discretionary authority appropriated or otherwise made available to the Department of Veterans Affairs.

(d) OMB REPORT.—Within 30 days after the date of the enactment of this section the Director of the Office of Management and Budget shall submit to the Committees on Appropriations of the House of Representatives and the Senate a report specifying the account and amount of each rescission made pursuant to this section.

Relating to family planning, see also the President’s Memorandum of March 28, 2001, to the Administrator of the U.S. Agency for International Development, restoring the Mexico City Policy.

$25,000,000 for fiscal year 1986 and $75,000,000 for fiscal year 1987 for use in carrying out this paragraph. Amounts appropriated under this subparagraph are authorized to remain available until expended.

(C) Appropriations pursuant to subparagraph (B) may be referred to as the “Child Survival Fund.”

(3) The Congress recognizes that the promotion of primary health care is a major objective of the foreign assistance program. The Congress further recognizes that simple, relatively low-cost means already exist to reduce incidence of communicable diseases among children, mothers, and infants. The promotion of vaccines for immunization, and salts for oral rehydration, therefore, is an essential feature of the health assistance program. To this end, the Congress expects the agency primarily responsible for admin-
istering this part to set as a goal the protection of not less than 80 percent of all children, in those countries in which such agency has established development programs, from immunizable diseases by January 1, 1991. Of the aggregate amounts made available for fiscal year 1987 to carry out paragraph (2) of this subsection (relating to the Child Survival Fund) and to carry out subsection (c) (relating to development assistance for health), $50,000,000 shall be used to carry out this paragraph.\(^26\)

(4)\(^27\) RELATIONSHIP TO OTHER LAWS.—Assistance made available under this subsection and sections 104A, 104B, and 104C, and assistance made available under chapter 4 of part II to carry out the purposes of this subsection and the provisions cited in this paragraph, may be made available notwithstanding any other provision of law that restricts assistance to foreign countries, except for the provisions of this subsection, the provisions of law cited in this paragraph, subsection (f), section 634A of this Act, and provisions of law that limit assistance to organizations that support or participate in a program of coercive abortion or involuntary sterilization included under the Child Survival and Health Programs Fund heading in the Consolidated Appropriations Resolution, 2003 (Public Law 108–7).

(d) INTEGRATION OF ASSISTANCE PROGRAMS.—(1) Assistance under this chapter shall be administered so as to give particular attention to the interrelationship between (A) population growth, and (B) development and overall improvement in living standards in developing countries, and to the impact of all programs, projects, and activities on population growth. All appropriate activities proposed for financing under this chapter shall be designed to build motivation for smaller families through modification of economic and social conditions supportive of the desire for large families, in programs such as education in and out of school, nutrition, disease control, maternal and child health services, improvements in the status and employment of women, agricultural production, rural development, and assistance to the urban poor, and through community-based development programs which give recognition to people motivated to limit the size of their families.\(^28\) Population planning programs shall be coordinated with other programs aimed at reducing the infant mortality rate, providing better nutrition for pregnant women and infants, and raising the standard of living of the poor.

(2) Since the problems of malnutrition, disease, and rapid population growth are closely related, planning for assistance to be provided under subsections (b) and (c) of this section and under section 103 shall be coordinated to the maximum extent practicable.

(3) Assistance provided under this section shall emphasize low-cost integrated delivery systems for health, nutrition, and family planning for the poorest people, with particular attention to the needs of mothers and young children, using paramedical and auxil-

iary medical personnel, clinics and health posts, commercial distribution systems, and other modes of community outreach.

(e) RESEARCH AND ANALYSIS.—(1) Health and population research and analysis carried out under this Act shall—

(A) be undertaken to the maximum extent practicable in developing countries by developing country personnel, linked as appropriate with private and governmental biomedical research facilities within the United States;

(B) take account of the special needs of the poor people of developing countries in the determination of research priorities; and

(C) make extensive use of field testing to adapt basic research to local conditions.

(2) The President is authorized to study the complex factors affecting population growth in developing countries and to identify factors which might motivate people to plan family size or to space their children.

(f) PROHIBITION ON USE OF FUNDS FOR ABORTIONS AND INVOLUNTARY STERILIZATIONS.—(1) None of the funds made available to carry out this part may be used to pay for the performance of abortions as a method of family planning or to motivate or coerce any person to practice abortions.

(2) None of the funds made available to carry out this part may be used to pay for the performance of involuntary sterilizations as a method of family planning or to coerce or provide any financial incentive to any person to undergo sterilizations.

(3) None of the funds made available to carry out this part may be used to pay for any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilization as a means of family planning.

29 Sec. 605(e)(4) of the Millennium Challenge Act of 2003 (title VI of division D of Public Law 108–199; 118 Stat. 215), establishing the limitations on authorization of assistance, provided the following:

"(4) PROHIBITION ON USE OF FUNDS FOR ABORTIONS AND INVOLUNTARY STERILIZATIONS.—The prohibitions on use of funds contained in paragraphs (1) through (3) of section 104(f) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(f)(1)–(3)) shall apply to funds made available to carry out this section to the same extent and in the same manner as such prohibitions apply to funds made available to carry out part I of such Act. The prohibition on use of funds contained in any provision of law comparable to the eleventh and fourteenth provisos under the heading 'Child Survival and Health Programs Fund' of division E of Public Law 108–7 (117 Stat. 162) shall apply to funds made available to carry out this section for fiscal year 2004."

30 Title II of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102; 119 Stat. 2175), under "Child Survival and Health Programs Fund", provided the following:

"As used in this Act, the term 'natural family planning' means the use of certain specific methods and practices for the purpose of family planning."

31 Sec. 302(b) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1532) added para. (3).
(g) Authorizations of Appropriations.—(1) There are authorized to be appropriated to the President, in addition to funds otherwise available for such purposes—

(A) $290,000,000 for fiscal year 1986 and $290,000,000 for fiscal year 1987 to carry out subsection (b) of this section; and

(B) $205,000,000 for fiscal year 1986 and $180,000,000 for fiscal year 1987 to carry out subsection (c) of this section.

(2) Funds appropriated under this subsection are authorized to remain available until expended.32

32The authorization figures for fiscal years 1986 and 1987 to carry out subsecs. (b) and (c) were added by sec. 303 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 190). Subsequently, sec. 404 of Public Law 99–529 (100 Stat. 3341) replaced the $205,000,000 authorization for subsec. (c) with an authorization of $180,000,000. Authorizations under subsec. (b) in recent years include: fiscal year 1978—$167,000,000; fiscal year 1979—$224,745,000; fiscal year 1980—$201,000,000; fiscal year 1981—$238,000,000; fiscal year 1982—$211,000,000; fiscal year 1983—$141,000,000; fiscal year 1984—$145,300,000; fiscal year 1985—$244,600,000; fiscal year 1986—no authorization; fiscal years 1988 through 2006—no authorization.

Authorizations under subsec. (c) in recent years include: fiscal year 1978—$107,700,000; fiscal year 1979—$148,494,000; fiscal year 1980—$141,000,000; fiscal year 1981—$143,000,000; fiscal year 1982—$133,405,000; fiscal year 1983—$155,405,000 (of the 1982 and 1983 subsec. (c) authorizations, not less than 16 percent or $38,000,000 whichever amount is less was made available for United Nations Fund for Population Activities); fiscal year 1984—$132,404,000; fiscal year 1985—no authorization; fiscal years 1988 through 2006—no authorization.

Congress did not enact an authorization for fiscal year 2006. Instead, the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102), waived the requirement for authorization, and title II of that Act (119 Stat. 2174) provided the following:

financing, and related programs, the term ‘motivate’, as it relates to family planning assistance, shall not be construed to prohibit the provision, consistent with local law, of information or counseling about all pregnancy options: Provided further, That to the maximum extent feasible, taking into consideration cost, timely availability, and best health practices, funds appropriated in this Act or prior appropriations Acts that are made available for the procurement of condoms manufactured in the United States; Provided further, That information provided about the use of condoms as part of projects or activities that are funded from amounts appropriated by this Act shall be medically accurate and shall include public health benefits and failure rates of such use.

(iv) with respect to malaria, the increase in the number of people treated and the increase in number of malaria patients cured through each program, project, or activity receiving United States foreign assistance for malaria control purposes.

(f) FUNDING LIMITATION.—Of the funds made available to carry out this section in any fiscal year, not more than 7 percent may be used for the administrative expenses of the United States Agency for International Development in support of activities described in section 104(c), this section, section 104B, and section 104C. Such amount shall be in addition to other amounts otherwise available for such purposes.

(g) DEFINITIONS.—In this section:

(1) AIDS.—The term “AIDS” means acquired immune deficiency syndrome.

(2) HIV.—The term “HIV” means the human immunodeficiency virus, the pathogen that causes AIDS.

(3) HIV/AIDS.—The term “HIV/AIDS” means, with respect to an individual, an individual who is infected with HIV or living with AIDS.

(4) RELEVANT EXECUTIVE BRANCH AGENCIES.—The term “relevant executive branch agencies” means the Department of State, the United States Agency for International Development, the Department of Health and Human Services (including its agencies and offices), and any other department or agency of the United States that participates in international HIV/AIDS activities pursuant to the authorities of such department or agency or this Act.
ASSISTANCE TO COMBAT TUBERCULOSIS.

(a) FINDINGS.—Congress makes the following findings:

(1) Congress recognizes the growing international problem of tuberculosis and the impact its continued existence has on those countries that had previously largely controlled the disease.

(2) Congress further recognizes that the means exist to control and treat tuberculosis through expanded use of the DOTS (Directly Observed Treatment Short-course) treatment strategy, including DOTS-Plus to address multi-drug resistant tuberculosis, and adequate investment in newly created mechanisms to increase access to treatment, including the Global Tuberculosis Drug Facility established in 2001 pursuant to the Amsterdam Declaration to Stop TB and the Global Alliance for TB Drug Development.

(b) POLICY.—It is a major objective of the foreign assistance program of the United States to control tuberculosis, including the detection of at least 70 percent of the cases of infectious tuberculosis, and the cure of at least 85 percent of the cases detected, not later than December 31, 2005, in those countries classified by the World Health Organization as among the highest tuberculosis burden, and not later than December 31, 2010, in all countries in which the United States Agency for International Development has established development programs.

(c) AUTHORIZATION.—To carry out this section and consistent with section 104(c), the President is authorized to furnish assistance, on such terms and conditions as the President may determine, for the prevention, treatment, control, and elimination of tuberculosis.

(d) COORDINATION.—In carrying out this section, the President shall coordinate with the World Health Organization, the Global Fund to Fight AIDS, Tuberculosis, and Malaria, and other organizations with respect to the development and implementation of a comprehensive tuberculosis control program.

(e) PRIORITY TO DOTS COVERAGE.—In furnishing assistance under subsection (c), the President shall give priority to activities that increase Directly Observed Treatment Short-course (DOTS) coverage and treatment of multi-drug resistant tuberculosis where needed using DOTS-Plus, including funding for the Global Tuberculosis Drug Facility, the Stop Tuberculosis Partnership, and the Global Alliance for TB Drug Development. In order to meet the requirement of the preceding sentence, the President should ensure that not less than 75 percent of the amount made available to carry out this section for a fiscal year should be expended for antituberculosis drugs, supplies, direct patient services, and training in diagnosis and treatment for Directly Observed Treatment Short-course (DOTS) coverage and treatment of multi-drug resistant tuberculosis using DOTS-Plus, including substantially increased funding for the Global Tuberculosis Drug Facility.

(f) DEFINITIONS.—In this section:

55 Sec. 104C Foreign Assistance Act of 1961 (P.L. 87–195)

(1) DOTS.—The term “DOTS” or “Directly Observed Treatment Short-course” means the World Health Organization-recommended strategy for treating tuberculosis.

(2) DOTS-PLUS.—The term “DOTS-Plus” means a comprehensive tuberculosis management strategy that is built upon and works as a supplement to the standard DOTS strategy, and which takes into account specific issues (such as use of second line anti-tuberculosis drugs) that need to be addressed in areas where there is high prevalence of multi-drug resistant tuberculosis.

(3) GLOBAL ALLIANCE FOR TUBERCULOSIS DRUG DEVELOPMENT.—The term “Global Alliance for Tuberculosis Drug Development” means the public-private partnership that brings together leaders in health, science, philanthropy, and private industry to devise new approaches to tuberculosis and to ensure that new medications are available and affordable in high tuberculosis burden countries and other affected countries.

(4) GLOBAL TUBERCULOSIS DRUG FACILITY.—The term “Global Tuberculosis Drug Facility (GDF)” means the new initiative of the Stop Tuberculosis Partnership to increase access to high-quality tuberculosis drugs to facilitate DOTS expansion.

(5) STOP TUBERCULOSIS PARTNERSHIP.—The term “Stop Tuberculosis Partnership” means the partnership of the World Health Organization, donors including the United States, high tuberculosis burden countries, multilateral agencies, and non-governmental and technical agencies committed to short- and long-term measures required to control and eventually eliminate tuberculosis as a public health problem in the world.

SEC. 104C. ASSISTANCE TO COMBAT MALARIA.

(a) FINDING.—Congress finds that malaria kills more people annually than any other communicable disease except tuberculosis, that more than 90 percent of all malaria cases are in sub-Saharan Africa, and that children and women are particularly at risk. Congress recognizes that there are cost-effective tools to decrease the spread of malaria and that malaria is a curable disease if promptly diagnosed and adequately treated.

(b) POLICY.—It is a major objective of the foreign assistance program of the United States to provide assistance for the prevention, control, and cure of malaria.

(c) AUTHORIZATION.—To carry out this section and consistent with section 104(c), the President is authorized to furnish assistance, on such terms and conditions as the President may determine, for the prevention, treatment, control, and elimination of malaria.

(d) COORDINATION.—In carrying out this section, the President shall coordinate with the World Health Organization, the Global Fund to Fight AIDS, Tuberculosis, and Malaria, the Department of Health and Human Services (the Centers for Disease Control and Prevention and the National Institutes of Health), and other organizations with respect to the development and implementation of a comprehensive malaria control program.

Sec. 105. Education and Human Resources Development.—(a) In order to reduce illiteracy, to extend basic education, and to increase manpower training in skills related to development, the President is authorized to furnish assistance on such terms and conditions as he may determine, for education, public administration, and human resource development. There are authorized to be appropriated to the President for the purposes of this section, in addition to funds otherwise available for such purposes, $180,000,000 for fiscal year 1986 and $180,000,000 for fiscal year 1987, which are authorized to remain available until expended.

(b) Assistance provided under this section shall be used primarily to expand and strengthen nonformal education methods, especially those designed to improve productive skills of rural families and the urban poor and to provide them with useful information; to increase the relevance of formal education systems to the needs of the poor, especially at the primary level, through reform of curricula, teaching materials, and teaching methods, and improved teacher training; and to strengthen the management capabilities of institutions which enable the poor to participate in development. Assistance under this section shall also be provided for advanced education and training of people of developing countries in such disciplines as are required for planning and implementation of public and private development activities.
Sec. 106. Energy, Private Voluntary Organizations, and Selected Development Activities.—(a)(1)(A) The Congress finds that energy development and production are vital elements in the development process, that energy shortages in developing countries severely limit the development process in such countries, that two-thirds of the developing countries which import oil depend on it for at least 90 percent of the energy which their economies require, and that the dramatic increase in world oil prices since 1973 has resulted in considerable economic hardship for many developing countries. The Congress is concerned that the value and purpose of much of the assistance provided to developing countries under sections 103, 104, and 105 are undermined by the inability of many developing countries to satisfy their energy requirements. Unless the energy deficit of the developing countries can be narrowed by more fully exploiting indigenous sources of energy such as oil, natural gas, and coal, scarce foreign exchange will increasingly have to be diverted to oil imports, primarily to the detriment of long-term development and economic growth.

(B) The Congress recognizes that many developing countries lack access to the financial resources and technology necessary to locate, explore, and develop indigenous energy resources.

(C) The Congress declares that there is potential for at least a moderate increase by 1990 in the production of energy for commercial use in the developing countries which are not members of the Organization of Petroleum Exporting Countries. In addition, there is a compelling need for vigorous efforts to improve the available data on the location, scale, and commercial exploitability of potential oil, natural gas, and coal reserves in developing countries, especially those which are not members of the Organization of Petroleum Exporting Countries. The Congress further declares that there are many benefits to be gained by the developing countries and by the United States and other developed countries through expanded efforts to expedite the location, exploration, and development of potential sources of energy in developing countries. These benefits include, but are not limited to, the following:

(i) The world’s energy supply would be increased and the fear of abrupt depletion would be lessened with new energy production. This could have a positive impact upon energy...
prices in international markets as well as a positive effect upon
the balance of payments problems of many developing coun-
tries.

(ii) Diversification of the world’s supplies of energy from
fossil fuels would make all countries, developing and devel-
oped, less susceptible to supply interruptions and arbitrary
production and pricing policies.

(iii) Even a moderate increase in energy production in the
developing countries would improve their ability to expand
commercial trade, foreign investment, and technology transfer
possibilities with the United States and other developed coun-
tries.

(D) Assistance for the production of energy from indigenous re-
sources, as authorized by subsection (b) of this section, would be of
direct benefit to the poor in developing countries because of the
overwhelming impact of imported energy costs upon the lives of the
poor and their ability to participate in development.

(2) The Congress also finds that energy production from renew-
able, decentralized sources and energy conservation are vital ele-
ments in the development process. Inadequate access by the poor
to energy sources as well as the prospect of depleted fossil fuel re-
erves and higher energy prices require an enhanced effort to ex-
 pand the energy resources of developing countries through greater
emphasis on renewable sources. Renewable and decentralized en-
ergy technologies have particular applicability for the poor, espe-
cially in rural areas.

(b) In order to help developing countries alleviate their
energy problems by improving their ability to use indigenous en-
ergy resources to produce the energy needed by their economies,
the President is authorized to furnish assistance, on such terms
and conditions as he may determine, to enable such countries to
prepare for and undertake development of their energy resources.
Such assistance may include data collection and analysis, the train-
ing of skilled personnel, research on and development of suitable
energy sources, and pilot projects to test new methods of energy
production.

(2) The President is authorized to furnish assistance under this
chapter for cooperative programs with developing countries in en-
ergy production and conservation through research on and develop-
ment and use of small-scale, decentralized, renewable energy
sources for rural areas carried out as integral parts of rural devel-
opment efforts in accordance with section 103 of this Act. Such pro-
grams shall also be directed toward the earliest practicable develop-
ment and use of energy technologies which are environmentally
acceptable, require minimum capital investment, are most accept-
able to and affordable by the people using them, are simple and in-

43 Sec. 304(c) of the International Security and Development Cooperation Act of 1980 (Public
Law 96–533; 94 Stat. 3146) redesignated paras. (1) and (2) of subsec. (b) as subparas. (A) and
(B), respectively, and added a new para. (2). Subsequently, sec. 1211(a)(2) of the International
Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 279) struck out
subpara. designation “(A)”, and text of subpara. (B). Subpara. (B) previously read as follows:

expensive to use and maintain, and are transferable from one region of the world to another. Such programs may include research and the development, demonstration, and application of suitable energy technologies (including use of wood); analysis of energy uses, needs, and resources; training and institutional development; and scientific interchange.

(c) The agency primarily responsible for administering this part and the Department of Energy shall coordinate with one another, to the maximum extent possible, the planning and implementation of energy programs under this chapter.

(d) The President is authorized to furnish assistance, on such terms and conditions as he may determine, for the following activities, to the extent that such activities are not authorized by sections 103, 104, and 105 of this Act:

1. programs of technical cooperation and development, particularly the development efforts of United States private and voluntary agencies and regional and international development organizations;
2. programs of research into, and evaluation of, the process of economic development in less developed countries and areas, into the factors affecting the relative success and costs of development activities, and into the means, techniques, and such other aspects of development assistance as the President may determine in order to render such assistance of increasing value and benefit;
3. programs of reconstruction following natural or man-made disasters and programs of disaster preparedness, including the prediction of and contingency planning for natural disasters abroad;
4. programs designed to help solve special development problems in the poorest countries and to make possible proper utilization of infrastructure and related projects funded with earlier United States assistance; and
5. programs of urban development, with particular emphasis on small, labor intensive enterprises, marketing systems for small producers, and financial and other institutions which enable the urban poor to participate in the economic and social development of their country.

(e) There are authorized to be appropriated to the President for purposes of this section, in addition to funds otherwise available for such purposes, $207,000,000 for fiscal year 1986 and $207,000,000 for fiscal year 1987.

45 Sec. 304 of the International Security and Development Cooperation Act of 1980 (Public Law 96–533; 94 Stat. 3146) redesignated subsec. (c) as subsec. (d), amended former subsec. (d), and redesignated it as subsec. (e), and added a new subsec. (c).
46 Sec. 104(b)(1) of the International Development Cooperation Act of 1979 (Public Law 96–53; 93 Stat. 360) struck out para. (2), which concerned various programs designed to alleviate energy problems experienced by developing countries, and redesignated paras. (3) through (6) as paras. (2) through (5), respectively.
47 Sec. 304(a) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1533) inserted “and programs of disaster preparedness, including the prediction of and contingency planning for natural disasters abroad”
48 Sec. 309(b) of the International Security and Development Act of 1985 (Public Law 99–83; 99 Stat. 190) added the authorization figures for fiscal years 1986 and 1987. Authorizations for recent years included the following: fiscal year 1976—$99,550,000; fiscal year 1977—$104,500,000; fiscal year 1978—$105,000,000; fiscal year 1979—$126,244,000; fiscal year 1980—$104,500,000; fiscal year 1978—$105,000,000; fiscal year 1979—$126,244,000; fiscal year 1980—$104,500,000; fiscal year 1978—$105,000,000; fiscal year 1979—$126,244,000; fiscal year 1980—$104,500,000; fiscal year 1978—$105,000,000; fiscal year 1979—$126,244,000; fiscal year 1980—$104,500,000; fiscal year 1978—$105,000,000; fiscal year 1979—$126,244,000; fiscal year 1980— Continued
(2) Amounts appropriated under this section are authorized to remain available until expended.

(f) Of the amounts authorized to be appropriated to carry out this chapter $5,000,000 for fiscal year 1986 and $5,000,000 for fiscal year 1987 shall be used to finance cooperative projects among the United States, Israel, and developing countries.

Sec. 107. **Appropriate Technology.**—(a) In carrying out activities under this chapter, the President shall place special emphasis on the use of relatively smaller, cost-saving, labor-using technologies that are generally most appropriate for the small farms, small businesses, and small incomes of the poor.

(b) Funds made available to carry out this chapter should be used to the extent practicable for activities in the field of appropriate technology, including support of an expanded and coordinated private effort to promote the development and dissemination of appropriate technology in developing countries.

**[SEC. 108.** **MICROENTERPRISE DEVELOPMENT CREDITS.** **[Transferred and redesignated as sec. 256—2004]**]
Sec. 109. Transfer of Funds.—Whenever the President determines it to be necessary for the purposes of this chapter, not to exceed 15 per centum of the funds made available for any provision of this chapter may be transferred to, and consolidated with, the funds made available for any other provision of this chapter, and may be used for any of the purposes for which such funds may be used, except that the total in the provision for the benefit of which the transfer is made shall not be increased by more than 25 per centum of the amount of funds made available for such provision. The authority of sections 610(a) and 614(a) of this Act may not be used to transfer funds made available under this chapter for use for purposes of any other provision of this Act except that the authority of such sections may be used to transfer for the purposes of section 667 not to exceed five per centum of the amount of funds made available for section 667(a)(1).

Sec. 110. Cost-Sharing and Funding Limits.—No assistance shall be furnished by the United States Government to a country under sections 103 through 106 of this Act until the country provides assurances to the President, and the President is sat-
isfied, that such country provide at least 25 per centum of the costs of the entire program, project, or activity with respect to which such assistance is to be furnished, except that such costs borne by such country may be provided on an “in-kind” basis.\(^{56}\)

**Sec. 111.**\(^{57}\) **Development and Use of Cooperatives.**—In order to strengthen the participation of the rural and urban poor in their country’s development, high priority shall be given to increasing the use of funds made available under this Act for technical and capital assistance in the development and use\(^ {58}\) of cooperatives in the less developed countries which will enable and encourage greater numbers of the poor to help themselves toward a better life.\(^ {59}\) In meeting the requirement of the preceding sentence, specific priority shall be given to the following:\(^ {60}\)

1. **Agriculture.**—Technical assistance to low income farmers who form and develop member-owned cooperatives for farm supplies, marketing and value-added processing.

2. **Financial Systems.**—The promotion of national credit union systems through credit union-to-credit union technical assistance that strengthens the ability of low income people and micro-entrepreneurs to save and to have access to credit for their own economic advancement.

3. **Infrastructure.**—The support of rural electric and telecommunications cooperatives for access for rural people and villages that lack reliable electric and telecommunications services.

4. **Housing and Community Services.**—The promotion of community-based cooperatives which provide employment opportunities and important services such as health clinics, self-help shelter, environmental improvements, group-owned businesses, and other activities.

**Sec. 112.**\(^{61}\) **Prohibiting Police Training.** * * * [Repealed—1974]

\(^{56}\)The following phrase, as added by the International Development and Food Assistance Act of 1975 (Public Law 94–161; 89 Stat. 849) and previously appearing at this point, was struck by sec. 112(b)(1) of the International Development and Food Assistance Act of 1978 (Public Law 95–424; 92 Stat. 949): “and except that the President may waive this cost-sharing requirement in the case of a project or activity in a country which the agency primarily responsible for administering part I of this Act determines is relatively least developed based on the United Nations Conference on Trade and Development list of ‘relatively least developed countries’.”

\(^{57}\)22 U.S.C. 2151i. Sec. 111, as added by sec. 2(3) of the FA Act of 1973 (Public Law 93–189), was amended and restated by sec. 308 of Public Law 94–161 (89 Stat. 849). It formerly read as follows: “In order to strengthen the participation of the rural and urban poor in their country’s development, not less than $20,000,000 of the funds made available for the purposes of this chapter shall be available during the fiscal years 1974 and 1975 only for assistance in the less developed countries which will enable and encourage greater numbers of the poor to help themselves toward a better life.”

\(^{58}\)Sec. 107(a) of the International Development and Food Assistance Act of 1977 (Public Law 95–88; 91 Stat. 535) struck out “assistance in the development” and inserted in lieu thereof “technical and capital assistance in the development and use”.

\(^{59}\)A sentence that earmarked funds specifically for technical assistance to carry out the purposes of this section and had previously appeared at this point was repealed by sec. 122 of the International Development Cooperation Act of 1979 (Public Law 96–53; 93 Stat. 366).

\(^{60}\)Sec. 401(c)(2) of the Support for Overseas Cooperative Development Act (Public Law 106–309; 114 Stat. 1097) added this sentence and paras. (1) through (4). Sec. 401(d) of that Act provided the following:

“(d) Report.—Not later than 6 months after the date of the enactment of this Act, the Administrator of the United States Agency for International Development, in consultation with the heads of other appropriate agencies, shall prepare and submit to Congress a report on the implementation of section 111 of the Foreign Assistance Act of 1961 (22 U.S.C. 2151i), as amended by subsection (c).”

\(^{61}\)Sec. 112, as added by sec. 2(3) of the FA Act of 1973, was repealed by sec. 30(b) of the FA Act of 1974. (See, however, sec. 660 of this Act, “Prohibiting Police Training”.)
Sec. 113. Integrating Women Into National Economies.—(a) In recognition of the fact that women in developing countries play a significant role in economic production, family support, and the overall development process of the national economies of such countries, this part shall be administered so as to give particular attention to those programs, projects, and activities which tend to integrate women into the national economies of developing countries, thus improving their status and assisting the total development effort.

(b) Up to $10,000,000 of the funds made available each fiscal year under this chapter and chapter 10 of this part shall be used, in addition to funds otherwise available for such purposes, for assistance on such terms and conditions as the President may determine to encourage and promote the participation and integration of women as equal partners in the development process in the developing countries. These funds shall be used primarily to support activities which will increase the economic productivity and income earning capacity of women.

(2) Nothing in this section shall be construed to authorize the establishment of a separate development assistance program for women.

(c) Not less than $500,000 of the funds made available under this chapter for fiscal year 1982 shall be expended on international programs which support the original goals of the United Nations Decade for Women.

Sec. 115. Prohibiting Use of Funds for Certain Countries. *[Repealed—1978]*

Sec. 116. Human Rights.—(a) No assistance may be provided under this part to the government of any country which engages in a consistent pattern of gross violations of internationally recog-
nized human rights, including torture or cruel, inhuman, or degrading treatment or punishment, prolonged detention without charges, causing the disappearance of persons by the abduction and clandestine detention of those persons, or other flagrant denial of the right to life, liberty, and the security of person, unless such assistance will directly benefit the needy people in such country.

(b) In determining whether this standard is being met with regard to funds allocated under this part, the Committee on Foreign Relations of the Senate or the Committee on Foreign Affairs of the House of Representatives may require the Administrator primarily responsible for administering part I of this Act to submit in writing information demonstrating that such assistance will directly benefit the needy people in such country, together with a detailed explanation of the assistance to be provided (including the dollar amounts of such assistance) and an explanation of how such assistance will directly benefit the needy people in such country. If either committee or either House of Congress disagrees with the Administrator's justification it may initiate action to terminate assistance to any country by a concurrent resolution under section 617 of this Act.

(b) No assistance may be provided to any government failing to take appropriate and adequate measures, within their means, to protect children from exploitation, abuse or forced conscription into military or paramilitary services.

(c) In determining whether or not a government falls within the provisions of subsection (a) and in formulating development assistance programs under this part, the Administrator shall consider, in consultation with the Assistant Secretary of State for Democracy, Human Rights, and Labor and in consultation with the Ambassador at Large for International Religious Freedom—

(8) wherever applicable, a description of the nature and extent of acts of anti-Semitism and anti-Semitic incitement that occur during the preceding year, including descriptions of—
  (A) acts of physical violence against, or harassment of Jewish people, and acts of violence against, or vandalism of Jewish community institutions, including schools, synagogues, and cemeteries;
  (B) instances of propaganda in government and non-government media that attempt to justify or promote racial hatred or incite acts of violence against Jewish people;
  (C) the actions, if any, taken by the government of the country to respond to such violence and attacks or to eliminate such propaganda or incitement;
  (D) the actions taken by such government to enact and enforce laws relating to the protection of the right to religious freedom of Jewish people; and
  (E) the efforts of such government to promote anti-bias and tolerance education;
(9) wherever applicable, consolidated information regarding the commission of war crimes, crimes against humanity, and evidence of acts that may constitute genocide (as defined in article 2 of the Convention on the Prevention and Punishment of the Crime of Genocide and modified by the United States instrument of ratification to that convention and section 2(a) of the Genocide Convention Implementation Act of 1987);
(10) Sec. 665(a) of the Freedom Investment Act of 2002 (subtitle E of title VI of the Foreign Relations Authorization Act, Fiscal Year 2002; Public Law 107–228; 116 Stat. 1462) struck out “and” at the end of para. (7); replaced a period at the end of para. (8) with “;” and “;” and added a new para. (9), subsequently redesignated as para. (10) by sec. 6(a) of Public Law 108–332 (118 Stat. 1285). Sec. 683(a) of the Freedom Investment Act of 2002 (subtitle E of title VI of the Foreign Relations Authorization Act, Fiscal Year 2002; Public Law 107–228; 116 Stat. 1410) struck out “and” at the end of para. (c) SEPARATE REPORT.—The information to be included in the report required by sections 116(d) and 502B(b) of the Foreign Assistance Act of 1961 pursuant to the amendments made by subsections (a) and (b) may be submitted by the Secretary as a separate report. If the Secretary elects to submit such information as a separate report, such report shall be submitted not later than 30 days after the date of submission of the report required by section 116(d) and 502B(b) of the Foreign Assistance Act of 1961.  

(11) Sec. 6(a) of Public Law 108–332 (118 Stat. 1285) redesignated para. (1) as para. (11).

Sec. 1091 of the International Development and Food Assistance Act of 1978 (Public Law 95–424; 92 Stat. 947) added “The President is authorized and encouraged to use not less than”.

Sec. 252 of Public Law 99–440 (100 Stat. 1995) added the authorization level of $1,500,000 for the fiscal year 1986 and for each fiscal year thereafter.

Sec. 1002(a)(3) of the Department of State Authorization Act, Fiscal Years 1984 and 1985 (Public Law 98–164; 97 Stat. 1052) added para. designation “(1)” and a new para. (2). Sec. 4(a)(3)(B) of the South African Democratic Transition Support Act of 1993 (Public Law 103–149; 107 Stat. 1505) subsequently repealed para. (2), and struck out the designation for para. (1). Subsec. (e)(2) had stated a priority, with supporting guidelines and conditions, for giving grants to “nongovernmental organizations in South Africa promoting political, economic, social, juridical, and humanitarian efforts to foster a just society and to help victims of apartheid.”. Sec. 4(a)(3)(B) of the South African Democratic Transition Support Act of 1993 (Public Law 103–149; 107 Stat. 1505) also repealed subsecs. (f) and (g), which had been added by sec. 252(b) of Public Law 99–440 (100 Stat. 1995).

Subsec. (i) directed not less than $500,000 under section (e)(2)(A) to be used “for direct legal and other assistance to political detainees and prisoners and their families, including the investigation of the killing of protesters and prisoners, and for support for actions of black-led community organizations to resist, through nonviolent means, the enforcement of apartheid policies”.  

Subsec. (g) directed $500,000 each fiscal year to “be used for direct assistance to families of victims of violence such as ’necklacing’ and other such inhumane acts”, and another $175,000 to “be made available to black groups in South Africa which are actively working toward a
multi-racial solution to the sharing of political power in that country through nonviolent, constructive means.

83 Sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101-513; 104 Stat. 2026), added a new chapter 10 to part I of this Act, providing for long-term development in sub-Saharan Africa, and made a conforming amendment by inserting "chapter 10 of this part," here, and text at the end of the first sentence beginning at "or under chapter 10".

84 Sec. 501(b) of the International Religious Freedom Act of 1998 (Public Law 105-292; 112 Stat. 2811) inserted "including the right to free religious belief and practice" after "adherence to civil and political rights". Subsec. (a) of that sec. provided the following:

```
SEC. 501. ASSISTANCE FOR PROMOTING RELIGIOUS FREEDOM.

(a) FINDINGS.—Congress makes the following findings:

(1) In many nations where severe violations of religious freedom occur, there is not sufficient statutory legal protection for religious minorities or there is not sufficient cultural and social understanding of international norms of religious freedom.

(2) Accordingly, in the provision of foreign assistance, the United States should make a priority of promoting and developing legal protections and cultural respect for religious freedom.
```

85 Sec. 104(a) of the Trafficking Victims Protection Act of 2000 (division A of Public Law 106-386; 114 Stat. 1471) amended and restated subsec. (f). (i) whether government authorities in each such state tolerate or are involved in trafficking activities;

(ii) which government authorities in each such state are involved in anti-trafficking activities;

(iii) what steps the government of each such state has taken to prohibit government officials and other individuals from participating in trafficking, including the investigation, prosecution, and conviction of individuals involved in trafficking;

(B) the term 'victim of trafficking' means any person subjected to the treatment described in subparagraph (A).
```
(A) A description of the nature and extent of severe forms of trafficking in persons, as defined in section 103 of the Trafficking Victims Protection Act of 2000, in each foreign country.

(B) With respect to each country that is a country of origin, transit, or destination for victims of severe forms of trafficking in persons, an assessment of the efforts by the government of that country to combat such trafficking. The assessment shall address the following:

(i) Whether government authorities in that country participate in, facilitate, or condone such trafficking.

(ii) Which government authorities in that country are involved in activities to combat such trafficking.

(iii) What steps the government of that country has taken to prohibit government officials from participating in, facilitating, or condoning such trafficking, including the investigation, prosecution, and conviction of such officials.

(iv) What steps the government of that country has taken to prohibit other individuals from participating in such trafficking, including the investigation, prosecution, and conviction of individuals involved in severe forms of trafficking in persons, the criminal and civil penalties for such trafficking, and the efficacy of those penalties in eliminating or reducing such trafficking.

(v) What steps the government of that country has taken to assist victims of such trafficking, including efforts to prevent victims from being further victimized by traffickers, government officials, or others, grants of relief from deportation, and provision of humanitarian relief, including provision of mental and physical health care and shelter.

(vii) Whether the government of that country is assisting in international investigations of transnational trafficking networks and in other cooperative efforts to combat severe forms of trafficking in persons.

(viii) Whether the government of that country refrains from prosecuting victims of severe forms of trafficking in persons due to such victims having been trafficked, and refrains from other discriminatory treatment of such victims.

(ix) Whether the government of that country recognizes the rights of victims of severe forms of trafficking in persons and ensures their access to justice.

(C) Such other information relating to trafficking in persons as the Secretary of State considers appropriate.

(2) In compiling data and making assessments for the purposes of paragraph (1), United States diplomatic mission personnel shall
consult with human rights organizations and other appropriate nongovernmental organizations.

Sec. 117.86 Assistance for Disadvantaged South Africans.

* * * [Repealed—1993]

Sec. 117.87 Environment and Natural Resources.—(a) The Congress finds that if current trends in the degradation of natural resources in developing countries continue, they will severely undermine the best efforts to meet basic human needs, to achieve sustained economic growth, and to prevent international tension and conflict. The Congress also finds that the world faces enormous, urgent, and complex problems, with respect to natural resources, which require new forms of cooperation between the United States and developing countries to prevent such problems from becoming unmanageable. It is, therefore, in the economic and security interests of the United States to provide leadership both in thoroughly reexamining policies relating to natural resources and the environment, and in cooperating extensively with developing countries in order to achieve environmentally sound development.

(b) In order to address the serious problems described in subsection (a), the President is authorized to furnish assistance under this part for developing and strengthening the capacity of developing countries to protect and manage their environment and natural resources. Special efforts shall be made to maintain and where possible to restore the land, vegetation, water, wildlife, and other resources upon which depend economic growth and human well-being, especially of the poor.

86 Formerly at 22 U.S.C. 2151o. Sec. 4(a)(3)(B) of the South African Democratic Transition Support Act of 1993 (Public Law 103–149; 107 Stat. 1505) repealed sec. 117. It had been added originally by sec. 201(b) of Public Law 99–440 (100 Stat. 1094). Sec. 117 provided assistance for disadvantaged South Africans through South African nongovernmental organizations, such as the Educational Opportunities Council, the South African Institute of Race Relations, READ, professional teachers’ unions, the Outreach Program of the University of the Western Cape, the Funda Center in Soweto, SACHED, UPP Trust, TOPS, the Wilgespruit Fellowship Center (WFC), and civic and other organizations working at the community level which did not receive funds from the Government of South Africa.

A previous sec. 117, relating to infant nutrition, was repealed in 1978.

87 22 U.S.C. 2151p. Sec. 117 was redesignated from sec. 118 by sec. 301(1) of Public Law 99–529 (100 Stat. 3014), resulting in the creation of two sections 117. Sec. 301(2) of Public Law 99–529 further deleted subsec. (d) of that section, which dealt with tropical forests, and sec. 301(3) of Public Law 99–529 added a new section 118 entitled “Tropical Forests”. This section, as added by sec. 113 of Public Law 95–88 (91 Stat. 537) and amended by sec. 110 of Public Law 95–424 (92 Stat. 948) and sec. 122 of Public Law 96–53 (93 Stat. 948), was further amended and restated by sec. 307 of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1533). This section previously read as follows:

“Sec. 118. Environment and Natural Resources.—(a) The President is authorized to furnish assistance under this part for developing and strengthening the capacity of less developed countries to protect and manage their environment and natural resources. Special efforts shall be made to maintain and where possible to restore the land, vegetation, water, wildlife and other resources upon which depend economic growth and human well-being, especially of the poor.

“(b) In carrying out programs under this chapter, the President shall take into consideration the environmental consequence of development actions.”.

(c)(1) The President, in implementing programs and projects under this chapter and chapter 10 of this part, shall take fully into account the impact of such programs and projects upon the environment and natural resources of developing countries. Subject to such procedures as the President considers appropriate, the President shall require all agencies and officials responsible for programs or projects under this chapter—

(A) to prepare and take fully into account an environmental impact statement for any program or project under this chapter significantly affecting the environment of the global commons outside the jurisdiction of any country, the environment of the United States, or other aspects of the environment which the President may specify; and

(B) to prepare and take fully into account an environmental assessment of any proposed program or project under this chapter significantly affecting the environment of any foreign country.

Such agencies and officials should, where appropriate, use local technical resources in preparing environmental impact statements and environmental assessments pursuant to this subsection.

(2) The President may establish exceptions from the requirements of this subsection for emergency conditions and for cases in which compliance with those requirements would be seriously detrimental to the foreign policy interests of the United States.

Sec. 118. Tropical Forests.

(a) IMPORTANCE OF FORESTS AND TREE COVER.—In enacting section 103(b)(3) of this Act the Congress recognized the importance of forests and tree cover to the developing countries. The Congress is particularly concerned about the continuing and accelerating alteration, destruction, and loss of tropical forests in developing countries, which pose a serious threat to development and the environment. Tropical forest destruction and loss—

(1) result in shortages of wood, especially wood for fuel; loss of biologically productive wetlands; siltation of lakes, reservoirs, and irrigation systems; floods; destruction of indigenous peoples; extinction of plant and animal species; reduced capacity for food production; and loss of genetic resources; and

(2) can result in desertification and destabilization of the earth's climate.

Properly managed tropical forests provide a sustained flow of resources essential to the economic growth of developing countries, as well as genetic resources of value to developed and developing countries alike.

(b) PRIORITIES.—The concerns expressed in subsection (a) and the recommendations of the United States Interagency Task Force on Tropical Forests shall be given high priority by the President—

(1) in formulating and carrying out programs and policies with respect to developing countries, including those relating to

88 Sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101–513; 104 Stat. 2026), added a new chapter 10 to part I of this Act, providing for long-term development in sub-Saharan Africa, and made a conforming amendment by inserting "and chapter 10 of this part" here.

89 22 U.S.C. 2151p–1. Sec. 301(3) of Public Law 99–529 (100 Stat. 3014) added sec. 118. See also footnote 87.
bilateral and multilateral assistance and those relating to private sector activities; and
(2) in seeking opportunities to coordinate public and private development and investment activities which affect forests in developing countries.

(c) ASSISTANCE TO DEVELOPING COUNTRIES.—In providing assistance to developing countries, the President shall do the following:

(1) Place a high priority on conservation and sustainable management of tropical forests.
(2) To the fullest extent feasible, engage in dialogues and exchanges of information with recipient countries—
(A) which stress the importance of conserving and sustainably managing forest resources for the long-term economic benefit of those countries, as well as the irreversible losses associated with forest destruction, and
(B) which identify and focus on policies of those countries which directly or indirectly contribute to deforestation.
(3) To the fullest extent feasible, support projects and activities—
(A) which offer employment and income alternatives to those who otherwise would cause destruction and loss of forests, and
(B) which help developing countries identify and implement alternatives to colonizing forested areas.
(4) To the fullest extent feasible, support training programs, educational efforts, and the establishment or strengthening of institutions which increase the capacity of developing countries to formulate forest policies, engage in relevant land-use planning, and otherwise improve the management of their forests.
(5) To the fullest extent feasible, help end destructive slash-and-burn agriculture by supporting stable and productive farming practices in areas already cleared or degraded and on lands which inevitably will be settled, with special emphasis on demonstrating the feasibility of agroforestry and other techniques which use technologies and methods suited to the local environment and traditional agricultural techniques and feature close consultation with and involvement of local people.
(6) To the fullest extent feasible, help conserve forests which have not yet been degraded, by helping to increase production on lands already cleared or degraded through support of reforestation, fuelwood, and other sustainable forestry projects and practices, making sure that local people are involved at all stages of project design and implementation.
(7) To the fullest extent feasible, support projects and other activities to conserve forested watersheds and rehabilitate those which have been deforested, making sure that local people are involved at all stages of project design and implementation.
(8) To the fullest extent feasible, support training, research, and other actions which lead to sustainable and more environmentally sound practices for timber harvesting, removal, and processing, including reforestation, soil conservation, and other activities to rehabilitate degraded forest lands.
(9) To the fullest extent feasible, support research to expand knowledge of tropical forests and identify alternatives which will prevent forest destruction, loss, or degradation, including research in agroforestry, sustainable management of natural forests, small-scale farms and gardens, small-scale animal husbandry, wider application of adopted traditional practices, and suitable crops and crop combinations.

(10) To the fullest extent feasible, conserve biological diversity in forest areas by—
    (A) supporting and cooperating with United States Government agencies, other donors (both bilateral and multilateral), and other appropriate governmental, intergovernmental, and nongovernmental organizations in efforts to identify, establish, and maintain a representative network of protected tropical forest ecosystems on a worldwide basis;
    (B) whenever appropriate, making the establishment of protected areas a condition of support for activities involving forest clearance of degradation; and
    (C) helping developing countries identify tropical forest ecosystems and species in need of protection and establish and maintain appropriate protected areas.

(11) To the fullest extent feasible, engage in efforts to increase the awareness of United States Government agencies and other donors, both bilateral and multilateral, of the immediate and long-term value of tropical forests.

(12) To the fullest extent feasible, utilize the resources and abilities of all relevant United States Government agencies.

(13) Require that any program or project under this chapter significantly affecting tropical forests (including projects involving the planting of exotic plant species)—
    (A) be based upon careful analysis of the alternatives available to achieve the best sustainable use of the land, and
    (B) take full account of the environmental impacts of the proposed activities on biological diversity, as provided for in the environmental procedures of the Agency for International Development.

(14) Deny assistance under this chapter for—
    (A) the procurement or use of logging equipment, unless an environmental assessment indicates that all timber harvesting operations involved will be conducted in an environmentally sound manner which minimizes forest destruction and that the proposed activity will produce positive economic benefits and sustainable forest management systems; and
    (B) actions which significantly degrade national parks or similar protected areas which contain tropical forests or introduce exotic plants or animals into such areas.

(15) Deny assistance under this chapter for the following activities unless an environmental assessment indicates that the proposed activity will contribute significantly and directly to improving the livelihood of the rural poor and will be con-
ducted in an environmentally sound manner which supports sustainable development:

(A) Activities which would result in the conversion of forest lands to the rearing of livestock.

(B) The construction, upgrading, or maintenance of roads (including temporary haul roads for logging or other extractive industries) which pass through relatively undegraded forest lands.

(C) The colonization of forest lands.

(D) The construction of dams or other water control structures which flood relatively undegraded forest lands.

(d) **PVOs AND OTHER NONGOVERNMENTAL ORGANIZATIONS.**—Whenever feasible, the President shall accomplish the objectives of this section through projects managed by private and voluntary organizations or international, regional, or national nongovernmental organizations which are active in the region or country where the project is located.

(e) **COUNTRY ANALYSIS REQUIREMENTS.**—Each country development strategy statement or other country plan prepared by the Agency for International Development shall include an analysis of—

(1) the actions necessary in that country to achieve conservation and sustainable management of tropical forests, and

(2) the extent to which the actions proposed for support by the Agency meet the needs thus identified.

(f) **ANNUAL REPORT.**—Each annual report required by section 634(a) of this Act shall include a report on the implementation of this section.

**Sec. 119.**

**Renewable and Unconventional Energy Technologies.**

---

**Endangered Species.**—(a) The Congress finds the survival of many animal and plant species is endangered by overhunting, by the presence of toxic chemicals in water, air and soil, and by the destruction of habitats. The Congress further finds that the extinction of animal and plant species is an irreparable loss with potentially serious environmental and economic consequences for developing and developed countries alike. Accordingly, the preservation of animal and plant species through the regulation of the hunting and trade in endangered species, through limitations on the pollution of natural ecosystems, and through the protection of...
wildlife habitats should be an important objective of the United States development assistance.

(b) In order to preserve biological diversity, the President is authorized to furnish assistance under this part, notwithstanding section 660, to assist countries in protecting and maintaining wildlife habitats and in developing sound wildlife management and plant conservation programs. Special efforts should be made to establish and maintain wildlife sanctuaries, reserves, and parks; to enact and enforce anti-poaching measures; and to identify, study, and catalog animal and plant species, especially in tropical environments.

(c) FUNDING LEVEL.—For fiscal year 1987, not less than $2,500,000 of the funds available to carry out this part (excluding funds made available to carry out section 104(c)(2), relating to the Child Survival Fund) shall be allocated for assistance pursuant to subsection (b) for activities which were not funded prior to fiscal year 1987. In addition, the Agency for International Development shall, to the fullest extent possible, continue and increase assistance pursuant to subsection (b) for activities for which assistance was provided in fiscal years prior to fiscal year 1987.

(d) COUNTRY ANALYSIS REQUIREMENTS.—Each country development strategy statement or other country plan prepared by the Agency for International Development shall include an analysis of—

(1) the actions necessary in that country to conserve biological diversity, and

(2) the extent to which the actions proposed for support by the Agency meet the needs thus identified.

(e) LOCAL INVOLVEMENT.—To the fullest extent possible, projects supported under this section shall include close consultation with and involvement of local people at all stages of design and implementation.

(f) PVOS AND OTHER NONGOVERNMENTAL ORGANIZATIONS.—Whenever feasible, the objectives of this section shall be accomplished through projects managed by appropriate private and voluntary organizations, or international, regional, or national nongovernmental organizations, which are active in the region or country where the project is located.

(g) ACTIONS BY AID.—The Administrator of the Agency for International Development shall—

(1) cooperate with appropriate international organizations, both governmental and nongovernmental;

(2) look to the World Conservation Strategy as an overall guide for actions to conserve biological diversity;

(3) engage in dialogues and exchanges of information with recipient countries which stress the importance of conserving biological diversity for the long-term economic benefit of those countries and which identify and focus on policies of those countries which directly or indirectly contribute to loss of biological diversity;

94 Sec. 302 of Public Law 99–529 (100 Stat. 3017) added subsecs. (c) through (h).
(4) support training and education efforts which improve the capacity of recipient countries to prevent loss of biological diversity;

(5) whenever possible, enter into long-term agreements in which the recipient country agrees to protect ecosystems or other wildlife habitats recommended for protection by relevant governmental or nongovernmental organizations or as a result of activities undertaken pursuant to paragraph (6), and the United States agrees to provide, subject to obtaining the necessary appropriations, additional assistance necessary for the establishment and maintenance of such protected areas;

(6) support, as necessary and in cooperation with the appropriate governmental and nongovernmental organizations, efforts to identify and survey ecosystems in recipient countries worthy of protection;

(7) cooperate with and support the relevant efforts of other agencies of the United States Government, including the United States Fish and Wildlife Service, the National Park Service, and the Peace Corps;

(8) review the Agency’s environmental regulations and revise them as necessary to ensure that ongoing and proposed actions by the Agency do not inadvertently endanger wildlife species or their critical habitats, harm protected areas, or have other adverse impacts on biological diversity (and shall report to the Congress within a year after the date of enactment of this paragraph on the actions taken pursuant to this paragraph);

(9) ensure that environmental profiles sponsored by the Agency include information needed for conservation of biological diversity; and

(10) deny any direct or indirect assistance under this chapter for actions which significantly degrade national parks or similar protected areas or introduce exotic plants or animals into such areas.

(h) ANNUAL REPORTS.—Each annual report required by section 634(a) of this Act shall include, in a separate volume, a report on the implementation of this section.

Sec. 120. Sahel Development Program—Planning.—(a) The Congress reaffirms its support of the initiative of the United States Government in undertaking consultations and planning with the countries concerned, and with other nations providing assistance, with the United Nations, and with other concerned international and regional organizations, toward the development and support of a comprehensive long-term African Sahel development program.

Sec. 120, originally added as sec. 639B by sec. 20 of the FA Act of 1973 (Public Law 93–189) and later redesignated as sec. 494B by sec. 101(5) of Public Law 94–161 (89 Stat. 849), was again redesignated as sec. 120 by sec. 115(1) of the International Development and Food Assistance Act of 1977 (Public Law 95–88; 91 Stat. 539). Sec. 115(2) of the International Development and Food Assistance Act of 1977 (Public Law 95–88; 91 Stat. 539) struck out “African Development Program” and inserted in lieu thereof “Sahel Development Program—Planning” in the section catchline.

Sec. 101(7)(C) of Public Law 94–161 (89 Stat. 849) struck out “supports” and inserted in lieu thereof “reaffirms its support of”.

Sec. 101(7)(C) of Public Law 94–161 (89 Stat. 849) struck out “supports” and inserted in lieu thereof “reaffirms its support of”.
(b) 97 The President is authorized to develop a long-term comprehensive development program for the Sahel and other drought-stricken nations in Africa.

(c) 97 In developing this long-term program, the President shall—

(1) consider international coordination for the planning and implementation of such program;

(2) seek greater participation and support by African countries and organizations in determining development priorities; and

(3) begin such planning immediately.

Sec. 122. 99 General Authorities.—(a) In order to carry out the purposes of this chapter, the President is authorized to furnish assistance, on such terms and conditions as he may determine, to countries and areas through programs of grant and loan assistance, bilaterally or through regional, multilateral, or private entities.

(b) 99 The President is authorized to make loans payable as to principal and interest in United States dollars on such terms and...
conditions as he may determine, in order to promote the economic development of countries and areas, with emphasis upon assisting long range plans and programs designed to develop economic resources and increase productive capacities. The President shall determine the interest payable on any loan. In making loans under this chapter, the President shall consider the economic circumstances of the borrower and other relevant factors, including the capacity of the recipient country to repay the loan at a reasonable rate of interest, except that loans may not be made at a rate of interest of less than 3 per centum per annum commencing not later than ten years following the date on which the funds are initially made available under the loan, during which ten-year period the rate of interest shall not be lower than 2 per centum per annum, nor higher than the applicable legal rate of interest of the country in which the loan is made. 

(c) 100 Dollar receipts paid during any fiscal year from loans made under this part or from loans made under predecessor foreign assistance legislation shall be deposited in the Treasury as miscellaneous receipts.

(d) 100 Not to exceed $10,000,000 of the funds made available each fiscal year for the purposes of this chapter may be used for assistance on such terms and conditions as the President may determine, to research and educational institutions in the United States for the purpose of strengthening their capacity to develop and carry out programs concerned with the economic and social development of developing countries.

(e) 101 The President shall establish an interagency Development Loan Committee, consisting of such officers from such agencies of the United States Government as he may determine, which shall, under the direction of the President, establish standards and criteria for lending operations under this chapter in accordance with the foreign and financial policies of the United States. Except in the case of officers serving in positions to which they were appointed by the President by and with the advice and consent of the Senate, officers assigned to the Committee shall be so assigned by the President by and with the advice and consent of the Senate.

Sec. 123. 102 Private and Voluntary Organizations and Cooperatives in Overseas Development.—(a) The Congress finds that the participation of rural and urban poor people in their countries' development can be assisted and accelerated in an effective manner through an increase in activities planned and carried out by private and voluntary organizations and cooperatives. Such organizations and cooperatives, embodying the American spirit of self-help and assistance to others to improve their lives and incomes, constitute an important means of mobilizing private American financial and human resources to benefit poor people in devel-
oping countries. The Congress declares that it is in the interest of the United States that such organizations and cooperatives expand their overseas development efforts without compromising their private and independent nature. The Congress further declares that the financial resources of such organizations and cooperatives should be supplemented by the contribution of public funds for the purpose of undertaking development activities in accordance with the principles set forth in section 102 and, if necessary and determined on a case-by-case basis, for the purpose of sharing the cost of developing programs related to such activities.\textsuperscript{103} The Congress urges the Administrator of the agency primarily responsible for administering this part, in implementing programs authorized under this part, to draw on the resources of private and voluntary organizations and cooperatives to plan and carry out development activities and to establish simplified procedures for the development and approval of programs to be carried out by such private and voluntary organizations and cooperatives as have demonstrated a capacity to undertake effective development activities.\textsuperscript{104}

(b)\textsuperscript{105} In order to further the efficient use of United States voluntary contributions for development, relief, and rehabilitation of friendly peoples, the President is authorized to use funds made available for the purposes of this chapter and chapter 10 of this part\textsuperscript{106} to pay transportation charges on shipments by the American National Red Cross and by United States voluntary agencies registered with the Agency for International Development.\textsuperscript{107}

(c) Reimbursement under this section may be provided for transportation charges on shipments from United States ports, or in the case of excess or surplus property supplied by the United States from foreign ports, to ports of entry abroad or to points of entry abroad in cases (1) of landlocked countries, (2) where ports cannot be used effectively because of natural or other disturbances, (3) where carriers to a specified country are unavailable, or (4) where a substantial savings in costs or time can be effected by the utilization of points of entry other than ports.

(d) Where practicable, the President shall make arrangements with the receiving country for free entry of such shipments and for the making available by the country of local currencies for the purpose of defraying the transportation costs of such shipments from

(e) Prohibitions on assistance to countries contained in this or any other Act shall not be construed to prohibit assistance by the agency primarily responsible for administering this part in support of programs of private and voluntary organizations and cooperatives already being supported prior to the date such prohibition becomes applicable. The President shall take into consideration, in any case in which statutory prohibitions on assistance would be applicable but for this subsection, whether continuation of support for such programs is in the national interest of the United States. If the President continues such support after such date, he shall prepare and transmit, not later than one year after such date, to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate a report setting forth the reasons for such continuation.

(f) For each of the fiscal years 1986 through 1989 funds in an amount not less than thirteen and one-half percent of the aggregate amount appropriated for that fiscal year to carry out sections 103(a), 104(b), 104(c), 105, 106, 121, and 491 of this Act shall be made available for the activities of private and voluntary organizations, and the President shall seek to channel funds in an amount not less than sixteen percent of such aggregate amount for the activities of private and voluntary organizations. Funds made available under chapter 4 of part II of this Act for the activities of private and voluntary organizations may be considered in determining compliance with the requirements of this subsection.

(g) * * * [Repealed—1998]

(h) The Congress recognizes that, in addition to their role in social and economic development, cooperatives provide an opportunity for people to participate directly in democratic decision-making. Therefore, assistance under this chapter shall be provided to rural and urban cooperatives which offer large numbers of low- and middle-income people in developing countries an opportunity to participate directly in democratic decisionmaking. Such assistance

shall be designed to encourage the adoption of self-help, private sector cooperative techniques and practices which have been successful in the United States.

**Sec. 124.** Relatively Least Developed Countries.—(a) Relatively least developed countries (as determined on the basis of criteria comparable to those used for the United Nations General Assembly list of “least developed countries”) are characterized by extreme poverty, very limited infrastructure, and limited administrative capacity to implement basic human needs growth strategies. In such countries special measures may be necessary to insure the full effectiveness of assistance furnished under this part.

(b) For the purpose of promoting economic growth in these countries, the President is authorized and encouraged to make assistance under this chapter available on a grant basis to the maximum extent that is consistent with the attainment of United States development objectives.

(c)(1) The Congress recognizes that the relatively least developed countries have virtually no access to private international capital markets. Insofar as possible, prior assistance terms should be consistent with present grant assistance terms for relatively least developed countries. Therefore, notwithstanding section 620(r) of this Act and section 321 of the International Development and Food Assistance Act of 1975 but subject to paragraph (2) of this subsection, the President on a case-by-case basis, taking into account the needs of the country for financial resources and the commitment of the country to the development objectives set forth in sections 101 and 102—

(A) may permit a relatively least developed country to place amounts, which would otherwise be paid to the United States as payments on principal or interest on liability incurred by that country under this part (or any predecessor legislation) into local currency accounts (in equivalent amounts of local currencies as determined by the official exchange rate for United States dollars) for use by the relatively least developed country, with the concurrence of the Administrator of the agency primarily responsible for administering this part, for activities which are consistent with section 102; and

(B) may waive interest payments on liability incurred by a relatively least developed country under this part (or any predecessor legislation) if the President determines that that country would be unable to use for development purposes the equivalent amounts of local currencies which could be made available under subparagraph (A).

(2) The aggregate amount of interest waived and interest and principal paid into local currency accounts under this subsection in any fiscal year may not exceed the amount approved for such purpose in an Act appropriating funds to carry out this chapter for that fiscal year, which amount may not exceed the amount authorized to be so approved by the annual authorizing legislation for de-
development assistance programs. Amounts due and payable during fiscal year 1981 to the United States from relatively least developed countries on loans made under this part (or any predecessor legislation) are authorized to be approved for use, in accordance with the provisions of paragraph (1) of this subsection, in an amount not to exceed $10,845,000.\textsuperscript{115}

(3) In exercising the authority granted by this subsection, the President should act in concert with other creditor countries.

(d) The President may on a case-by-case basis waive the requirement of section 110(a) for financial or “in kind” contributions in the case of programs, projects, or activities in relatively least developed countries.

(e) Section 110(b) shall not apply with respect to grants to relatively least developed countries.

Sec. 125.\textsuperscript{116} Project and Program Evaluation.—(a) The Administrator of the agency primarily responsible for administering this part is directed to improve the assessment and evaluation of the programs and projects carried out by that agency under this chapter. The Administrator shall consult with the appropriate committees of the Congress in establishing standards for such evaluations.

(b)\textsuperscript{117} * * * [Repealed—1981]

Sec. 126.\textsuperscript{118} Development and Illicit Narcotics Production.—(a) The Congress recognizes that illicit narcotics cultivation is related to overall development problems and that the vast majority of all individuals employed in the cultivation of illicit narcotics reside in the developing countries and are among the poorest of the poor in those countries and that therefore the ultimate success of any effort to eliminate illicit narcotics production depends upon the availability of alternative economic opportunities for those individuals, upon other factors which assistance under this chapter could address, as well as upon direct narcotics control efforts.

(b)(1)\textsuperscript{119} In planning programs of assistance under this chapter, and chapter 10 of this part,\textsuperscript{119} and under chapter 4 of part II\textsuperscript{119} for countries in which there is illicit narcotics cultivation, the agency primarily responsible for administering this part should give pri...
ority consideration to programs which would help reduce illicit narcotics cultivation by stimulating broader development opportunities.

2. The agency primarily responsible for administering this part may utilize resources for activities aimed at increasing awareness of the effects of production and trafficking of illicit narcotics on source and transit countries.

Sec. 127. Accelerated Loan Repayments.—The Administrator of the agency primarily responsible for administering this part shall conduct an annual review of bilateral concessional loan balances and shall determine and identify those countries whose financial resources make possible accelerated loan repayments. In particular, European countries that were recipients of concessional loans by predecessor agencies to the agency primarily responsible for administering this part shall be contacted to negotiate accelerated repayments. The criteria used by the Administrator in making these determinations shall be established in conjunction with the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate.

Sec. 128. Targeted Assistance.—(a) The President shall use poverty measurement standards, such as those developed by the International Bank for Reconstruction and Development, and other appropriate measurements in determining target populations for United States development assistance, and shall strengthen United States efforts to assure that a substantial percentage of development assistance under this chapter directly improves the lives of

the poor majority, with special emphasis on those individuals living in absolute poverty.

(b) To the maximum extent possible, activities under this chapter that attempt to increase the institutional capabilities of private organizations or governments, or that attempt to stimulate scientific and technological research, shall be designed and monitored to ensure that the ultimate beneficiaries of these activities are the poor majority.

SEC. 135.135 ASSISTANCE FOR ORPHANS AND OTHER VULNERABLE CHILDREN.

(a) FINDINGS.—Congress finds the following:
(1) There are more than 143,000,000 orphans living sub-Saharan Africa, Asia, Latin America, and the Caribbean. Of this number, approximately 16,200,000 children have lost both parents.
(2) The HIV/AIDS pandemic has created an unprecedented orphan crisis, especially in sub-Saharan Africa, where children have been hardest hit. The pandemic is deepening poverty in entire communities, and is jeopardizing the health, safety, and survival of all children in affected countries. It is estimated that 14,000,000 children have lost one or both parents to AIDS.
(3) The orphans crisis in sub-Saharan Africa has implications for human welfare, development, and political stability that extend far beyond the region, affecting governments and people worldwide.
(4) Extended families and local communities are struggling to meet the basic needs of orphans and vulnerable children by providing food, health care including treatment of children living with HIV/AIDS, education expenses, and clothing.
(5) Famine, natural disasters, chronic poverty, ongoing conflicts, and civil wars in developing countries are adversely affecting children in these countries, the vast majority of whom currently do not receive humanitarian assistance or other support from the United States.
(6) The United States Government administers various assistance programs for orphans and other vulnerable children in developing countries. In order to improve targeting and programming of resources, the United States Agency for International Development should develop methods to adequately track the overall number of orphans and other vulnerable children receiving assistance, the kinds of programs for such chil-

dren by sector and location, and any other such related data and analysis.

(7) The United States Agency for International Development should improve its capabilities to deliver assistance to orphans and other vulnerable children in developing countries through partnerships with private volunteer organizations, including community and faith-based organizations.

(8) The United States Agency for International Development should be the primary United States Government agency responsible for identifying and assisting orphans and other vulnerable children in developing countries.

(9) Providing assistance to such children is an important expression of the humanitarian concern and tradition of the people of the United States.

Sec. 209. Multilateral and Regional Programs.—(a) The Congress recognizes that the planning and administration of development assistance by, or under the sponsorship of the United Nations, multilateral lending institutions, and other multilateral organizations may contribute to the efficiency and effectiveness of that assistance through participation of other donors in the development effort, improved coordination of policies and programs, pooling of knowledge, avoidance of duplication of facilities and manpower, and greater encouragement of self-help performance.

(b) It is further the sense of the Congress (1) that problems or opportunities are common to two or more countries in a region, in such fields as agriculture, education, transportation, communications, power, watershed development, disease control, and establishment of development banks, these countries often can more effectively resolve such problems and exploit such opportunities by joining together in regional organizations or working together on regional programs, (2) that assistance often can be utilized more efficiently in regional programs than in separate country programs, and (3) that to the maximum extent practicable consistent with the purposes of this Act assistance under this Act should be furnished so as to encourage less developed countries to cooperate with each other in regional development programs.

Title III—Housing and Other Credit Guaranty Programs

Sec. 221. Housing Guaranties.—The Congress recognizes that shelter, including essential urban development services, is among the most fundamental of human needs. Shelter for most people in the developing countries consists largely of domestic materials assembled by local labor. While recognizing that most financing for such shelter must come from domestic resources, the Congress finds that carefully designed programs involving United States capital and expertise can increase the availability of domestic financing for improved shelter and related services for low-income people by demonstrating to local entrepreneurs and institutions that providing low-cost shelter can be financially viable. The Congress reaffirms, therefore, that the United States should continue to assist developing countries in marshalling resources for low-cost shelter. Particular attention should be given to programs which will support pilot projects for low-cost shelter or which will have a maximum demonstration impact on local institutions and national policy. The Congress declares that the long run goal of all such programs should be to develop domestic construction capabilities and to stimulate local credit institutions to make available domestic capital and other management and technological resources required for effective low-cost shelter programs and policies.

Sec. 222. Authorization.—(a) To carry out the policy of section 221, the President is authorized to issue guaranties to eligible investors (as defined in section 238(c)) assuring against losses incurred in connection with loans made for projects meeting the criteria set forth in section 221. The total principal amount of guaranties issued under this title or heretofore issued under prior housing guaranty authorities, which are outstanding at any one time, shall not exceed $2,558,000,000. The authority of this section shall...
continue through September 30, 1992. The President may issue

Sec. 306 of H.R. 1486, as reported by the Committee on International Relations, May 9, 1997 (H.Rept. 105–94), sought to amend the Foreign Assistance Act of 1961 by adding a new sec. 107A to establish the President's authority to use development credit authority where recipients would otherwise not have access to such credit and that credit would be in keeping with U.S. development purposes. For text, see note at sec. 256 ( redesignated from sec. 108) of this Act.

Sec. 222A. Agricultural and Productive Credit and Self-Help Community Development Programs.—(a) It is the sense of the Congress that in order to stimulate the participation of the private sector in the economic development of less-developed countries, the authority conferred by this section should be used to establish pilot programs to encourage private banks, credit institutions, similar private lending organizations, cooperatives, and private nonprofit development organizations to make loans on reasonable terms to organized groups and individuals residing in a community for the purpose of enabling such groups and individuals...
to carry out agricultural credit and self-help community development projects for which they are unable to obtain financial assistance on reasonable terms. Agricultural credit and assistance for self-help community development projects should include, but not be limited to, material and such projects as wells, pumps, farm machinery, improved seed, fertilizer, pesticides, vocational training, food industry development, nutrition projects, improved breeding stock for farm animals, sanitation facilities, and looms and other handicraft aids.

SEC. 226. Loan Guarantees to Israel Program.

(a) In General.—Subject to the terms and conditions of this section, during the period beginning October 1, 1992, and ending September 30, 1997, the President is authorized to issue guarantees against losses incurred in connection with loans to Israel made as a result of Israel's extraordinary humanitarian effort to resettle and absorb immigrants into Israel from the republics of the former Soviet Union, Ethiopia and other countries. In the event that less than the full amount authorized to be issued under subsection (b) of this section is issued in such period, the authority to issue the balance of such guarantees shall be available in the fiscal year ending on September 30, 1998.

(b) Fiscal Year Levels.—The President is authorized to issue guarantees in furtherance of the purposes of this section. Subject to subsection (d), the total principal amount of guarantees which may be issued by the President under this section shall be up to $10,000,000,000 which may be issued as follows:

(1) in fiscal year 1993, up to $2,000,000,000 may be issued on October 1, 1992 or thereafter;
(2) subject to subsection (d), in fiscal years 1994 through 1997, up to $2,000,000,000 in each fiscal year may be issued on October 1 or thereafter.
(3) If less than the full amount of guarantees authorized to be made available in a fiscal year pursuant to paragraphs (1) and (2) of this subsection is issued to Israel during that fiscal year, the authority to issue the balance of such guarantees shall extend to any subsequent fiscal year ending on or before September 30, 1998.

(c) USE OF GUARANTEES.—Guarantees may be issued under this section only to support activities in the geographic areas which were subject to the administration of the Government of Israel before June 5, 1967.

(d) LIMITATION ON GUARANTEE AMOUNT.—The amount of authorized but unissued guarantees that the President is authorized to issue as specified in subsection (b) shall be reduced by an amount equal to the amount extended or estimated to have been extended by the Government of Israel during the previous year for activities which the President determines are inconsistent with the objectives of this section or understandings reached between the United States Government and the Government of Israel regarding the implementation of the loan program. The President shall submit a report to Congress no later than September 30 of each fiscal year during the pendency of the program specifying the amount calculated under this subsection and that will be deducted from the amount of guarantees authorized to be issued in the next fiscal year.

(e) FEES.—

(1) Fees charged for the loan guarantee program under this section each year shall be an aggregate annual origination fee equal to the estimated subsidy cost of the guarantees issued under this section for that year, calculated by the Office of Management and Budget for the Federal Credit Reform Act of 1990. This shall also include an amount for the administrative expenses of the Agency for International Development in administering the program under this section. All such fees shall be paid by the Government of Israel to the Government of the United States. Funds made available for Israel under chapter 4 of Part II of the Foreign Assistance Act of 1961, as amended, may be utilized by the Government of Israel to pay such fees

202 Sec. 1(a)(5) of Public Law 104–14 (109 Stat. 186) provided that references to the Committee on Foreign Affairs of the House of Representatives shall be treated as referring to the Committee on International Relations of the House of Representatives.
to the United States Government. No further appropriations of subsidy cost are needed for the loan guarantee authorized hereunder for fiscal year 1993 and the four succeeding fiscal years.

(2) The origination fee shall be payable to the United States Government on a pro rata basis as each guarantee for each loan or increment is issued.

(f) AUTHORITY TO SUSPEND.—Except as provided in subsections (l) and (m) of this section, the President shall determine the terms and conditions for issuing guarantees. If the President determines that these terms and conditions have been breached, the President may suspend or terminate the provision of all or part of the additional loan guarantees not yet issued under this section. Upon making such a determination to suspend or terminate the provision of loan guarantees, the President shall submit to the Speaker of the House of Representatives and the President Pro Tempore of the Senate his determination to do so, including the basis for such suspension or termination.

(g) PROCEDURES FOR SUSPENSION OR TERMINATION.—Any suspension or termination pursuant to subsection (f) shall be in accordance with the following procedures:

(1) Upon making a determination to suspend or terminate the provision of loan guarantees, the President shall submit to the Speaker of the House of Representatives and the President Pro Tempore of the Senate his determination to do so, including the basis for such suspension or termination.

(2) Such a suspension or termination shall cease to be effective if Congress enacts, within 30 days of submission, a joint resolution authorizing the assistance notwithstanding the suspension.

(3) Any such joint resolution shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

(4) For the purpose of expediting the consideration and enactment of joint resolutions under this subsection, a motion to proceed to the consideration of any such joint resolution after it has been reported by the appropriate committee shall be treated as highly privileged in the House of Representatives.

(5) In the event that the President suspends the provision of additional loan guarantees under subsection (f) and Congress does not enact a joint resolution pursuant to this subsection, the provision of additional loan guarantees under the program established by this section may be resumed only if the President determines and so reports to Congress that the reasons for the suspension have been resolved or that the resumption is otherwise in the national interest.

(h) ECONOMIC CONTEXT.—The effective absorption of immigrants into Israel from the republics of the former Soviet Union and Ethiopia within the private sector requires large investment and economic restructuring to promote market efficiency and thereby contribute to productive employment and sustainable growth. Congress recognizes that the Government of Israel is developing an economic strategy designed to achieve these goals, and that the
Government of Israel intends to adopt a comprehensive, multi-year economic strategy based on prudent macroeconomic policies and structural reforms. Congress also recognizes that these policies are being designed to reduce direct involvement of the government in the economic system and to promote private enterprise, important prerequisites for economic stability and sustainable growth.

(i) Consultations.—It is the sense of the Congress that, as agreed between the two Governments and in order to further the policies specified in subsection (h), Israel and the United States should continue to engage in consultations concerning economic and financial measures, including structural and other reforms, that Israel should undertake during the pendency of this program to enable its economy to absorb and resettle immigrants and to accommodate the increased debt burden that will result from loans guaranteed pursuant to this section. It is the sense of the Congress that these consultations on economic measures should address progress and plans in the areas of budget policies, privatization, trade liberalization, financial and capital markets, labor markets, competition policy, and deregulation.

(j) Goods and Services.—During the pendency of the loan program authorized under this section, it is anticipated that, in the context of the economic reforms undertaken pursuant to subsections (h) and (i) of this section, Israel’s increased population due to its absorption of immigrants, and the liberalization by the Government of Israel of its trade policy with the United States, the amount of United States investment goods and services purchased for use in or with respect to the country of Israel will substantially increase.

(k) Reports.—The President shall report to Congress by December 31 of each fiscal year until December 31, 1999, regarding the implementation of this section.

(l) Applicability of Foreign Assistance Act Authorities.—Section 223 of the Foreign Assistance Act shall apply to guarantees issued under subsection (a) in the same manner as such section applies to guarantees issued under section 222, except that subsections (a), (e)(1), (g), and (j) of section 223 shall not apply to such guarantees and except that, to the extent section 223 is inconsistent with the Federal Credit Reform Act of 1990, that Act shall apply. Loans shall be guaranteed under this section without regard to sections 221, 222, and 238(c). Notwithstanding section 223(f), the interest rate for loans guaranteed under this section may include a reasonable fee to cover the costs and fees incurred by the borrower in connection with this program or financing under this section in the event the borrower elects not to finance such costs or fees out of loan principal. Guarantees once issued hereunder shall be unconditional and fully and freely transferable.

(m) Terms and Conditions.—

(1) Each loan guarantee issued under this section shall guarantee 100 percent of the principal and interest payable on such loans.

(2) The standard terms of any loan or increment guaranteed under this section shall be 30 years with semiannual payments of interest only over the first 10 years, and with semiannual payments of principal and interest on a level payment basis,

Sec. 231.\(^{203}\) Creation, Purpose and Policy.—To mobilize and facilitate the participation of United States private capital and skills in the economic and social development\(^{205}\) of less developed countries and areas, and countries in transition from nonmarket to market economies,\(^{206}\) thereby complementing the development assistance objectives of the United States, there is hereby created the Overseas Private Investment Corporation (hereinafter called the “Corporation”), which shall be an agency of the United States under the policy guidance of the Secretary of State.

The \(^{207}\) Corporation, in determining whether to provide insurance, financing, or reinsurance for a project, shall especially—

\(^{203}\) Sec. 105 of the FA Act of 1969 (Public Law 91–175) added a new title IV. Prior to this, title IV had been titled “Surveys of Investment Opportunities.” For Executive Order concerning OPIC, see Legislation on Foreign Relations Through 2005, vol. I–B.

Title IV was amended extensively by title I of S. 2757 and title I of H.R. 5263, both enacted by reference in the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1989 (Public Law 100–461; 102 Stat. 2268), as follows:

"Sec. 555. * * *

Provided further, That title I of H.R. 5263 as passed by the House of Representatives on September 20, 1988, is hereby enacted into law: Provided further, That purchases, investments or other acquisitions of equity by the fund created by section 104 of H.R. 5263 as hereby enacted are limited to such amounts as may be provided in advance in appropriations Acts:

Provided further, That notwithstanding any other provision of this Act, titles I and III of S. 2757 as reported by the Senate Committee on Foreign Relations on September 7, 1988, are hereby enacted into law: Provided further, That purchases, investments or other acquisitions of equity by the fund created by section 104 of S. 2757 as hereby enacted are limited to such amounts as may be provided in advance in appropriations Acts: * * *.”

Except in two instances, title I, S. 2757 and title I, H.R. 5263 are identical. Sec. 106 in each title amended sec. 235(a)(2) of the FA Act of 1961. Sec. 235(a)(2) was previously amended by Public Law 100–418, sec. 2203(b)(1)(A); H.R. 5263 took this into account. Public Law 100–418, sec. 235(a)(2) of the FA Act of 1961 as sec. 235(a)(6). Sec. 107 in S. 2757 and H.R. 5263 amended this section, but H.R. 5263 took into account the redesignation by Public Law 100–418. Title III of S. 2757, which addresses the implementation of certain USIA Exchange Visitor Programs, is in Legislation on Foreign Relations Through 2005, vol. II, sec. E.

\(^{204}\) 22 U.S.C. 2191, Sec. 105 of the FA Act of 1969 (Public Law 91–175) added sec. 231.

\(^{205}\) Sec. 101 of the Jobs Through Exports Act of 1992 (Public Law 102–549; 106 Stat. 3651) struck out “friendly countries and areas,” and inserted in lieu thereof “countries and areas, and countries in transition from nonmarket to market economies.”

Title V—Disadvantaged Children in Asia

Sec. 241. Assistance to Certain Disadvantaged Children in Asia.—(a) The Congress recognizes the humanitarian needs of disadvantaged children in Asian countries where there has been or continues to be a heavy presence of United States military and related personnel in recent years. Moreover, the Congress finds that inadequate provision has been made for the care and welfare of such disadvantaged children, particularly those fathered by the United States citizens.

(b) Accordingly, the President is authorized to expend up to $3,000,000 of funds made available under chapter 1 of this part, in addition to funds otherwise available for such purposes, to help
meet the needs of these disadvantaged children in Asia by assisting in the expansion and improvement of orphanages, hostels, day care centers, school feeding programs, and health, education, and welfare programs. Assistance provided under this section shall be furnished under the auspices of and by international organizations or private voluntary agencies operating within, and in cooperation with, the countries of Asia where these disadvantaged children reside.

TITLE VI—MICROENTERPRISE DEVELOPMENT ASSISTANCE

SUBTITLE A—GRANT ASSISTANCE

SEC. 251. FINDINGS AND POLICY. Congress finds and declares the following:

(1) Access to financial services and the development of microenterprise are vital factors in the stable growth of developing countries and in the development of free, open, and equitable international economic systems.

(2) It is therefore in the best interest of the United States to facilitate access to financial services and assist the development of microenterprise in developing countries.

(3) Access to financial services and the development of microenterprises can be supported by programs providing credit, savings, training, technical assistance, business development services, and other financial services.

(4) Given the relatively high percentage of populations living in rural areas of developing countries, and the combined high incidence of poverty in rural areas and growing income inequality between rural and urban markets, microenterprise programs should target both rural and urban poor.

(5) Microenterprise programs have been successful and should continue to empower vulnerable women in the developing world. The Agency should work to ensure that recipients of microenterprise and microfinance development assistance under this title communicate and work with nongovernmental organizations and government organizations to identify and assist victims of trafficking as provided for in section 106(a)(1) of the Trafficking Victims Protection Act of 2000 (22 U.S.C. 7104(a)(1); Public Law 106–386) and women who are victims of or susceptible to other forms of exploitation and violence.

(6) Given that microenterprise programs have been successful in empowering disenfranchised groups such as women, microenterprise programs should also target populations disenfranchised due to race or ethnicity in countries where a strong relationship between poverty and race or ethnicity has been demonstrated, such as countries in Latin America.
SEC. 252. AUTHORIZATION; IMPLEMENTATION; TARGETED ASSISTANCE.

(a) AUTHORIZATION.—The President is authorized to provide assistance on a non-reimbursable basis for programs in developing countries to increase the availability of credit, savings, and other services to microfinance and microenterprise clients lacking full access to capital, training, technical assistance, and business development services, through—

(1) assistance for the purpose of expanding the availability of credit, savings, and other financial and non-financial services to microfinance and microenterprise clients;
(2) assistance for the purpose of training, technical assistance, and business development services for microenterprises to enable them to make better use of credit, to better manage their enterprises, to conduct market analysis and product development for expanding domestic and international sales, particularly to United States markets, and to increase their income and build their assets;
(3) capacity-building for microfinance and microenterprise institutions in order to enable them to better meet the credit, savings, and training needs of microfinance and microenterprise clients; and
(4) policy, regulatory programs, and research at the country level that improve the environment for microfinance and microenterprise clients and institutions that serve the poor and very poor.

(b) IMPLEMENTATION.—

(1) OFFICE OF MICROENTERPRISE DEVELOPMENT.—There is established within the Agency an office of microenterprise development, which shall be headed by a Director who shall be appointed by the Administrator and who should possess technical expertise and ability to offer leadership in the field of microenterprise development.

(2) ADDITIONAL PROVISIONS.—

(A) USE OF IMPLEMENTING PARTNER ORGANIZATIONS.—Assistance under this section shall emphasize the use of implementing partner organizations that best meet the requirements of subparagraph (C).

(B) USE OF CENTRAL FUNDING MECHANISMS.—

(i) PROGRAM.—In order to ensure that assistance under this title is distributed effectively and efficiently, the office shall also seek to implement a program of central funding under which assistance is administered directly by the office, including through targeted core support for microfinance and microenterprise networks and other practitioners.

(ii) FUNDING.—Of the amount made available to carry out this subtitle for a fiscal year, not less than $25,000,000 should be made available to carry out clause (i).

(C) EFFICIENCY AND COST-EFFECTIVENESS.—Assistance under this section shall meet high standards of efficiency,
cost-effectiveness, and sustainability and shall especially provide the greatest possible resources to the poor and very poor. When administering assistance under this section, the Administrator shall—

(i) take into consideration the percentage of funds a provider of assistance intends to expend on administrative costs;

(ii) take all appropriate steps to ensure that the provider of assistance keeps administrative costs as low as practicable to ensure the maximum amount of funds are used for directly assisting microfinance and microenterprise clients, for establishing sustainable microfinance and microenterprise institutions, or for advancing the microenterprise development field; and

(iii) give preference to proposals from providers of assistance that are the most technically competitive and have a reasonable allocation to overhead and administrative costs.

(3) APPROVAL OF STRATEGIC PLANS.—With respect to assistance provided under this section, the office shall be responsible for concurring in the microenterprise development components of strategic plans of missions, bureaus, and other offices of the Agency and providing technical support to field missions to help the missions prepare such components.

(c) TARGETED ASSISTANCE.—In carrying out sustainable poverty-focused programs under subsection (a), 50 percent of all microenterprise resources shall be targeted to clients who are very poor. Specifically, until September 30, 2006, such resources shall be used for—

(1) support of programs under this section through practitioner institutions that—

(A) provide credit and other financial services to clients who are very poor, with loans in 1995 United States dollars of—

(i) $1,000 or less in the Europe and Eurasia region;

(ii) $400 or less in the Latin America region; and

(iii) $300 or less in the rest of the world; and

(B) can cover their costs in a reasonable time period; or

(2) demand-driven business development programs that achieve reasonable cost recovery that are provided to clients holding poverty loans (as defined by the regional poverty loan limitations in paragraph (1)(A)), whether they are provided by microfinance institutions or by specialized business development services providers.

SEC. 253. MONITORING SYSTEM.

(a) IN GENERAL.—In order to maximize the sustainable development impact of assistance authorized under section 252(a), the Administrator of the Agency, acting through the Director of the office, shall strengthen its monitoring system to meet the requirements of subsection (b).

(b) REQUIREMENTS.—The requirements referred to in subsection (a) are the following:

\[22 U.S.C. 2211b.\]
(1) The monitoring system shall include performance goals for the assistance and expresses such goals in an objective and quantifiable form, to the extent feasible.

(2) The monitoring system shall include performance indicators to be used in measuring or assessing the achievement of the performance goals described in paragraph (1) and the objectives of the assistance authorized under section 252.

(3) The monitoring system provides a basis for recommendations for adjustments to the assistance to enhance the sustainability and the impact of the assistance, particularly the impact of such assistance on the very poor, particularly poor women.

(4) The monitoring system adopts the widespread use of proven and effective poverty assessment tools to successfully identify the very poor and ensure that they receive adequate access to microenterprise loans, savings, and assistance.

SEC. 254. DEVELOPMENT AND CERTIFICATION OF POVERTY MEASUREMENT METHODS; APPLICATION OF METHODS.

(a) DEVELOPMENT AND CERTIFICATION.—

(1) In general.—The Administrator of the Agency, in consultation with microenterprise institutions and other appropriate organizations, shall develop no fewer than two low-cost methods for implementing partner organizations to use to assess the poverty levels of their current incoming or prospective clients. The Administrator shall develop poverty indicators that correlate with the circumstances of the very poor.

(2) Field testing.—The Administrator shall field-test the methods developed under paragraph (1). As part of the testing, institutions and programs may use the methods on a voluntary basis to demonstrate their ability to reach the very poor.

(3) Certification.—Not later than April 1, 2005, the Administrator shall, from among the low-cost poverty measurement methods developed under paragraph (1), certify no fewer than two such methods as approved methods for measuring the poverty levels of current, incoming, or prospective clients of microenterprise institutions for purposes of assistance under section 252.

(b) APPLICATION.—The Administrator shall require that, with reasonable exceptions, all implementing partner organizations applying for microenterprise assistance under this title use one of the certified methods, beginning not later than October 1, 2006, to determine and report the poverty levels of current, incoming, or prospective clients.

Section 296. Foreign Assistance Act of 1961 (P.L. 87–195)

Title X—Programs Relating to Population Growth [Repealed—1978]

Title XI—Food Production Targets and Reports [Repealed—1978]

Title XII—Famine Prevention and Freedom From Hunger

Sec. 296. General Provisions.—(a) The Congress declares that, in order to achieve the mutual goals among nations of ensuring food security, human health, agricultural growth, trade expansion, and the wise and sustainable use of natural resources, the United States should mobilize the capacities of the United States land-grant universities, other eligible universities, and public and private partners of universities in the United States and other countries, consistent with sections 103 and 103A of this Act, for: (1) global research on problems affecting food, agriculture, forestry, and fisheries; (2) improved human capacity and institutional resource development for the global application of agricultural and related environmental sciences; (3) agricultural development and trade research and extension services in the United States and other countries to support the entry of rural industries into world markets; and (4) providing the application of agricultural sciences to solving food, health, nutrition, rural income, and environmental problems, especially such problems in low-income, food deficit countries.

The Congress so declares because it finds—

(A) that the establishment, endowment, and continuing support of land-grant universities in the United States by Federal, State, and county governments has led to agricultural progress with and through the private sector in this country and to understanding processes of economic development;

(B) that research, teaching, and extension activities, and appropriate institutional development therefor are prime factors in increasing agricultural production abroad (as well as in the United States) and to increasing world food production, and in general should provide increased and longer term support to the application of science to solving food and nutrition problems of the developing countries.

(C) that universities need a dependable source of Federal funding, as well as other financing, in order to expand, or in some cases to continue, their efforts to assist in increasing agricultural production in developing countries.

(D) that universities need a dependable source of Federal funding, as well as other financing, in order to expand, or in some cases to continue, their efforts to assist in increasing agricultural production in developing countries.
(B) 396 that land-grant and other universities in the United States have demonstrated over many years their ability to cooperate with international agencies, educational and research institutions in other countries, the private sector, and non-governmental organizations worldwide, in expanding global agricultural production, processing, business and trade, to the benefit of aid recipient countries and of the United States;

(C) 397 that, in a world of growing populations with rising expectations, increased food production and improved distribution, storage, and marketing in the developing countries is necessary not only to prevent hunger and ensure human health and child survival, but to build the basis for economic growth and trade, and the social security in which democracy and a market economy can thrive, and moreover, that the greatest potential for increasing world food supplies and incomes to purchase food is in the developing countries where the gap between food need and food supply is the greatest and current incomes are lowest;

(D) 394 that increasing and making more secure the supply of food is of greatest benefit to the poorest majority in the developing world;

(E) 398 that, with expanding global markets and increasing imports into many countries, including the United States, food safety and quality, as well as secure supply, have emerged as mutual concerns of all countries;

(2) The policy described in paragraph (1) should also promote equitable economic growth and development, including controlling the flight of capital and the effective use of foreign assistance and adhering to approved programs for economic stabilization and fiscal responsibility. Finally, this policy should foster dialog and negotiations—

(A) to achieve peace based upon the objectives of democratization, reduction of armament, an end to subversion, and the withdrawal of foreign military forces and advisers; and
(B) to provide a security shield against violence and intimidation.

(3) It is the purpose of this chapter to establish the statutory framework and to authorize the appropriations and financing necessary to carry out the policy described in this section.

(c) The Congress finds, therefore, that the people of the United States are willing to sustain and expand a program for economic and military assistance in Central America if the recipient countries can demonstrate progress toward and a commitment to these goals.

Sec. 463.510, 513 Peace Process in Central America.—The Congress—

(1) strongly supports the initiatives taken by the Contadora group and the resulting Document of Objectives which has been agreed to by Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua and which sets forth a framework for negotiating a peaceful settlement to the conflict and turmoil in the region; and
Sec. 464 Economic Assistance Coordination.—(a) The Congress finds that participation by Central American countries in an effective forum for dialog on, and the continuous review and advancement of, Central America's political, economic, and social development would foster cooperation between the United States and Central American countries.

(b) It is the sense of the Congress that—

(1) the President should enter into negotiations with the countries of Central America to establish a Central American Development Organization (hereafter in this section referred to as the “Organization”) to help provide a continuous and coherent approach to the development of the Central American region; and

(2) the establishment of the Organization should be based upon the following principles:

(A) Participation in the Organization should be open to the United States, other donors, and those Central American countries that commit themselves to, among other things, respecting internationally recognized human rights, building democracy, and encouraging equitable economic growth through policy reforms.

(B) The Organization should be structured to include representatives from both the public and private sectors, including representatives from the labor, agriculture, and business communities.

(C) The Organization should meet periodically to carry out the functions described in subparagraphs (D) and (E) of this paragraph and should be supported by a limited professional secretariat.

(D) The Organization should make recommendations affecting Central American countries on such matters as—

(i) political, economic, and social development objectives, including the strengthening of democratic pluralism and the safeguarding of internationally recognized human rights;

(ii) mobilization of resources and external assistance needs; and

(iii) reform of economic policies and structures.

(E) The Organization should have the capacity for monitoring country performance on recommendations issued in accordance with subparagraph (D) of this paragraph and for evaluating progress toward meeting such country objectives.

(F) To the maximum extent practicable, the United States should follow the recommendations of the Organization in disbursing bilateral economic assistance for any Central American country. No more than 75 percent of
such United States assistance in any fiscal year should be disbursed until the recommendations of the Organization for that fiscal year have been made final and communicated to the donor countries. The limitation on disbursements contained in the preceding sentence should apply only to recommendations made final and communicated to donor countries prior to the fourth quarter of such fiscal year. The United States representative to the Organization should urge other donor countries to similarly implement the recommendations of the Organization.

(G) The administrator of the agency primarily responsible for administering part I of this Act, or his designee, should represent the United States Government in the Organization and should carry out his functions in that capacity under the continuous supervision and general direction of the Secretary of State.

(c) Subject to subsection (d)(2), the President is authorized to participate in the Organization.

(d)(1) The administrator of the agency primarily responsible for administering part I of this Act, under the supervision and direction of the Secretary of State, shall prepare a detailed proposal to carry out this section and shall keep the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate fully and currently informed concerning the development of this proposal.

(2) The President shall transmit to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate a copy of the text of any agreement, which he proposes to sign, that would provide for the establishment of United States participation in the Organization no less than sixty days prior to his signature. During that sixty-day period there shall be full and formal consultations with and review by those committees in accordance with procedures applicable to reprogramming notifications pursuant to section 634A of this Act.

Sec. 465.510, 516 Authorization for Fiscal Years 1988 and 1989.—(a) In addition to amounts otherwise available for such purposes, there are authorized to be appropriated to the President, for the purpose of furnishing nonmilitary assistance for Central American countries, $1,200,000,000 for each of the fiscal years 1988 and 1989, which are authorized to remain available until expended.

(b) For the purpose of providing the assistance described in subsection (a), funds appropriated pursuant to the authorizations in that subsection may be transferred by the President for obligation in accordance with the authorities of part I of this Act (including chapter 4 of part II), the Peace Corps Act, the Migration and Refugee Assistance Act of 1962, the United States Information and Education Exchange Act of 1948, the Mutual Educational and Cultural Exchange Act of 1961, the National Endowment for Democracy Act, and the State Department Basic Authorities Act of 1956.

515 Sec. 1(a)(5) of Public Law 104–14 (109 Stat. 186) provided that references to the Committee on Foreign Affairs of the House of Representatives shall be treated as referring to the Committee on International Relations of the House of Representatives.

Sec. 466. Definitions.—For the purposes of this chapter, the term “Central American countries” includes Belize, Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua, Panama, and regional programs which benefit such countries.

Chapter 7—Debt-For-Nature Exchanges

Sec. 461. Definition.—For purpose of this chapter, the term “debt-for-nature exchange” means the cancellation or redemption of the foreign debt of the government of a country in exchange for—

(1) that government’s making available local currencies (including through the issuance of bonds) which are used only for eligible projects involving the conservation or protection of the environment in that country (as described in section 463); or

(2) that government’s financial resource or policy commitment to take certain specified actions to ensure the restoration, protection, or sustainable use of natural resources within that country; or

(3) a combination of assets and actions under both paragraphs (1) and (2).

Sec. 462. Assistance for Commercial Debt Exchanges.—

(a) The Administrator of the Agency for International Development is authorized to furnish assistance, in the form of grants on such terms and conditions as may be necessary, to nongovernmental organizations for the purchase on the open market of discounted commercial debt of a foreign government of an eligible country which will be canceled or redeemed under the terms of an agreement with that government as part of a debt-for-nature exchange.

(b) Notwithstanding any other provision of law, a grantee (or any subgrantee) of the grants referred to in subsection (a) may retain, without deposit in the Treasury of the United States and without further appropriation by Congress, interest earned on the proceeds of any resulting debt-for-nature exchange pending the disburse-
ments of such proceeds and interest for approved program purposes, which may include the establishment of an endowment, the income of which is used for such purposes.

**Sec. 463.** *(a)* The Administrator of the Agency for International Development shall seek to ensure that debt-for-nature exchanges under this chapter support one or more of the following activities by either the host government, a local private conservation group, or a combination thereof:

1. restoration, protection, or sustainable use of the world's oceans and atmosphere;
2. restoration, protection, or sustainable use of diverse animal and plant species;
3. establishment, restoration, protection, and maintenance of parks and reserves;
4. development and implementation of sound systems of natural resource management;
5. development and support of local conservation programs;
6. training programs to strengthen conservation institutions and increase scientific, technical, and managerial capabilities of individuals and organizations involved in conservation efforts;
7. efforts to generate knowledge, increase understanding, and enhance public commitment to conservation;
8. design and implementation of sound programs of land and ecosystem management; and
9. promotion of regenerative approaches in farming, forestry, fishing, and watershed management.

(b)(1) In cooperation with nongovernmental organizations, the Administrator of the Agency for International Development shall seek to identify those areas, which because of an imminent threat, are in particular need of immediate attention to prevent the loss of unique biological life or valuable ecosystem.

2. The Administrator of the Agency for International Development shall encourage as many eligible countries as possible to propose such exchanges with the purpose of demonstrating to a large number of governments the feasibility and benefits of sustainable development.

**Sec. 464.** *(a)* In order for a foreign country to be eligible to participate in a debt-for-nature exchange under this chapter, the Administrator of the Agency for International Development shall determine that—

1. the host country is fully committed to the long-term viability of the program or project that is to be undertaken through the debt-for-nature exchange;
2. a long-term plan has been prepared by the host country, or private conservation group, which adequately provides for the long-term viability of the program or project that is to be
undertaken through the debt-for-nature exchange or that such a plan will be prepared in a timely manner; and
(3) there is a government agency or a local nongovernmental organization, or combination thereof, in the host country with the capability, commitment, and record of environmental concern to oversee the long-term viability of the program or project that is to be undertaken through the debt-for-nature exchange.

Sec. 465. Terms and Conditions.—(a) The terms and conditions for making grants under this chapter shall be deemed to be fulfilled upon final approval by the Administrator of the Agency for International Development of the debt-for-nature exchange, a certification by the nongovernmental organization that the host government has accepted the terms of the exchange, and that an agreement has been reached to cancel the commercial debt in an agreed upon fashion.
(b) Grants made under this section are intended to complement, and not substitute for, assistance otherwise available to a foreign country under this Act or any other provision of law.
(c) The United States Government is prohibited from accepting title or interest in any land in a foreign country as a condition on the debt exchange.

Sec. 466. Pilot Program for Sub-Saharan Africa.—(a) The Administrator of the Agency for International Development, in cooperation with nongovernmental conservation organizations, shall invite the government of each country in sub-Saharan Africa to submit a list of those areas of severely degraded national resources which threaten human survival and well-being and the opportunity for future economic growth or those areas of biological or ecological importance within the territory of that country.
(b) The Administrator of the Agency for International Development shall assess the list submitted by each country under subsection (a) and shall seek to reach agreement with the host country for the restoration and future sustainable use of those areas.
(c)(1) The Administrator of the Agency for International Development is authorized to make grants, on such terms and conditions as may be necessary, to nongovernmental organizations for the purchase on the open market of discounted commercial debt of a foreign government of an eligible sub-Saharan country in exchange for commitments by that government to restore natural resources identified by the host country under subsection (a) or for commitments to develop plans for sustainable use of such resources.
(2) Notwithstanding any other provision of law, a grantee (or any subgrantee) of the grants referred to in section (a) may retain, without deposit in the Treasury of the United States and without further appropriation by Congress, interest earned on the proceeds of any resulting debt-for-nature exchange pending the disbursements of such proceeds and interest for approved program pur-
poses, which may include the establishment of an endowment, the income of which is used for such purposes.

Chapter 8—International Narcotics Control

SEC. 481. POLICY, GENERAL AUTHORITIES, COORDINATION, FOREIGN POLICE ACTIONS, DEFINITIONS, AND OTHER PROVISIONS.

(a) POLICY AND GENERAL AUTHORITIES.—

(1) STATEMENTS OF POLICY.—(A) International narcotics trafficking poses an unparalleled transnational threat in today’s world, and its suppression is among the most important foreign policy objectives of the United States.

(B) Under the Single Convention on Narcotic Drugs, 1961, and under the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances, the parties are required to criminalize certain drug-related activities, provide appropriately severe penalties, and cooperate in the extradition of accused offenders.

(C) International narcotics control programs should include, as priority goals, the suppression of the illicit manufacture of and trafficking in narcotic and psychotropic drugs, money laundering, and precursor chemical diversion, and the progressive elimination of the illicit cultivation of the crops from which narcotic and psychotropic drugs are derived.

526 22 U.S.C. 2291. Sec. 1519(a) of the Housing and Community Development Act of 1992 (Public Law 102–550; 106 Stat. 4060) amended sec. 481 at subsec. (a) by redesignating former subpara. (E) as (F), and inserting a new subpara. (E).

Sec. 1519(b) of Public Law 102–550, furthermore, amended sec. 481(e) to require a report on major money laundering countries.

Sec. 4 of the International Narcotics Control Act of 1992 (Public Law 102–583; 106 Stat. 4914), however, substantially amended and restated sec. 481. Sec. 4(a) struck the section designation, section heading, and subsec. (a), and restated these through subpara. (F).

Chapter 8 was originally added by sec. 109 of the FA Act of 1971. See other legislation on international narcotics control in Legislation on Foreign Relations Through 2005, vol. I–B.

The original sec. 481 read as follows:

"It is the sense of the Congress that effective international cooperation is necessary to put an end to the illicit production, trafficking in, and abuse of dangerous drugs. In order to promote such cooperation, the President is authorized to conclude agreements with other countries to facilitate control of the production, processing, transportation, and distribution of narcotic analgesics, including opium and its derivatives, other narcotic drugs and psychotropics and other controlled substances as defined in the Comprehensive Drug Abuse Prevention and Control Act of 1970 (Public Law 91–513). Notwithstanding any other provision of law, the President is authorized to furnish assistance to any country or international organization, on such terms and conditions as he may determine, for the control of the production of, processing of, and traffic in, narcotic and psychotropic drugs. In furnishing such assistance the President may use any of the funds made available to carry out the provisions of this Act. The President shall suspend economic and military assistance furnished under this or any other Act, and shall suspend sales under the Foreign Military Sales Act and under title I of the Agriculture Trade Development and Assistance Act of 1954 with respect to any country when the President determines that the government of such country has failed to take adequate steps to prevent narcotic drugs and other controlled substances (as defined by the Comprehensive Drug Abuse Prevention and Control Act of 1970) produced or processed, in whole or in part, in such country, or transported through such country, from being sold illegally within the jurisdiction of such country to United States Government personnel or their dependents, or from entering the United States unlawfully. Such suspension shall continue until the President determines that the government of such country has taken adequate steps to carry out the purposes of this chapter."

(D) International criminal activities, particularly international narcotics trafficking, money laundering, and corruption, endanger political and economic stability and democratic development, and assistance for the prevention and suppression of international criminal activities should be a priority for the United States.

(E) The international community should provide assistance, where appropriate, to those producer and transit countries which require assistance in discharging these primary obligations.

(F) The objective of the United States in dealing with the problem of international money laundering is to ensure that countries adopt comprehensive domestic measures against money laundering and cooperate with each other in narcotics money laundering investigations, prosecutions, and related forfeiture actions.

(G) Effective international cooperation is necessary to control the illicit cultivation, production, and smuggling of, trafficking in, and abuse of narcotic and psychotropic drugs.

(2) In order to promote such cooperation, the President is authorized to conclude agreements, including reciprocal maritime agreements, with other countries to facilitate control of the production, processing, transportation, and distribution of narcotics analgesics, including opium and its derivatives, other narcotic and psychotropic drugs, and other controlled substances.

(3) In order to promote international cooperation in combating international trafficking in illicit narcotics, it shall be the policy of the United States to use its voice and vote in multilateral development banks to promote the development and implementation in the major illicit drug producing countries of programs for the reduction and eventual eradication of narcotic drugs and other controlled substances, including appropriate assistance in conjunction with effective programs of illicit crop eradication.

(4) Notwithstanding any other provision of law, the President is authorized to furnish assistance to any country or international organization, on such terms and conditions as he may determine, for the control of narcotic and psychotropic drugs and other controlled substances, or for other anticrime purposes.

(b) Coordination of All United States Antinarcotics Assistance to Foreign Countries.—

(1) Responsibility of Secretary of State.—Consistent with subtitle A of title I of the Anti-Drug Abuse Act of 1988, the Secretary of State shall be responsible for coordinating all assistance provided by the United States Government to sup-

532 Sec. 4(c) of the International Narcotics Control Act of 1992 (Public Law 102–583; 106 Stat. 4915) amended and restated subsec. (b). Originally, subsec. (b) was added to sec. 481 by sec. 11(a) of the FA Act of 1973 (Public Law 93–189). This subsection has previously been amended and restated by sec. 17(b) of the International Narcotics Control Act of 1989, and sec. 694 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83).
port international efforts to combat illicit narcotics production or trafficking.

(2) RULE OF CONSTRUCTION.—Nothing contained in this subsection or section 489(b) shall be construed to limit or impair the authority or responsibility of any other Federal agency with respect to law enforcement, domestic security operations, or intelligence activities as defined in Executive Order 12333.533

(c) 534 PARTICIPATION IN FOREIGN POLICE ACTIONS.—

1. PROHIBITION ON EFFECTING AN ARREST.—No officer or employee of the United States may directly effect an arrest in any foreign country as part of any foreign police action with respect to narcotics control efforts, notwithstanding any other provision of law.

2. PARTICIPATION IN ARREST ACTIONS.—Paragraph (1) does not prohibit an officer or employee of the United States, with the approval of the United States chief of mission, from being present when foreign officers are effecting an arrest or from assisting foreign officers who are effecting an arrest.

3. EXCEPTION FOR EXIGENT, THREATENING CIRCUMSTANCES.—Paragraph (1) does not prohibit an officer or employee from taking direct action to protect life or safety if exigent circumstances arise which are unanticipated and which pose an immediate threat to United States officers or employees, officers or employees of a foreign government, or members of the public.

4. EXCEPTION FOR MARITIME LAW ENFORCEMENT.—With the agreement of a foreign country, paragraph (1) does not apply with respect to maritime law enforcement operations in the territorial sea or archipelagic waters535 of that country.

5. INTERROGATIONS.—No officer or employee of the United States may interrogate or be present during the interrogation of any United States person arrested in any foreign country with respect to narcotics control efforts without the written consent of such person.

6. EXCEPTION FOR STATUS OF FORCES ARRANGEMENTS.—This subsection does not apply to the activities of the United States Armed Forces in carrying out their responsibilities under applicable Status of Forces Arrangements.

(d) 536 USE OF HERBICIDES FOR AERIAL ERADICATION.—
(1) **MONITORING.**—The President, with the assistance of appropriate Federal agencies, shall monitor any use under this chapter of a herbicide for aerial eradication in order to determine the impact of such use on the environment and on the health of individuals.

(2) **ANNUAL REPORTS.**—In the annual report required by section 489(a), the President shall report on the impact on the environment and the health of individuals of the use under this chapter of a herbicide for aerial eradication.

(3) **REPORT UPON DETERMINATION OF HARM TO ENVIRONMENT OR HEALTH.**—If the President determines that any such use is harmful to the environment or the health of individuals, the President shall immediately report that determination to the Committee on Foreign Affairs of the House of Representatives of the Senate, together with such recommendations as the President deems appropriate.

544 Sec. 1519(c) of the Housing and Community Development Act of 1992 (Public Law 102–550; 106 Stat. 4060) (1) inserted “or” to the end of subpara. (A); (2) struck out “or” at the end of subpara. (B) and inserted a period (but did not strike out semicolon); and (3) struck out subpara. (C), which formerly read “(C) through which significant sums of drug-related profits or monies are laundered with the knowledge or complicity of the government.”

545 Sec. 11(a) of the International Narcotics Control Act of 1992 (Public Law 102–583; 106 Stat. 4934) struck out a period at the end of para. 5; inserted “; and” and added para. (6). Subsequently, sec. 101(b) of the International Narcotics Control Corrections Act of 1994 (Public Law 103–447; 108 Stat. 4691) struck out “; and”, redesignated para. (6) as para. (8), and added new paras. (6) and (7).

546 Para. (33) of sec. 102 of the Controlled Substances Act (21 U.S.C. 802(33)) defines “listed chemical” as “any list I chemical or any list II chemical. List I chemicals are listed in para. (34) of that section; list II chemicals in para. (35).

548 22 U.S.C. 2291a. Sec. 482, as added by sec. 503 of the Foreign Relations Authorization Act of 1972, was amended and restated by sec. 3 of the International Security Assistance Act of 1977 (Public Law 95–92; 91 Stat. 614). It formerly read as follows:

“SEC. 482. AUTHORIZATION.—To carry out the purposes of section 481, there are authorized to be appropriated to the President $42,500,000 for each of the fiscal years 1974 and 1975, $40,000,000 for the fiscal year 1976, no part of which may be obligated for or on behalf of any country where illegal traffic in opiates has been a significant problem unless and until the President determines and certifies in writing to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate that assistance furnished to such country pursuant to the authority in this chapter is significantly reducing the amount of illegal opiates entering the international market, and not to exceed $34,000,000 for the fiscal year 1977. Amounts appropriated under this section are authorized to remain available until expended.”

549 Sec. 5(b) of the International Security Assistance Act of 1978 (Public Law 95–384; 92 Stat. 731) added subsec. designation “(a)” and the original text of subsec. (b). Subsec. (a) was further amended and restated by sec. 3 of the International Security Assistance Act of 1979 (Public Law 96–92; 93 Stat. 701); and further amended by Sec. 402(a) of the International Security and Development Cooperation Act of 1980 (Public Law 96–535; 94 Stat. 3149). The 1980 amendment, in addition to other changes in subsection (a), struck out a paragraph which had earmarked $16 million for Colombia during fiscal year 1980 for a variety of items used in the interdiction of drug traffic.

Subsec. (a) was further amended and restated when sec. 502(c) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1539) substituted the authorization levels for fiscal years 1982 and 1983 in lieu of the figure for fiscal year 1981 and deleted a paragraph limiting the fiscal year 1981 U.S. contribution to the U.N. Fund for Drug Abuse Control to $5,000,000 or 50 percent of total contributions, whichever is less.

Subsec. (a) was further amended when sec. 4201 of the International Narcotics Control Act of 1988 (Public Law 100–600; 102 Stat. 2467) set the fiscal year 1989 authorization level and struck out the following:

“In addition to the amounts authorized by the preceding sentence, there are authorized to be appropriated to the President $45,000,000 for the fiscal year to 1987 to carry out the purposes

545 Sec. 1519(c) of the Housing and Community Development Act of 1992 (Public Law 102–550; 106 Stat. 4060) (1) inserted “or” to the end of subpara. (A); (2) struck out “or” at the end of subpara. 546Para. (33) of sec. 102 of the Controlled Substances Act (21 U.S.C. 802(33)) defines “listed chemical” as “any list I chemical or any list II chemical. List I chemicals are listed in para. (34) of that section; list II chemicals in para. (35).
President $147,783,000 for fiscal year 1993 and $171,500,000 for fiscal year 1994.

of section 481, except that funds may be appropriated pursuant to this additional authorization only if the President has submitted to the Congress a detailed plan for the expenditure of those funds, including a description of how regional cooperation on narcotics control matters would be promoted by the use of those funds. Of the funds authorized to be appropriated by the preceding sentence, not less than $10,000,000 shall be available only to provide helicopters or other aircraft to countries receiving assistance for fiscal year 1987 under this chapter. These funds shall be used primarily for aircraft which will be based in Latin America for use for narcotics control eradication and interdiction efforts throughout the region. These aircraft shall be used solely for narcotics control, eradication, and interdiction efforts.

Para. (3) of subsec. (a), added by sec. 614 of the International Security and Development Cooperation Act of 1985 (Public Law 99–98; 99 Stat. 231), was struck out by the International Narcotics Control Act of 1988. It previously read as follows:

“(3) Funds authorized to be appropriated by this section for fiscal year 1986 and for fiscal year 1987 may be used for a contribution to the United Nations Fund for Drug Abuse Control only if that organization includes in its crop substitution projects a plan for cooperation with the law enforcement forces of the host country.”

Authorizations under sec. 482 during recent years included the following: fiscal year 1975—$42,500,000; fiscal year 1976—$40,000,000; fiscal year 1977—$34,000,000; fiscal year 1978—$33,000,000; fiscal year 1979—$40,000,000; fiscal year 1980—$51,758,000; fiscal year 1981—$38,573,000; fiscal year 1982—$37,700,000; fiscal year 1983—$37,700,000; fiscal year 1984—$47,000,000; fiscal year 1985—no authorization; fiscal years 1995 through 2006—no authorization.

Congress did not enact an authorization for fiscal year 2006. Instead, the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102), waived the requirements for authorization, and title II of that Act (119 Stat. 2186) provided the following:

“DEPARTMENT OF STATE

"(2) DESIGNATION AND JUSTIFICATION.—In each report under paragraph (1), the President shall also—

"(A) designate each country, if any, identified in such report that has failed demonstrably, during the previous 12 months, to make substantial efforts—
"(i) to adhere to its obligations under international counternarcotics agreements; and

Foreign Assistance Act of 1961; and
(B) include a justification for each country so designated.

(3) LIMITATION ON ASSISTANCE FOR DESIGNATED COUNTRIES.—In the case of a country
identified in a report under paragraph (1) that is also designated under paragraph (2) in
the report, United States assistance may be provided to such country in the subsequent fis-
cal year only if the President determines and reports to the appropriate congressional com-
mittees that—
(A) provision of such assistance to the country in such fiscal year is vital to the na-
tional interests of the United States; or
(B) subsequent to the designation being made under paragraph (2)(A), the country
has made substantial efforts—
(i) to adhere to its obligations under international counternarcotics agreements; and
(ii) to take the counternarcotics measures set forth in section 489(a)(1) of the

(4) INTERNATIONAL COUNTERNARCOTICS AGREEMENT DEFINED.—In this section, the term
"international counternarcotics agreement" means—
(A) the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psy-
chotropic Substances; or
(B) any bilateral or multilateral agreement in force between the United States and
another country or countries that addresses issues relating to the control of illicit drugs,
such as—
(i) the production, distribution, and interdiction of illicit drugs;
(ii) demand reduction;
(iii) the activities of criminal organizations;
(iv) international legal cooperation among courts, prosecutors, and law enforce-

(22 U.S.C. 2291j(a)-(h)) shall not apply during any fiscal year with respect to any country
identified in the report required by paragraph (1) of this section.

(B) Notwithstanding paragraphs (1) through (5)(A) of this section, the President may
apply the procedures set forth in section 490 (a) through (h) of the Foreign Assistance Act
of 1961 during any fiscal year with respect to any country determined to be a major drug
transit country or major illicit drug producing country as defined in section 481(e) of the

(6) STATUTORY CONSTRUCTION.—Nothing in this section supersedes or modifies the re-
quirement in section 489(a) of the Foreign Assistance Act of 1961 (with respect to the Inter-
national Narcotics Control Strategy Report) for the transmittal of a report not later than
March 1, each fiscal year under that section.

(7) TRANSITION RULE.—For funds obligated or expended under this section in fiscal year
2003, the date for submission of the report required by paragraph (1) of this section shall
be at least 15 days before funds are obligated or expended.

(8) EFFECTIVE DATE.—This section shall take effect upon the date of enactment of this
Act into law and shall remain in effect thereafter unless Congress enacts subsequent legis-
lation repealing such section.

Pursuant to sec. 706, the President submitted the following determination on September 14,

"Pursuant to section 706(1) of the Foreign Relations Authorization Act, Fiscal Year 2003 (Pub-
lic Law 107–228) (FRAA), I hereby identify the following countries as major drug transit or
major illicit drug producing countries: Afghanistan, The Bahamas, Bolivia, Brazil, Burma, Co-
lombia, Democratic Republic, Ecuador, Guatemala, Haiti, India, Jamaica, Laos, Mexico, Nigeria,
Pakistan, Panama, Paraguay, Peru, and Venezuela.

"A country's presence on the Majors List is not necessarily an adverse reflection of its govern-
ment's counternarcotics efforts or level of cooperation with the United States. Consistent with
the statutory definition of a major drug-transit or drug-producing country set forth [sic] in sec-
section 481(e)(2) and (5) of the Foreign Assistance Act of 1961, as amended (FAA), one of the rea-
sons that major drug transit or illicit drug producing countries are placed on the list is the com-

582 Pursuant to section 706(2)(A) of the FRAA, I hereby designated Burma and Venezuela as countries that have failed demonstrably during the previous 12 months to adhere to its obligations under international counternarcotics agreements and take the measures set forth in section 489(a)(1) of the FAA. Attached to this report (Tab A) are justifications for the determinations on Burma and Venezuela, as required by section 706(2)(B).

I have also determined, in accordance with provisions of section 706(3)(A) of the FRAA, that support for programs to aid Venezuela’s democratic institutions, establish selected community development projects, and strengthen Venezuela’s political party system is vital to the national interests of the United States.

I have removed China and Vietnam from the list of major drug transit or major illicit drug producing countries because there is insufficient evidence to suggest that China is a major source zone or transit country for illicit narcotics that significantly affects the United States. There is insufficient evidence to refute claims by the Government of Vietnam that they have virtually eliminated opium poppy production. Additionally, although cooperation with United States law enforcement is limited, there are no indications of a significant Vietnam-based drug threat to the United States.

Despite the Government of Afghanistan’s counternarcotics efforts, we remain concerned about the disturbing magnitude of the drug trade and the prospect that opium poppy cultivation will likely increase in 2006. We are also concerned about government corruption, especially at the regional and local levels, impending (sic) counternarcotics efforts. For these efforts to be effective, government corruption with respect to the opium economy must be seriously addressed—by both local and central government authorities.

The Government of Canada has made real progress in curtailing the diversion into the United States of methamphetamine, which fuels the production of methamphetamine. There are indications, however, that Canadian-based criminal groups are increasingly involved in the production of MDMA (Ecstasy) destined for the United States. Large scale cross-border trafficking of Canadian-grown marijuana remains a serious concern. The United States appreciates the excellent law enforcement cooperation with Canada in combating these shared threats.

While Haiti made efforts this year to improve its performance, we reiterate our concerns from last year about the Interim Government of Haiti’s inability to effectively organize Haitian law enforcement resources to permit sustained counternarcotics efforts. Further, the national criminal justice system must be significantly strengthened in order to be effective and gain public confidence.

The Government of The Netherlands has achieved considerable success in countering the production and flow of MDMA (Ecstasy) to the United States, and The Netherlands is commended for its enhanced efforts. In the coming year, the United States would like to build upon our law enforcement cooperation with the Dutch government through advancements in mutual legal assistance and direct engagement between our respective police agencies.

Drug trafficking, money laundering, and other organized criminal activity in Nigeria remain major sources of concern to the United States. Progress over the past year on anti-money laundering controls is welcome, but much remains to be done to make such controls effective. Implementing anti-corruption policies must advance more quickly, as corruption at all levels of government continues to hamper effective narcotics law enforcement. In addition, measures similar to those taken to improve drug law enforcement at Nigeria’s main airport need to be expanded to, and replicated at, Nigeria’s seaports, where drug trafficking is a growing concern. Finally, the National Drug Law Enforcement Agency (NDLEA) and other counternarcotics institutions should work toward developing the mindset and capacity to pursue investigations, and prosecutions of major drug traffickers based in the country.

We remain concerned with the continued involvement by the Democratic People’s Republic of Korea (DPRK) in criminal activity, including drug production and drug trafficking. Given the close relationship between Japanese and Chinese criminal elements and DPRK drug traffickers in past smuggling incidents, there is a real possibility of continuing DPRK involvement in drug trafficking, even when a given incident appears only to involve ethnic Chinese or other organized Asian criminal groups.”.

582 Sec. 101(g)(1)(B) of the International Narcotics Control Corrections Act of 1994 (Public Law 103–447; 108 Stat. 4693) struck out “(as determined under subsection (h))” after “major drug-transit country”.

congressional committees in accordance with the procedures applicable to reprogramming notifications under section 634A.

(2) Multilateral assistance.—The Secretary of the Treasury shall instruct the United States Executive Director of each multilateral development bank to vote, on and after March 1 of each year, against any loan or other utilization of the funds of their respective institution to or for any major illicit drug producing country or major drug-transit country (as determined under subsection (h)), except as provided in subsection (b). For purposes of this paragraph, the term “multilateral development bank” means the International Bank for Reconstruction and Development, the International Development Association, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, and the European Bank for Reconstruction and Development.

(b) Certification procedures.—

(1) What must be certified.—Subject to subsection (d), the assistance withheld from a country pursuant to subsection (a)(1) may be obligated and expended, and the requirement of subsection (a)(2) to vote against multilateral development bank assistance to a country shall not apply, if the President determines and certifies to the Congress, at the time of the submission of the report required by section 489(a), that—

(A) during the previous year the country has cooperated fully with the United States, or has taken adequate steps on its own, to achieve full compliance with the goals and objectives established by the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances; or

(B) for a country that would not otherwise qualify for certification under subparagraph (A), the vital national interests of the United States require that the assistance withheld pursuant to subsection (a)(1) be provided and that the United States not vote against multilateral development bank assistance for that country pursuant to subsection (a)(2).

(2) Considerations regarding cooperation.—In making the determination described in paragraph (1)(A), the President shall consider the extent to which the country has—

(A) met the goals and objectives of the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances, including action on such issues as illicit cultivation, production, distribution, sale, transport and financing, and money laundering, asset seizure, extradition, mutual legal assistance, law enforcement and transit cooperation, precursor chemical control, and demand reduction;

(B) accomplished the goals described in an applicable bilateral narcotics agreement with the United States or a multilateral agreement; and

\footnote{Sec. 101(g)(1)(C) of the International Narcotics Control Corrections Act of 1994 (Public Law 103–447; 108 Stat. 4693) struck out “April 1” and inserted in lieu thereof “March 1.”}
(C) taken legal and law enforcement measures to prevent and punish public corruption, especially by senior government officials, that facilitates the production, processing, or shipment of narcotic and psychotropic drugs and other controlled substances, or that discourages the investigation or prosecution of such acts.

(3) INFORMATION TO BE INCLUDED IN NATIONAL INTEREST CERTIFICATION.—If the President makes a certification with respect to a country pursuant to paragraph (1)(B), the President shall include in such certification—

(A) a full and complete description of the vital national interests placed at risk if United States bilateral assistance to that country is terminated pursuant to this section and multilateral development bank assistance is not provided to such country; and

(B) a statement weighing the risk described in subparagraph (A) against the risks posed to the vital national interests of the United States by the failure of such country to cooperate fully with the United States in combating narcotics or to take adequate steps to combat narcotics on its own.

(c) LICIT OPIUM PRODUCING COUNTRIES.—The President may make a certification under subsection (b)(1)(A) with respect to a major illicit drug producing country, or major drug-transit country, that is a producer of licit opium only if the President determines that such country maintains licit production and stockpiles at levels no higher than those consistent with licit market demand, and has taken adequate steps to prevent significant diversion of its licit cultivation and production into the illicit markets and to prevent illicit cultivation and production.  

(d) CONGRESSIONAL REVIEW.—Subsection (e) shall apply if, within 30 calendar days after receipt of a certification submitted under subsection (b) at the time of submission of the report required by section 489(a), the Congress enacts a joint resolution disapproving the determination of the President contained in such certification.

(e) DENIAL OF ASSISTANCE FOR COUNTRIES DECERTIFIED.—If the President does not make a certification under subsection (b) with respect to a country or the Congress enacts a joint resolution disapproving such certification, then until such time as the conditions specified in subsection (f) are satisfied—

(1) funds may not be obligated for United States assistance for that country, and funds previously obligated for United States assistance for that country may not be expended for the purpose of providing assistance for that country; and

584 Sec. 101(g)(1)(D) of the International Narcotics Control Corrections Act of 1994 (Public Law 103–447; 108 Stat. 4693) struck out “that such country has taken adequate steps to prevent significant diversion of its licit cultivation and production into the illicit market, maintains production and stockpiles at levels no higher than those consistent with licit market demand, and prevents illicit cultivation and production.”, and inserted in lieu thereof “that such country maintains licit production and stockpiles at levels no higher than those consistent with licit market demand, and has taken adequate steps to prevent significant diversion of its licit cultivation and production into the illicit markets and to prevent illicit cultivation and production.”

213 Sec. 490 Foreign Assistance Act of 1961 (P.L. 87–195)

(2) the requirement to vote against multilateral development bank assistance pursuant to subsection (a)(2) shall apply with respect to that country, without regard to the date specified in that subsection.

(f) RECERTIFICATION.—Subsection (e) shall apply to a country described in that subsection until—

(1) the President, at the time of submission of the report required by section 489(a), makes a certification under subsection (b)(1)(A) or (b)(1)(B) with respect to that country, and the Congress does not enact a joint resolution under subsection (d) disapproving the determination of the President contained in that certification; or

(2) the President, at any other time, makes the certification described in subsection (b)(1)(B) with respect to that country, except that this paragraph applies only if either—

(A) the President also certifies that—

(i) that country has undergone a fundamental change in government, or

(ii) there has been a fundamental change in the conditions that were the reason—

(I) why the President had not made a certification with respect to that country under subsection (b)(1)(A), or

(II) if he had made such a certification and the Congress enacted a joint resolution disapproving the determination contained in the certification, why the Congress enacted that joint resolution; or

(B) the Congress enacts a joint resolution approving the determination contained in the certification under subsection (b)(1)(B).

Any certification under subparagraph (A) of paragraph (2) shall discuss the justification for the certification.

(g) Senate Procedures.—Any joint resolution under this section shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

(h) Determining Major Drug-Transit and Major Illicit Drug Producing Countries.—Not later than November 1 of each year, the President shall notify the appropriate committees of the Congress of which countries have been determined to be major drug-transit countries, and which countries have been determined to be major illicit drug producing countries, for purposes of this Act.

586 Subsec. (g) formerly read “Congressional Review Procedures.—(1) Senate.—”. Sec. 101(g)(1)(F) of the International Narcotics Control Corrections Act of 1994 (Public Law 103–447; 108 Stat. 4693) struck this out, inserted “Senate Procedures.—”, and struck out para. (2), which had read as follows:

“(2) House of Representatives.—For the purpose of expediting the consideration and enactment of joint resolutions under this section, a motion to proceed to the consideration of any such joint resolution after it has been reported by the appropriate committee shall be treated as highly privileged in the House of Representatives.”

Chapter 9—International Disaster Assistance

Sec. 490. **Policy and General Authority.**—(a) The Congress, recognizing that prompt United States assistance to alleviate human suffering caused by natural and manmade disasters is an important expression of the humanitarian concern and tradition of the people of the United States, affirms the willingness of the United States to provide assistance for the relief and rehabilitation of people and countries affected by such disasters.

(b) Subject to the limitations in section 492, and notwithstanding any other provision of this or any other Act, the President is authorized to furnish assistance to any foreign country, international organization, or private voluntary organization, on such terms and conditions as he may determine, for international disaster relief and rehabilitation, including assistance relating to disaster preparedness, and to the prediction of, and contingency planning for, natural disasters abroad.

(3) for the government of any independent state that the President determines has, on or after the date of enactment of this chapter, knowingly transferred to another country—

(A) missiles or missile technology inconsistent with the guidelines and parameters of the Missile Technology Control Regime; or

(B) any material, equipment, or technology that would contribute significantly to the ability of such country to manufacture any weapon of mass destruction (including nuclear, chemical, and biological weapons) if the President determines that the material, equipment, or technology was to be used by such country in the manufacture of such weapon;

the Arms Export Control Act\(^\text{642}\) or sections 306(a)(1) and 307 of the Chemical and Biological Weapons Control and Warfare Elimination Act of 1991;\(^\text{642, 643}\)

(5)\(^\text{644}\) for the government of any independent state effective 30 days after the President has determined and certified to the appropriate congressional committees (and Congress has not enacted legislation disapproving the determination within that 30–day period) that such government is providing assistance for, or engaging in nonmarket based trade (as defined in section \(498B(k)(3)\)) with, the Cuban Government; or

\(^{646}\) Sec. 2(d) of Executive Order 12884 of December 1, 1993 (58 F.R. 64099; December 3, 1993) delegated to the Coordinator (as established in sec. 102 of the FREEDOM Support Act; 22 U.S.C. 5812) those functions conferred upon the President in paragraph (2) of sec. 498A(c), and the requirement to make reports under that section regarding determinations under that paragraph.

\(^{647}\) Sec. 3(c) of Executive Order 12884 of December 1, 1993 (58 F.R. 64099; December 3, 1993), as amended, delegated to the Secretary of State those functions conferred upon the President in para. (1) Reduction in Assistance.—Notwithstanding any other provision of law, the President shall withhold from assistance provided, on or after the date of the enactment of this subsection, for an independent state of the former Soviet Union under this Act an amount equal to the sum of assistance and credits, if any, provided on or after such date by such state in support of intelligence facilities in Cuba, including the intelligence facility at Lourdes, Cuba.

(2) Waiver.—(A) The President may waive the requirement of paragraph (1) to withhold assistance if the President certifies to the appropriate congressional committees that the provision of such assistance is important to the national security of the United States, and, in the case of such a certification made with respect to Russia, if the President certifies that the Russian Government has assured the United States Government that the Russian Government is not sharing intelligence data collected at the Lourdes facility with officials or agents of the Cuban Government.

(B) At the time of a certification made with respect to Russia under subparagraph (A), the President shall also submit to the appropriate congressional committees a report describing the intelligence activities of Russia in Cuba, including the purposes for which the Lourdes facility is used by the Russian Government and the extent to which the Russian Government provides payment or government credits to the Cuban Government for the continued use of the Lourdes facility.

PART II

Chapter 1—Policy

Sec. 501. STATEMENT OF POLICY.—The Congress of the United States reaffirms the policy of the United States to achieve international peace and security through the United Nations so that armed force shall not be used except for individual or collective self-defense. The Congress hereby finds that the efforts of the United States and other friendly countries to promote peace and security continue to require measures of support based upon the principle of effective self-help and mutual aid. It is the purpose of this part to authorize measures in the common defense against in-
ternal and external aggression, including the furnishing of military assistance, upon request, to friendly countries and international organizations. In furnishing such military assistance, it remains the policy of the United States to continue to exert maximum efforts to achieve universal control of weapons of mass destruction and universal regulation and reduction of armaments, including armed forces, under adequate safeguards to protect complying countries against violation and invasion.

The Congress recognizes that the peace of the world and the security of the United States are endangered so long as hostile countries continue by threat of military action, by the use of economic pressure, and by internal subversion, or other means to attempt to bring under their domination peoples now free and independent and continue to deny the rights of freedom and self-government to peoples and countries once free but now subject to such domination.

It is the sense of the Congress that an important contribution toward peace would be made by the establishment under the Organization of American States of an international military force.

In enacting this legislation, it is therefore the intention of the Congress to promote the peace of the world and the foreign policy, security, and general welfare of the United States by fostering an improved climate of political independence and individual liberty, improving the ability of friendly countries and international organizations to deter or, if necessary, defeat aggression, facilitating arrangements for individual and collective security, assisting friendly countries to maintain internal security, and creating an environment of security and stability in the developing friendly countries essential to their more rapid social, economic, and political progress. The Congress urges that all other countries able to contribute join in a common undertaking to meet the goals stated in this part.

It is the sense of the Congress that in the administration of this part priority shall be given to the needs of those countries in danger of becoming victims of aggression or in which the internal security is threatened by internal subversion inspired or supported by hostile countries.

Finally, the Congress reaffirms its full support of the progress of the members of the North Atlantic Treaty Organization toward increased cooperation in political, military, and economic affairs. In particular, the Congress welcomes the steps which have been taken to promote multilateral programs of coordinated procurement, research, development, and production of defense articles and urges that such programs be expanded to the fullest extent possible to further the defense of the North Atlantic area.

674 Sec. 705(1)(A) of the FRIENDSHIP Act (Public Law 103–199; 107 Stat. 2317) struck out “international communism and the countries it controls” and inserted in lieu thereof “hostile countries”.

675 Sec. 705(1)(B) of the FRIENDSHIP Act (Public Law 103–199; 107 Stat. 2317) struck out “Communist or Communist-supported” from this point.

676 Sec. 705(1)(C) of the FRIENDSHIP Act (Public Law 103–199; 107 Stat. 2317) struck out “active Communist or Communist-supported aggression or those countries in which the internal security is threatened by Communist-inspired or Communist-supported internal subversion.” and inserted in lieu thereof “aggression or in which the internal security is threatened by internal subversion inspired or supported by hostile countries.”. This paragraph was added originally by sec. 201(a)(2) of the FA Act of 1967 (Public Law 90–137).
Sec. 502. **Utilization of Defense Articles and Services.** Defense articles and defense services to any country shall be furnished solely for internal security (including for antiterrorism and nonproliferation purposes), for legitimate self-defense, to permit the recipient country to participate in regional or collective arrangements or measures consistent with the Charter of the United Nations, or otherwise to permit the recipient country to participate in collective measures requested by the United Nations for the purpose of maintaining or restoring international peace and security, or for the purpose of assisting foreign military forces in less developed friendly countries (or the voluntary efforts of personnel of the Armed Forces of the United States in such countries) to construct public works and to engage in other activities helpful to the economic and social development of such friendly countries. It is the sense of the Congress that such foreign military forces should not be maintained or established solely for civic action activities and that such civic action activities not significantly detract from the capability of the military forces to perform their military missions and be coordinated with and form part of the total economic and social development effort.

Sec. 502A. **Human Rights.**

(a)(1) The United States shall, in accordance with its international obligations as set forth in the Charter of the United Nations and in keeping with the constitutional heritage and traditions of the United States, promote and encourage increased respect for human rights and fundamental freedoms. Whenever proposing or furnishing security assistance to any government falling within the provisions of paragraph (a), the President shall advise the Congress of the extraordinary circumstances necessitating the assistance.

(b) In determining whether or not a government falls within the provisions of paragraph (a), the President shall advise the Congress of the extraordinary circumstances necessitating the assistance.

(c) For purposes of this section, 'security assistance' means assistance under chapter 2 (military assistance) or chapter 4 (security supporting assistance) of this part, assistance under part V (Indochina Postwar Reconstruction) or part VI (Middle East Peace) of this Act, sales under the Foreign Military Sales Act, or assistance for public safety under this or any other Act.
freedoms throughout the world without distinction as to race, sex, language, or religion. Accordingly, a principal goal of the foreign policy of the United States shall be to promote the increased observance of internationally recognized human rights by all countries.

(3) In furtherance of paragraphs (1) and (2), the President is directed to formulate and conduct international security assistance programs of the United States in a manner which will promote and advance human rights and avoid identification of the United States, through such programs, with governments which deny to their people internationally recognized human rights and fundamental freedoms, in violation of international law or in contravention of the policy of the United States as expressed in this section or otherwise.

(4) In determining whether the government of a country engages in a consistent pattern of gross violations of internationally recognized human rights, the President shall give particular consideration to whether the government—

ment of Defense which is set aside, reserved, or in any way earmarked or intended for future use by any foreign country may be made available to or for use by any foreign country unless such transfer is authorized under this Act or the Arms Export Control Act, or any subsequent corresponding legislation, and the value of such transfer is charged against funds authorized under such legislation or against the limitations specified in such legislation, as appropriate, for the fiscal period in which such defense article is transferred. For purposes of this subsection, “value” means the acquisition cost plus crating, packing, handling, and transportation costs incurred in carrying out this section.

(b)(1) The value of defense articles to be set aside, earmarked, reserved, or intended for use as war reserve stocks for allied or other foreign countries (other than for purposes of the North Atlantic Treaty Organization or in the implementation of agreements with Israel) in stockpiles located in foreign countries may not exceed in any fiscal year an amount that is specified in security assistance authorizing legislation for that fiscal year.

(2) EXCEPTIONS.—Paragraph (1) shall not apply with respect to stockpiles of defense articles located in the Republic of Korea, Thailand, any country that is a member of the North Atlantic Treaty Organization, any country that is a major non-NATO ally, or any other country the President may designate. At least 15 days before designating a country pursuant to the last clause of the preceding sentence, the President shall notify the congressional committees specified in section 634A(a) in accordance with the procedures applicable to reprogramming notifications under that section.

(d) No defense article transferred from any stockpile which is made available to or for use by any foreign country may be considered an excess defense article for the purpose of determining the value thereof.

(2) training management;
(3) program monitoring;

The President may waive this limitation if he determines and reports to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives, 30 days prior to the introduction of the additional military personnel, that United States national interests require that more than six members of the Armed Forces be assigned under this section to carry out international security assistance programs in a country not specified in this paragraph. Pakistan, Tunisia, El Salvador, Honduras, Colombia, Indonesia, the Republic of Korea, the Philippines, Thailand, Egypt, Jordan, Morocco, Saudi Arabia, Greece, Portugal, Spain, and Turkey are authorized to have military personnel strengths larger than six under this section to carry out international security assistance programs.

(2) The total number of members of the Armed Forces assigned under this section to a foreign country in a fiscal year may not exceed the number justified to the Congress for that country in the congressional presentation materials for that fiscal year, unless the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives are notified 30 days in advance of the introduction of the additional military personnel.

Sec. 516. 757 AUTHORITY TO TRANSFER EXCESS DEFENSE ARTICLES.

(a) AUTHORIZATION.—The President is authorized to transfer excess defense articles under this section to countries for which receipt of such articles was justified pursuant to the annual congressional presentation documents for military assistance programs, or for programs under chapter 8 of part I of this Act, submitted under section 634 of this Act, or for which receipt of such articles was separately justified to the Congress, for the fiscal year in which the transfer is authorized.

(b) LIMITATIONS ON TRANSFERS.—(1) The President may transfer excess defense articles under this section only if—

(A) such articles are drawn from existing stocks of the Department of Defense;

(B) funds available to the Department of Defense for the procurement of defense equipment are not expended in connection with the transfer;

(C) the transfer of such articles will not have an adverse impact on the military readiness of the United States;

(D) with respect to a proposed transfer of such articles on a grant basis, such a transfer is preferable to a transfer on a sales basis, after taking into account the potential proceeds from, and likelihood of, such sales, and the comparative foreign policy benefits that may accrue to the United States as the result of a transfer on either a grant or sales basis;

(E) the President determines that the transfer of such articles will not have an adverse impact on the national technology and industrial base and, particularly, will not reduce the opportunities of entities in the national technology and industrial base to sell new or used equipment to the countries to which such articles are transferred; and

Prior to that, sec. 516, added by sec. 105 of Public Law 94–329 and amended by sec. 7(b) of Public Law 95–384, sec. 5(c) of Public Law 96–92, and sec. 112(d) of Public Law 96–533, was repealed by sec. 110(d) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1526). Sec. 516 had required the termination of authorities contained in this chapter (except for authorities in secs. 506, 514, and 515) as of September 30, 1982, except to the extent Congress might authorize military assistance in specified amounts for specified countries.

The Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102; 119 Stat. 2204), provided the following:

"NOTIFICATION ON EXCESS DEFENSE EQUIPMENT"

"SEC. 524. (c) Funds made available by the Government of Israel pursuant to subsection (b) of this section may be credited to the appropriation account established to carry out the purposes of this section for the payment of obligations incurred and for refund to the Government of Israel if they are unnecessary for that purpose, as determined by the President. Chapter 1—General Provisions

Sec. 601,859 Encouragement of Free Enterprise and Private Participation.—(a) The Congress of the United States recognizes the vital role of free enterprise in achieving rising levels of production and standards of living essential to economic progress and development. Accordingly, it is declared to be the policy of the United States to encourage the efforts of other countries to increase the flow of international trade, to foster private initiative and competition, to encourage the development and use of cooperatives, credit unions, and savings and loan associations, to discourage monopolistic practices, to improve the technical efficiency of their industry, agriculture, and commerce, and to strengthen free labor unions; and to encourage the contribution of United States enterprise toward economic strength of less developed friendly countries, through private trade and investment abroad, private participation in programs carried out under this Act (including the use of private trade channels to the maximum extent practicable in carrying out such programs), and exchange of ideas and technical information on the matters covered by this subsection.

(b) In order to encourage and facilitate participation by private enterprise to the maximum extent practicable in achieving any of the purposes of this Act, the President shall—

(1) make arrangements to find, and draw the attention of private enterprise to opportunities for investment and development in less developed countries and areas;

(2) establish an effective system for obtaining adequate information with respect to the activities of, and opportunities for, nongovernmental participation in the development process, and for utilizing such information in the planning, direction, and execution of programs carried out under this Act, and in the coordination of such programs with the ever-increasing developmental activities of nongovernmental United States institutions;

(6) take appropriate steps to discourage nationalization, expropriation, confiscation, seizure of ownership or control of private investment and discriminatory or other actions, having the effect thereof, undertaken by countries receiving assistance under this Act, which divert available resources essential to create new wealth, employment, and productivity in those countries and otherwise impair the climate for new private investment essential to the stable economic growth and development of those countries;
(7) utilize wherever practicable the services of United States private enterprise (including, but not limited to, the services of experts and consultants in technical fields such as engineering);
(8) utilize wherever practicable the services of United States private enterprise on a cost-plus incentive fee contract basis to provide the necessary skills to develop and operate a specific project or program of assistance in a less developed friendly country or area in any case in which direct private investment is not readily encouraged, and provide where appropriate for the transfer of equity ownership in such project or program to private investors at the earliest feasible time. 

(c) There is hereby established an International Private Investment Advisory Council on Foreign Aid to be composed of such number of leading American business specialists as may be selected from the business, labor and professional world, from the universities and foundations, and from among persons with extensive experience in government. (e) (1) The Congress finds that significantly greater effort must be made in carrying out programs under part I of this Act to award contracts on the basis of competitive selection procedures. All such contracts should be let on the basis of competitive selection procedures except in those limited cases in which the procurement regulations governing the agency primarily responsible for administering part I of this Act allow noncompetitive procedures to be used.

Sec. 604. Procurement.—(a)(1) Limitations on Procurement Outside the United States.—Funds made available for assistance under this Act may be used by the President for procurement—

(A) only in the United States, the recipient country, or developing countries; or
(B) in any other country but only if—

(i) the provision of such assistance requires commodities or services of a type that are not produced in and available for purchase in any country specified in subparagraph (A); or

(ii) the President determines, on a case-by-case basis, that procurement in such other country is necessary—

(I) to meet unforeseen circumstances, such as emergency situations, where it is important to permit procurement in a country not specified in subparagraph (A); or

(II) to promote efficiency in the use of United States foreign assistance resources, including to avoid impairment of foreign assistance objectives.

(2) For purposes of this subsection, the term “developing countries” shall not include advanced developing countries.

(b) No funds made available under this Act shall be used for the purchase in bulk of any commodities at prices higher than the market price prevailing in the United States at the time of purchase, adjusted for differences in the cost of transportation to destination, quality, and terms of payment.

(c) In providing for the procurement of any agricultural commodity or product thereof available for disposition under the Agricultural Trade Development and Assistance Act of 1954 as amended, for transfer by grant under this Act to any recipient country in accordance with its requirements, the President shall, insofar as practicable and when in furtherance of the purposes of this Act, authorize the procurement of such agricultural commodity only within the United States except to the extent that such agricultural commodity is not available in the United States in sufficient quantities to supply emergency requirements of recipients under this Act.

(d) In providing assistance in the procurement of commodities in the United States, United States dollars shall be made available for marine insurance on such commodities where such insurance is placed on a competitive basis in accordance with normal trade practice prevailing prior to the outbreak of World War II: Provided, That in the event a participating country, by statute, decree, rule, or regulation, discriminates against any marine insurance company authorized to do business in any State of the United States, then commodities purchased with funds provided hereunder and destined for such country shall be insured in the United States against marine risk with a company or companies authorized to do a marine insurance business in any State of the United States.

(e) No funds made available under this Act shall be used for the procurement of any agricultural commodity or product thereof outside the United States when the domestic price of such commodity is less than parity, unless the commodity to be financed could not reasonably be produced in the United States in fulfill-

(f) 878 No funds authorized to be made available to carry out part I of this Act shall be used under any commodity import program to make any payment to a supplier unless the supplier has certified to the agency primarily responsible for administering such part I, such information as such agency shall by regulation prescribe, including but not limited to, a description of the commodity supplied by him and its condition, and on the basis of such information such agency shall have approved such commodity as eligible and suitable for financing under this Act.

(g) 879 (1) None of the funds authorized to be appropriated or made available for obligation or expenditure under this Act may be made available for the procurement of construction or engineering services from advanced developing countries, eligible under the Geographic Code 941, which have attained a competitive capability in international markets for construction services or engineering services.

(2) 880 Paragraph (1) does not apply with respect to an advanced developing country which—

(A) is receiving direct economic assistance under chapter 1 of part I or chapter 4 of part II of this Act, and

(B) if the country has its own foreign assistance programs which finance the procurement of construction or engineering services, permits United States firms to compete for those services.

Sec. 605. 881 Retention and Use of Certain Items and Funds.—(a) Any commodities and defense articles procured to carry out this Act shall be retained by, or upon reimbursement, transferred to, and for the use of, such agency of the United States Government as the President may determine in lieu of being disposed of to a foreign country or international organization, whenever in the judgment of the President the best interests of the United States will be served thereby or whenever such retention is called for by concurrent resolution. Any commodities or defense articles so retained may be disposed of without regard to provisions of law relating to the disposal of property owned by the United States Government, when necessary to prevent spoilage or wastage of such commodities or defense articles or to conserve the usefulness thereof. Funds realized from any disposal or transfer shall revert to the respective appropriation, fund, or account used to procure such commodities or defense articles or to the appropriation, fund, or account currently available for the same general purpose.

(b) Whenever commodities are transferred to the United States Government as repayment of assistance under this Act, such com-

Sec. 614. Special Authorities.—(a) The President may authorize the furnishing of assistance under this Act without regard to any provision of this Act, the Arms Export Control Act, any law relating to receipts and credits accruing to the United States, and any Act authorizing or appropriating funds for use under this Act, in furtherance of any of the purposes of this Act, when the President determines, and so notifies in writing the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate, that to do so is important to the security interests of the United States.

(2) The President may make sales, extend credit, and issue guarantees under the Arms Export Control Act, without regard to any provision of this Act, the Arms Export Control Act, any law relating to receipts and credits accruing to the United States, and any Act authorizing or appropriating funds for use under the Arms Export Control Act, in furtherance of any of the purposes of such Act, when the President determines, and so notifies in writing the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate, that to do so is vital to the national security interests of the United States.

(iii) the use of more than $100,000,000 of foreign currencies accruing under this Act or any other law.

(B) If the authority of this subsection is used both to authorize a sale under the Arms Export Control Act and to authorize funds to be used under the Arms Export Control Act or under this Act with respect to the financing of that sale, then the use of the funds shall be counted against the limitation in subparagraph (A)(ii) and the portion, if any, of the sale which is not so financed shall be counted against the limitation in subparagraph (A)(i).

(C) Not more than $50,000,000 of the $250,000,000 limitation provided in subparagraph (A)(ii) may be allocated to any one country in any fiscal year unless that country is a victim of active aggression, and not more than $500,000,000 of the aggregate limitation of $1,000,000,000 provided in subparagraphs (A)(i) and (A)(ii) may be allocated to any one country in any fiscal year.

(c) The President is authorized to use amounts not to exceed $50,000,000 of the funds made available under this Act pursuant to his certification that it is inadvisable to specify the nature of the use of such funds, which certification shall be deemed to be a sufficient voucher for such amounts. The President shall fully inform the chairman and ranking minority member of the Committee on Foreign Affairs of the House of Representatives and the chairman and ranking minority member of the Committee on Foreign Relations of the Senate of each use of funds under this subsection prior to the use of such funds.

In order to ensure the effectiveness of such assistance, such expenses for orderly termination of programs may include the obligation and expenditure of funds to complete the training or studies outside their countries of origin of students whose course of study or training program began before assistance was terminated.

(b) LIABILITY TO CONTRACTORS.—For the purpose of making an equitable settlement of termination claims under extraordinary contractual relief standards, the President is authorized to adopt as a contract or other obligation of the United States Government, and assume (in whole or in part) any liabilities arising thereunder, any contract with a United States or third-country contractor that had been funded with assistance under such Acts prior to the termination of assistance.

(c) Termination Expenses.—Amounts certified as having been obligated for assistance subsequently terminated by the President, or pursuant to any provision of law, shall continue to remain available and may be reobligated to meet any necessary expenses arising from the termination of such assistance.

(d) Guaranty Programs.—Provisions of this or any other Act requiring the termination of assistance under this or any other Act...
shall not be construed to require the termination of guarantee commitments that were entered into prior to the effective date of the termination of assistance.

Such certification shall be reported immediately to Congress.

Upon request of the President (within seventy days after such action referred to in subparagraphs (A), (B), or (C) of paragraph (1) of this section), the Foreign Claims Settlement Commission of the United States (established pursuant to Reorganization Plan 944 Sec. 301(d)(3) of the FA Act of 1961 (P.L. 87–195) added subsec. Such certification shall be reported immediately to Congress.”

Sec. 301(d)(3) of the FA Act of 1964 (Public Law 88–633) struck out “paragraphs (1), (2), or (3)” and inserted in lieu thereof “subparagraphs (A), (B), or (C) of paragraph (1)”.

There is hereby authorized to be appropriated such amount, to remain available until expended, as may be necessary from time to time to enable the Commission to carry out expeditiously its functions under this subsection.

(2) Notwithstanding any other provision of law, no court in the United States shall decline on the ground of the federal act of state doctrine to make a determination on the merits giving effect to the principles of international law in a case in which claim of title or other right to property is asserted by any party including a foreign state (or a party claiming through such state) based upon (or traced through) a confiscation or other taking after January 1, 1959, by an act of that state in violation of the principles of international law, including the principles of compensation and the other standards set out in this subsection: Provided, That this subparagraph shall not be applicable (1) in any case in which an act of a foreign state is not contrary to international law or with respect to a claim of title or other right to property acquired pursuant to an irrevocable letter of credit of not more than 180 days duration issued in good faith prior to the time of the confiscation or other taking, or (2) in any case with respect to which the President determines that application of the act of state doctrine is required in that particular case by the foreign policy interests of the United States and a suggestion to this effect is filed on his behalf in that case with the court.
(f)  

No assistance shall be furnished under this Act, as amended (except section 214(b)), to any Communist country. This restriction may not be waived pursuant to any authority contained in this Act unless the President finds and promptly reports to Congress that: (A) such assistance is vital to the security of the United States; (B) the recipient country is not controlled by the international Communist conspiracy; and (C) such assistance will further promote the independence of the recipient country from international communism. For the purposes of this subsection, the phrase "Communist country" includes specifically, but is not limited to, the following countries:

\[\text{Sec. 620 Foreign Assistance Act of 1961 (P.L. 87–195)}\]

\[\text{Sec. 301(d)(3) of the FA Act of 1962 (Public Law 87–556) added subsec. (f).}\]

\[\text{Sec. 516 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1999 (division A, sec. 101(d) of Public Law 105–277; 112 Stat. 2681), amended sec. 307 of this Act to include a reference to sec. 620(f).}\]

\[\text{Sec. 1202 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 270) redesignated clauses (1), (2), and (3) as (A), (B), and (C); added the text of para. (2); and added the “(1)” designation immediately after subsec. (f).}\]

Democratic People’s Republic of Korea.
People’s Republic of China.
Republic of Cuba.
Socialist Republic of Vietnam.
Tibet.

(2) Notwithstanding the provisions of paragraph (1) of this subsection, the President may remove a country, for such period as the President determines, from the application of this subsection, and other provisions which reference this subsection, if the President determines and reports to the Congress that such action is important to the national interest of the United States. It is the sense of the Congress that when consideration is given to authorizing assistance to a country removed from the application of this subsection, one of the factors to be weighed, among others, is whether the country in question is giving evidence of fostering the establishment of a genuinely democratic system, with respect for internationally recognized human rights.

(g) Notwithstanding any other provision of law, no monetary assistance shall be made available under this Act to any government or political subdivision or agency of such government which will be used to compensate owners for expropriated or nationalized property and, upon finding by the President that such assistance has been used by any government for such purpose, no further assistance under this Act shall be furnished to such government until appropriate reimbursement is made to the United States for sums so diverted. This prohibition shall not apply to monetary assistance made available for use by a government (or a political subdivision or agency of a government) to compensate nationals of that country in accordance with a land reform program, if the President determines that monetary assistance for such land reform program will further the national interests of the United States.

(h) The President shall adopt regulations and establish procedures to insure that United States foreign aid is not used in a manner which, contrary to the best interests of the United States, promotes or assists the foreign aid projects or activities of any country that is a Communist country for purposes of subsection (f).

Sec. 301(d)(3) of the FA Act of 1962 (Public Law 87–565) added subsecs. (g) and (h).

Sec. 705(3) of the FRIENDSHIP Act (Public Law 103–199; 107 Stat. 2317) struck out “the Communist-bloc countries”, and inserted in lieu thereof “any country that is a Communist country for purposes of subsection (f)”.

(k) Without the express approval of Congress, no assistance shall be furnished under this Act to any country for construction of any productive enterprise with respect to which the aggregate value of assistance to be furnished by the United States will exceed $100,000,000, except that this sentence does not apply with respect to assistance for construction of any productive enterprise in Egypt which is described in the presentation materials to Congress. Except as otherwise provided in section 506, no military assistance to be furnished beginning July 1, 1966, by the United States will exceed $100,000,000 unless such program has been included in the presentation to the Congress during its consideration of authorizations for appropriations under this Act or of appropriations pursuant to authorizations contained in this Act. No provision of this or any other Act shall be construed to authorize the President to waive the provisions of this subsection.

(l) The President shall consider denying assistance under this Act to the government of any less developed country which, after December 31, 1966, has failed to enter into an agreement with the President to institute the investment guaranty program under section 234(a)(1) of this Act, providing protection against the specific risks of inconvertibility under subparagraph (A), and expro-

(x) would be of no further force and effect once the President had determined and certified to the Congress that resumption of aid to Turkey was in the national interest as well as in the interest of NATO and that Turkey was acting in good faith toward achieving a peaceful settlement of the Cyprus problem. The President made such a determination, dated September 26, 1978.

976 Renamed the Arms Export Control Act.

977 Sec. 22(d)(1) of the International Security Assistance Act of 1977 (Public Law 95–92; 91 Stat. 624) struck out the references to fiscal years 1976 and 1977 and added the references to fiscal year 1978.

sons supporting the President’s determination and a statement con-
taining the information specified in clauses (A) through (D) of sec-
tion 2(c)(4) of the Act of October 6, 1975 (Public Law 94–104). In any case involving the sale of significant combat equipment on the United States Munitions List in which the congressional review provisions of section 36(b) of the Arms Export Control Act do not apply, the President may not issue the letter of offer or approve the use of the credits or guaranty, as the case may be, until the end of the thirty-day period beginning on the date on which the report required by the preceding sentence is submitted to the Congress. year, including the terms of each transfer of such fuel, assistance, or credits.

Sec. 620A.\textsuperscript{984, 985} Prohibition on Assistance to Governments Supporting International Terrorism.

\textsuperscript{984} 22 U.S.C. 2371. Sec. 6(j) of the Export Administration Act (Public Law 96–72; 50 U.S.C. app. 2405(j)) similarly requires the Secretary of State to determine whenever a country is found to support acts of international terrorism. Most recently, in Department of State Public Notice 1878 of August 12, 1993 (58 F.R. 52523), the Secretary of State stated: “In accordance with section 6(j) of the Export Administration Act (50 U.S.C. App. 2405(j)), I hereby determine that Sudan is a country which has repeatedly provided support for acts of international terrorism. The list of 6(j) countries as of this time therefore includes Cuba, Iran, Iraq, Libya, North Korea, Sudan, and Syria.” Subsequently, Iraq was removed from the list of 6(j) countries, in Department of State Public Notice 4863, issued October 7, 2004 (69 F.R. 61702), and in Presidential Determination No. 2040–52 of September 24, 2004 (69 F.R. 58793), which stated, in part: “(1) There has been a fundamental change in the leadership and policies of the Government of Iraq; (2) Iraq’s government is not supporting acts of international terrorism; and (3) Iraq’s government has provided assurances that it will not support acts of international terrorism in the future.”

This certification shall also satisfy the provisions of section 620A(c)(1) of the Foreign Assistance Act of 1961, Public Law 87–195, as amended, and section 40(x)(A) of the Arms Export Control Act, Public Law 90–629, as amended.

Sec. 40A of the Arms Export Control Act (Public Law 90–629; 22 U.S.C. 2781) requires the President to determine annually those countries not cooperating fully with United States antiterrorism efforts. Pursuant to that requirement, on May 13, 2005, the Secretary of State determined and certified, “that the following countries are not cooperating fully with United States antiterrorism efforts: Cuba; Iran; Libya; North Korea; Syria. I hereby notify that the decision to retain Libya on the list of countries not fully cooperating with U.S. antiterrorism efforts comes in the context of an on-going and comprehensive review of Libya’s record of support for terrorism. Although this process is not complete, Libya has taken significant steps to repudiate its past support for terrorism. When our review of Libya’s overall record is complete, we will be pleased to consult with the Congress further.”

(Department of State Public Notice No. 5085; 70 F.R. 26879).

Previously, title I, chapter 3 of the Emergency Wartime Supplemental Appropriations Act, 2003 (Public Law 108–11; 117 Stat. 579), as amended, provided the following:

\textsuperscript{985} "Sec. 1503. On May 7, 2003, the President issued Determination No. 2003–23 (68 F.R. 26459) to suspend the application of the Iraq Sanctions Act of 1990 (except sec. 586E), and sec. 620A of this Act with respect to Iraq.

Sec. 10 of the Anti-Terrorism and Arms Export Amendments Act of 1989 (Public Law 101–222; 103 Stat. 1900) provided the following in relation to the amendment of sec. 620A:

\textbf{SEC. 10. SELF-DEFENSE IN ACCORDANCE WITH INTERNATIONAL LAW.}

The use by any government of armed force in the exercise of individual or collective self-defense in accordance with applicable international agreements and customary international law
shall not be considered an act of international terrorism for purposes of the amendments made by this Act.”.

The Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102; 119 Stat. 2205, 2212, 2213), provided the following:

“PROHIBITION ON BILATERAL ASSISTANCE TO TERRORIST COUNTRIES

The President shall publish each waiver in the Federal Register and, at least 15 days before the waiver takes effect, shall notify the Committees on Appropriations of the waiver (including the justification for the waiver) in accordance with the regular notification procedures of the Committees on Appropriations.

commitment to a just solution to the conflict on Cyprus but is authorized in the expectation that this action will be conducive to achievement of a Cyprus solution and a general improvement in relations among Greece, Turkey, and Cyprus and between those countries and the United States. The Congress finds that—

(1) a just settlement on Cyprus must involve the establishment of a free and independent government on Cyprus and must guarantee that the human rights of all of the people of Cyprus are fully protected;

(2) a just settlement on Cyprus must include the withdrawal of Turkish military forces from Cyprus;

(3) the guidelines for inter-communal talks agreed to in Nicosia in February 1977 and the United Nations resolutions regarding Cyprus provide a sound basis for negotiation of a just settlement on Cyprus;

(4) serious negotiations, under United Nations auspices, will be necessary to achieve agreement in, and implementation of, constitutional and territorial terms within such guidelines; and

(5) the recent proposals by both Cypriot communities regarding the return of the refugees to the city of New Famagusta (Varosha) constitute a positive step and the United States should actively support the efforts of the Secretary General of the United Nations with respect to this issue.

(b) United States policy regarding Cyprus, Greece, and Turkey shall be directed toward the restoration of a stable and peaceful atmosphere in the Eastern Mediterranean region and shall therefore be governed by the following principles:

(1) The United States shall actively support the resolution of differences through negotiations and internationally established peaceful procedures, shall encourage all parties to avoid provocative actions, and shall strongly oppose any attempt to resolve disputes through force or threat of force.

(2) The United States will accord full support and high priority to efforts, particularly those of the United Nations, to bring about a prompt, peaceful settlement on Cyprus.

(3) All defense articles furnished by the United States to countries in the Eastern Mediterranean region will be used only in accordance with the requirements of this Act, the Arms Export Control Act, and the agreements under which those defense articles were furnished.

(4) The United States will furnish security assistance for Greece and Turkey only when furnishing that assistance is intended solely for defensive purposes, including when necessary to enable the recipient country to fulfill its responsibilities as a member of the North Atlantic Treaty Organization, and shall be designed to ensure that the present balance of military strength among countries of the region, including between Greece and Turkey, is preserved. Nothing in this paragraph shall be construed to prohibit the transfer of defense articles to Greece or Turkey for legitimate self defense or to enable Greece or Turkey to fulfill their North Atlantic Treaty Organization obligations.
(5) The United States shall use its influence to ensure the continuation of the ceasefire on Cyprus until an equitable negotiated settlement is reached.

(6) The United States shall use its influence to achieve the withdrawal of Turkish military forces from Cyprus in the context of a solution to the Cyprus problem.

(c) Because progress toward a Cyprus settlement is a high priority of United States policy in the Eastern Mediterranean, the President and the Congress shall continually review that progress and shall determine United States policy in the region accordingly. To facilitate such a review the President shall, within 60 days after the date of enactment of this section and at the end of each succeeding 60-day period, transmit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a report on progress made toward the conclusion of a negotiated solution of the Cyprus problem. Such transmissions shall include any relevant reports prepared by the Secretary General of the United Nations for the Security Council.

(d) In order to ensure that United States assistance is furnished consistent with the policies established in this section, the President shall, whenever requesting any funds for security assistance under this Act or the Arms Export Control Act for Greece and Turkey, transmit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate his certification, with a full explanation thereof, that the furnishing of such assistance will be consistent with the principles set forth in subsection (b). The President shall also submit such a certification with any notification to the Congress, pursuant to section 36(b) of the Arms Export Control Act, of a proposed sale of defense articles or services to Greece or Turkey.

(e) (1) Any agreement for the sale or provision of any article on the United States Munitions List (established pursuant to section 38 of the Arms Export Control Act) entered into by the United States after the enactment of this provision shall expressly state that the article is being provided by the United States only with the understanding that it will not be transferred to Cyprus or otherwise used to further the severance or division of Cyprus.

(2) The President shall report to Congress any substantial evidence that equipment provided under any such agreement has been used in a manner inconsistent with the purposes of this subsection.

Sec. 620D. [Repealed—2004]
Sec. 620E. **Assistance to Pakistan.**—(a) The Congress recognizes that Soviet Forces occupying Afghanistan pose a security threat to Pakistan. The Congress also recognizes that an independent and democratic Pakistan with continued friendly ties with the United States is in the interest of both nations. The Congress finds that United States assistance will help Pakistan maintain its independence. Assistance to Pakistan is intended to benefit the people of Pakistan by helping them meet the burdens imposed by the presence of Soviet forces in Afghanistan and by promoting economic development. In authorizing assistance to Pakistan, it is the intent of Congress to promote the expeditious restoration of full civil liberties and representative government in Pakistan. The Congress further recognizes that it is in the mutual interest of Pakistan and the United States to avoid the profoundly destabilizing effects of the proliferation of nuclear explosive devices or the capacity to manufacture or otherwise acquire nuclear devices.

(b) The United States reaffirms the commitment made in its 1959 bilateral agreement with Pakistan relating to aggression from a Communist or Communist-dominated state.

(c) Security assistance for Pakistan shall be made available in order to assist Pakistan in dealing with the threat to its security posed by the Soviet presence in Afghanistan. The United States will take appropriate steps to ensure that defense articles provided by the United States to Pakistan are used for defensive purposes.

(d) The President may waive the prohibitions of section 101 of the Arms Export Control Act with respect to any grounds for the prohibition of assistance under that section arising before the effective date of part B of the Nuclear Proliferation Prevention Act of 1994 to provide assistance to Pakistan if he determines that to do so is in the national interest of the United States.

(e) **No military assistance shall be furnished to Pakistan and no military equipment or technology shall be sold or transferred to Pakistan.**

994 Ass. Doc. 95–3 of October 7, 1992, directed to the Secretary of State.
995 In a determination of October 7, 1992, directed to the Secretary of State, the President stated:
996 By virtue of the authority vested in me by section 620D(b) of the Foreign Assistance Act of 1961, as amended (22 U.S.C. 2374(b)), I hereby determine that furnishing assistance to Afghanistan with funds authorized to be appropriated under that Act is in the national interest of the United States because of substantially changed circumstances in Afghanistan.
997 By virtue of the authority vested in me by section 2(b)(2)(C) of the Export-Import Bank Act of 1945, as amended (12 U.S.C. 635(b)(2)(C)), I hereby determine that Afghanistan has ceased to be a Marxist-Leninist country within the definition of such term in subparagraph (B)(i) of section 2(b)(2) of that Act (12 U.S.C. 635(b)(2)(B)(i)).
998 In accordance with section 118(c)(1) of Public Law 99–190 (99 Stat. 1319), I hereby provide notice of my intention to restore nondiscriminatory trade treatment to the products of Afghanistan no sooner than 30 days following receipt by the Congress of this memorandum.” (Presidential Determination No. 93–3 of October 7, 1992; 57 F.R. 47557).
999 Sec. 620E was added by sec. 736 of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1561). The President exercised his authority under subsection (d) on Feb. 10, 1982 (Presidential Determination No. 82–7).
1000 Sec. 822(b)(2) of the Nuclear Proliferation Prevention Act of 1994 (title VIII of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995; Public Law 103–236; 108 Stat. 507 at 512), amended and restated subsection (d). The subsec. formerly read, as previously amended, as follows:
1001 “(d) The President may waive the prohibitions of section 669 of this Act at any time during the period beginning on the date of enactment of this section and ending on September 30, 1994, to provide assistance to Pakistan during that period if he determines that to do so is in the national interest of the United States.”

See the next note relating to Presidential determinations.

1002 Popularity referred to as the Pressler amendment. Subsec. (e) was added by sec. 902 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 378).
(Presidential Determination No. 2000–4; 64 F.R. 60649), to the following extent:

The President extended the waiver on September 30, 1999 (Presidential Determination No. 99–44; 64 F.R. 54503).

Title IX of the Department of Defense Appropriations Act, 2000 (Public Law 106–79; 113 Stat. 1281), repealed the India-Pakistan Relief Act, effective October 21, 1999. In its place, title IX of that Act, as amended, provided the following:

“§ 9001. (a) Waiver Authority.—Except as provided in subsections (b) and (c) of this section, the President may waive, with respect to India and Pakistan, the application of any sanction contained in section 101 or 102 of the Arms Export Control Act (22 U.S.C. 2799aa or 22 U.S.C. 2799aa–1), section 2(b)(4) of the Export-Import Bank Act of 1945 (12 U.S.C. 635(b)(4)), or section 620E(e) of the Foreign Assistance Act of 1961, as amended, (22 U.S.C. 2375(e)).

(b) Exception.—The authority to waive the application of a sanction or prohibition (or portion thereof) under subsection (a) shall not apply with respect to a sanction or prohibition contained in subparagraph (B), (C), or (G) of section 102(b)(2) of the Arms Export Control Act, unless the President determines, and so certifies to the Congress, that the application of the restriction would not be in the national security interests of the United States.

(c) Termination of Waiver.—The President may not exercise the authority of subsection (a), and any waiver previously issued under subsection (a) shall cease to apply, with respect to India or Pakistan, if that country detonates a nuclear explosive device after the date of the enactment of this Act or otherwise takes such action which would cause the President to report pursuant to section 102(b)(1) of the Arms Export Control Act.

(d) Targeted Sanctions.

(1) Sense of the Congress.—

(A) it is the sense of the Congress that the broad application of export controls to nearly 300 Indian and Pakistani entities is inconsistent with the specific national security interests of the United States and that this control list requires refinement; and

(B) export controls should be applied only to those Indian and Pakistani entities that make direct and material contributions to weapons of mass destruction and missile programs and only to those items that can contribute to such programs.

(2) Exporting Requirement.—Not later than 60 days after the date of the enactment of this Act, the President shall submit both a classified and unclassified report to the appropriate congressional committees listing those Indian and Pakistani entities whose activities contribute to missile programs or weapons of mass destruction programs.

(3) Congressional Notification.—The issuance of a license for export of a defense article, defense service, or technology under the authority of this section shall be subject to the same requirements as are applicable to the export of items described in section 36(c) of the Arms Export Control Act (22 U.S.C. 2776(c)), including the transmittal of information and the application of congressional review procedures. The application of these requirements shall be subject to the dollar amount thresholds specified in that section.

(f) Repeal.—The India-Pakistan Relief Act (title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999, as contained in section 101(a) of Public Law 106–77) is repealed effective October 21, 1999.”

The President waived the application of sanctions under the new law on October 27, 1999 (Presidential Determination No. 2000–4; 64 F.R. 60649), to the following extent:

(1) with respect to India, insofar as such sanctions would otherwise apply to activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency; assistance under the ‘International Military Education and Training’ program; the
transferred to Pakistan, pursuant to the authorities contained in this Act or any other Act, unless the President shall have certified in writing to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate, during the fiscal year in which military assistance is to be furnished or military equipment or technology is to be sold or transferred, that Pakistan does not possess a nuclear explosive device and that the proposed United States military assistance is to be furnished or military equipment or technology.

making of any loan or the providing of any credit to the Government of India by any U.S. bank; assistance to the Asian Elephant Conservation Fund, the Rhinoceros and Tiger Conservation Fund, and the Indo-American Environmental Leadership program; and any credit, credit guarantee, or other financial assistance provided by the Department of Agriculture to support the purchase of food or other agricultural commodity; and

"(j) EXTENSION OF AUTHORITY.—

"(1) With respect to Pakistan, insofar as such sanctions would otherwise apply to any credit, credit guarantee, or other financial assistance provided by the Department of Agriculture to support the purchase of food or other agricultural commodity; and the making of any loan or the providing of any credit to the Government of Pakistan by any U.S. bank." (Presidential Determination No. 2000–4; October 27, 1999; 64 F.R. 60649).

On September 22, 2001, the President lifted all nuclear test-related sanctions against India and Pakistan, under the authority granted him in the Defense Appropriations Act, FY 2000 (Presidential Determination No. 2001–18; 66 F.R. 50095).

On October 27, 2001, the President signed Public Law 107–57 (115 Stat. 403), authorizing the waiver of remaining sanctions imposed against Pakistan for debt arrearage and the military overthrow of its democratically elected government. On March 14, 2003, the President determined that a waiver of the coup-related sanctions imposed against Pakistan "would facilitate the transition to democratic rule in Pakistan; and is important to United States efforts to respond to, deter, or prevent acts of international terrorism" and thus waived the sanctions for FY 2003 (Presidential Determination No. 2003–16; 68 F.R. 13803). The President waived the sanctions for fiscal year 2004 in Presidential Determination No. 2004–26 of March 24, 2004 (69 F.R. 21675), and for fiscal year 2005 in Presidential Determination No. 2005–21 of February 15, 2005 (70 F.R. 10313). Sec. 7138(c) of Public Law 106–458 sought to amend Public Law 107–57 to extend its applicability through fiscal year 2006; that amendment, however, was not executable because of an earlier executed amendment in Public Law 108–447, which removed text that Public Law 108–458 cited. For Public Law 107–57, as amended, see Legislation on Foreign Relations Through 2005, vol. I–B.

Sec. 534 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102; 119 Stat. 2210), however, provided the following, relating to Public Law 107–57 and other economic restrictions imposed on Pakistan:

"(2) Section 512 of this Act and section 620(q) of the Foreign Assistance Act of 1961 shall not apply with respect to assistance for Pakistan from funds appropriated by this Act.

"(3) Notwithstanding the date contained in section 6 of Public Law 107–57, as amended, the provisions of sections 2 and 4 of that Act shall remain in effect through the current fiscal year."

(2) The prohibitions in this section do not apply to any assistance or transfer provided for the purposes of:

(A) International narcotics control (including chapter 8 of part I of this Act) or any provision of law available for providing assistance for counternarcotics purposes.

(B) Facilitating military-to-military contact, training (including chapter 5 of part II of this Act) and humanitarian and civic assistance projects.

(C) Peacekeeping and other multilateral operations (including chapter 6 of part II of this Act relating to peacekeeping) or any provision of law available for providing assistance for peacekeeping purposes, except that lethal military equipment provided under this subparagraph shall be provided on a lease or loan basis only and shall be returned upon completion of the operation for which it was provided.

(D) Antiterrorism assistance (including chapter 8 of part II of this Act relating to antiterrorism assistance) or any provision of law available for antiterrorism assistance purposes.

(3) The restrictions of this subsection shall continue to apply to contracts for the delivery of F–16 aircraft to Pakistan.

(4) Notwithstanding the restrictions contained in this subsection, military equipment, technology, or defense services, other than F–16 aircraft, may be transferred to Pakistan pursuant to contracts or cases entered into before October 1, 1990.

(f) STORAGE COSTS.—The President may release the Government of Pakistan of its contractual obligation to pay the United States Government for the storage costs of items purchased prior to October 1, 1990, but not delivered by the United States Government pursuant to subsection (e) and may reimburse the Government of Pakistan for any such amount paid, on such terms and conditions as the President may prescribe: Provided, That such payments have no budgetary impact.

Such equipment or its equivalent may be returned to the Government of Pakistan: Provided, That the President determines and so certifies to the appropriate congressional committees that such equipment or equivalent neither constitutes nor has received any significant qualitative upgrade since being transferred to the United States and that its total value does not exceed $25,000,000.

(h) BALLISTIC MISSILE SANCTIONS NOT AFFECTED.—Nothing contained herein shall affect sanctions for transfers of missile equipment or technology required under section 11B of the Export Administration Act of 1979 or section 73 of the Arms Export Control Act.

SEC. 620F. NUCLEAR NON-PROLIFERATION POLICY IN SOUTH ASIA.

(a) FINDINGS.—The Congress finds that—

1. the proliferation of weapons of mass destruction remains one of the most serious threats to international peace and stability;
2. South Asia, in particular, is an area where the threat of a regional nuclear exchange remains high due to continued Indo-Pakistani tensions over issues such as Kashmir;
3. to date, United States efforts to halt proliferation in South Asia have failed;
4. although global disarmament is a desirable goal which should be vigorously pursued, both regional and sub-regional security arrangements can serve to decrease tensions and promote non-proliferation in certain areas;
5. thus far, there has been some success on a regional basis, such as the South Pacific Nuclear Weapons Free Zone and the Treaty of Tlatelolco in Latin America;
6. in particular, in Latin America, the Treaty of Tlatelolco has been signed by all the nuclear powers;
7. a critical part of this treaty is Protocol II which prohibits nuclear attacks by nuclear weapons states on signatories to the treaty;
8. in 1991, a proposal was made for a regional conference on non-proliferation in South Asia which would include Pakistan, India, the People’s Republic of China, the Soviet Union, and the United States; and
9. thus far, Pakistan, China, Russia, and the United States have expressed interest in attending such a conference, whereas India has refused to attend.

(b) POLICY.—It is the sense of the Congress that the President should pursue a policy which seeks a regional negotiated solution to the issue of nuclear non-proliferation in South Asia at the earliest possible time, including a protocol to be signed by all nuclear weapons states, prohibiting nuclear attacks by nuclear weapons states on countries in the region. Such a policy should have as its ultimate goal concurrent accession by Pakistan and India to the Nuclear Non-Proliferation Treaty, and should also include as needed a phased approach to that goal through a series of agreements among the parties on nuclear issues, such as the agreement reached by Pakistan and India not to attack one another’s nuclear facilities.
REPORT ON PROGRESS TOWARD REGIONAL NON-PROLIFERATION.—Not later than April 1 of each year, the President shall submit a report to the Committees on Appropriations, the Speaker of the House of Representatives, and the chairman of the Committee on Foreign Relations of the Senate, on nuclear proliferation in South Asia, including efforts taken by the United States to achieve a regional agreement on nuclear non-proliferation, and including a comprehensive list of the obstacles to concluding such a regional agreement.

SEC. 620G. PROHIBITION ON ASSISTANCE TO COUNTRIES THAT AID TERRORIST STATES.

(a) WITHHOLDING OF ASSISTANCE.—The President shall withhold assistance under this Act to the government of any country that provides assistance to the government of any other country for which the Secretary of State has made a determination under section 620A.

(b) WAIVER.—Assistance prohibited by this section may be furnished to a foreign government described in subsection (a) if the President determines that furnishing such assistance is important to the national interests of the United States and, not later than 15 days before obligating such assistance, furnishes a report to the appropriate committees of Congress including—

1. a statement of the determination;
2. a detailed explanation of the assistance to be provided;
3. the estimated dollar amount of the assistance; and
4. an explanation of how the assistance furthers United States national interests.

SEC. 620G. DEPLETED URANIUM AMMUNITION.

(a) PROHIBITION.—Except as provided in subsection (b), none of the funds made available to carry out this Act or any other Act may be made available to facilitate in any way the sale of M–833 antitank shells or any comparable antitank shells containing a depleted uranium penetrating component to any country other than—

1. a country that is a member of the North Atlantic Treaty Organization;
Sec. 542 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102; 119 Stat. 2213), provided the following:

```
''PROHIBITION ON ASSISTANCE TO FOREIGN GOVERNMENTS THAT EXPORT LETHAL MILITARY EQUIPMENT TO COUNTRIES SUPPORTING INTERNATIONAL TERRORISM

''SEC. 542. (a) None of the funds appropriated or otherwise made available by this Act may be available to any foreign government which provides lethal military equipment to a country the government of which the Secretary of State has determined is a terrorist government for the purposes of section 6(j) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)), or 620A of the Foreign Assistance Act of 1961 (22 U.S.C. 2371).

(b) Assistance restricted by subsection (a) or any other similar provision of law, may be furnished if the President determines that furnishing such assistance is important to the national interests of the United States.

(c) Whenever the waiver authority of subsection (b) is exercised, the President shall submit to the appropriate congressional committees a report with respect to the furnishing of such assistance. Any such report shall include a detailed explanation of the assistance to be provided, including the estimated dollar amount of such assistance, and an explanation of how the assistance furthers United States national interests.
```

On April 21, 1999, the State Department issued Public Notice 3039 that “[t]he United States Government has determined that the Government of Russia transferred lethal military equipment to a country determined by the Secretary of State to be a state sponsor of terrorism. The United States Government determined that, despite the transfers, furnishing assistance to the Government of Russia, other than assistance furnished to the three Russian entities specifically involved in the transfer of lethal military equipment, is important to the national interests of the United States.”

Similar determinations were made involving entities in Russia (Department of State Public Notice 3055; 64 F.R. 31029; June 9, 1999); the Government of Kazakhstan and named entities (Department of State Public Notice 4120; 67 F.R. 57865; September 6, 2002); and the Government of Russia and named entities (Department of State Public Notice 4491; 68 F.R. 54259; September 10, 2003).

On September 27, 1999, the State Department issued a determination pursuant to sec. 620H but concluded “that publication of the determination would be harmful to the national security of the United States” and thus did not disclose the country at issue (Department of State Public Notice 3129; 64 F.R. 53434). Similar determinations, in which the country was not disclosed, were made on June 14, 2000 (Department of State Public Notice 3340; 65 F.R. 39219); March 5, 2003 (Department of State Public Notice 4298; 68 F.R. 11866); October 14, 2004 (Department of State Public Notice 4879; 69 F.R. 62112); and on October 28, 2004 (Department of State Public Notice 4886; 69 F.R. 64803).
Sec. 620I

Foreign Assistance Act of 1961 (P.L. 87–195)

This section applies with respect to lethal military equipment provided under a contract entered into after the date of enactment of this Act.\footnote{1008}{Date of enactment of this Act” probably refers to enactment of the amendment, April 24, 1996.}

(b) Waiver.—Notwithstanding any other provision of law, assistance may be furnished to a foreign government described in subsection (a) if the President determines that furnishing such assistance is important to the national interests of the United States and, not later than 15 days before obligating such assistance, furnishes a report to the appropriate committees of Congress including—

1. a statement of the determination;
2. a detailed explanation of the assistance to be provided;
3. the estimated dollar amount of the assistance; and
4. an explanation of how the assistance furthers United States national interests.

Sec. 620I.\footnote{1009, 1010}{Prohibition on Assistance to Countries That Restrict United States Humanitarian Assistance.—}

(a) In general.—No assistance shall be furnished under this Act or the Arms Export Control Act to any country when it is made known to the President that the government of such country prohibits or otherwise restricts, directly or indirectly, the transport or delivery of United States humanitarian assistance.

(b) Exception.—Assistance may be furnished without regard to the restriction in subsection (a) if the President determines that to do so is in the national security interest of the United States.

(c) Notice.—Prior to making any determination under subsection (b), the President shall notify the Committee on International Relations, the Committee on Foreign Relations, and the Committees on Appropriations of the Senate and House of Representatives of his intention to make such a determination, the effective date of the determination, and the reasons for making the determination.

\footnote{1010}{In a memorandum of May 23, 1997, for the Secretary of State, the President determined “that it is in the national security interest of the United States that assistance be furnished to Turkey without regard to the restriction in subsection (a) of section 620I.” (Presidential Determination No. 97–24; 62 F.R. 30737).}
Chapter 2—Administrative Provisions

Sec. 621. Exercise of Functions. (a) The President may exercise any functions conferred upon him by this Act through such agency or officer of the United States Government as he shall direct. The head of any such agency or such officer may from time to time promulgate such rules and regulations as may be necessary to carry out such functions and may delegate authority to perform any such functions, including, if he shall so specify, the authority successively to delegate any of such functions to any of his subordinates. In providing technical assistance under this Act, the head of any such agency or such officer shall utilize, to the fullest extent practicable, goods and professional and other services from private enterprise on a contract basis. In such fields as education, health, housing, or agriculture, the facilities and resources of other Federal agencies shall be utilized when such facilities are particularly or uniquely suitable for technical assistance, are not competitive with

Sec. 576 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2001 (H.R. 5526, as introduced on October 24, 2000, enacted by reference in sec. 101(a) of Public Law 106–429; 114 Stat. 1900A–54), provided the following:

"AGENCY FOR INTERNATIONAL DEVELOPMENT BUDGET JUSTIFICATION"

"Sec. 576. The Agency for International Development shall submit to the Committees on Appropriations a detailed budget justification that is consistent with the requirements of section 515, for each fiscal year. The Agency shall submit to the Committees on Appropriations a proposed budget justification format no later than November 15, 2000, or 30 days after the enactment of this Act, whichever occurs later. The proposed format shall include how the Agency’s budget justification will address: (1) estimated levels of obligations for the current fiscal year and actual levels for the 2 previous fiscal years; (2) the President’s request for new budget authority and estimated carryover obligational authority for the budget year; (3) the disaggregation of budget data and staff levels by program and activity for each bureau, field mission, and central office; and (4) the need for a user-friendly, transparent budget narrative.”.

"AID OFFICE OF SECURITY"

"Sec. 587. (a) ESTABLISHMENT OF OFFICE.—There shall be established within the Office of the Administrator of the Agency for International Development, an Office of Security. Such Office of Security shall, notwithstanding any other provision of law except section 207 of the Foreign Service Act of 1980 and section 103 of Public Law 99–399, have the responsibility for the supervision, direction, and control of all security activities relating to the programs and operations of that Agency.

(b) TRANSFER AND ALLOCATION OF APPROPRIATIONS AND PERSONNEL.—There are transferred to the Office of Security all security functions exercised by the Office of Inspector General of the Agency for International Development exercised before the date of enactment of this Act. The Administrator shall transfer from the Office of the Inspector General of such Agency to the Office of Security established by subsection (a), the personnel (including the Senior Executive Service position designated for the Assistant Inspector General for Security), assets, liabilities, grants, contracts, property, records, and unexpended balances of appropriations, and other funds held, used, available to, or to be made available in connection with such functions. Unexpended balances of appropriations, and other funds made available or to be made available in connection with such functions, shall be transferred to and merged with funds appropriated by this Act under the heading ‘Operating Expenses of the Agency for International Development.’

(c) TRANSFER OF EMPLOYEES.—Any employee in the career service who is transferred pursuant to this section shall be placed in a position in the Office of Security established by subsection (a) which is comparable to the position the employee held in the Office of the Inspector General of the Agency for International Development.”.

Sec. 599E of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1993 (Public Law 102–391; 106 Stat. 1898), provided the following:

"The President shall include with each budget for a fiscal year submitted to the Congress under section 1105 of title 31, United States Code, materials that shall identify clearly and separately the amounts requested in the budget for appropriation for that fiscal year for salaries and expenses related to administrative activities of the Agency for International Development.”.

(b) The President shall issue and enforce regulations determining the eligibility of any person to receive funds made available under this Act. A person may be suspended under such regulations for a temporary period pending the completion of an investigation and any resulting judicial or debarment proceedings, upon cause for belief that such person or an affiliate thereof probably has undertaken conduct which constitutes a cause for debarment; and, after an opportunity has been afforded to such person for a hearing, he may be debarred for an additional period, not to exceed three years. Among the causes for debarment shall be (1) offering or accepting a bribe or other illegal payment or credit in connection with any transaction financed with funds made available under this Act; or (2) committing a fraud in the procurement or performance of any contract financed with funds made available under this Act; or (3) acting in any other manner which shows a lack of integrity or honesty in connection with any transaction financed with funds made available under this Act. Each person whose eligibility is denied or suspended under this subsection shall, upon request, be entitled to a review of his eligibility not less often than once every two years.

Strengthened Management Practices.—(a) The Congress believes that United States foreign aid funds could be utilized more effectively by the application of advanced management decisionmaking, information and analysis techniques such as systems analysis, automatic data processing, benefit-cost studies, and information retrieval.

(b) To meet this need, the President shall establish a management system that includes: the definition of objectives and programs for United States foreign assistance; the development of quantitative indicators of progress toward these objectives; the orderly consideration of alternative means for accomplishing such objectives; and the adoption of methods for comparing actual results of programs and projects with those anticipated when they were undertaken. The system should provide information to the agency and to Congress that relates agency resources, expenditures, and budget projections to such objectives and results in order to assist in the evaluation of program performance, the review of budgetary requests, and the setting of program priorities.

SEC. 802. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds the following:

(1) It is the established policy of the United States to support and seek protection of tropical forests around the world.

(2) Tropical forests provide a wide range of benefits to mankind by—

(A) harboring a major share of the Earth’s biological and terrestrial resources, which are the basis for developing pharmaceutical products and revitalizing agricultural crops;

(B) playing a critical role as carbon sinks in reducing greenhouse gases in the atmosphere, thus moderating potential global climate change; and

(C) regulating hydrological cycles on which far-flung agricultural and coastal resources depend.

(3) International negotiations and assistance programs to conserve forest resources have proliferated over the past decade, but the rapid rate of tropical deforestation continues unabated.

(4) Developing countries with urgent needs for investment and capital for development have allocated a significant amount of their forests to logging concessions.

(5) Poverty and economic pressures on the populations of developing countries have, over time, resulted in clearing of vast areas of forest for conversion to agriculture, which is often unsustainable in the poor soils underlying tropical forests.

(6) Debt reduction can reduce economic pressures on developing countries and result in increased protection for tropical forests.

(7) Finding economic benefits to local communities from sustainable uses of tropical forests is critical to the protection of tropical forests.

(b) PURPOSES.—The purposes of this part are—

(1) to recognize the values received by United States citizens from protection of tropical forests;

(2) to facilitate greater protection of tropical forests (and to give priority to protecting tropical forests with the highest levels of biodiversity and under the most severe threat) by pro-

Committees on Appropriations not less than 15 days in advance of the signature of an agreement by the United States to make payments to the HIPC Trust Fund of amounts for such countries and institutions: Provided further, That the Secretary of the Treasury may disburse funds designated for debt reduction through the HIPC Trust Fund only for the benefit of countries that—

"(a) have committed, for a period of 24 months, not to accept new market-rate loans from the international financial institution receiving debt repayment as a result of such disbursement, other than loans made by such institution to export-oriented commercial projects that generate foreign exchange which are generally referred to as 'enclave' loans; and

"(b) have documented and demonstrated their commitment to redirect their budgetary resources from international debt repayments to programs to alleviate poverty and promote economic growth that are additional to or expand upon those previously available for such purposes: Provided further, That any limitation of subsection (e) of section 411 of the Agricultural Trade Development and Assistance Act of 1954 shall not apply to funds appropriated under this heading: Provided further, That none of the funds made available under this heading in this or any other appropriations Acts shall be made available for Sudan or Burma unless the Secretary of the Treasury determines and notifies the Committees on Appropriations that a democratically elected government has taken office."

viding for the alleviation of debt in countries where tropical forests are located, thus allowing the use of additional resources to protect these critical resources and reduce economic pressures that have led to deforestation;

(3) to ensure that resources freed from debt in such countries are targeted to protection of tropical forests and their associated values; and

(4) to rechannel existing resources to facilitate the protection of tropical forests.

b. The Arms Export Control Act

421 Arms Export Control Act (P.L. 90–629) [452x651]

AN ACT To consolidate and revise foreign assistance legislation relating to reimbursable military exports.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Arms Export Control Act”.

Chapter 1—FOREIGN AND NATIONAL SECURITY POLICY

OBJECTIVES AND RESTRAINTS

Section 1. The Need for International Defense Cooperation and Military Export Controls.—As declared by the Congress in the Arms Control and Disarmament Act, an ultimate goal of the United States continues to be a world which is free from the scourge of war and the dangers and burdens of armaments; in which the use of force has been subordinated to the rule of law; and in which international adjustments to a changing world are achieved peacefully. In furtherance of that goal, it remains the policy of the United States to encourage regional arms control and disarmament agreements and to discourage arms races.

The Congress recognizes, however, that the United States and other free and independent countries continue to have valid requirements for effective and mutually beneficial defense relationships in order to maintain and foster the environment of international peace and security essential to social, economic, and political progress. Because of the growing cost and complexity of defense equipment, it is increasingly difficult and uneconomic for any country, particularly a developing country, to fill all of its legitimate defense requirements from its own design and production base. The need for international defense cooperation among the United States and those friendly countries to which it is allied by

1 Sec. 201 of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94–329; 90 Stat. 734) struck out “Foreign Military Sales Act” and inserted in lieu thereof “Arms Export Control Act”. Sec. 201 further stated that “any reference to the Foreign Military Sales Act shall be deemed to be a reference to the Arms Export Control Act.”.

See also sec. 564 of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103–236; 108 Stat. 484) relating to prohibiting sales and leases to those participating in or supporting the Arab boycott of Israel, in Legislation on Foreign Relations Through 2005, vol. II.
mutual defense treaties is especially important, since the effectiveness of their armed forces to act in concert to deter or defeat aggression is directly related to the operational compatibility of their defense equipment.

Accordingly, it remains the policy of the United States to facilitate the common defense by entering into international arrangements with friendly countries which further the objective of applying agreed resources of each country to programs and projects of cooperative exchange of data, research, development, production, procurement, and logistics support to achieve specific national defense requirements and objectives of mutual concern. To this end, this Act authorizes sales by the United States Government to friendly countries having sufficient wealth to maintain and equip their own military forces at adequate strength, or to assume progressively larger shares of the costs thereof, without undue burden to their economies, in accordance with the restraints and control measures specified herein and in furtherance of the security objectives of the United States and of the purposes and principles of the United Nations Charter.

It is the sense of the Congress that all such sales be approved only when they are consistent with the foreign policy interests of the United States, the purposes of the foreign assistance program of the United States as embodied in the Foreign Assistance Act of 1961, as amended, the extent and character of the military requirement, and the economic and financial capability of the recipient country, with particular regard being given, where appropriate, to proper balance among such sales, grant military assistance, and economic assistance as well as to the impact of the sales on programs of social and economic development and on existing or incipient arms races.3

It shall be the policy of the United States to exert leadership in the world community to bring about arrangements for reducing the international trade in implements of war and to lessen the danger of outbreak of regional conflict and the burdens of armaments. United States programs for or procedures governing the export, sale, and grant of defense articles and defense services to foreign countries and international organizations shall be administered in a manner which will carry out this policy.

It is the sense of the Congress that the President should seek to initiate multilateral discussions for the purpose of reaching agreements among the principal arms suppliers and arms purchasers and other countries with respect to the control of the international trade in armaments. It is further the sense of Congress that the President should work actively with all nations to check and control the international sale and distribution of conventional weapons

\*A para., as amended by sec. 4 of Public Law 91–672 and which had previously appeared at this point, was repealed by sec. 734(a)(10) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560). It formerly read as follows:

\*It is further the sense of Congress that sales and guaranties under sections 21, 22, 23, and 24, shall not be approved where they would have the effect of arming military dictators who are denying the growth of fundamental rights or social progress to their own people: Provided, That the President may waive this limitation when he determines it would be important to the security of the United States, and promptly so reports to the Speaker of the House of Representatives and the Committee on Foreign Relations in the Senate.\*
of death and destruction and to encourage regional arms control arrangements. In furtherance of this policy, the President should undertake a concerted effort to convene an international conference of major arms-supplying and arms-purchasing nations which shall consider measures to limit conventional arms transfers in the interest of international peace and stability.

It is the sense of the Congress that the aggregate value of defense articles and defense services—

(1) which are sold under section 21 or section 22 of this Act;

or

(2) which are licensed or approved for export under section 38 of this Act, for the use, or for benefit of the armed forces, police, intelligence, or other internal security forces of a foreign country or international organization under a commercial sales contract;

in any fiscal year should not exceed current levels. 4

It is the sense of the Congress that the President maintain adherence to a policy of restraint in conventional arms transfers and that, in implementing this policy worldwide, a balanced approach should be taken and full regard given to the security interests of the United States in all regions of the world and that particular attention should be paid to controlling the flow of conventional arms to the nations of the developing world. To this end, the President is encouraged to continue discussions with other arms suppliers in order to restrain the flow of conventional arms to less developed countries. 5

Sec. 2. Coordination With Foreign Policy.—(a) Nothing contained in this Act shall be construed to infringe upon the powers or functions of the Secretary of State.

(b) Under the direction of the President, the Secretary of State (taking into account other United States activities abroad, such as military assistance, economic assistance, and food for peace program) shall be responsible for the continuous supervision and general direction of sales, leases, financing, cooperative projects, and exports under this Act, including, but not limited to, determining—

(1) whether there will be a sale to or financing for a country and the amount thereof;

4Sec. 202(a) of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94–329; 90 Stat. 734) amended sec. 1 by striking out the last para. and adding the language beginning with “It shall be the policy of the United States”. The last para. of sec. 1 formerly read as follows:

“In order to reduce the role of the United States Government in the furnishing of defense articles and defense services to foreign countries and international organizations, and return such transactions to commercial channels, the United States Government shall reduce its sales, credit sales, and guarantees of such articles, and defense services as soon as, and to the maximum extent, practicable.”

5Sec. 15(a) of the International Security Assistance Act of 1978 (92 Stat. 739) added this para. Sec. 15(b) of the same Act required a report from the President to the Congress by December 31, 1979, concerning the implications of the multilateral discussions referred to in the para.

622 U.S.C. 2752. See also Presidential determinations, in notes at sec. 38.

7Sec. 115(b) of Public Law 99–83 (99 Stat. 201) amended and restated subsec. (b). It previously read as follows:

“(b) Under the direction of the President, the Secretary of State, taking into account other United States activities abroad, such as military assistance, economic assistance, and food for freedom, shall be responsible for the continuous supervision and general direction of sales, leases, and exports under this Act, including, but not limited to, determining whether there shall be a sale to a country and the amount thereof, whether there shall be a lease to a country, and whether there shall be delivery or other performance under such sale, lease, or export, to the end that sales, leases, and exports are integrated with other United States activities and the foreign policy of the United States is best served thereby.”
Sec. 3. Arms Export Control Act (P.L. 90–629)

Sec. 3

(2) whether there will be a lease to a country;
(3) whether there will be a cooperative project and the scope thereof; and
(4) whether there will be delivery or other performance under the sale, lease, cooperative project, or export,
to the end that sales, financing, leases, cooperative projects, and exports will be integrated with other United States activities and to the end that the foreign policy of the United States would be best served thereby.

(c) The President shall prescribe appropriate procedures to assure coordination among representatives of the United States Government in each country, under the leadership of the Chief of the United States Diplomatic Mission. The Chief of the diplomatic mission shall make sure that recommendations of such representatives pertaining to sales are coordinated with political and economic considerations, and his comments shall accompany such recommendations if he so desires.

Sec. 3. Eligibility.—(a) No defense article or defense service shall be sold or leased by the United States Government under

Continued
this Act to any country or international organization, and no agreement shall be entered into for a cooperative project (as defined in section 27 of this Act), unless—

(1) the President finds that the furnishing of defense articles and defense services to such country or international organization will strengthen the security of the United States and promote world peace;

(2) within each such account and item, to each program, project, and activity (with programs, projects, and activities as delineated in the appropriation Act or accompanying reports for the relevant fiscal year covering such account or item, or for accounts and items not included in appropriation Acts, as delineated in the most recently submitted President's budget);

(c) EXCEPTIONS.—This section shall not apply—

(1) to discretionary budget authority that has been designated pursuant to section 402 of H. Con. Res. 95 (109th Congress), the concurrent resolution on the budget for fiscal year 2006; or

(2) to discretionary authority appropriated or otherwise made available to the Department of Veterans Affairs.

(d) OMB REPORT.—Within 30 days after the date of the enactment of this section the Director of the Office of Management and Budget shall submit to the Committees on Appropriations of the House of Representatives and the Senate a report specifying the account and amount of each rescission made pursuant to this section.

Sec. 906 of the FREEDOM Support Act (Public Law 102–511; 106 Stat. 3356) provided the following:

“SEC. 906. ELIGIBILITY OF BALTIC STATES FOR NONLETHAL DEFENSE ARTICLES.

“(a) ELIGIBILITY.—Estonia, Latvia, and Lithuania shall each be eligible—

“(1) to purchase, or to receive financing for the purchase of, nonlethal defense articles—

“A under the Arms Export Control Act (22 U.S.C. 2751 et seq.), without regard to section 3(a)(1) of that Act, or

“(B) under section 503 of the Foreign Assistance Act of 1961 (22 U.S.C. 2311), without regard to the requirement in subsection (a) of that section for a Presidential finding; and

“(2) to receive nonlethal excess defense articles transferred under section 519 of the Foreign Assistance Act of 1961 (22 U.S.C. 2321m), without regard to the restrictions in subsection (a) of that section.

“(b) DEFINITIONS.—As used in this section—

“(1) the term ‘defense article’ has the same meaning given to that term in section 47(3) of the Arms Export Control Act (22 U.S.C. 2794(3)); and

“(2) the term ‘excess defense article’ has the same meaning given to that term in section 644(g) of the Foreign Assistance Act of 1961 (22 U.S.C. 2403(g)).”.

9 Sec. 109(b)(2)(A) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1526) inserted “or leased”.

10 Sec. 115(b)(2)(A) of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 201) inserted “and no agreement shall be entered into for a cooperative project (as defined in section 27 of this Act)”.

11 In 2004, the President determined “that the furnishing of defense articles and services to the RSS [Regional Security System] will strengthen the security of the United States and promote world peace” (Presidential Determination No. 2004–20 of January 5, 2004; 69 F.R. 2477).

The President made a similar determination to provide defense articles and services to Iraq (Presidential Determination No. 2004–40 of July 21, 2004; 69 F.R. 46399), and for the African Union (Presidential Determination No. 2004–50 of September 24, 2004; 69 F.R. 58789).

In 2003, the President made a similar determination for Serbia and Montenegro (Presidential determination No. 2003–22 of May 6, 2003; 68 F.R. 25809).

The President made no determinations pursuant to this sec. in 1998–2001.

In 1997, the President made a similar determination in relation to Georgia, Kazakhstan, Kyrgyzstan, Moldova, Turkmenistan, Russia, Ukraine, and Uzbekistan (Presidential Determination No. 97–19 of March 11, 1997; 62 F.R. 13531).

(B) Notwithstanding a determination by the President of ineligibility under subparagraph (B) of paragraph (1) of this subsection, cash sales and deliveries pursuant to previous sales may be made if the President certifies in writing to the Congress that a termination thereof would have significant adverse impact on United States security, unless the Congress adopts or has adopted a joint resolution pursuant to subparagraph (A) of this paragraph with respect to such ineligibility.

(4) A country shall remain ineligible in accordance with paragraph (1) of this subsection until such time as—

(B) the response of the United States thereto and the results of such response;
(C) whether, in the opinion of the President, notwithstanding any such policies or practices—

(i) extraordinary circumstances exist which necessitate a continuation of such sale or licensed transaction, and, if so, a description of such circumstances and the extent to
which such sale or licensed transaction should be continued (subject to such conditions as Congress may impose under this section), and

(ii) on all the facts it is in the national interest of the United States to continue such sale or licensed transaction; and

(D) such other information as such committee may request.

(2) In the event a statement with respect to a sale or licensed transaction is requested pursuant to paragraph (1) of this subsection but is not transmitted in accordance therewith within 60 days after receipt of such request, such sale or licensed transaction shall be suspended unless and until such statement is transmitted.

(3)(A) In the event a statement with respect to a sale or licensed transaction is transmitted under paragraph (1) of this subsection, the Congress may at any time thereafter adopt a joint resolution terminating or restricting such sale or licensed transaction.

(B) Any such resolution shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

(C) The term “certification”, as used in section 601 of such Act, means, for the purposes of this paragraph, a statement transmitted under paragraph (1) of this subsection.

Sec. 6.54 Foreign Intimidation and Harassment of Individuals in the United States.—No letters of offer may be issued, no credits or guarantees may be extended, and no export licenses may be issued under this Act with respect to any country determined by the President to be engaged in a consistent pattern of acts of intimidation or harassment directed against individuals in the United States. 70 Sec. 4303(a) of the National Defense Authorization Act for Fiscal Year 1996 (Public Law 104–106; 110 Stat. 658) conditionally amended para. (2) by inserting subpara. designation "(A)", and adding subparas. (B) and (C). Sec. 4303(b) of that Act stated the conditions for incorporating the amendment as follows:

"(b) CONDITIONS.—Subsection (a) shall be effective only if—

"(1) the President, in the budget of the President for fiscal year 1997, proposes legislation that if enacted would be qualifying offsetting legislation; and

"(2) there is enacted qualifying offsetting legislation.

(c) EFFECTIVE DATE.—If the conditions in subsection (b) are met, then the amendments made by subsection (a) shall take effect on the date of the enactment of qualifying offsetting legislation.

(d) DEFINITIONS.—For purposes of this section:

"(1) The term 'qualifying offsetting legislation' means legislation that includes provisions that

"(A) offset fully the estimated revenues lost as a result of the amendments made by subsection (a) for each of the fiscal years 1997 through 2005;

"(B) expressly state that they are enacted for the purpose of the offset described in subparagraph (A); and

"(C) are included in full on the PayGo scorecard.

"(2) The term 'PayGo scorecard' means the estimates that are made by the Director of the Congressional Budget Office and the Director of the Office of Management and Budget under section 525(d) of the Balanced Budget and Emergency Deficit Control Act of 1985."

the Armed Forces of Japan, Australia, or New Zealand in furtherance of the mutual defense treaties between the United States and those countries,\footnote{72} or foreign procurement in the United States under coproduction arrangements.

(B)\footnote{70} The President may waive the charge or charges which would otherwise be considered appropriate under paragraph (1)(B) for a particular sale if the President determines that—

(i) imposition of the charge or charges likely would result in the loss of the sale; or

(ii) in the case of a sale of major defense equipment that is also being procured for the use of the Armed Forces, the waiver of the charge or charges would (through a resulting increase in the total quantity of the equipment purchased from the source of the equipment that causes a reduction in the unit cost of the equipment) result in a savings to the United States on the cost of the equipment procured for the use of the Armed Forces that substantially offsets the revenue foregone by reason of the waiver of the charge or charges.

(C) The President may waive, for particular sales of major defense equipment, any increase in a charge or charges previously considered appropriate under paragraph (1)(B) if the increase results from a correction of an estimate (reasonable when made) of the production quantity base that was used for calculating the charge or charges for purposes of such paragraph.

(3)\footnote{73} (A) The President may waive the charges for administrative services that would otherwise be required by paragraph (1)(A) in connection with any sale to the Maintenance and Supply Agency of the North Atlantic Treaty Organization in support of—

(i) a weapon system partnership agreement; or

(ii) a NATO/SHAPE project.

(B) The Secretary of Defense may reimburse the fund established to carry out section 43(b) of this Act in the amount of the charges waived under subparagraph (A) of this paragraph. Any such reimbursement may be made from any funds available to the Department of Defense.

(C) As used in this paragraph—

(i) the term “weapon system partnership agreement” means an agreement between two or more member countries of the Maintenance and Supply Agency of the North Atlantic Treaty Organization that—

(I) is entered into pursuant to the terms of the charter of that organization; and

(II) is for the common logistic support of a specific weapon system common to the participating countries; and

104 Sec. 45(a)(3) of the FA Act of 1974 (Public Law 93–559) struck out “excluding United States Government agencies” and inserted in lieu thereof “excluding United States Government agencies other than the Federal Financing Bank”.
105 Subsec. (c), as amended by the FA Act of 1973 (Public Law 93–189) and the FA Act of 1974 (Public Law 93–559), was further amended and restated by sec. 104(a) of the International Security and Development Cooperation Act of 1980 (Public Law 96–533; 94 Stat. 3132). It formerly read as follows:

Funds provided for necessary expenses to carry out the provisions of section 23 of the Arms Export Control Act and of section 503 of the Foreign Assistance Act of 1961, as amended, may be used to pay claims on the Guaranty Reserve Fund to the extent that funds in the Guaranty Reserve Fund are inadequate for that purpose.

For purposes of any provision in this Act or any other Act relating to a prohibition or limitation on the availability of funds under this Act, whenever a guaranty is issued under this section, the principal amount of the loan so guaranteed shall be deemed to be funds made available for use under this Act. Any guaranties issued hereunder shall be backed by the full faith and credit of the United States.

It is the policy of the United States that the results of security assistance surveys conducted by the United States clearly do not represent a commitment by the United States to provide any military equipment to any foreign country. Further, recommendations in such surveys should be consistent with the arms export control policy provided for in this Act.

The full costs of such cooperative project shall include overhead costs, administrative costs, and costs of claims. The United States and the other participants may contribute their equitable shares of the full cost of such cooperative project in funds or in defense articles or defense services needed for such cooperative project. Military assistance and financing received from the United States Government may not be used by any other participant to provide its share of the cost of such cooperative project. Such agreements shall provide that no requirement shall be imposed by a participant for worksharing or other industrial or commercial compensation in connection with such agreement that is not in accordance with such agreement.

(d) The President may enter into contracts or incur other obligations for a cooperative project on behalf of the other participants, without charge to any appropriation or contract authorization, if each of the other participants in the cooperative project agrees (1) to pay its equitable share of the contract or other obligation, and (2) to make such funds available in such amounts and at such times as may be required by the contract or other obligation and to pay any damages and costs that may accrue from the performance of or cancellation of the contract or other obligation in advance of the time such payments, damages, or costs are due.

(4) an estimate of the dollar value of the funds to be contributed by the United States and each of the other participants on behalf of such cooperative project;

(5) a description of the defense articles and defense services expected to be contributed by the United States and each of the other participants on behalf of such cooperative project;

(6) a statement of the foreign policy and national security benefits anticipated to be derived from such cooperative project; and

(7) to the extent known, whether it is likely that prime contracts will be awarded to particular prime contractors or that subcontracts will be awarded to particular subcontractors to comply with the proposed agreement.

(h) The authority under this section is in addition to the authority under sections 21 and 22 of this Act and under any other provision of law.

126 Sec. 1103(a)(1)(B) of Public Law 99–661 (100 Stat. 3816) inserted “including an estimate of the costs as a result of waivers of section 21(e)(1)(A) and 43(b) of this Act.”

127 Sec. 1103(a)(1)(C) of Public Law 99–661 (100 Stat. 3816) inserted “In the case of a cooperative project with a North Atlantic Treaty Organization country.”
(j)(1) With the approval of the Secretary of State and the Secretary of Defense, a cooperative agreement which was entered into by the United States before the effective date of the amendment to this section made by the International Security and Development Cooperation Act of 1985 and which meets the requirements of this section as so amended may be treated on and after such date as having been made under this section as so amended.

(2) Notwithstanding the amendment made to this section made by the International Security and Development Cooperation Act of 1985, projects entered into under the authority of this section before the effective date of that amendment may be carried through to conclusion in accordance with the terms of this section as in effect immediately before the effective date of that amendment.

(j) 128 (1) The President may enter into a cooperative project agreement with any friendly foreign country not a member of the North Atlantic Treaty Organization under the same general terms and conditions as the President is authorized to enter into such an agreement with one or more member countries of the North Atlantic Treaty Organization if the President determines that the cooperative project agreement with such country would be in the foreign policy or national security interests of the United States.

(2) Not later than January 1 of each year, the President shall submit to the Committees on Armed Services and Foreign Relations of the Senate and to the Committees on Armed Services and Foreign Affairs 129 of the House of Representatives a report specifying (A) the countries eligible for participation in such a cooperative project agreement under this subsection, and (B) the criteria used to determine the eligibility of such countries.

(c) For the purpose of this section, the terms “defense articles” and “defense services” mean defense articles and defense services as defined in sections 47(3) and 47(4) of this Act.

Sec. 141(d)(1) of Public Law 104–164 (110 Stat. 1432) inserted para. designation "(1)" after "(d)".

Sec. 141(d)(2) of Public Law 104–164 (110 Stat. 1432) struck out "for or in a country not a member of the North Atlantic Treaty Organization" after "licensing agreement".

Sec. 141(f) of Public Law 104–164 (110 Stat. 1433) provided that "amendments made by this section [sec. 141] apply with respect to certifications required to be submitted on or after the date of the enactment of this Act [July 21, 1996].".

(b)(5) to "a letter of offer" or "an offer" shall be deemed to be a reference to "a contract".

(5) In the case of an application by a person (other than with regard to a sale under section 21 or 22 of this Act) for a license for the export to a member country of the North Atlantic Treaty Organization (NATO) or Australia, Japan, or New Zealand that does not authorize a new sales territory that includes any country other than such countries, the limitations on the issuance of the license set forth in paragraph (1) shall apply only if the license is for export of—

(A) major defense equipment sold under a contract in the amount of $25,000,000 or more; or

(B) defense articles or defense services sold under a contract in the amount of $100,000,000 or more.

(d)(1) In the case of an approval under section 38 of this Act of a United States commercial technical assistance or manufacturing licensing agreement which involves the manufacture abroad of any item of significant combat equipment on the United States Munitions List, before such approval is given, the President shall submit a certification with respect to such proposed commercial agreement in a manner similar to the certification required under subsection (c)(1) containing comparable information, except that the last sentence of such subsection shall not apply to certifications submitted pursuant to this subsection.

(2) A certification under this subsection shall be submitted—

(A) at least 15 days before approval is given in the case of an agreement for or in a country which is a member of the North Atlantic Treaty Organization or Australia, Japan, or New Zealand; and

(B) at least 30 days before approval is given in the case of an agreement for or in any other country;

unless the President states in his certification that an emergency exists which requires the immediate approval of the agreement in the national security interests of the United States.

(3) If the President states in his certification that an emergency exists which requires the immediate approval of the agreement in the national security interests of the United States, thus waiving the requirements of paragraph (4), he shall set forth in the certification a detailed justification for his determination, including a description of the emergency circumstances which necessitate the immediate approval of the agreement and a discussion of the national security interests involved.

(4) Approval for an agreement subject to paragraph (1) may not be given under section 38 if the Congress, within the 15-day or 30-day period specified in paragraph (2)(A) or (B), as the case may be, enacts a joint resolution prohibiting such approval.
(5)(A) Any joint resolution under paragraph (4) shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

(B) For the purpose of expediting the consideration and enactment of joint resolutions under paragraph (4), a motion to proceed to the consideration of any such joint resolution after it has been reported by the appropriate committee shall be treated as highly privileged in the House of Representatives.

Nance and Megan Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106–113; 113 Stat. 1536) struck out “the full unclassified text of each numbered certification submitted pursuant to subsection (b) and each notification of a proposed commercial sale submitted under subsection (c).” and inserted in lieu thereof “the full unclassified text of—” and text of subparas. Sec. 37. See also title XV, subtitle B, of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (Public Law 105–261; 112 Stat. 2173), relating to satellite export controls, particularly as they are applied to exportation to the People's Republic of China.

See also title IV, secs. 401–405, of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993 (Public Law 102–454; 106 Stat. 2561), relating to landmine export moratorium; title XV—Weapons of Mass Destruction Control Act of 1992; and title XVI—Iraq–Iran Arms Non-Proliferation Act of 1992. As a result of sec. 1365 of that Act, the Department of State gave notice to the following:

"Notice is hereby given that all licenses, approvals, sales or transfers of landmines specifically designed for antipersonnel use, regardless of method of delivery, are suspended until further notice. Additionally, all existing authorizations for the sale, export, or transfer of such defense articles are revoked until further notice. This action has been taken pursuant to sections 2, 38 and 42 of the Arms Export Control Act, and section 1365 of the National Defense Authorization Act for Fiscal Year 1993." (Public Notice 1727 of November 25, 1992; 57 F.R. 55614).

Licenses and approvals to export or otherwise transfer defense articles and defense services to the following countries or foreign entities are suspended or restricted:

- Iran (Department of State Notice 84–3, January 23, 1984, 49 F.R. 2836; Public Notice 4371, May 16, 2003, 68 F.R. 28365; Public Notice 4376, May 29, 2003, 68 F.R. 31739; Haiti—including those for use by the police (effective October 3, 1991); Department of State Public Notice 1496; 56 F.R. 50968; October 9, 1991); Sudan (effective October 8, 1992; Department of State Public Notice 1711; 57 F.R. 49741; November 3, 1992); Yemen (effective November 16, 1992; Department of State Public Notice 1734; 57 F.R. 59852; December 16, 1992); the armed forces on Cyprus (effective August 20, 1992; Department of State Public Notice 1735; 57 F.R. 60925; December 18, 1992); Somalia (effective December 16, 1992; Department of State Public Notice 1736; 57 F.R. 59851; December 16, 1992); Liberia (other than for the peacekeeping forces of ECOMOG) (effective December 18, 1992; Department of State Public Notice 1737; 57 F.R. 60265; December 18, 1992); and Department of State Public Notice 3767; 66 F.R. 46491; September 5, 2001; Burma (Department of State Public Notice 1820; 58 F.R. 33290; June 16, 1993); Guatemala (Department of State Public Notice 1831; 58 F.R. 38597; July 19, 1993); Afghanistan (Taliban-controlled areas: Department of State Public Notice (June 27, 1996; 61 F.R. 33313; and Public Notice 3657, May 8, 2001; 66 F.R. 23310; all licenses except to the Afghan Interim Authority: June 3, 2002; 67 F.R. 4530; April 11, 2002; 67 F.R. 19978; some export exceptions, July 17, 2002; 67 F.R. 48242); and Cote D'Ivoire (Department of State Public Notice 4922; December 6, 2004; 69 F.R. 74560).

Over 2000–2001, restrictions imposed against India and Pakistan were adjusted or lifted: Presidential Determination No. 2000–18; March 18, 2000; 65 F.R. 16297; Presidential Determination No. 2000–11; January 19, 2001; 66 F.R. 8503; Presidential Determination No. 2001–25; June 27, 2001; 66 F.R. 34245, and Presidential Determination No. 2001–24; September 21, 2001; 66 F.R. 50995. Effective June 20, 2003, per Department of State Public Notice 4384 (68 F.R. 37039), notice is given that for requests for export and retransfer of defense articles, defense services, and related technical data to India or Pakistan will be considered on a standard case-by-case basis, reversing policy stated on May 20, 1998 and June 17, 1998. (Restrictions originally imposed against India on May 13, 1998 (Department of State Public Notice 2825; 63 F.R. 27831) and against Pakistan on May 20, 1998 (Department of State Public Notice 2825; 63 F.R. 33122).)

Effective March 24, 2003, Khan Research Laboratories of Pakistan were restricted under the ITAR and within terms of sec. 205(b)(3) of the International Emergency Economic Powers Act (Public Notice 4327; 68 F.R. 16113).

Effective September 10, 1999, restrictions were imposed against Indonesia ("except for certain exports related to commercial communication satellites and V2k compliance activities"); Department of State Public Notice 3137; 64 F.R. 55805; September 10, 1999). These were eased, effective August 25, 2000, to expand "the exception of the items permitted to be exported * * * to, on a case-by-case basis, C–130 spare parts including when for the Government of Indonesia" (Department of State Public Notice 3557; 66 F.R. 7836). Effective November 28, 2000, to expand the exception of the items permitted to be exported * * * to, on a case-by-case basis, non-lethal defense articles and spare parts; and (b) non-lethal, safety-of-use spare parts for lethal end-items. An example of safety-of-use items would be cartridge-actuated aircraft for purposes of enhancing the safety of the aircraft crew, for non-lethal defense end-items, no distinction will be made between Indonesia's existing and new inventory. (Department of State Public Notice 3854; 66 F.R. 6235).

Effective May 30, 1999, restrictions against Nigeria were eased. Henceforth, applications for licenses are reviewed on a case-by-case basis (Department of State Public Notice 3976; 64 F.R. 34304). Exports to Nigeria had been restricted since 1993 (see: Department of State Public Notice 1844; 58 F.R. 40845; July 30, 1993; and Public Notice 2315; 60 F.R. 66534; December 11, 1995).

Peru and Ecuador are restricted on a case-by-case basis (Peru: Department of State Public Notice 2021; 59 F.R. 32491; June 8, 1994; and Public Notice 2168; 60 F.R. 10138; February 23, 1995; Peru and Ecuador: Department of State Public Notice 2205; 69 F.R. 26075; May 4, 1996; and Public Notice 2286; 60 F.R. 57049; November 13, 1995).

The following countries are embargoed under International Traffic in Arms Regulations (ITAR; 22 CFR Part 120), last amended August 29, 2005: Belarus, Cuba, Iran, Libya, North Continued
the United States, the President is authorized to control the import and the export of defense articles and defense services and to provide foreign policy guidance to persons of the United States involved in the export and import of such articles and services. The President is authorized to designate those items which shall be considered as defense articles and defense services for the purposes of this section and to promulgate regulations for the import and export of such articles and services. The items so designated shall constitute the United States Munitions List.

(2) Decisions on issuing export licenses under this section shall take into account whether the export of an article would contribute to an arms race, aid in the development of weapons of mass destruction, support international terrorism, increase the possibility of outbreak or escalation of conflict, or prejudice the development of bilateral or multilateral arms control or nonproliferation agreements or other arrangements.\(^\text{214}\)

Korea, Syria, and Vietnam. For some of these countries, other restrictions may also make arms transfers unavailable. Restrictions under the ITAR also apply to countries with respect to which the United States maintains an arms embargo: Burma, People’s Republic of China (see also 68 F.R. 28314), Haiti, Liberia (see also 66 F.R. 44691), Somalia, and Sudan.

The ITAR restricts exports and sales to countries the governments of which have been identified for their support for acts of international terrorism, currently Cuba, Iran, Libya, North Korea, Sudan, and Syria.

Once removed from the ITAR, some selective restrictions may be applied, as stated in the ITAR, for licenses and other approvals for exports and imports of defense articles and services. Iraq, Afghanistan, Rwanda, and the Democratic Republic of the Congo are thus restricted.

The Democratic Republic of the Congo was removed from the ITAR restrictive list effective February 17, 2004 (69 F.R. 7349), though a presumption of denial for the export of most defense articles and services continues.

Rwanda was removed from the ITAR restrictive list effective July 30, 2003 (68 F.R. 44613), though a presumption of denial for the export of most defense articles and services continues.

Angola was removed from the ITAR restrictive list effective November 21, 2003 (68 F.R. 56535). Previously, effective July 2, 1993, the domestic arms embargo on Angola was lifted and section 126.1(a) of the International Traffic in Arms Regulations (ITAR) (22 CFR Part 126) was amended accordingly (58 F.R. 35864).

The Federal Republic of Yugoslavia (Serbia and Montenegro) was removed from the ITAR restrictive list effective December 3, 2001 (67 F.R. 15104). Armenia and Azerbaijan were removed from the list effective April 3, 2002 (67 F.R. 15101).

Ukraine was removed from the ITAR restrictive list, effective December 27, 2000 (65 F.R. 81739). Mongolia was removed from the ITAR restrictive list, effective June 30, 1997, in State Department Public Notice 2567 (62 F.R. 37133). The phrase “the states of the former Yugoslavia” was replaced with “the FRY (Serbia and Montenegro),” effective July 12, 1996, pursuant to State Department Public Notice 2410 (61 F.R. 36625). Georgia, Kazakhstan, Turkmenistan, and Uzbekistan were removed from the ITAR restrictive list, effective July 17, 1996, in State Department Public Notice 2407 (61 F.R. 41499).

Effective August 29, 2005, the Department of State added two new sections to the ITAR to define “North Atlantic Treaty Organization” as “Belgium, Bulgaria, Canada, Czech Republic, Denmark, Estonia, France, Germany, Greece, Hungary, Iceland, Italy, Latvia, Lithuania, Luxembourg, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Turkey, United Kingdom and the United States” (22 CFR Part 129.31) and to define “Major non-NATO ally” as “a country that is designated in accordance with section 517 of the Foreign Assistance Act of 1961 (22 U.S.C. 2301k) as a major non-NATO ally for purposes of the Foreign Assistance Act of 1961 and the Arms Export Control Act (22 U.S.C. 2761 et seq.)” (22 U.S.C. 2403(q)). The following countries have been designated as major non-NATO allies: Argentina, Australia, Bahrain, Egypt, Israel, Japan, Jordan, Kuwait, Morocco, New Zealand, Pakistan, the Philippines, Thailand, and Republic of Korea. Taiwan shall be treated as though it were designated a major non-NATO ally (as defined in section 644(q) of the Foreign Assistance Act of 1961 (22 U.S.C. 2403(q)). (Department of State Public Notice 5176; 70 F.R. 50968).

(3) In exercising the authorities conferred by this section, the President may require that any defense article or defense service be sold under this Act as a condition of its eligibility for export, and may require that persons engaged in the negotiation for the export of defense articles and services keep the President fully and currently informed of the progress and future prospects of such negotiations.

(b)(1)(A)(i) As prescribed in regulations issued under this section, every person (other than an officer or employee of the United States Government acting in an official capacity) who engages in the business of manufacturing, exporting, or importing any defense articles or defense services designated by the President under subsection (a)(1) shall register with the United States Government agency charged with the administration of this section, and shall pay a registration fee which shall be prescribed by such regulations. Such regulations shall prohibit the return to the United States for sale in the United States (other than for the Armed Forces of the United States and its allies or for any State for local law enforcement agency) of any military firearms or ammunition of United States manufacture furnished to foreign governments by the United States under this Act or any other foreign assistance or sales program of the United States, whether or not enhanced in value or improved in condition in a foreign country. This prohibition shall not extend to similar firearms that have been so substantially transformed as to become, in effect, articles of foreign manufacture.

(ii) (I) As prescribed in regulations issued under this section, every person (other than an officer or employee of the United States Government acting in official capacity) who engages in the business of brokering activities with respect to the manufacture, export, import, or transfer of any defense article or defense service designated by the President under subsection (a)(1), or in the business of brokering activities with respect to the manufacture, export, import, or transfer of any foreign defense article or defense service (as defined in subclause (IV)), shall register with the United States Government agency charged with the administration of this section, and shall pay a registration fee which shall be prescribed by such regulations.

"(2) Decisions on issuing export licenses under this section shall be made in coordination with the director of the United States Arms Control and Disarmament Agency and shall take into account the Director's opinion as to whether the export of an article will contribute to an arms race, support international terrorism, increase the possibility of outbreak or escalation of conflict, or prejudice the development of bilateral or multilateral arms control arrangements."}

(II) Such brokering activities shall include the financing, transportation, freight forwarding, or taking of any other action that facilitates the manufacture, export, or import of a defense article or defense service.

(III) No person may engage in the business of brokering activities described in subclause (I) without a license, issued in accordance with this Act, except that no license shall be required for such activities undertaken by or for an agency of the United States Government—

(aa) for use by an agency of the United States Government; or

(bb) for carrying out any foreign assistance or sales program authorized by law and subject to the control of the President by other means.

(IV) For purposes of this clause, the term “foreign defense article or defense service” includes any non-United States defense article or defense service of a nature described on the United States Munitions List regardless of whether such article or service is of United States origin or whether such article or service contains United States origin components.

(B) A copy of each registration made under this paragraph shall be transmitted to the Secretary of the Treasury for review regarding law enforcement concerns. The Secretary shall report to the President regarding such concerns as necessary.

(B) The prohibition under such regulations required by the second sentence of subparagraph (A) shall not extend to any military firearms (or ammunition, components, parts, accessories, and attachments for such firearms) of United States manufacture furnished to any foreign government by the United States under this Act or any other foreign assistance or sales program of the United States if—

(i) such firearms are among those firearms that the Secretary of the Treasury is, or was at any time, required to authorize the importation of by reason of the provisions of section 925(e) of title 18, United States Code (including the requirement for the listing of such firearms as curios or relics under section 921(a)(13) of that title); and

(ii) such foreign government certifies to the United States Government that such firearms are owned by such foreign government.

(2) Except as otherwise specifically provided in regulations issued under subsection (a)(1), no defense articles or defense services designated by the President under subsection (a)(1) may be exported or imported without a license for such export or import, issued in accordance with this Act and regulations issued under this Act, except that no license shall be required for exports or imports made by or for an agency of the United States Government (A) for official use by a department or agency of the United States Government,
or (B) for carrying out any foreign assistance or sales program authorized by law and subject to the control of the President by other means.

3 219 (A) For each of the fiscal years 1988 and 1989, $250,000 of registration fees collected pursuant to paragraph (1) shall be credited to a Department of State account, to be available without fiscal year limitation. Fees credited to that account shall be available only for the payment of expenses incurred for—

(i) contract personnel to assist in the evaluation of munitions control license applications, reduce processing time for license applications, and improve monitoring of compliance with the terms of licenses; and

(ii) the automation of munitions control functions and the processing of munitions control license applications, including the development, procurement, and utilization of computer equipment and related software.

(B) The authority of this paragraph may be exercised only to such extent or in such amounts as are provided in advance in appropriation Acts.

(c) Any person who willfully violates any provision of this section or section 39, or any rule or regulation issued under either section, or who willfully, in a registration or license application or required report, makes any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein not misleading, shall upon conviction be fined for each violation not more than $1,000,000 or imprisoned not more than ten years, or both.

(d) 221 * * * [Repealed—1979]

(e) In carrying out functions under this section with respect to the export of defense articles and defense services, the President is authorized to exercise the same powers concerning violations and enforcement which are conferred upon departments, agencies and officials by subsections (c), (d), (e), and (g) of section 11 of the Export Administration Act of 1979, and by subsections (a) and (c) of section 12 of such Act, subject to the same terms and conditions as are applicable to such powers under such Act, except that section 11(c)(2)(B) of such Act shall not apply, and instead, as prescribed in regulations issued under this section, the Secretary of

219 Sec. 1255(c) of the Foreign Relations Authorization Act, Fiscal Years 1988 and 1989 (Public Law 100–204; 101 Stat. 1431), added para. (3). The original para. (3), as amended by sec. 21 of Public Law 96–92 (93 Stat. 710) and sec. 107(a) of Public Law 96–533 (94 Stat. 3136), was repealed by sec. 106 of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1522). Para. (3) had stipulated that no license could be issued under this Act for the export of any major defense equipment sold under contract in the amount of $100,000,000 or more (exceptions were provided for NATO members, Australia, Japan, New Zealand, countries participating in co-production arrangements).

220 Sec. 118(a) of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 203) raised the amount of the fine to $1,000,000; added the limitation “for each violation”; and raised the period of imprisonment from two to ten years. Previously the fine was “not more than $100,000”.

221 Subsec. (d), which specified that sec. 38 would apply to and within the Canal Zone, was repealed by sec. 3303(a)(4) of the Panama Canal Act of 1979 (Public Law 96–70; 93 Stat. 499).

222 Sec. 22(a) of Public Law 96–72 (93 Stat. 535) inserted references to various sections of the Export Administration Act of 1979 in lieu of references to secs. 6 and 7 of the Export Administration Act of 1969.
State may assess civil penalties for violations of this Act and regulations prescribed thereunder and further may commence a civil action to recover such civil penalties, and except further that the names of the countries and the types and quantities of defense articles for which licenses are issued under this section shall not be withheld from public disclosure unless the President determines that the release of such information would be contrary to the national interest. Nothing in this subsection shall be construed as authorizing the withholding of information from the Congress. Notwithstanding section 11(c) of the Export Administration Act of 1979, the civil penalty for each violation involving controls imposed on the export of defense articles and defense services under this section may not exceed $500,000.

(f) The President shall periodically review the items on the United States Munitions List to determine what items, if any, no longer warrant export controls under this section. The results of such reviews shall be reported to the Speaker of the House of Representatives and to the Committee on Foreign Relations and the Committee on Banking, Housing, and Urban Affairs of the Senate. The President may not remove any item from the Munitions List until 30 days after the date on which the President has provided notice of the proposed removal to the Committee on International Relations of the House of Representatives and to the Committee on Foreign Relations of the Senate in accordance with the procedures applicable to reprogramming notifications under section 634A(a) of the Foreign Assistance Act of 1961. Such notice shall describe the nature of any controls to be imposed on that item under any other provision of law.

(j) REQUIREMENTS RELATING TO COUNTRY EXEMPTIONS FOR LICENSING OF DEFENSE ITEMS FOR EXPORT TO FOREIGN COUNTRIES.—

(1) REQUIREMENT FOR BILATERAL AGREEMENT.—

(A) IN GENERAL.—The President may utilize the regulatory or other authority pursuant to this Act to exempt a foreign country from the licensing requirements of this Act with respect to exports of defense items only if the United States Government has concluded a binding bilateral agreement with the foreign country. Such agreement shall—

(i) meet the requirements set forth in paragraph (2); and

(ii) be implemented by the United States and the foreign country in a manner that is legally-binding under their domestic laws.

(B) EXCEPTION.—The requirement to conclude a bilateral agreement in accordance with subparagraph (A) shall not apply with respect to an exemption for Canada from the licensing requirements of this Act for the export of defense items.

(2) REQUIREMENTS OF BILATERAL AGREEMENT.—A bilateral agreement referred to paragraph (1)—

(A) shall, at a minimum, require the foreign country, as necessary, to revise its policies and practices, and promulgate or enact necessary modifications to its laws and regulations to establish an export control regime that is at least comparable to United States law, regulation, and policy requiring—

(i) conditions on the handling of all United States-origin defense items exported to the foreign country, including prior written United States Government approval for any reexports to third countries;

cooperation with United States Government law enforcement agencies to allow for sharing of export and import documentation and background information on foreign businesses and individuals employed by or otherwise connected to those businesses; and

(iv) establishment of a list of controlled defense items to ensure coverage of those items to be exported under the exemption; and

(B) should, at a minimum, require the foreign country, as necessary, to revise its policies and practices, and promulgate or enact necessary modifications to its laws and regulations to establish an export control regime that is at least comparable to United States law, regulation, and policy regarding—

(ii) appropriate controls on unclassified information relating to defense items exported to foreign nationals;

(iii) controls on international arms trafficking and brokering;

(3) ADVANCE CERTIFICATION.—Not less than 30 days before authorizing an exemption for a foreign country from the licensing requirements of this Act for the export of defense items, the President shall transmit to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate a certification that—

Sec. 39. (2) commercial sales of defense articles or defense services licensed or approved under section 38 of this Act;

to or for the armed forces of a foreign country or international organization in order to solicit, promote, or otherwise to secure the conclusion of such sales. Such regulations shall specify the amounts and the kinds of payments, offers, and agreements to be reported, and the form and timing of reports, and shall require reports on the names of sales agents and other persons receiving such payments. The Secretary of State shall by regulation require such recordkeeping as he determines is necessary.

(b) The President may, by regulation, prohibit, limit, or prescribe conditions with respect to such contributions, gifts, commissions, and fees as he determines will be in furtherance of the purposes of this Act.

(c) No such contribution, gift, commission, or fee may be included, in whole or in part, in the amount paid under any procurement contract entered into under section 22 or section 29 of this Act, unless the amount thereof is reasonable, allocable to such contract, and not made to a person who has solicited, promoted, or otherwise secured such sale, or has held himself out as being able to do so, through improper influence. For the purposes of this section, “improper influence” means influence, direct or indirect, which induces or attempts to induce consideration or action by any employee or officer of a purchasing foreign government or international organization with respect to such purchase on any basis other than such consideration of merit as are involved in comparable United States procurements.

(d)(1) All information reported to the Secretary of State and all records maintained by any person pursuant to regulations prescribed under this section shall be available, upon request, to any standing committee of the Congress or any subcommittee thereof.

and to any agency of the United States Government authorized by law to have access to the books and records of the person required to submit reports or to maintain records under this section.

(2) Access by an agency of the United States Government to records maintained under this section shall be on the same terms and conditions which govern the access by such agency to the books and records of the person concerned.

(a) No United States supplier of defense articles or services sold or licensed under this Act, nor any employee, agent, or subcontractor thereof, shall, with respect to the sale or export of any such defense article or defense service to a foreign country, make any incentive payments for the purpose of satisfying, in whole or in part, any offset agreement with that country.

(b) Any person who violates the provisions of this section shall be subject to the imposition of civil penalties as provided for in this section.

(c) In the enforcement of this section, the President is authorized to exercise the same powers concerning violations and enforcement and imposition of civil penalties which are conferred upon departments, agencies and officials by subsections (c), (d), (e), and (f) of section 11 of the Export Administration Act of 1979 and section 12(a) of such Act, subject to the same terms and conditions as are applicable to such powers under that Act, except that section 11(c)(2)(B) of such Act shall not apply, and instead, as prescribed in regulations issued under this section, the Secretary of State may assess civil penalties for violations of this Act and regulations prescribed thereunder and further may commence a civil action to recover such civil penalties, and except further that notwithstanding section 11(c) of that Act, the civil penalty for each violation of this section may not exceed $500,000 or five times the amount of the prohibited incentive payment, whichever is greater.

(d) For purposes of this section—

(1) the term “offset agreement” means an agreement, arrangement, or understanding between a United States supplier of defense articles or defense services and a foreign country under which the supplier agrees to purchase or acquire, or to promote the purchase or acquisition by other United States...

(a) Prohibited Transactions by the United States Government.—The following transactions by the United States Government are prohibited:

(1) Exporting or otherwise providing (by sale, lease or loan, grant, or other means), directly or indirectly, any munitions item to a country described in subsection (d) under the authority of this Act, the Foreign Assistance Act of 1961, or any other law (except as provided in subsection (h)). In implementing this paragraph, the United States Government—

(A) shall suspend delivery to such country of any such item pursuant to any such transaction which has not been completed at the time the Secretary of State makes the determination described in subsection (d), and

(persons of, goods or services produced, manufactured, grown, or extracted, in whole or in part, in that foreign country in consideration for the purchase by the foreign country of defense articles or defense services from the supplier;

(2) the term “incentive payments” means direct monetary compensation made by a United States supplier of defense articles or defense services or by any employee, agent or subcontractor thereof to any other United States person to induce or persuade that United States person to purchase or acquire goods or services produced, manufactured, grown, or extracted, in whole or in part, in the foreign country which is purchasing those defense articles or services from the United States supplier; and

(3) the term “United States person” means—

(A) an individual who is a national or permanent resident alien of the United States; and

242 Sec. 1246(b) of the Defense Offsets Disclosure Act of 1999 (title XII, subtitle D of the Admiral James W. Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106–113; 113 Stat. 1536) inserted “or by an entity described in clause (i)” after “paragraph (A)”.

243 22 U.S.C. 2780. See also 22 CFR Part 120–130. Sec. 509(a) of Public Law 99–399 (100 Stat. 874) added sec. 40. It was amended and restated by the Anti-Terrorism and Arms Export Amendments Act of 1989 (Public Law 101–222; 103 Stat. 1892). It previously read as follows:

(a) Prohibition.—Except as provided in subsection (b), items on the United States Munitions List may not be exported to any country which the Secretary of State has determined, for purposes of section 6(j)(1)A of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(1)A), has repeatedly provided support for acts of international terrorism.

(b) Waiver.—The President may waive the prohibition contained in subsection (a) in the case of a particular export if the President determines that the export is important to the national interests of the United States and submits to the Congress a report justifying that determination and describing the proposed export. Any such waiver shall expire at the end of 90 days after it is granted unless the Congress enacts a law extending the waiver.”.
(B) shall terminate any lease or loan to such country of any such item which is in effect at the time the Secretary of State makes that determination.

(2) Providing credits, guarantees, or other financial assistance under the authority of this Act, the Foreign Assistance Act of 1961, or any other law (except as provided in subsection (h)), with respect to the acquisition of any munitions item by a country described in subsection (d). In implementing this paragraph, the United States Government shall suspend expenditures pursuant to any such assistance obligated before the Secretary of State makes the determination described in subsection (d). The President may authorize expenditures otherwise required to be suspended pursuant to the preceding sentence if the President has determined, and reported to the Congress, that suspension of those expenditures causes undue financial hardship to a supplier, shipper, or similar person and allowing the expenditure will not result in any munitions item being made available for use by such country.

(3) Consenting under section 3(a) of this Act, under section 505(a) of the Foreign Assistance Act of 1961, under the regulations issued to carry out section 38 of this Act, or under any other law (except as provided in subsection (h)), to any transfer of any munitions item to a country described in subsection (d). In implementing this paragraph, the United States Government shall withdraw any such consent, which is in effect at the time the Secretary of State makes the determination described in subsection (d), except that this sentence does not apply with respect to any item that has already been transferred to such country.

(4) Providing any license or other approval under section 38 of this Act for any export or other transfer (including by means of a technical assistance agreement, manufacturing licensing agreement, or coproduction agreement) of any munitions item to a country described in subsection (d). In implementing this paragraph, the United States Government shall suspend any such license or other approval which is in effect at the time the Secretary of State makes the determination described in subsection (d), except that this sentence does not apply with respect to any item that has already been exported or otherwise transferred to such country.

(5) Otherwise facilitating the acquisition of any munitions item by a country described in subsection (d). This paragraph applies with respect to activities undertaken—

(A) by any department, agency, or other instrumentality of the Government,

(B) by any officer or employee of the Government (including members of the United States Armed Forces), or

(C) by any other person at the request or on behalf of the Government.

The Secretary of State may waive the requirements of the second sentence of paragraph (1), the second sentence of paragraph (3), and the second sentence of paragraph (4) to the extent that the Secretary determines, after consultation with the Congress, that
unusual and compelling circumstances require that the United States Government not take the actions specified in that sentence.

(b) **Prohibited Transactions by United States Persons.**—

(1) **In General.**—A United States person may not take any of the following actions:

(A) Exporting any munitions item to any country described in subsection (d).

(B) Selling, leasing, loaning, granting, or otherwise providing any munitions item to any country described in subsection (d).

(C) Selling, leasing, loaning, granting, or otherwise providing any munitions item to any recipient which is not the government of or a person in a country described in subsection (d) if the United States person has reason to know that the munitions item will be made available to any country described in subsection (d).

(D) Taking any other action which would facilitate the acquisition, directly or indirectly, of any munitions item by the government of any country described in subsection (d), or any person acting on behalf of that government, if the United States person has reason to know that that action will facilitate the acquisition of that item by such a government or person.

(2) **Liability for Actions of Foreign Subsidiaries, Etc.**—

A United States person violates this subsection if a corporation or other person that is controlled in fact by that United States person (as determined under regulations, which the President shall issue), takes an action described in paragraph (1) outside the United States.

(3) **Applicability to Actions Outside the United States.**—

Paragraph (1) applies with respect to actions described in that paragraph which are taken either within or outside the United States by a United States person described in subsection (l)(3)(A) or (B). To the extent provided in regulations issued under subsection (l)(3)(D), paragraph (1) applies with respect to actions described in that paragraph which are taken outside the United States by a person designated as a United States person in those regulations.

(c) **Transfers to Governments and Persons Covered.**—This section applies with respect to—

(1) the acquisition of munitions items by the government of a country described in subsection (d); and

(2) the acquisition of munitions items by any individual, group, or other person within a country described in subsection (d), except to the extent that subparagraph (D) of subsection (b)(1) provides otherwise.

(d) **Countries Covered by Prohibition.**—The prohibitions contained in this section apply with respect to a country if the Secretary of State determines that the government of that country has

repeatedly provided support for acts of international terrorism. For purposes of this subsection, such acts shall include all activities that the Secretary determines willfully aid or abet the international proliferation of nuclear explosive devices to individuals or groups,245 willfully aid or abet an individual or groups in acquiring unsafeguarded special nuclear material, or willingly aid or abet the efforts of an individual or group to use, develop, produce, stockpile, or otherwise acquire chemical, biological, or radiological weapons.246

(e) Publication of Determinations.—Each determination of the Secretary of State under subsection (d) shall be published in the Federal Register.

(f) Rescission.—(1)247 A determination made by the Secretary of State under subsection (d) may not be rescinded unless the President submits to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate—

"prohibition on assistance to foreign governments that export lethal military equipment to countries supporting international terrorism"

"Sec. 542. (a) None of the funds appropriated or otherwise made available by this Act may be available to any foreign government which provides lethal military equipment to a country the government of which the Secretary of State has determined is a terrorist government for purposes of section 6(j) of the Export Administration Act of 1979. The prohibition under this section with respect to a foreign government shall terminate 12 months after that government ceases to provide such military equipment. This section applies with respect to lethal military equipment provided under a contract entered into after October 1, 1997.

(b) Assistance restricted by subsection (a) or any other similar provision of law, may be furnished if the President determines that furnishing such assistance is important to the national interests of the United States.

(c) Whenever the waiver authority of subsection (b) is exercised, the President shall submit to the appropriate congressional committees a report with respect to the furnishing of such assistance. Any such report shall include a detailed explanation of the assistance to be provided, including the estimated dollar amount of such assistance, and an explanation of how the assistance furthers United States national interests."

In prior years, this section referred to sec. 40(d) of the Arms Export Control Act where it currently cites sec. 6(j) of the Export Administration Act of 1979. Governments of countries designated as supporters of acts of international terrorism under sec. 6(j) of the Export Administration Act of 1979 include: Cuba, Iran, Libya, North Korea, Sudan, and Syria.

On October 7, 2004, the Secretary of State issued Department of State Public Notice 4863 (69 F.R. 61702), in which he rescinded "the Determination of September 13, 1990 (Public Notice 1264) that Iraq is a country which has repeatedly provided support for acts of international terrorism. This action is a further step to cement the partnership of the United States and Iraq in combating acts of international terrorism, and is an act of symbolic importance to the new Iraqi government. This rescission is appropriate although nearly all the restrictions applicable to countries that have supported terrorism, including the application of 22 U.S.C. 1605(a)(7), were made inapplicable with respect to Iraq permanently in Presidential Directive [sic] No. 2003–23 of May 7, 2003, pursuant to sec. 1503 of Pub. L. 108–11, and as amended, and section 40(X)(1A) of the Arms Export Control Act, Pub. L. 90–629, as amended."

On September 24, 2004, the President issued a similar statement in Presidential Determination No. 2004–52 (69 F.R. 58793).

245 Sec. 1204(1) of the Security Assistance Act of 2002 (division B of the Foreign Relations Authorization Act, Fiscal Year 2003; Public Law 107–228; 116 Stat. 1427) struck out "groups or" and inserted in lieu thereof "groups."

(B) at least 45 days before the proposed rescission would take effect, a report justifying the rescission and certifying that—

(i) the government concerned has not provided any support for international terrorism during the preceding 6-month period; and  
(ii) the government concerned has provided assurances that it will not support acts of international terrorism in the future.

(2) No rescission under paragraph (1)(B) of a determination under subsection (d) may be made if the Congress, within 45 days after receipt of a report under paragraph (1)(B), enacts a joint resolution the matter after the resolving clause of which is as follows: ‘‘That the proposed rescission of the determination under section 40(d) of the Arms Export Control Act pursuant to the report submitted to the Congress on ______ is hereby prohibited.’’, the blank to be completed with the appropriate date.

(A) No rescission under paragraph (1)(B) of a determination under subsection (d) may be made if the Congress, within 45 days after receipt of a report under paragraph (1)(B), enacts a joint resolution the matter after the resolving clause of which is as follows: ‘‘That the proposed rescission of the determination under section 40(d) of the Arms Export Control Act pursuant to the report submitted to the Congress on ______ is hereby prohibited.’’, the blank to be completed with the appropriate date.

(B) A joint resolution described in subparagraph (A) and introduced within the appropriate 45-day period shall be considered in the Senate and the House of Representatives in accordance with paragraphs (3) through (7) of section 8066(c) of the Department of Defense Appropriations Act (as contained in Public Law 98–473).

SEC. 40A. TRANSACTIONS WITH COUNTRIES NOT FULLY CO-OPERATING WITH UNITED STATES ANTITERRORISM EFFORTS.—

(a) PROHIBITED TRANSACTIONS.—No defense article or defense service may be sold or licensed for export under this Act in a fiscal year to a foreign country that the President determines and certifies to Congress, by May 15 of the calendar year in which that fiscal year begins, is not cooperating fully with United States antiterrorism efforts.

On May 13, 2005, the Secretary of State determined and certified, as is done annually, “that the following countries are not cooperating fully with United States antiterrorism efforts: Cuba; Iran; Libya; North Korea; Syria. I hereby notify that the decision to retain Libya on the list of countries not fully cooperating with U.S. antiterrorism efforts comes in the context of an ongoing and comprehensive review of Libya’s record of support for terrorism. Although this process is not complete, Libya has taken significant steps to repudiate its past support for terrorism. When our review of Libya’s overall record is complete, we will be pleased to consult with the Congress further.” (Department of State Public Notice No. 5085; 70 F.R. 28979; May 19, 2005).

The first list promulgated under this section, in 1997, also included Afghanistan, Iraq, and Sudan. Afghanistan was removed from the list in 2002. Iraq was removed from the list in 2003. Sudan was removed from the list in 2004.

On September 28, 2005, the President issued two determinations relating to the application of this section and sec. 40(g) of this Act and Libya.

In Presidential Determination No. 2005–39 (70 F.R. 60399; October 17, 2005), the President “—determine[d] that the transaction, encompassing sales or licensing for export of defense articles or defense services necessary to assist in chemical weapon (CW) destruction in Libya, is essential to the national security interests of the United States and important to the national interests of the United States; —waive[d] the prohibitions in sections 40 and 40A of the AECA related to such transactions; and —assign[ed] to you the functions under AECA section 40(g)(2) to consult with and submit reports to the Congress for proposed specific exports or transfers, 15 days prior to permitting them to proceed, that are necessary for and within the scope of this waiver determination and the transaction referred to herein.”

In Presidential Determination No. 2005–40 (70 F.R. 60401; October 17, 2005), the President “—determine[d] that the transaction, encompassing sales or licensing for export of defense articles or defense services and brokering activities necessary to assist in the disposition, including any required refurbishment, of Libyan-owned C–130H aircraft, is essential to the national security interests of the United States and important to the national interests of the United States; —waive[d] the prohibitions in sections 40 and 40A of the AECA related to such transactions; and —assign[ed] to you the functions under AECA section 40(g)(2) to consult with and submit reports to the Congress for proposed specific exports or transfers, 15 days prior to permitting them to proceed, that are necessary for and within the scope of this waiver determination and the transaction referred to herein.”
(b) Waiver.—The President may waive the prohibition set forth in subsection (a) with respect to a specific transaction if the President determines that the transaction is important to the national interests of the United States.

Chapter 3A—End-Use Monitoring of Defense Articles and Defense Services

SEC. 40A. End-Use Monitoring of Defense Articles and Defense Services.

(a) Establishment of Monitoring Program.—
(1) In General.—In order to improve accountability with respect to defense articles and defense services sold, leased, or exported under this Act or the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.), the President shall establish a program which provides for the end-use monitoring of such articles and services.

(2) Requirements of Program.—To the extent practicable, such program—
   (A) shall provide for the end-use monitoring of defense articles and defense services in accordance with the standards that apply for identifying high-risk exports for regular end-use verification developed under section 38(g)(7) of this Act (commonly referred to as the “Blue Lantern” program); and
   (B) shall be designed to provide reasonable assurance that—
      (i) the recipient is complying with the requirements imposed by the United States Government with respect to use, transfers, and security of defense articles and defense services; and
      (ii) such articles and services are being used for the purposes for which they are provided.

(b) Conduct of Program.—In carrying out the program established under subsection (a), the President shall ensure that the program—
   (1) provides for the end-use verification of defense articles and defense services that incorporate sensitive technology, defense articles and defense services that are particularly vulnerable to diversion or other misuse, or defense articles or defense services whose diversion or other misuse could have significant consequences; and
   (2) prevents the diversion (through reverse engineering or other means) of technology incorporated in defense articles.

(c) Report to Congress.—Not later than 6 months after the date of the enactment of this section, and annually thereafter as a part of the annual congressional presentation documents submitted under section 634 of the Foreign Assistance Act of 1961, the...

In evaluating any sale proposed to be made pursuant to this Act, there shall be taken into consideration (A) the extent to which the proposed sale damages or infringes upon licensing arrangements whereby United States entities have granted licenses for the manufacture of the defense articles selected by the purchasing country to entities located in friendly foreign countries, which licenses result in financial returns to the United States (B) the portion of the defense articles so manufactured which is of United States origin, and (C) whether, and the extent to which, such sale might contribute to an arms race, aid in the development of weapons of international tension, or otherwise prejudice the national security of the United States.

261 Sec. 1225(a)(3) of the Foreign Affairs Agencies Consolidation Act of 1998 (division G, subdivision A of Public Law 105–277; 112 Stat. 2681) struck out “the assessment of the Director of the United States Arms Control and Disarmament Agency as to” in para. (1)(c); struck out para. designation “(1)” after subsec. designation “(a)”; and struck out para. (2). Para. (2) had read as follows:

“(2) Any proposed sale made pursuant to this Act shall be approved only after consultation with the Director of the United States Arms Control and Disarmament Agency. 262 Sec. 401(f)(1) of the FA Act of 1971 (Public Law 92–226) struck out “but consideration shall also be given” and inserted in lieu thereof “but, subject to the provisions of subsection (b) of this section, consideration shall also be given.”

(c) Funds made available under this Act may be used for procurement outside the United States only if the President determines that such procurement will not result in adverse effects upon the economy of the United States or the industrial mobilization base, with special reference to any areas of labor surplus or to the net position of the United States in its balance of payments with the rest of the world, which outweigh the economic or other advantages to the United States of less costly procurement outside the United States.

United States at any time under unusual or compelling circumstances if the national interest so requires.

(2)(A) Each export license issued under section 38 of this Act shall provide that such license may be revoked, suspended, or amended by the Secretary of State, without prior notice, whenever the Secretary deems such action to be advisable.

(B) Nothing in this paragraph may be construed as limiting the regulatory authority of the President under this Act.

(3) There are authorized to be appropriated from time to time such sums as may be necessary (A) to refund moneys received from purchasers under contracts of sale entered into under sections 21, 22, 29, and 30 of this Act, or under contracts entered into under sec. 27(d) of this Act, that are canceled or suspended under this subsection to the extent such moneys have previously been disbursed to private contractors and United States Government agencies for work in progress, and (B) to pay such damages and costs that accrue from the corresponding cancellation or suspension of the existing procurement contracts or United States Government agency work orders involved.

(f) The President shall, to the maximum extent possible and consistent with the purposes of this Act, use civilian contract personnel in any foreign country to perform defense services sold under this Act.

Sec. 43. Administrative Expenses.—(a) Funds made available under other law for the operations of United States Government agencies carrying out functions under this Act shall be available for the administrative expenses incurred by such agencies under this Act.

(b) Charges for administrative services calculated under section 21(e)(1)(A) of this Act shall include recovery of administrative expenses and official reception and representation expenses incurred by any department or agency of the United States Government, including any mission or group thereof, in carrying out functions under this Act when—

(2) such expenses are not directly and fully charged to, and reimbursed from amounts received for, sale of defense services under section 21(a) of this Act; and

Act may be used each fiscal year for official reception and representation expenses.

(c) References in law to the provisions of law repealed by subsection (a) of this section shall hereafter be deemed to be references to this Act or appropriate provisions of this Act. Except for the laws specified in section 44, no other provision of law shall be deemed to apply to this Act unless it refers specifically to this Act or refers generally to sales of defense articles and defense services under any Act.

Sec. 46. Sec. 47. Definitions.—For purposes of this Act, the term—

Acquisition under this chapter of items for which the initial issue quantity requirements for United States Armed Forces have not been fulfilled and are not under current procurement contract shall be emphasized when compatible with security assistance requirements for the transfer of such items.

(2) Nothing in this chapter may be construed to limit or impair any responsibilities conferred upon the Secretary of State or the Secretary of Defense under this Act or the Foreign Assistance Act of 1961.

(b) The President may authorize the temporary use by the United States Armed Forces of defense articles and defense services acquired under this chapter prior to their transfer to a foreign country or international organization, if such is necessary to meet national defense requirements and the United States Armed Forces bear the costs of operation and maintenance of such articles or services while in their use and the costs of restoration or replacement upon the termination of such use.

(c) Except as provided in subsection (b) of this section, the Fund may be used to pay for storage, maintenance, and other costs related to the preservation and preparation for transfer of defense articles and defense services acquired under this chapter prior to their transfer, as well as the administrative costs of the Department of Defense incurred in the acquisition of such items to the extent not reimbursed pursuant to section 43(b) of this Act.

294 Formerly at 22 U.S.C. 2795b. Sec. 145(a) of Public Law 104–164 (110 Stat. 1434) repealed sec. 53, which had required the President to file an annual comprehensive report on acquisitions of defense articles and defense services under this chapter.
Chapter 6—LEASES OF DEFENSE ARTICLES AND LOAN AUTHORITY FOR COOPERATIVE RESEARCH AND DEVELOPMENT PURPOSES

Sec. 61. Leasing Authority.—(a) The President may lease defense articles in the stocks of the Department of Defense to an eligible foreign country or international organization if—

(1) he determines that there are compelling foreign policy and national security reasons for providing such articles on a lease basis rather than on a sales basis under this Act;

(2) he determines that the articles are not for the time needed for public use; 297

(3) the President first considers the effects of the lease of the articles on the national technology and industrial base, particularly the extent, if any, to which the lease reduces the opportunities of entities in the national technology and industrial base to sell new equipment to the country or countries to which the articles are leased; and

(4) the country or international organization has agreed to pay in United States dollars all costs incurred by the United States Government in leasing such articles, including reimbursement for depreciation of such articles while leased, the costs of restoration or replacement if the articles are damaged while leased, and, if the articles are lost or destroyed while leased—

(A) in the event the United States intends to replace the articles lost or destroyed, the replacement cost (less any depreciation in the value) of the articles; or

(B) in the event the United States does not intend to replace the articles lost or destroyed, an amount not less than the actual value (less any depreciation in the value) specified in the lease agreement.

The requirement of paragraph (4) shall not apply to leases entered into for purposes of cooperative research or development, military exercises, or communications or electronics interface projects. 297 The President may waive the requirement of paragraph (4) reimbursement of depreciation for any defense article which has passed three-quarters of its normal service life if the President determines that to do so is important to the national security interest of the United States. 300
The President may waive the requirement of paragraph (4) with respect to a lease which is made in exchange with the lessee for a lease on substantially reciprocal terms of defense articles for the Department of Defense, except that this waiver authority—
(A) may be exercised only if the President submits to the Committee on Foreign Affairs and the Committee on Appropriations of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate, in accordance with the regular notification procedures of those Committees, a detailed notification for each lease with respect to which the authority is exercised; and
(B) may be exercised only during the current fiscal year and only with respect to one country, unless the Congress hereafter provides otherwise.

The preceding sentence does not constitute authorization of appropriations for payments by the United States for leased articles.

(b)(1) Each lease agreement under this section shall be for a fixed duration which may not exceed (A) five years, and (B) a specified period of time required to complete major refurbishment work of the leased articles to be performed prior to the delivery of the leased articles, of not to exceed five years and shall provide that, at any time during the duration of the lease, the President may terminate the lease and require the immediate return of the leased articles.

(2) In this subsection, the term “major refurbishment work” means work for which the period of performance is 6 months or more.

(c) Defense articles in the stocks of the Department of Defense may be leased or loaned to a foreign country or international organization only under the authority of this chapter or chapter 2 of part II of the Foreign Assistance Act of 1961, and may not be...
leased to a foreign country or international organization under the authority of section 2667 of title 10, United States Code.

**Sec. 62.**

**Reports to the Congress.**—(a) Before entering into or renewing any agreement with a foreign country or international organization to lease any defense article under this chapter, or to loan any defense article under chapter 2 of part II of the Foreign Assistance Act of 1961, for a period of one year or longer, the President shall transmit to the Speaker of the House of Representatives, and to the chairman of the Committee on Foreign Relations of the Senate and the chairman of the Committee on Armed Services of the Senate, a written certification which specifies—

1. the country or international organization to which the defense article is to be leased or loaned;
2. the type, quantity, and value (in terms of replacement cost) of the defense article to be leased or loaned;
3. the terms and duration of the lease or loan; and
4. a justification for the lease or loan, including an explanation of why the defense article is being leased or loaned rather than sold under this Act.

(b) The President may waive the requirements of this section (and in the case of an agreement described in section 63, may waive the provisions of that section) if he states in his certification, that an emergency exists which requires that the lease or loan be entered into immediately in the national security interests of the United States. If the President states in his certification that such an emergency exists, he shall set forth in the certification a detailed justification for his determination, including a description of the emergency circumstances which necessitate that the lease be entered into immediately and a discussion of the national security interests involved.

(c) The certification required by subsection (a) shall be transmitted—

1. not less than 15 calendar days before the agreement is entered into or renewed in the case of an agreement with the North Atlantic Treaty Organization, any member country of that Organization or Australia, Japan, or New Zealand; and
2. not less than 30 calendar days before the agreement is entered into or renewed in the case of an agreement with any other organization or country.
Sec. 63. Legislative Review.—(a) Subject to paragraph (2), in the case of any agreement involving the lease under this chapter, or the loan under chapter 2 of part II of the Foreign Assistance Act of 1961, to any foreign country or international organization for a period of one year or longer of any defense articles which are either (i) major defense equipment valued (in terms of its replacement cost less any depreciation in its value) at $14,000,000 or more, or (ii) defense articles valued (in terms of their replacement cost less any depreciation in their value) at $50,000,000 or more, the agreement may not be entered into or renewed if the Congress, within the 15-day or 30-day period specified in section 62(c) (1) or (2), as the case may be, enacts a joint resolution prohibiting the proposed lease or loan.

(2) In the case of an agreement described in paragraph (1) that is entered into with a member country of the North Atlantic Treaty Organization (NATO) or Australia, Japan, or New Zealand, the limitations in paragraph (1) shall apply only if the agreement involves a lease or loan of—

(A) major defense equipment valued (in terms of its replacement cost less any depreciation in its value) at $25,000,000 or more; or

(B) defense articles valued (in terms of their replacement cost less any depreciation in their value) at $100,000,000 or more.

(b) Any joint resolution under subsection (a) shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

(c) For the purpose of expediting the consideration and enactment of joint resolutions under subsection (a), a motion to proceed to the consideration of any such resolution after it has been reported by the appropriate committee shall be treated as highly privileged in the House of Representatives.

Sec. 64. Application of Other Provisions of Law.—Any reference to sales of defense articles under this Act in any provision of law restricting the countries or organizations to which such sales may be made shall be deemed to include a reference to leases of defense articles under this chapter.

The Secretary may accept as a loan or a gift from a country that is a NATO or major non-NATO ally materials, supplies, or equipment for such purpose.

(2) Each loan or gift transaction entered into by the Secretary under this section shall be provided for under the terms of a written agreement between the Secretary and the country concerned.

(3) A program of testing or evaluation for which the Secretary may loan materials, supplies, or equipment under this section includes a program of testing or evaluation conducted solely for the purpose of standardization, interchangeability, or technical evaluation if the country to which the materials, supplies, or equipment are loaned agrees to provide the results of the testing or evaluation to the United States without charge.

(b) The materials, supplies, or equipment loaned to a country under this section may be expended or otherwise consumed in connection with any testing or evaluation program without a requirement for reimbursement of the United States if the Secretary—

(1) determines that the success of the research, development, test, or evaluation depends upon expending or otherwise consuming the materials, supplies, or equipment loaned to the country; and

(2) approves of the expenditure or consumption of such materials, supplies, or equipment.

(c) The Secretary of Defense may not loan to a country under this section any material if the material is a strategic and critical material and if, at the time the loan is to be made, the quantity of the material in the National Defense Stockpile (provided for under section 3 of the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98b)) is less than the quantity of such material to be stockpiled, as determined by the President under section 3(a) of such Act.

(A) exports, transfers, or otherwise engages in the trade of any MTCR equipment or technology that contributes to the acquisition design, development, or production of missiles in a country that is not an MTCR adherent and would be, if it were United States-origin equipment or technology, subject to the jurisdiction of the United States under this Act,

(C) facilitates such export, transfer, or trade by any other person

On May 19, 2003, the State Department determined that entities in Moldova had engaged in missile technology proliferation activities in violation of this section (Department of State Public Notice 4374; 68 F.R. 31740).

On August 29, 2003, the State Department determined “that it was essential to the national security of the United States to waive for a period of one year the import sanctions described in section 73(a)(2)(C) of the Arms Export Control Act * * * against the activities of the Chinese Government * * * i.e., activities of the Chinese government relating to the development or production of any missile equipment or technology and activities of the Chinese government affecting the development or production of electronics, space systems or equipment, and military aircraft” (Department of State Public Notice 4493; 68 F.R. 54930). The entity cited in that Public Notice was China North Industries Corporation. On September 13, 2004, the State Department extended the waiver for six months on March 18, 2005 (Department of State Public Notice 5032; 70 F.R. 14491), and another six months on September 21, 2005 (Department of State Public Notice 5194; 70 F.R. 56205).

(C) If, in addition to actions taken under subparagraphs (A) and (B), the President determines that the export, transfer, or trade has substantially contributed to the design, development, or production of missiles in a country that is not an MTCR adherent, then the President shall prohibit, for a period of not less than 2 years, the importation into the United States of products produced by that foreign person.
(b) INAPPLICABILITY WITH RESPECT TO MTCR ADHERENTS.—

(1) for any judicial or other enforcement action taken by the MTCR adherent, such action has—

(d) ADVISORY OPINIONS.—The Secretary of State, in consultation with the Secretary of Defense and the Secretary of Commerce, may, upon the request of any person, issue an advisory opinion to that person as to whether a proposed activity by that person would subject that person to sanctions under this section. Any person who relies in good faith on such an advisory opinion which states that the proposed activity would not subject a person to such sanctions, and any person who thereafter engages in such activity, may not be made subject to such sanctions on account of such activity.

(e) WAIVER AND REPORT TO CONGRESS.—(1) In any case other than one in which an advisory opinion has been issued under subsection (d) stating that a proposed activity would not subject a person to sanctions under this section, the President may waive the application of subsection (a) to a foreign person if the President determines that such waiver is essential to the national security of the United States.

342 The House Committee on National Security reverted back to its former name, Committee on Armed Services, in the 106th Congress. No legislation, however, was enacted to universally amend reference to that committee in Public Law. Sec. 1067 of the National Defense Authorization Act for Fiscal Year 2000 (Public Law 106–65; 113 Stat. 774) did make such a change in specific pieces of legislation and 10 U.S.C.

(g) ADDITIONAL WAIVER.—The President may waive the imposition of sanctions under paragraph (1) on a person with respect to a product or service if the President certifies to the Congress that—

CHAPTER 10—NUCLEAR NONPROLIFERATION CONTROLS

SEC. 101. NUCLEAR ENRICHMENT TRANSFERS.

(a) Prohibitions; Safeguards and Management.—Except as provided in subsection (b) of this section, no funds made available to carry out the Foreign Assistance Act of 1961 or this Act may be used for the purpose of providing economic assistance (including assistance under chapter 4 of part II of the Foreign Assistance Act of 1961), providing military assistance or grant military education and training, providing assistance under chapter 6 of part II of that Act, or extending military credits or making guarantees, to any country which the President determines delivers nuclear enrichment equipment, materials, or technology to any other country on or after August 4, 1977, or receives such equipment, materials, or technology from any other country on or after August 4, 1977, unless before such delivery—

(1) the supplying country and receiving country have reached agreement to place all such equipment, materials, or technology, upon delivery, under multilateral auspices and management when available; and

364 Sec. 402(2)(A) of the FRIENDSHIP Act (Public Law 103–199; 107 Stat. 2317) struck out “Warsaw Pact country” and inserted in lieu thereof “country of the Eastern Group of States Parties”.
365 Sec. 402(2)(B) of the FRIENDSHIP Act (Public Law 103–199; 107 Stat. 2317) inserted “or a successor state to such a country”.

368 On September 10, 2004, the President determined:

On September 10, 2004, the President determined:

(a) the term “country of the Eastern Group of States Parties” means a country that is listed in paragraph 1(A) of article II of the CFE Treaty within the group of States Parties that signed the Treaty of Warsaw of 1955 or a successor state to such a country.

369 The term “country of the Eastern Group of States Parties” means a country that is listed in paragraph 1(A) of article II of the CFE Treaty within the group of States Parties that signed the Treaty of Warsaw of 1955 or a successor state to such a country.

370 Pursuant to section 102(b) of the Arms Export Control Act, I hereby determine that Libya, a non-nuclear weapon state, sought and received design information that I determine to be important to, and intended by Libya for use in, the development or manufacture of a nuclear explosive device. I hereby determine and certify that the application of sanctions, as required by this section, would have a serious adverse effect on vital United States interests.

371 Pursuant to section 2(b)(4) of the Export-Import Bank Act of 1945, as amended, I hereby determine and certify that it is in the national interest for the Export-Import Bank to guarantee, insure, or extend credit, or participate in the extension of credit in support of United States exports to Libya.

(a) Prohibitions on Assistance to Countries Involved in Transfer of Nuclear Reprocessing Equipment, Materials, or Technology; Exceptions; Procedures Applicable.—(1) Except as provided in paragraph (2) of this subsection, no funds made available to carry out the Foreign Assistance Act of 1961 or this Act may be used for the purpose of providing economic assistance (including assistance under chapter 4 of part II of the Foreign Assistance Act of 1961), providing military assistance or grant military education and training, providing assistance under chapter 6

of part II of that Act, or extending military credits or making guarantees, to any country which the President determines—

(A) delivers nuclear reprocessing equipment, materials, or technology to any other country on or after August 4, 1977, or receives such equipment, materials, or technology from any other country on or after August 4, 1977 (except for the transfer of reprocessing technology associated with the investigation, under international evaluation programs in which the United States participates, of technologies which are alternatives to pure plutonium reprocessing), or

(B) is a non-nuclear-weapon state which, on or after August 8, 1985, exports illegally (or attempts to export illegally) from the United States any material, equipment, or technology which would contribute significantly to the ability of such country to manufacture a nuclear explosive device, if the President determines that the material, equipment, or technology was to be used by such country in the manufacture of a nuclear explosive device.

For purposes of clause (B), an export (or attempted export) by a person who is an agent of, or is otherwise acting on behalf of or in the interests of, a country shall be considered to be an export (or attempted export) by that country.

(2) Notwithstanding paragraph (1) of this subsection, the President in any fiscal year may furnish assistance which would otherwise be prohibited under that paragraph if he determines and certifies in writing during that fiscal year to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate that the termination of such assistance would be seriously prejudicial to the achievement of United States nonproliferation objectives or otherwise jeopardize the common defense and security. The President shall transmit with such certification a statement setting forth the specific reasons therefor.

(3)(A) A certification under paragraph (2) of this subsection shall take effect on the date on which the certification is received by the Congress. However, if, within 30 calendar days after receiving this certification, the Congress enacts a joint resolution stating in substance that the Congress disapproves the furnishing of assistance pursuant to the certification, then upon the enactment of that resolution the certification shall cease to be effective and all deliveries of assistance furnished under the authority of that certification shall be suspended immediately.

(B) Any joint resolution under this paragraph shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

(b) Prohibitions on Assistance to Countries Involved in Transfer or Use of Nuclear Explosive Devices; Exceptions; Procedures Applicable.—(1) Except as provided in paragraphs (4), (5), and (6), in the event that the President determines—

370 The President delegated the functions authorized in sec. 101(a)(2) to the Secretary of State in sec. 1a(iii) of Executive Order 13346 of July 8, 2004 (69 F.R. 41905).

371 On September 10, 2004, the President determined:

* * * that Libya received nuclear enrichment equipment, material, or technology after August 4, 1977. I hereby determine and certify that the continued termination of assistance,
as required by this section, would have a serious adverse effect on vital United States interests and that I have received reliable assurances that Libya will not acquire or develop nuclear weapons or assist other nations in doing so.

“Pursuant to section 102(b) of the Arms Export Control Act, I hereby determine that Libya, a non-nuclear weapon state, detonated a nuclear explosive device on May 28, 1998. The relevant agencies and instrumentalities of the United States Government are hereby directed to take the necessary actions to impose the sanctions described in section 102(b)(2) * * *” (Presidential Determination 98–25 of May 30, 1998; 63 F.R. 31881). In support of that determination, the Department of State issued Public Notice 2835 (63 F.R. 33122; May 30, 1998), to revoke all “licenses and other approvals to export or otherwise transfer defense articles and defense services from the United States to Libya, or temporarily import defense articles from Libya pursuant to Section 38 of the Arms Export Control Act * * *”.

On May 30, 1998, the President determined “that Pakistan, a non-nuclear-weapon state, detonated a nuclear explosive device on May 28, 1998. The relevant agencies and instrumentalities of the United States Government are hereby directed to take the necessary actions to impose the sanctions described in section 102(b)(2) * * *” (Presidential Determination 98–25 of May 30, 1998; 63 F.R. 31881). In support of that determination, the Department of State issued Public Notice 2835 (63 F.R. 33122; May 30, 1998), to revoke all “licenses and other approvals to export or otherwise transfer defense articles and defense services from the United States to Pakistan, or temporarily import defense articles from Pakistan pursuant to Section 38 of the Arms Export Control Act * * *”.

The India-Pakistan Relief Act, enacted as title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999 (division A, sec. 101(a) of Public Law 105–277; 112 Stat. 2681), however, authorized the President to waive the application of sanctions against India and Pakistan for one year. The President issued such a determination as referred to in sec. 902 of the India-Pakistan Relief Act on December 1, 1998, that provided: “I hereby waive until October 21, 1999, the sanctions and prohibitions contained in section 101 and 102 of the Arms Export Control Act, section 620E(e) of the Foreign Assistance Act of 1961, and section 2(b)(4) of the Export-Import Bank Act of 1945, insofar as such sanctions and prohibitions would otherwise apply to activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency with respect to Pakistan and India; assistance to Pakistan and India under the ‘International Military Education and Training’ program; the making of any loan or financial or technical assistance to Pakistan by any international financial institution in support of the assistance program which Pakistan is negotiating with the International Monetary Fund.” (Presidential Determination No. 99–7; Weekly Compilation of Presidential Documents, vol. 34, no. 49, December 7, 1998, p. 2402).

The President extended the waiver on September 30, 1999 (Presidential Determination No. 99–44; 64 F.R. 54503).

In 1999, the President exercised authority pursuant to the India-Pakistan Relief Act of 1998 in Presidential Determination No. 99–38 of September 21, 1999 (64 F.R. 53573); Presidential Determination No. 99–44 of September 30, 1999 (64 F.R. 54503); and Presidential Determination No. 2000–4 of October 27, 1999 (64 F.R. 60649).
India or Pakistan, if that country detonates a nuclear explosive device after the date of the enactment of this Act or otherwise takes such action which would cause the President to report pursuant to section 102(b)(1) of the Arms Export Control Act.

"(d) TARGETED SANCTIONS.—

"(1) SENSE OF THE CONGRESS.—

"(A) it is the sense of the Congress that the broad application of export controls to nearly 300 Indian and Pakistani entities is inconsistent with the specific national security interests of the United States and that this control list requires refinement; and

"(B) export controls should be applied only to those Indian and Pakistani entities that make direct and material contributions to weapons of mass destruction and missile programs and only to those items that can contribute to such programs.

"(2) REPORTING REQUIREMENT.—Not later than 60 days after the date of the enactment of this Act, the President shall submit both a classified and unclassified report to the appropriate congressional committees listing those Indian and Pakistani entities whose activities contribute to missile programs or weapons of mass destruction programs.

"(c) CONGRESSIONAL NOTIFICATION.—The issuance of a license for export of a defense article, defense service, or technology under the authority of this section shall be subject to the same requirements as are applicable to the export of items described in section 36(c) of the Arms Export Control Act (22 U.S.C. 2776(c)), including the transmittal of information and the application of congressional review procedures. The application of these requirements shall be subject to the dollar amount thresholds specified in that section.

"(f) REPEAL.—The India-Pakistan Relief Act (title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999, as contained in section 101(a) of Public Law 105–277) is repealed effective October 21, 1999.

The President waived the application of sanctions under the new law on October 27, 1999 (Presidential Determination No. 2000–4; 64 F.R. 60649), to the following extent:

"(1) with respect to India, insofar as such sanctions would otherwise apply to activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency; assistance under the 'International Military Education and Training' program; the making of any loan or the providing of any credit to the Government of India by any U.S. bank; assistance to the Asian elephant Conservation Fund, the Rhinoceros and Tiger conservation Fund, and the Indo-American Environmental Leadership program; and any credit, credit guarantee, or other financial assistance provided by the Department of Agriculture to support the purchase of food or other agricultural commodity; and

"(2) with respect to Pakistan, insofar as such sanctions would otherwise apply to any credit, credit guarantee, or other financial assistance provided by the Department of Agriculture to support the purchase of food or other agricultural commodity, and the making of any loan or the providing of any credit to the Government of Pakistan by any U.S. bank." (Presidential Determination No. 2000–4; October 27, 1999; 64 F.R. 60649).

The President and executive branch agencies subsequently waived or adjusted sanctions against particular Indian and Pakistani entities: see Presidential Determination No. 2000–18 (March 18, 2000; 65 F.R. 16297); Bureau of Export Administration, 15 CFR Part 744 (March 17, 2000; 65 F.R. 14444); and Presidential Determination No. 2001–11 (January 19, 2001; 66 F.R. 8503).

On September 22, 2001, the President lifted all nuclear test-related sanctions against India and Pakistan, under the authority granted him in the Defense Appropriations Act, FY 2000 (Presidential Determination No. 2001–28; 66 F.R. 50995).

On October 27, 2001, the President signed Public Law 107–57 (115 Stat. 403), authorizing the waiver of remaining sanctions imposed against Pakistan for debt arrearage and the military overthrow of its democratically elected government. On March 14, 2003, the President determined that a waiver of the coup-related sanctions imposed against Pakistan “would facilitate the transition to democratic rule in Pakistan; and is important to United States efforts to respond to, deter, or prevent acts of international terrorism” and thus waived the sanctions for FY 2003 (Presidential Determination No. 2003–16; 68 F.R. 13803). The President waived the sanctions for fiscal year 2004 in Presidential Determination No. 2004–26 of March 24, 2004 (69 F.R. 21675), and for fiscal year 2005 in Presidential Determination No. 2005–21 of February 15, 2005 (70 F.R. 10313). Sec. 7103(c) of Public Law 108–458 sought to amend Public Law 107–57 to extend its applicability through fiscal year 2006; that amendment, however, was not executable because of an earlier executed amendment in Public Law 108–447, which removed text that Public Law 108–445 cited. For Public Law 107–57, as amended, see Legislation on Foreign Relations Through 2005, vol. I–B.

Sec. 534 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 (Public Law 109–102; 119 Stat. 2210), however, provided the following, relating to Public Law 107–57 and other economic restrictions imposed on Pakistan:

"SPECIAL AUTHORITIES

"(j) EXTENSION OF AUTHORITY.—

“(1) With respect to funds appropriated by this Act that are available for assistance to Pakistan, the President may waive the prohibition on assistance contained in section 508 of this Act subject to the requirements contained in section 1(b) of Public Law 107–57, as amended, for a determination and certification, and consultation, by the President prior to the exercise of such waiver authority.

“(2) Section 512 of this Act and section 620(q) of the Foreign Assistance Act of 1961 shall not apply with respect to assistance for Pakistan from funds appropriated by this Act.

In the case of the amendment made by subsection (a)(3), any sanction imposed under section 102(b)(1) of the Arms Export Control Act before the date of the enactment of this Act shall not

(G) The authorities of section 6 of the Export Administration Act of 1979 shall be used to prohibit exports to that country of specific goods and technology (excluding food and other agricultural commodities), except that such prohibition shall not apply to any transaction subject to the reporting requirements of title V of the National Security Act of 1947 (relating to congressional oversight of intelligence activities).

(4)(A) Notwithstanding paragraph (1) of this subsection, the President may, for a period of not more than 30 days of continuous session, delay the imposition of sanctions which would otherwise be required under paragraph (1)(A) or (1)(B) of this subsection if the President first transmits to the Speaker of the House of Representatives, and to the chairman of the Committee on Foreign Relations of the Senate, a certification that he has determined that an immediate imposition of sanctions on that country would be detrimental to the national security of the United States. Not more than one
such certification may be transmitted for a country with respect to the same detonation, transfer, or receipt of a nuclear explosive device.

(B) If the President transmits a certification to the Congress under subparagraph (A), a joint resolution which would permit the President to exercise the waiver authority of paragraph (5) of this subsection shall, if introduced in either House within thirty days of continuous session after the Congress receives this certification, be considered in the Senate in accordance with subparagraph (C) of this paragraph.

(1) Water-related diseases are a human tragedy, killing up to five million people annually, preventing millions of people from leading healthy lives, and undermining development efforts.

(2) A child dies an average of every 15 seconds because of lack of access to safe water and adequate sanitation.

(3) In the poorest countries in the world, one out of five children dies from a preventable, water-related disease.

(4) Lack of access to safe drinking water, inadequate sanitation, and poor hygiene practices are directly responsible for the vast majority of diarrheal diseases which kill over two million children each year.

(5) At any given time, half of all people in the developing world are suffering from one or more of the main diseases associated with inadequate provision of water supply and sanitation services.

(6) Over 1.1 billion people, one in every six people in the world, lack access to safe drinking water.

(7) Nearly 2.6 billion people, two in every five people in the world, lack access to basic sanitation services.

(8) Half of all schools in the world do not have access to safe drinking water and basic sanitation.

(9) Over the past 20 years, two billion people have gained access to safe drinking water and 600 million people have gained access to basic sanitation services.

(10) Access to safe water and sanitation and improved hygiene are significant factors in controlling the spread of disease in the developing world and positively affecting worker productivity and economic development.

(11) Increasing access to safe water and sanitation advances efforts toward other development objectives, such as fighting
poverty and hunger, promoting primary education and gender equality, reducing child mortality, promoting environmental stability, improving the lives of slum dwellers, and strengthening national security.

(12) Providing safe supplies of water and sanitation and hygiene improvements would save millions of lives by reducing the prevalence of water-borne diseases, water-based diseases, water-privation diseases, and water-related vector diseases.

(13) Because women and girls in developing countries are often the carriers of water, lack of access to safe water and sanitation disproportionately affects women and limits women’s opportunities at education, livelihood, and financial independence.

(14) Between 20 percent and 50 percent of existing water systems in developing countries are not operating or are operating poorly.

(15) In developing world water delivery systems, an average of 50 percent of all water is lost before it gets to the end-user.

(16) Every $1 invested in safe water and sanitation would yield an economic return of between $3 and $34, depending on the region.

(17) Developing sustainable financing mechanisms, such as pooling mechanisms and revolving funds, is necessary for the long-term viability of improved water and sanitation services.

(18) The annual level of investment needed to meet the water and sanitation needs of developing countries far exceeds the amount of Official Development Assistance (ODA) and spending by governments of developing countries, so facilitating and attracting greater public and private investment is essential.

(19) Meeting the water and sanitation needs of the lowest-income developing countries will require an increase in the resources available as grants from donor countries.

(20) The long-term sustainability of improved water and sanitation services can be advanced by promoting community level action and engagement with civil society.

(21) Target 10 of the United Nations Millennium Development Goals is to reduce by half the proportion of people without sustainable access to safe drinking water by 2015.

(22) The participants in the 2002 World Summit on Sustainable Development, held in Johannesburg, South Africa, including the United States, agreed to the Plan of Implementation of the World Summit on Sustainable Development which included an agreement to work to reduce by one-half “the proportion of people who are unable to reach or afford safe drinking water,” and “the proportion of people without access to basic sanitation” by 2015.

(23) At the World Summit on Sustainable Development, the United States announced the Water for the Poor Initiative, committing $970 million for fiscal years 2003 through 2005 to improve sustainable management of fresh water resources and accelerate and expand international efforts to achieve the goal of cutting in half by 2015 the proportion of people who are unable to reach or to afford safe drinking water.
Sec. 3 Water for the Poor, 2005 (P.L. 109–121)

(24) United Nations General Assembly Resolution 58/217 (February 9, 2004) proclaimed “the period from 2005 to 2015 the International Decade for Action, ‘Water for Life’, to commence on World Water Day, 22 March 2005” for the purpose of increasing the focus of the international community on water-related issues at all levels and on the implementation of water-related programs and projects.

(25) Around the world, 263 river basins are shared by two or more countries, and many more basins and watersheds cross political or ethnic boundaries.

(26) Water scarcity can contribute to insecurity and conflict on subnational, national, and international levels, thus endangering the national security of the United States.

(27) Opportunities to manage water problems can be leveraged in ways to build confidence, trust, and peace between parties in conflict.

(28) Cooperative water management can help resolve conflicts caused by other problems and is often a crucial component in resolving such conflicts.

(29) Cooperative water management can help countries recover from conflict and, by promoting dialogue and cooperation among former parties in conflict, can help prevent the reemergence of conflict.

SEC. 3. STATEMENT OF POLICY.

It is the policy of the United States—

(1) to increase the percentage of water and sanitation assistance targeted toward countries designated as high priority countries under section 6(f) of this Act;

(2) to ensure that water and sanitation assistance reflect an appropriate balance of grants, loans, contracts, investment insurance, loan guarantees, and other assistance to further ensure affordability and equity in the provision of access to safe water and sanitation for the very poor;

(3) to ensure that the targeting of water and sanitation assistance reflect an appropriate balance between urban, periurban, and rural areas to meet the purposes of assistance described in section 135 of the Foreign Assistance Act of 1961, as added by section 5(a) of this Act;

(4) to ensure that forms of water and sanitation assistance provided reflect the level of existing resources and markets for investment in water and sanitation within recipient countries;

(5) to ensure that water and sanitation assistance, to the extent possible, supports the poverty reduction strategies of recipient countries and, when appropriate, encourages the inclusion of water and sanitation within such poverty reduction strategies;

(6) to promote country and local ownership of safe water and sanitation programs, to the extent appropriate;

(7) to promote community-based approaches in the provision of affordable and equitable access to safe water and sanitation, including the involvement of civil society;

(10) to protect the supply and availability of safe water through sound environmental management, including preventing the destruction and degradation of ecosystems and watersheds.

SEC. 4. SENSE OF CONGRESS.
It is the sense of Congress that—
(1) in order to make the most effective use of amounts of Official Development Assistance for water and sanitation and avoid waste and duplication, the United States should seek to establish innovative international coordination mechanisms based on best practices in other development sectors; and 
(2) the United States should greatly increase the amount of Official Development Assistance made available to carry out section 135 of the Foreign Assistance Act of 1961, as added by section 5(a) of this Act.

SEC. 5. ASSISTANCE TO PROVIDE SAFE WATER AND SANITATION.
(a) IN GENERAL.—Chapter 1 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.) is amended by adding at the end the following new section: * * * *

SEC. 8. SENSE OF CONGRESS REGARDING DEVELOPMENT OF LOCAL CAPACITY.

It is the sense of Congress that the Secretary of State should expand current programs and develop new programs, as necessary, to train local water and sanitation managers and other officials of countries that receive assistance under section 135 of the Foreign Assistance Act of 1961, as added by section 5(a) of this Act.

SEC. 9. SENSE OF CONGRESS REGARDING ADDITIONAL WATER AND SANITATION PROGRAMS.

It is the sense of the Congress that—

(1) the United States should further support, as appropriate, water and sanitation activities of United Nations agencies, such as the United Nations Children’s Fund (UNICEF), the United Nations Development Programme (UNDP), and the United Nations Environment Programme (UNEP); and

(2) the Secretary of the Treasury should instruct each United States Executive Director at the multilateral development banks (within the meaning of section 1701(c) of the International Financial Institutions Act) to encourage the inclusion of water and sanitation programs as a critical element of their development assistance.

f. Assistance for Orphans and Other Vulnerable Children in Developing Countries Act of 2005

Partial text of Public Law 109-95 [H.R. 1409], 119 Stat. 2111, approved November 8, 2005

AN ACT To amend the Foreign Assistance Act of 1961 to provide assistance for orphans and other vulnerable children in developing countries, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Assistance for Orphans and Other Vulnerable Children in Developing Countries Act of 2005”.

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) As of July 2004, there were more than 143,000,000 children living in sub-Saharan Africa, Asia, Latin America, and the Caribbean who were identified as orphans, having lost one or both of their parents. Of this number, approximately 16,200,000 children were identified as double orphans, having lost both parents—the vast majority of whom died of AIDS. These children often are disadvantaged in numerous and devastating ways and most households with orphans cannot meet the basic needs of health care, food, clothing, and educational expenses.

(2) It is estimated that 121,000,000 children worldwide do not attend school and that the majority of such children are young girls. According to the United Nations Children’s Fund (UNICEF), orphans are less likely to be in school and more likely to be working full time.

(3) School food programs, including take-home rations, in developing countries provide strong incentives for children to remain in school and continue their education. School food programs can reduce short-term hunger, improve cognitive functions, and enhance learning, behavior, and achievement.

(4) Financial barriers, such as school fees and other costs of education, prevent many orphans and other vulnerable children in developing countries from attending school. Providing children with free primary school education, while simultaneously ensuring that adequate resources exist for teacher training and infrastructure, would help more orphans and other vulnerable children obtain a quality education.
(5) The trauma that results from the loss of a parent can trigger behavior problems of aggression or emotional withdrawal and negatively affect a child’s performance in school and the child’s social relations. Children living in families affected by HIV/AIDS or who have been orphaned by AIDS often face stigmatization and discrimination. Providing culturally appropriate psychosocial support to such children can assist them in successfully accepting and adjusting to their circumstances.

(6) Orphans and other vulnerable children in developing countries routinely are denied their inheritance or encounter difficulties in claiming the land and other property which they have inherited. Even when the inheritance rights of women and children are spelled out in law, such rights are difficult to claim and are seldom enforced. In many countries it is difficult or impossible for a widow, even if she has young children, to claim property after the death of her husband.

(7) The HIV/AIDS pandemic has had a devastating affect on children and is deepening poverty in entire communities and jeopardizing the health, safety, and survival of all children in affected areas.

(8) The HIV/AIDS pandemic has increased the number of orphans worldwide and has exacerbated the poor living conditions of the world’s poorest and most vulnerable children. AIDS has created an unprecedented orphan crisis, especially in sub-Saharan Africa, where children have been hardest hit. An estimated 14,000,000 orphans have lost 1 or both parents to AIDS. By 2010, it is estimated that over 25,000,000 children will have been orphaned by AIDS.

(9) Approximately 2,500,000 children under the age of 15 worldwide have HIV/AIDS. Every day another 2,000 children under the age of 15 are infected with HIV. Without treatment, most children born with HIV can expect to die by age two, but with sustained drug treatment through childhood, the chances of long-term survival and a productive adulthood improve dramatically.

(10) Few international development programs specifically target the treatment of children with HIV/AIDS in developing countries. Reasons for this include the perceived low priority of pediatric treatment, a lack of pediatric health care professionals, lack of expertise and experience in pediatric drug dosing and monitoring, the perceived complexity of pediatric treatment, and mistaken beliefs regarding the risks and benefits of pediatric treatment.

(11) Although a number of organizations seek to meet the needs of orphans or other vulnerable children, extended families and local communities continue to be the primary providers of support for such children.

(12) The HIV/AIDS pandemic is placing huge burdens on communities and is leaving many orphans with little support. Alternatives to traditional orphanages, such as community-based resource centers, continue to evolve in response to the massive number of orphans that has resulted from the pandemic.
(13) The AIDS orphans crisis in sub-Saharan Africa has implications for political stability, human welfare, and development that extend far beyond the region, affecting governments and people worldwide, and this crisis requires an accelerated response from the international community.

(14) Although section 403(b) of the United States Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2003 (22 U.S.C. 7673(b)) establishes the requirement that not less than 10 percent of amounts appropriated for HIV/AIDS assistance for each of fiscal years 2006 through 2008 shall be expended for assistance for orphans and other vulnerable children affected by HIV/AIDS, there is an urgent need to provide assistance to such children prior to 2006.

(15) Numerous United States and indigenous private voluntary organizations, including faith-based organizations, provide assistance to orphans and other vulnerable children in developing countries. Many of these organizations have submitted applications for grants to the Administrator of the United States Agency for International Development to provide increased levels of assistance for orphans and other vulnerable children in developing countries.

(16) Increasing the amount of assistance that is provided by the Administrator of the United States Agency for International Development through United States and indigenous private voluntary organizations, including faith-based organizations, will provide greater protection for orphans and other vulnerable children in developing countries.

(17) It is essential that the United States Government adopt a comprehensive approach for the provision of assistance to orphans and other vulnerable children in developing countries. A comprehensive approach would ensure that important services, such as basic care, psychosocial support, school food programs, increased educational opportunities and employment training and related services, the protection and promotion of inheritance rights for such children, and the treatment of orphans and other vulnerable children with HIV/AIDS, are made more accessible.

(18) Assistance for orphans and other vulnerable children can best be provided by a comprehensive approach of the United States Government that—

(A) ensures that Federal agencies and the private sector coordinate efforts to prevent and eliminate duplication of efforts and waste in the provision of such assistance; and

(B) to the maximum extent possible, focuses on community-based programs that allow orphans and other vulnerable children to remain connected to the traditions and rituals of their families and communities.
SEC. 3. ASSISTANCE FOR ORPHANS AND OTHER VULNERABLE CHILDREN IN DEVELOPING COUNTRIES.

SEC. 4. STRATEGY OF THE UNITED STATES.

(a) REQUIREMENT FOR STRATEGY.—Not later than 180 days after the date of enactment of this Act, the President shall develop, and transmit to the appropriate congressional committees, a strategy for coordinating, implementing, and monitoring assistance programs for orphans and vulnerable children.

(b) CONSULTATION.—The strategy described in subsection (a) should be developed in consultation with the Special Advisor for Assistance to Orphans and Vulnerable Children (appointed pursuant to section 135(e)(1) of the Foreign Assistance Act of 1961 (as added by section 3 of this Act)) and with employees of the field missions of the United States Agency for International Development to ensure that the strategy—

(1) will not impede the efficiency of implementing assistance programs for orphans and vulnerable children; and

(2) addresses the specific needs of indigenous populations.

(c) CONTENT.—The strategy required by subsection (a) shall include—

(1) the identity of each agency or department of the Federal Government that is providing assistance for orphans and vulnerable children in foreign countries;

(2) a description of the efforts of the head of each such agency or department to coordinate the provision of such assistance with other agencies or departments of the Federal Government or nongovernmental entities;

(3) a description of a coordinated strategy, including coordination with other bilateral and multilateral donors, to provide the assistance authorized in section 135 of the Foreign Assistance Act of 1961, as added by section 3 of this Act;

(4) an analysis of additional coordination mechanisms or procedures that could be implemented to carry out the purposes of such section;

(5) a description of a monitoring system that establishes performance goals for the provision of such assistance and expresses such goals in an objective and quantifiable form, to the extent feasible; and

(6) a description of performance indicators to be used in measuring or assessing the achievement of the performance goals described in paragraph (5).

SEC. 5. ANNUAL REPORT.

(a) REPORT.—Not later than one year after the date on which the President transmits to the appropriate congressional committees the strategy required by section 4(a), and annually thereafter, the President shall transmit to the appropriate congressional committees a report on the implementation of this Act and the amendments made by this Act.

(b) CONTENTS.—The report shall contain the following information for grants, cooperative agreements, contracts, contributions,
and other forms of assistance awarded or entered into under section 135 of the Foreign Assistance Act of 1961 (as added by section 3 of this Act):

(1) The amount of funding, the name of recipient organizations, the location of programs and activities, the status of progress of programs and activities, and the estimated number of orphans and other vulnerable children who received direct or indirect assistance under the programs and activities.

(2) The results of the monitoring and evaluation system with respect to assistance for orphans and other vulnerable children.

(3) The percentage of assistance provided in support of orphans or other vulnerable children affected by HIV/AIDS.

(4) Any other appropriate information relating to the needs of orphans and other vulnerable children in developing countries that could be addressed through the provision of assistance authorized in section 135 of the Foreign Assistance Act of 1961, as added by section 3 of this Act, or under any other provision of law.

SEC. 6. APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.

In this Act, the term “appropriate congressional committees” means the Committee on Appropriations and the Committee on Foreign Relations of the Senate and the Committee on Appropriations and the Committee on International Relations of the House of Representatives.

SEC. 3. FINDINGS.
Congress makes the following findings:

(1) According to the Department of State, the Government of North Korea is “a dictatorship under the absolute rule of Kim Jong Il” that continues to commit numerous, serious human rights abuses.

\[1 \text{ 22 U.S.C. 7801 note.}
\[2 \text{ 22 U.S.C. 7801.} \]
(2) The Government of North Korea attempts to control all information, artistic expression, academic works, and media activity inside North Korea and strictly curtails freedom of speech and access to foreign broadcasts.

(3) The Government of North Korea subjects all its citizens to systematic, intensive political and ideological indoctrination in support of the cult of personality glorifying Kim Jong Il and the late Kim Il Sung that approaches the level of a state religion.

(4) The Government of North Korea divides its population into categories, based on perceived loyalty to the leadership, which determines access to food, employment, higher education, place of residence, medical facilities, and other resources.

(5) According to the Department of State, “the [North Korean] Penal Code is draconian, stipulating capital punishment and confiscation of assets for a wide variety of crimes against the revolution,” including defection, attempted defection, slander of the policies of the Party or State, listening to foreign broadcasts, writing ‘reactionary’ letters, and possessing reactionary printed matter”.

(6) The Government of North Korea executes political prisoners, opponents of the regime, some repatriated defectors, some members of underground churches, and others, sometimes at public meetings attended by workers, students, and schoolchildren.

(7) The Government of North Korea holds an estimated 200,000 political prisoners in camps that its State Security Agency manages through the use of forced labor, beatings, torture, and executions, and in which many prisoners also die from disease, starvation, and exposure.

(8) According to eyewitness testimony provided to the United States Congress by North Korean camp survivors, camp inmates have been used as sources of slave labor for the production of export goods, as targets for martial arts practice, and as experimental victims in the testing of chemical and biological poisons.

(9) According to credible reports, including eyewitness testimony provided to the United States Congress, North Korean Government officials prohibit live births in prison camps, and forced abortion and the killing of newborn babies are standard prison practices.

(10) According to the Department of State, “[g]enuine religious freedom does not exist in North Korea” and, according to the United States Commission on International Religious Freedom, “[t]he North Korean state severely represses public and private religious activities” with penalties that reportedly include arrest, imprisonment, torture, and sometimes execution.

(11) More than 2,000,000 North Koreans are estimated to have died of starvation since the early 1990s because of the failure of the centralized agricultural and public distribution systems operated by the Government of North Korea.

(12) According to a 2002 United Nations-European Union survey, nearly one out of every ten children in North Korea
suffers from acute malnutrition and four out of every ten children in North Korea are chronically malnourished.

(13) Since 1995, the United States has provided more than 2,000,000 tons of humanitarian food assistance to the people of North Korea, primarily through the World Food Program.

(14) Although United States food assistance has undoubtedly saved many North Korean lives and there have been minor improvements in transparency relating to the distribution of such assistance in North Korea, the Government of North Korea continues to deny the World Food Program forms of access necessary to properly monitor the delivery of food aid, including the ability to conduct random site visits, the use of native Korean-speaking employees, and travel access throughout North Korea.

(15) The risk of starvation, the threat of persecution, and the lack of freedom and opportunity in North Korea have caused large numbers, perhaps even hundreds of thousands, of North Koreans to flee their homeland, primarily into China.

(16) North Korean women and girls, particularly those who have fled into China, are at risk of being kidnapped, trafficked, and sexually exploited inside China, where many are sold as brides or concubines, or forced to work as prostitutes.

(17) The Governments of China and North Korea have been conducting aggressive campaigns to locate North Koreans who are in China without permission and to forcibly return them to North Korea, where they routinely face torture and imprisonment, and sometimes execution.

(18) Despite China’s obligations as a party to the 1951 United Nations Convention Relating to the Status of Refugees and the 1967 Protocol Relating to the Status of Refugees, China routinely classifies North Koreans seeking asylum in China as mere “economic migrants” and returns them to North Korea without regard to the serious threat of persecution they face upon their return.

(19) The Government of China does not provide North Koreans whose asylum requests are rejected a right to have the rejection reviewed prior to deportation despite its obligations under the 1951 United Nations Convention Relating to the Status of Refugees and the 1967 Protocol Relating to the Status of Refugees.

(20) North Koreans who seek asylum while in China are routinely imprisoned and tortured, and in some cases killed, after they are returned to North Korea.

(21) The Government of China has detained, convicted, and imprisoned foreign aid workers attempting to assist North Korean refugees in proceedings that did not comply with Chinese law or international standards.

(22) In January 2000, North Korean agents inside China allegedly abducted the Reverend Kim Dong-shik, a United States permanent resident and advocate for North Korean refugees, whose condition and whereabouts remain unknown.

(23) Between 1994 and 2003, South Korea has admitted approximately 3,800 North Korean refugees for domestic resettlement, a number that is small in comparison with the total
number of North Korean escapees but far greater than the number legally admitted in any other country.

(24) Although the principal responsibility for North Korean refugee resettlement naturally falls to the Government of South Korea, the United States should play a leadership role in focusing international attention on the plight of these refugees, and formulating international solutions to that profound humanitarian dilemma.

(25) In addition to infringing the rights of its own citizens, the Government of North Korea has been responsible in years past for the abduction of numerous citizens of South Korea and Japan, whose condition and whereabouts remain unknown.

SEC. 4. PURPOSES.
The purposes of this Act are—

(1) to promote respect for and protection of fundamental human rights in North Korea;
(2) to promote a more durable humanitarian solution to the plight of North Korean refugees;
(3) to promote increased monitoring, access, and transparency in the provision of humanitarian assistance inside North Korea;
(4) to promote the free flow of information into and out of North Korea; and
(5) to promote progress toward the peaceful reunification of the Korean peninsula under a democratic system of government.

SEC. 5. DEFINITIONS.
In this Act:

(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term “appropriate congressional committees” means—

(1) the United Nations Commission on Human Rights (UNCHR) has taken positive steps by adopting Resolution 2003/10 and Resolution 2004/13 on the situation of human rights in North Korea, and particularly by requesting the appointment of a Special Rapporteur on the situation of human rights in North Korea; and

(2) the severe human rights violations within North Korea warrant country-specific attention and reporting by the United Nations Working Group on Arbitrary Detention, the Working Group on Enforced and Involuntary Disappearances, the Special Rapporteur on Extrajudicial, Summary, or Arbitrary Executions, the Special Rapporteur on the Right to Food, the Special Rapporteur on the Promotion and Protection of the Right to Freedom of Opinion and Expression, the Special Rapporteur on Freedom of Religion or Belief, and the Special Rapporteur on Violence Against Women.

(a) SPECIAL ENVOY.—The President shall appoint a special envoy for human rights in North Korea within the Department of State (hereafter in this section referred to as the “Special Envoy”). The Special Envoy should be a person of recognized distinction in the field of human rights.

(2) any improvements in humanitarian transparency, monitoring, and access inside North Korea during the previous 1-year period, including progress toward meeting the conditions identified in subparagraphs (A) through (D) of section 202(b); 13 and

(3) specific efforts to secure improved humanitarian transparency, monitoring, and access inside North Korea made by the United States and United States grantees, including the World Food Program, during the previous 1-year period.

(b) FORM.—The information required by subsection (a)(1) may be provided in classified form if necessary.
SEC. 202.14 ASSISTANCE PROVIDED INSIDE NORTH KOREA.

(a) HUMANITARIAN ASSISTANCE THROUGH NONGOVERNMENTAL AND INTERNATIONAL ORGANIZATIONS.—It is the sense of the Congress that—

(1) at the same time that Congress supports the provision of humanitarian assistance to the people of North Korea on humanitarian grounds, such assistance also should be provided and monitored so as to minimize the possibility that such assistance could be diverted to political or military use, and to maximize the likelihood that it will reach the most vulnerable North Koreans;

(2) significant increases above current levels of United States support for humanitarian assistance provided inside North Korea should be conditioned upon substantial improvements in transparency, monitoring, and access to vulnerable populations throughout North Korea; and

(3) the United States should encourage other countries that provide food and other humanitarian assistance to North Korea to do so through monitored, transparent channels, rather than through direct, bilateral transfers to the Government of North Korea.

(b) UNITED STATES ASSISTANCE TO THE GOVERNMENT OF NORTH KOREA.—It is the sense of Congress that—

(1) United States humanitarian assistance to any department, agency, or entity of the Government of North Korea shall—

(A) be delivered, distributed, and monitored according to internationally recognized humanitarian standards;

(B) be provided on a needs basis, and not used as a political reward or tool of coercion;

(C) reach the intended beneficiaries, who should be informed of the source of the assistance; and

(D) be made available to all vulnerable groups in North Korea, no matter where in the country they may be located; and

(2) United States nonhumanitarian assistance to North Korea shall be contingent on North Korea's substantial progress toward—

(A) respect for the basic human rights of the people of North Korea, including freedom of religion;

(B) providing for family reunification between North Koreans and their descendants and relatives in the United States;

(C) fully disclosing all information regarding citizens of Japan and the Republic of Korea abducted by the Government of North Korea;

(D) allowing such abductees, along with their families, complete and genuine freedom to leave North Korea and return to the abductees' original home countries;

(2) humanitarian assistance to North Korean women outside of North Korea who are victims of trafficking, as defined in section 103(14) of the Trafficking Victims Protection Act of 2000 (22 U.S.C. 7102(14)), or are in danger of being trafficked.

TITLE III—PROTECTING NORTH KOREAN REFUGEES

SEC. 301. UNITED STATES POLICY TOWARD REFUGEES AND DEFECTORS.

(a) REPORT.—Not later than 120 days after the date of the enactment of this Act, the Secretary of State, in consultation with the heads of other appropriate Federal departments and agencies, shall submit to the appropriate congressional committees and the Committees on the Judiciary of the House of Representatives and the Senate a report that describes the situation of North Korean refugees and explains United States Government policy toward North Korean nationals outside of North Korea.

(b) CONTENTS.—The report shall include—

(1) an assessment of the circumstances facing North Korean refugees and migrants in hiding, particularly in China, and of the circumstances they face if forcibly returned to North Korea;

(2) an assessment of whether North Koreans in China have effective access to personnel of the United Nations High Commissioner for Refugees, and of whether the Government of China is fulfilling its obligations under the 1951 Convention Relating to the Status of Refugees, particularly Articles 31, 32, and 33 of such Convention;

(3) an assessment of whether North Koreans presently have unobstructed access to United States refugee and asylum processing, and of United States policy toward North Koreans who may present themselves at United States embassies or consulates and request protection as refugees or asylum seekers and resettlement in the United States;

(4) the total number of North Koreans who have been admitted into the United States as refugees or asylees in each of the past 5 years;

(5) an estimate of the number of North Koreans with family connections to United States citizens; and

(6) a description of the measures that the Secretary of State is taking to carry out section 303.

(c) FORM.—The information required by paragraphs (1) through (5) of this section shall be provided in unclassified form. All or part of the information required by subsection (b)(6) may be provided in classified form, if necessary.

SEC. 302. ELIGIBILITY FOR REFUGEE OR ASYLUM CONSIDERATION.

(a) PURPOSE.—The purpose of this section is to clarify that North Koreans are not barred from eligibility for refugee status or asylum in the United States on account of any legal right to citizenship they may enjoy under the Constitution of the Republic of Korea. It is not intended in any way to prejudice whatever rights to citizenship North Koreans may enjoy under the Constitution of the Republic of Korea, or to apply to former North Korean nationals who have availed themselves of those rights.

(b) TREATMENT OF NATIONALS OF NORTH KOREA.—For purposes of eligibility for refugee status under section 207 of the Immigration and Nationality Act (8 U.S.C. 1157), or for asylum under section 208 of such Act (8 U.S.C. 1158), a national of the Democratic People’s Republic of Korea shall not be considered a national of the Republic of Korea.

SEC. 303. FACILITATING SUBMISSION OF APPLICATIONS FOR ADMISSION AS A REFUGEE.

The Secretary of State shall undertake to facilitate the submission of applications under section 207 of the Immigration and Nationality Act (8 U.S.C. 1157) by citizens of North Korea seeking protection as refugees (as defined in section 101(a)(42) of such Act (8 U.S.C. 1101(a)(42)).

SEC. 304. UNITED NATIONS HIGH COMMISSIONER FOR REFUGEES.

(a) ACTIONS IN CHINA.—It is the sense of Congress that—

(1) the Government of China has obligated itself to provide the United Nations High Commissioner for Refugees (UNHCR) with unimpeded access to North Koreans inside its borders to enable the UNHCR to determine whether they are refugees and whether they require assistance, pursuant to the 1951 United Nations Convention Relating to the Status of Refugees, the 1967 Protocol Relating to the Status of Refugees, and Article III, paragraph 5 of the 1995 Agreement on the Upgrading
of the UNHCR Mission in the People’s Republic of China to UNHCR Branch Office in the People’s Republic of China (referred to in this section as the “UNHCR Mission Agreement”):

(2) the United States, other UNHCR donor governments, and UNHCR should persistently and at the highest levels continue to urge the Government of China to abide by its previous commitments to allow UNHCR unimpeded access to North Korean refugees inside China;

(3) the UNHCR, in order to effectively carry out its mandate to protect refugees, should liberally employ as professionals or Experts on Mission persons with significant experience in humanitarian assistance work among displaced North Koreans in China;

(4) the UNHCR, in order to effectively carry out its mandate to protect refugees, should liberally contract with appropriate nongovernmental organizations that have a proven record of providing humanitarian assistance to displaced North Koreans in China;

(5) the UNHCR should pursue a multilateral agreement to adopt an effective “first asylum” policy that guarantees safe haven and assistance to North Korean refugees; and

(6) should the Government of China begin actively fulfilling its obligations toward North Korean refugees, all countries, including the United States, and relevant international organizations should increase levels of humanitarian assistance provided inside China to help defray costs associated with the North Korean refugee presence.

(b) ARBITRATION PROCEEDINGS.—It is further the sense of Congress that—

(1) if the Government of China continues to refuse to provide the UNHCR with access to North Koreans within its borders, the UNHCR should initiate arbitration proceedings pursuant to Article XVI of the UNHCR Mission Agreement and appoint an arbitrator for the UNHCR; and

(2) because access to refugees is essential to the UNHCR mandate and to the purpose of a UNHCR branch office, a failure to assert those arbitration rights in present circumstances would constitute a significant abdication by the UNHCR of one of its core responsibilities.

SEC. 305. ANNUAL REPORTS.

(a) IMMIGRATION INFORMATION.—Not later than 1 year after the date of the enactment of this Act, and every 12 months thereafter for each of the following 5 years, the Secretary of State and the Secretary of Homeland Security shall submit a joint report to the appropriate congressional committees and the Committees on the Judiciary of the House of Representatives and the Senate on the operation of this title during the previous year, which shall include—

(1) the number of aliens who are nationals or citizens of North Korea who applied for political asylum and the number who were granted political asylum; and

(2) the number of aliens who are nationals or citizens of North Korea who applied for refugee status and the number who were granted refugee status.

(b) COUNTRIES OF PARTICULAR CONCERN.—The President shall include in each annual report on proposed refugee admission pursuant to section 207(d) of the Immigration and Nationality Act (8 U.S.C. 1157(d)), information about specific measures taken to facilitate access to the United States refugee program for individuals who have fled countries of particular concern for violations of religious freedom, identified pursuant to section 402(b) of the International Religious Freedom Act of 1998 (22 U.S.C. 6442(b)). The report shall include, for each country of particular concern, a description of access of the nationals or former habitual residents of that country to a refugee determination on the basis of—

(1) referrals by external agencies to a refugee adjudication;
(2) groups deemed to be of special humanitarian concern to the United States for purposes of refugee resettlement; and
(3) family links to the United States.

j. Syria Accountability and Lebanese Sovereignty Restoration Act of 2003

AN ACT To halt Syrian support for terrorism, end its occupation of Lebanon, and stop its development of weapons of mass destruction, and by so doing hold Syria accountable for the serious international security problems it has caused in the Middle East, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Syria Accountability and Lebanese Sovereignty Restoration Act of 2003”.

SEC. 2. FINDINGS.
Congress makes the following findings:

(1) On June 24, 2002, President Bush stated “Syria must choose the right side in the war on terror by closing terrorist camps and expelling terrorist organizations”.

(2) United Nations Security Council Resolution 1373 (September 28, 2001) mandates that all states “refrain from providing any form of support, active or passive, to entities or persons involved in terrorist acts”, take “the necessary steps to prevent the commission of terrorist acts”, and “deny safe haven to those who finance, plan, support, or commit terrorist acts”.

(3) The Government of Syria is currently prohibited by United States law from receiving United States assistance because it has repeatedly provided support for acts of international terrorism, as determined by the Secretary of State for purposes of section 6(j)(1) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(1)) and other relevant provisions of law.

(4) Although the Department of State lists Syria as a state sponsor of terrorism and reports that Syria provides “safe haven and support to several terrorist groups”, fewer United States sanctions apply with respect to Syria than with respect to any other country that is listed as a state sponsor of terrorism.

(5) Terrorist groups, including Hizballah, Hamas, Palestinian Islamic Jihad, the Popular Front for the Liberation of Palestine, and the Popular Front for the Liberation of Palestine—General Command, maintain offices, training camps, and other facilities on Syrian territory, and operate in areas of Lebanon.
occupied by the Syrian armed forces and receive supplies from Iran through Syria.

(6) United Nations Security Council Resolution 520 (September 17, 1982) calls for “strict respect of the sovereignty, territorial integrity, unity and political independence of Lebanon under the sole and exclusive authority of the Government of Lebanon through the Lebanese Army throughout Lebanon”.

(7) Approximately 20,000 Syrian troops and security personnel occupy much of the sovereign territory of Lebanon exerting undue influence upon its government and undermining its political independence.

(8) Since 1990 the Senate and House of Representatives have passed seven bills and resolutions which call for the withdrawal of Syrian armed forces from Lebanon.

(9) On March 3, 2003, Secretary of State Colin Powell declared that it is the objective of the United States to “let Lebanon be ruled by the Lebanese people without the presence of [the Syrian] occupation army”.

(10) Large and increasing numbers of the Lebanese people from across the political spectrum in Lebanon have mounted peaceful and democratic calls for the withdrawal of the Syrian Army from Lebanese soil.

(11) Israel has withdrawn all of its armed forces from Lebanon in accordance with United Nations Security Council Resolution 425 (March 19, 1978), as certified by the United Nations Secretary General.

(12) Even in the face of this United Nations certification that acknowledged Israel's full compliance with Security Council Resolution 425, Syrian- and Iranian-supported Hizballah continues to attack Israeli outposts at Shebaa Farms, under the pretense that Shebaa Farms is territory from which Israel was required to withdraw by Security Council Resolution 425, and Syrian- and Iranian-supported Hizballah and other militant organizations continue to attack civilian targets in Israel.

(13) Syria will not allow Lebanon—a sovereign country—to fulfill its obligation in accordance with Security Council Resolution 425 to deploy its troops to southern Lebanon.

(14) As a result, the Israeli-Lebanese border and much of southern Lebanon is under the control of Hizballah, which continues to attack Israeli positions, allows Iranian Revolutionary Guards and other militant groups to operate freely in the area, and maintains thousands of rockets along Israel's northern border, destabilizing the entire region.

(15) On February 12, 2003, Director of Central Intelligence George Tenet stated the following with respect to the Syrian- and Iranian-supported Hizballah: “[A]n organization with capability and worldwide presence [it] is [al Qaeda's] equal if not a far more capable organization * * * [T]hey're a notch above in many respects, in terms of in their relationship with the Iranians and the training they receive, [which] puts them in a state-sponsored category with a potential for lethality that's quite great.”

(16) In the State of the Union address on January 29, 2002, President Bush declared that the United States will “work
closely with our coalition to deny terrorists and their state sponsors the materials, technology, and expertise to make and deliver weapons of mass destruction”.

17. The Government of Syria continues to develop and deploy short- and medium-range ballistic missiles.

19. The Government of Syria is pursuing the development and production of biological and chemical weapons and has a nuclear research and development program that is cause for concern.

20. According to the Central Intelligence Agency’s “Unclassified Report to Congress on the Acquisition of Technology Relating to Weapons of Mass Destruction and Advanced Conventional Munitions”, released January 7, 2003: “[Syria] already holds a stockpile of the nerve agent sarin but apparently is trying to develop more toxic and persistent nerve agents. Syria remains dependent on foreign sources for key elements of its [chemical weapons] program, including precursor chemicals and key production equipment. It is highly probable that Syria also is developing an offensive [biological weapons] capability.”.

21. On May 6, 2002, the Under Secretary of State for Arms Control and International Security, John Bolton, stated: “The United States also knows that Syria has long had a chemical warfare program. It has a stockpile of the nerve agent sarin and is engaged in research and development of the more toxic and persistent nerve agent VX. Syria, which has signed but not ratified the [Biological Weapons Convention], is pursuing the development of biological weapons and is able to produce at least small amounts of biological warfare agents.”.

22. According to the Central Intelligence Agency’s “Unclassified Report to Congress on the Acquisition of Technology Relating to Weapons of Mass Destruction and Advanced Conventional Munitions”, released January 7, 2003: “Russia and Syria have approved a draft cooperative program on cooperation on civil nuclear power. In principal, broader access to Russian expertise provides opportunities for Syria to expand its indigenous capabilities, should it decide to pursue nuclear weapons.”.

23. Under the Treaty on the Non-Proliferation of Nuclear Weapons (21 UST 483), which entered force on March 5, 1970, and to which Syria is a party, Syria has undertaken not to acquire or produce nuclear weapons and has accepted full scope safeguards of the International Atomic Energy Agency to detect diversions of nuclear materials from peaceful activities to the production of nuclear weapons or other nuclear explosive devices.

24. Syria is not a party to the Chemical Weapons Convention or the Biological Weapons Convention, which entered into force on April 29, 1997, and on March 26, 1975, respectively.
(25) Syrian President Bashar Assad promised Secretary of State Powell in February 2001 to end violations of Security Council Resolution 661, which restricted the sale of oil and other commodities by Saddam Hussein's regime, except to the extent authorized by other relevant resolutions, but this pledge was never fulfilled.

(26) Syria's illegal imports and transshipments of Iraqi oil during Saddam Hussein's regime earned Syria $50,000,000 or more per month as Syria continued to sell its own Syrian oil at market prices.

(27) Syria's illegal imports and transshipments of Iraqi oil earned Saddam Hussein's regime $2,000,000 per day.

(28) On March 28, 2003, Secretary of Defense Donald Rumsfeld warned: “[W]e have information that shipments of military supplies have been crossing the border from Syria into Iraq, including night-vision goggles * * * These deliveries pose a direct threat to the lives of coalition forces. We consider such trafficking as hostile acts, and will hold the Syrian government accountable for such shipments.”

(29) According to Article 23(1) of the United Nations Charter, members of the United Nations are elected as nonpermanent members of the United Nations Security Council with “due regard being specially paid, in the first instance to the contribution of members of the United Nations to the maintenance of international peace and security and to other purposes of the Organization”.

(31) On March 31, 2003, the Syrian Foreign Minister, Farouq al-Sharra, made the Syrian regime's intentions clear when he explicitly stated that “Syria's interest is to see the invaders defeated in Iraq”.

(32) On April 13, 2003, Secretary of Defense Donald Rumsfeld charged that “busloads” of Syrian fighters entered Iraq with “hundreds of thousands of dollars” and leaflets offering rewards for dead American soldiers.

(33) On September 16, 2003, the Under Secretary of State for Arms Control and International Security, John Bolton, appeared before the Subcommittee on the Middle East and Central Asia of the Committee on International Relations of the House of Representatives, and underscored Syria’s “hostile actions” toward coalition forces during Operation Iraqi Freedom. Under Secretary Bolton added that: “Syria allowed military equipment to flow into Iraq on the eve of and during the war. Syria permitted volunteers to pass into Iraq to attack and kill our service members during the war, and is still doing so * * * [Syria’s] behavior during Operation Iraqi Freedom underscores the importance of taking seriously reports and information on Syria’s WMD capabilities.”
(34) During his appearance before the Committee on International Relations of the House of Representatives on September 25, 2003, Ambassador L. Paul Bremer, III, Administrator of the Coalition Provisional Authority in Iraq, stated that out of the 278 third-country nationals who were captured by coalition forces in Iraq, the “single largest group are Syrians.”

SEC. 3. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) the Government of Syria should immediately and unconditionally halt support for terrorism, permanently and openly declare its total renunciation of all forms of terrorism, and close all terrorist offices and facilities in Syria, including the offices of Hamas, Hizballah, Palestinian Islamic Jihad, the Popular Front for the Liberation of Palestine, and the Popular Front for the Liberation of Palestine—General Command;

(2) the Government of Syria should—

(A) immediately and unconditionally stop facilitating transit from Syria to Iraq of individuals, military equipment, and all lethal items, except as authorized by the Coalition Provisional Authority or a representative, internationally recognized Iraqi government;

(B) cease its support for “volunteers” and terrorists who are traveling from and through Syria into Iraq to launch attacks; and

(C) undertake concrete, verifiable steps to deter such behavior and control the use of territory under Syrian control;

(3) the Government of Syria should immediately declare its commitment to completely withdraw its armed forces, including military, paramilitary, and security forces, from Lebanon, and set a firm timetable for such withdrawal;

(4) the Government of Lebanon should deploy the Lebanese armed forces to all areas of Lebanon, including South Lebanon, in accordance with United Nations Security Council Resolution 520 (September 17, 1982), in order to assert the sovereignty of the Lebanese state over all of its territory, and should evict all terrorist and foreign forces from southern Lebanon, including Hizballah and the Iranian Revolutionary Guards;

(5) the Government of Syria should halt the development and deployment of medium- and long-range surface-to-surface missiles and cease the development and production of biological and chemical weapons;

(6) the Governments of Lebanon and Syria should enter into serious unconditional bilateral negotiations with the Government of Israel in order to realize a full and permanent peace;

(7) the United States should continue to provide humanitarian and educational assistance to the people of Lebanon only through appropriate private, nongovernmental organizations and appropriate international organizations, until such time as the Government of Lebanon asserts sovereignty and control over all of its territory and borders and achieves full
political independence, as called for in United Nations Security Council Resolution 520; and

(8) as a violator of several key United Nations Security Council resolutions and as a nation that pursues policies which undermine international peace and security, Syria should not have been permitted to join the United Nations Security Council or serve as the Security Council's President, and should be removed from the Security Council.

SEC. 4. STATEMENT OF POLICY.

It is the policy of the United States that—

(1) Syria should bear responsibility for attacks committed by Hizballah and other terrorist groups with offices, training camps, or other facilities in Syria, or bases in areas of Lebanon occupied by Syria;

(2) the United States will work to deny Syria the ability to support acts of international terrorism and efforts to develop or acquire weapons of mass destruction;

(3) the Secretary of State will continue to list Syria as a state sponsor of terrorism until Syria ends its support for terrorism, including its support of Hizballah and other terrorist groups in Lebanon and its hosting of terrorist groups in Damascus, and comes into full compliance with United States law relating to terrorism and United Nations Security Council Resolution 1373 (September 28, 2001);

(4) the full restoration of Lebanon's sovereignty, political independence, and territorial integrity is in the national security interest of the United States;

(5) Syria is in violation of United Nations Security Council Resolution 520 (September 17, 1982) through its continued occupation of Lebanese territory and its encroachment upon Lebanon's political independence;

(6) Syria's obligation to withdraw from Lebanon is not conditioned upon progress in the Israeli-Syrian or Israeli-Lebanese peace process but derives from Syria's obligation under Security Council Resolution 520;

(7) Syria's acquisition of weapons of mass destruction and ballistic missile programs threaten the security of the Middle East and the national security interests of the United States;

(8) Syria will be held accountable for any harm to Coalition armed forces or to any United States citizen in Iraq if the government of Syria is found to be responsible due to its facilitation of terrorist activities and its shipments of military supplies to Iraq; and

(9) the United States will not provide any assistance to Syria and will oppose multilateral assistance for Syria until Syria ends all support for terrorism, withdraws its armed forces from Lebanon, and halts the development and deployment of weapons of mass destruction and medium- and long-range surface-to-surface ballistic missiles.

SEC. 5. PENALTIES AND AUTHORIZATION.

(a) PENALTIES.—Until the President makes the determination that Syria meets all the requirements described in paragraphs (1)
through (4) of subsection (d) and certifies such determination to Congress in accordance with such subsection—

(1) the President shall prohibit the export to Syria of any item, including the issuance of a license for the export of any item, on the United States Munitions List or Commerce Control List of dual-use items in the Export Administration Regulations (15 CFR part 730 et seq.); and

(b) WAIVER.—The President may waive the application of subsection (a)(1), (a)(2), or both if the President determines that it is in the national security interest of the United States to do so and submits to the appropriate congressional committees a report containing the reasons for the determination.

(c) AUTHORITY TO PROVIDE ASSISTANCE TO SYRIA.—If the President—

(1) makes the determination that Syria meets the requirements described in paragraphs (1) through (4) of subsection (d) and certifies such determination to Congress in accordance with such subsection;

(2) determines that substantial progress has been made both in negotiations aimed at achieving a peace agreement between Israel and Syria and in negotiations aimed at achieving a peace agreement between Israel and Lebanon; and

(3) determines that the Government of Syria is strictly respecting the sovereignty, territorial integrity, unity, and political independence of Lebanon under the sole and exclusive authority of the Government of Lebanon through the Lebanese army throughout Lebanon, as required under paragraph (4) of United Nations Security Council Resolution 520 (1982),

then the President is authorized to provide assistance to Syria under chapter 1 of part I of the Foreign Assistance Act of 1961 (relating to development assistance).

(d) CERTIFICATION.—A certification under this subsection is a certification transmitted to the appropriate congressional committees of a determination made by the President that—

(4) the Government of Syria has ceased all support for, and facilitation of, all terrorist activities inside of Iraq, including preventing the use of territory under its control by any means whatsoever to support those engaged in terrorist activities inside of Iraq.

SEC. 6. REPORT.
(a) REPORT.—Not later than 6 months after the date of the enactment of this Act, and every 12 months thereafter until the conditions described in paragraphs (1) through (4) of section 5(d) are satisfied, the Secretary of State shall submit to the appropriate congressional committees a report on—

(1) Syria's progress toward meeting the conditions described in paragraphs (1) through (4) of section 5(d);

k. Microenterprise

(1) Microenterprise Results and Accountability Act of 2004

SECTION 1. SHORT TITLE.

This Act may be cited as the “Microenterprise Results and Accountability Act of 2004”.

SEC. 2. FINDINGS AND POLICY.

(1) Congress has demonstrated its support for microenterprise development assistance programs through the enactment of two comprehensive microenterprise laws:

(2) The report on the effectiveness of the United States Agency for International Development’s microfinance program, prepared by the Consultative Group to Assist the Poor, rated the Agency in the top tier of the 17 donors in this field.

(3) The Comptroller General, in a report dated November 2003, found that the United States Agency for International Development has met some, but not all, of the key objectives of such microenterprise development assistance programs.

(4) The Comptroller General's report found, among other things, the following:

(A) Microenterprise development assistance generally can help alleviate some impacts of poverty, improve income levels and quality of life for borrowers and provide

poor individuals, workers, and their families with an important coping mechanism.

(B) Microenterprise development assistance programs of the United States Agency for International Development have encouraged women’s participation in microfinance projects, and, according to data of the Agency, women have comprised two-thirds or more of the micro-loan clients in Agency-funded microenterprise projects since 1997.

(5)(A) The Comptroller General’s report recommends that the Administrator of the United States Agency for International Development review the Agency’s ‘microenterprise results reporting’ system with the goal of ensuring that its annual reporting is complete and accurate.

Chapter 2 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2166 et seq.) is amended by inserting after title V the following new title:

SEC. 4. MICROENTERPRISE DEVELOPMENT CREDITS.

SEC. 5. UNITED STATES MICROFINANCE LOAN FACILITY.

SEC. 6. MISCELLANEOUS PROVISIONS.

SEC. 7. SENSE OF CONGRESS.

It is the sense of Congress that, in carrying out title VI of chapter 2 of part I of the Foreign Assistance Act of 1961 (as added by section 3 of this Act and amended by sections 4 through 6 of this Act), the Administrator of the United States Agency for International Development—

(1) where applicable, should ensure that microenterprise development assistance provided under such title is matched by recipients with an equal amount of assistance from non-United States Government sources, including private donations, multilateral funding, commercial and concessional borrowing, savings, and program income;

(2) should include in the report required by section 258 of the Foreign Assistance Act of 1961 (as added by section 6 of this Act) a description of all matching assistance (as described in paragraph (1)) provided for the prior year by recipients of microenterprise development assistance under such title;
(3) should ensure that recipients of microenterprise development assistance under such title do not expend an unreasonably large percentage of such assistance on administrative costs;

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) During the last 20 years, HIV/AIDS has assumed pandemic proportions, spreading from the most severely affected regions, sub-Saharan Africa and the Caribbean, to all corners of the world, and leaving an unprecedented path of death and devastation.

(2) According to the Joint United Nations Programme on HIV/AIDS (UNAIDS), more than 65,000,000 individuals worldwide have been infected with HIV since the epidemic began, more than 25,000,000 of these individuals have lost their lives to the disease, and more than 14,000,000 children have been orphaned by the disease. HIV/AIDS is the fourth-highest cause of death in the world.

(3)(A) At the end of 2002, an estimated 42,000,000 individuals were infected with HIV or living with AIDS, of which more than 75 percent live in Africa or the Caribbean. Of these individuals, more than 3,200,000 were children under the age of 15 and more than 19,200,000 were women.

(B) Women are four times more vulnerable to infection than are men and are becoming infected at increasingly high rates, in part because many societies do not provide poor women and young girls with the social, legal, and cultural protections against high risk activities that expose them to HIV/AIDS.

(C) Women and children who are refugees or are internally displaced persons are especially vulnerable to sexual exploitation and violence, thereby increasing the possibility of HIV infection.

(4) As the leading cause of death in sub-Saharan Africa, AIDS has killed more than 19,400,000 individuals (more than 3 times the number of AIDS deaths in the rest of the world) and will claim the lives of one-quarter of the population, mostly adults, in the next decade.

(5) An estimated 2,000,000 individuals in Latin America and the Caribbean and another 7,100,000 individuals in Asia and the Pacific region are infected with HIV or living with AIDS. Infection rates are rising alarmingly in Eastern Europe (especially in the Russian Federation), Central Asia, and China.

(6) HIV/AIDS threatens personal security by affecting the health, lifespan, and productive capacity of the individual and the social cohesion and economic well-being of the family.

(7) HIV/AIDS undermines the economic security of a country and individual businesses in that country by weakening the productivity and longevity of the labor force across a broad array of economic sectors and by reducing the potential for economic growth over the long term.

(8) HIV/AIDS destabilizes communities by striking at the most mobile and educated members of society, many of whom are responsible for security at the local level and governance at the national and subnational levels as well as many teachers, health care personnel, and other community workers vital to community development and the effort to combat HIV/AIDS. In some countries the overwhelming challenges of the HIV/AIDS epidemic are accelerating the outward migration of critically important health care professionals.

(9) HIV/AIDS weakens the defenses of countries severely affected by the HIV/AIDS crisis through high infection rates among members of their military forces and voluntary peacekeeping personnel. According to UNAIDS, in sub-Saharan Africa, many military forces have infection rates as much as five times that of the civilian population.

(10) HIV/AIDS poses a serious security issue for the international community by—

(A) increasing the potential for political instability and economic devastation, particularly in those countries and regions most severely affected by the disease;

(B) decreasing the capacity to resolve conflicts through the introduction of peacekeeping forces because the environments into which these forces are introduced pose a high risk for the spread of HIV/AIDS; and

(C) increasing the vulnerability of local populations to HIV/AIDS in conflict zones from peacekeeping troops with HIV infection rates significantly higher than civilian populations.

(11) The devastation wrought by the HIV/AIDS pandemic is compounded by the prevalence of tuberculosis and malaria, particularly in developing countries where the poorest and most vulnerable members of society, including women, children, and those individuals living with HIV/AIDS, become infected. According to the World Health Organization (WHO), HIV/AIDS, tuberculosis, and malaria accounted for more than 5,700,000 deaths in 2001 and caused debilitating illnesses in millions more.

(12) Together, HIV/AIDS, tuberculosis, malaria and related diseases are undermining agricultural production throughout Africa. According to the United Nations Food and Agricultural Organization, 7,000,000 agricultural workers throughout 25 African countries have died from AIDS since 1985. Countries with poorly developed agricultural systems, which already face chronic food shortages, are the hardest hit, particularly in sub-Saharan Africa, where high HIV prevalence rates are
compounding the risk of starvation for an estimated 14,400,000 people.

(13) Tuberculosis is the cause of death for one out of every three people with AIDS worldwide and is a highly communicable disease. HIV infection is the leading threat to tuberculosis control. Because HIV infection so severely weakens the immune system, individuals with HIV and latent tuberculosis infection have a 100 times greater risk of developing active tuberculosis diseases thereby increasing the risk of spreading tuberculosis to others. Tuberculosis, in turn, accelerates the onset of AIDS in individuals infected with HIV.

(14) Malaria, the most deadly of all tropical parasitic diseases, has been undergoing a dramatic resurgence in recent years due to increasing resistance of the malaria parasite to inexpensive and effective drugs. At the same time, increasing resistance of mosquitoes to standard insecticides makes control of transmission difficult to achieve. The World Health Organization estimates that between 300,000,000 and 500,000,000 new cases of malaria occur each year, and annual deaths from the disease number between 2,000,000 and 3,000,000. Persons infected with HIV are particularly vulnerable to the malaria parasite. The spread of HIV infection contributes to the difficulties of controlling resurgence of the drug resistant malaria parasite.

(15) HIV/AIDS is first and foremost a health problem. Successful strategies to stem the spread of the HIV/AIDS pandemic will require clinical medical interventions, the strengthening of health care delivery systems and infrastructure, and determined national leadership and increased budgetary allocations for the health sector in countries affected by the epidemic as well as measures to address the social and behavioral causes of the problem and its impact on families, communities, and societal sectors.

(16) Basic interventions to prevent new HIV infections and to bring care and treatment to people living with AIDS, such as voluntary counseling and testing and mother-to-child transmission programs, are achieving meaningful results and are cost-effective. The challenge is to expand these interventions from a pilot program basis to a national basis in a coherent and sustainable manner.

(17) Appropriate treatment of individuals with HIV/AIDS can prolong the lives of such individuals, preserve their families, prevent children from becoming orphans, and increase productivity of such individuals by allowing them to lead active lives and reduce the need for costly hospitalization for treatment of opportunistic infections caused by HIV.

(18) Nongovernmental organizations, including faith-based organizations, with experience in health care and HIV/AIDS counseling, have proven effective in combating the HIV/AIDS pandemic and can be a resource in assisting indigenous organizations in severely affected countries in their efforts to provide treatment and care for individuals infected with HIV/AIDS.

(19) Faith-based organizations are making an important contribution to HIV prevention and AIDS treatment programs
around the world. Successful HIV prevention programs in Uganda, Jamaica, and elsewhere have included local churches and faith-based groups in efforts to promote behavior changes to prevent HIV, to reduce stigma associated with HIV infection, to treat those afflicted with the disease, and to care for orphans. The Catholic Church alone currently cares for one in four people being treated for AIDS worldwide. Faith-based organizations possess infrastructure, experience, and knowledge that will be needed to carry out these programs in the future and should be an integral part of United States efforts.

(A) Uganda has experienced the most significant decline in HIV rates of any country in Africa, including a decrease among pregnant women from 20.6 percent in 1991 to 7.9 percent in 2000.

(B) Uganda made this remarkable turnaround because President Yoweri Museveni spoke out early, breaking long-standing cultural taboos, and changed widespread perceptions about the disease. His leadership stands as a model for ways political leaders in Africa and other developing countries can mobilize their nations, including civic organizations, professional associations, religious institutions, business and labor to combat HIV/AIDS.

(C) Uganda's successful AIDS treatment and prevention program is referred to as the ABC model: “Abstain, Be faithful, use Condoms”, in order of priority. Jamaica, Zambia, Ethiopia and Senegal have also successfully used the ABC model. Beginning in 1986, Uganda brought about a fundamental change in sexual behavior by developing a low-cost program with the message: “Stop having multiple partners. Be faithful. Teenagers, wait until you are married before you begin sex.”.

(D) By 1995, 95 percent of Ugandans were reporting either one or zero sexual partners in the past year, and the proportion of sexually active youth declined significantly from the late 1980s to the mid-1990s. The greatest percentage decline in HIV infections and the greatest degree of behavioral change occurred in those 15 to 19 years old. Uganda’s success shows that behavior change, through the use of the ABC model, is a very successful way to prevent the spread of HIV.

(21) The magnitude and scope of the HIV/AIDS crisis demands a comprehensive, long-term, international response focused upon addressing the causes, reducing the spread, and ameliorating the consequences of the HIV/AIDS pandemic, including—

(A) prevention and education, care and treatment, basic and applied research, and training of health care workers, particularly at the community and provincial levels, and other community workers and leaders needed to cope with the range of consequences of the HIV/AIDS crisis;

(B) development of health care infrastructure and delivery systems through cooperative and coordinated public efforts and public and private partnerships;

(C) development and implementation of national and community-based multisector strategies that address the impact of HIV/AIDS on the individual, family, community,
and nation and increase the participation of at-risk populations in programs designed to encourage behavioral and social change and reduce the stigma associated with HIV/AIDS; and

(D) coordination of efforts between international organizations such as the Global Fund to Fight AIDS, Tuberculosis and Malaria, the Joint United Nations Programme on HIV/AIDS (UNAIDS), the World Health Organization (WHO), national governments, and private sector organizations, including faith-based organizations.

(22) The United States has the capacity to lead and enhance the effectiveness of the international community’s response by—

(A) providing substantial financial resources, technical expertise, and training, particularly of health care personnel and community workers and leaders;

(B) promoting vaccine and microbicide research and the development of new treatment protocols in the public and commercial pharmaceutical research sectors;

(C) making available pharmaceuticals and diagnostics for HIV/AIDS therapy;

(D) encouraging governments and faith-based and community-based organizations to adopt policies that treat HIV/AIDS as a multisectoral public health problem affecting not only health but other areas such as agriculture, education, the economy, the family and society, and assisting them to develop and implement programs corresponding to these needs;

(E) promoting healthy lifestyles, including abstinence, delaying sexual debut, monogamy, marriage, faithfulness, use of condoms, and avoiding substance abuse; and

(F) encouraging active involvement of the private sector, including businesses, pharmaceutical and biotechnology companies, the medical and scientific communities, charitable foundations, private and voluntary organizations and nongovernmental organizations, faith-based organizations, community-based organizations, and other nonprofit entities.

(23) Prostitution and other sexual victimization are degrading to women and children and it should be the policy of the United States to eradicate such practices. The sex industry, the trafficking of individuals into such industry, and sexual violence are additional causes of and factors in the spread of the HIV/AIDS epidemic. One in nine South Africans is living with AIDS, and sexual assault is rampant, at a victimization rate of one in three women. Meanwhile in Cambodia, as many as 40 percent of prostitutes are infected with HIV and the country has the highest rate of increase of HIV infection in all of Southeast Asia. Victims of coercive sexual encounters do not get to make choices about their sexual activities.

(24) Strong coordination must exist among the various agencies of the United States to ensure effective and efficient use of financial and technical resources within the United States
Government with respect to the provision of international HIV/AIDS assistance.

(25) In his address to Congress on January 28, 2003, the President announced the Administration’s intention to embark on a five-year emergency plan for AIDS relief, to confront HIV/AIDS with the goals of preventing 7,000,000 new HIV/AIDS infections, treating at least 2,000,000 people with life-extending drugs, and providing humane care for millions of people suffering from HIV/AIDS, and for children orphaned by HIV/AIDS.

(26) In this address to Congress, the President stated the following: “Today, on the continent of Africa, nearly 30,000,000 people have the AIDS virus—including 3,000,000 children under the age of 15. There are whole countries in Africa where more than one-third of the adult population carries the infection. More than 4,000,000 require immediate drug treatment. Yet across that continent, only 50,000 AIDS victims—only 50,000—are receiving the medicine they need.”

(27) Furthermore, the President focused on care and treatment of HIV/AIDS in his address to Congress, stating the following: “Because the AIDS diagnosis is considered a death sentence, many do not seek treatment. Almost all who do are turned away. A doctor in rural South Africa describes his frustration. He says, ‘We have no medicines. Many hospitals tell people, you’ve got AIDS, we can’t help you. Go home and die.’ In an age of miraculous medicines, no person should have to hear those words. AIDS can be prevented. Anti-retroviral drugs can extend life for many years * * * Ladies and gentlemen, seldom has history offered a greater opportunity to do so much for so many.”

(28) Finally, the President stated that “[w]e have confronted, and will continue to confront, HIV/AIDS in our own country”, proposing now that the United States should lead the world in sparing innocent people from a plague of nature, and asking Congress “to commit $15,000,000,000 over the next five years, including nearly $10,000,000,000 in new money, to turn the tide against AIDS in the most afflicted nations of Africa and the Caribbean”.

“(ii) HIV.—The term ‘HIV’ means the human immunodeficiency virus, the pathogen that causes AIDS.

“(iii) HIV/AIDS.—The term ‘HIV/AIDS’ means, with respect to an individual, an individual who is infected with HIV or living with AIDS.

“(iv) RELEVANT EXECUTIVE BRANCH AGENCIES.—The term ‘relevant executive branch agencies’ means the Department of State, the United States Agency for International
Development, the Department of Health and Human Services (including the Public Health Service), and any other department or agency of the United States that participates in international HIV/AIDS activities pursuant to the authorities of such department or agency or this Act.”.

(b) RESOURCES.—Not later than 90 days after the date of enactment of this Act, the President shall specify the necessary financial and personnel resources, from funds appropriated pursuant to the authorization of appropriations under section 401 for HIV/AIDS assistance, that shall be assigned to and under the direct control of the Coordinator of United States Government Activities to Combat HIV/AIDS Globally to establish and maintain the duties and supporting activities assigned to the Coordinator by this Act and the amendments made by this Act.

(c) ESTABLISHMENT OF SEPARATE ACCOUNT.—There is established in the general fund of the Treasury a separate account which shall be known as the “Activities to Combat HIV/AIDS Globally Fund” and which shall be administered by the Coordinator of United States Government Activities to Combat HIV/AIDS Globally. There shall be deposited into the Fund all amounts appropriated pursuant to the authorization of appropriations under section 401 for HIV/AIDS assistance, except for amounts appropriated for United States contributions to the Global Fund.

TITLE II—SUPPORT FOR MULTILATERAL FUNDS, PROGRAMS, AND PUBLIC-PRIVATE PARTNERSHIPS

SEC. 201.\(^9\) SENSE OF CONGRESS ON PUBLIC-PRIVATE PARTNERSHIPS.

(a) FINDINGS.—Congress makes the following findings:

1. Innovative partnerships between governments and organizations in the private sector (including foundations, universities, corporations, faith-based and community-based organizations, and other nongovernmental organizations) have proliferated in recent years, particularly in the area of health.

2. Public-private sector partnerships multiply local and international capacities to strengthen the delivery of health services in developing countries and to accelerate research for vaccines and other pharmaceutical products that are essential to combat infectious diseases decimating the populations of these countries.

3. These partnerships maximize the unique capabilities of each sector while combining financial and other resources, scientific knowledge, and expertise toward common goals which neither the public nor the private sector can achieve alone.

4. Sustaining existing public-private partnerships and building new ones are critical to the success of the international community’s efforts to combat HIV/AIDS and other infectious diseases around the globe.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

1. the sustainment and promotion of public-private partnerships should be a priority element of the strategy pursued by

\(^9\)22 U.S.C. 7621.
the United States to combat the HIV/AIDS pandemic and other
global health crises; and
(2) the United States should systematically track the evolu-
tion of these partnerships and work with others in the public
and private sector to profile and build upon those models that
are most effective.

SEC. 202. PARTICIPATION IN THE GLOBAL FUND TO FIGHT AIDS,
TUBERCULOSIS AND MALARIA.

(a) FINDINGS.—The Congress finds as follows:
(1) The establishment of the Global Fund in January 2002
is consistent with the general principles for an international
AIDS trust fund first outlined by the Congress in the Global
AIDS and Tuberculosis Relief Act of 2000 (Public Law 106–
264).
(2) Section 2, Article 5 of the bylaws of the Global Fund pro-
vides for the International Bank for Reconstruction and Devel-
opment to serve as the initial collection trustee for the Global
Fund.
(3) The trustee agreement signed between the Global Fund
and the International Bank for Reconstruction and Develop-
ment narrows the range of duties to include receiving and in-
vesting funds from donors, disbursing the funds upon the in-
struction of the Global Fund, reporting on trust fund resources
to donors and the Global Fund, and providing an annual exter-
nal audit report to the Global Fund.
(b) AUTHORITY FOR UNITED STATES PARTICIPATION.—
(1) UNITED STATES PARTICIPATION.—The United States is
hereby authorized to participate in the Global Fund.
(2) PRIVILEGES AND IMMUNITIES.—The Global Fund shall be
considered a public international organization for purposes of
section 1 of the International Organizations Immunities Act
(c) REPORTS TO CONGRESS.—Not later than 1 year after the
date of the enactment of this Act, and annually thereafter for the
duration of the Global Fund, the President shall submit to the ap-
propriate congressional committees a report on the Global Fund,
including contributions pledged to, contributions (including dona-
tions from the private sector) received by, and projects funded by
the Global Fund, and the mechanisms established for transparency
and accountability in the grant-making process.
(d) UNITED STATES FINANCIAL PARTICIPATION.—
(1) AUTHORIZATION OF APPROPRIATIONS.—In addition to any
other funds authorized to be appropriated for bilateral or mul-
tilateral HIV/AIDS, tuberculosis, or malaria programs, of the
amounts authorized to be appropriated under section 401,
there are authorized to be appropriated to the President up to
$1,000,000,000 for the period of fiscal year 2004 beginning on
January 1, 2004, and such sums as may be necessary for the fiscal
years 2005–2008, for contributions to the Global Fund.

11In a memorandum of February 23, 2004 (69 F.R. 9509), the President delegated authority
under secs. 202(c), 305 and 313 to the Secretary of State. The President, further, delegated the
authority under sec. 101 to the Secretary of State to establish a comprehensive, integrated, 5-
year strategy to combat global HIV/AIDS and to report to Congress.
(2) Availability of Funds.—Amounts appropriated under paragraph (1) are authorized to remain available until expended.

(3) Reprogramming of Fiscal Year 2001 Funds.—Funds made available for fiscal year 2001 under section 141 of the Global AIDS and Tuberculosis Relief Act of 2000—

(A) are authorized to remain available until expended; and

(B) shall be transferred to, merged with, and made available for the same purposes as, funds made available for fiscal years 2004 through 2008 under paragraph (1).

(4) Limitation.—

(A)(i) At any time during fiscal years 2004 through 2008, no United States contribution to the Global Fund may cause the total amount of United States Government contributions to the Global Fund to exceed 33 percent of the total amount of funds contributed to the Global Fund from all sources. Contributions to the Global Fund from the International Bank for Reconstruction and Development and the International Monetary Fund shall not be considered in determining compliance with this paragraph.

(ii) If, at any time during any of the fiscal years 2004 through 2008, the President determines that the Global Fund has provided assistance to a country, the government of which the Secretary of State has determined, for purposes of section 6(j)(1) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(1)), has repeatedly provided support for acts of international terrorism, then the United States shall withhold from its contribution for the next fiscal year an amount equal to the amount expended by the Fund to the government of each such country.

(iii) If at any time the President determines that the expenses of the Governing, Administrative, and Advisory Bodies (including the Partnership Forum, the Foundation Board, the Secretariat, and the Technical Review Board) of the Global Fund exceed 10 percent of the total expenditures of the Fund for any 2-year period, the United States shall withhold from its contribution for the next fiscal year an amount equal to the average annual amount expended by the Fund for such 2-year period for the expenses of the Governing, Administrative, and Advisory Bodies in excess of 10 percent of the total expenditures of the Fund.

(iv) The President may waive the application of clause (iii) if the President determines that extraordinary circumstances warrant such a waiver. No waiver under this clause may be for any period that exceeds 1 year.

(v) If, at any time during any of the fiscal years 2004 through 2008, the President determines that the salary of any individual employed by the Global Fund exceeds the salary of the Vice President of the United States (as determined under section 104 of title 3, United States Code) for that fiscal year, then the United States shall withhold from its contribution for the next fiscal year an amount
equal to the aggregate amount by which the salary of each such individual exceeds the salary of the Vice President of the United States.

(vi) For the purposes of clause (i), “funds contributed to the Global Fund from all sources” means funds contributed to the Global Fund at any time during fiscal years 2004 through 2008 that are not contributed to fulfill a commitment made for a fiscal year prior to fiscal year 2004.

(B)(i) Any amount made available under this subsection that is withheld by reason of subparagraph (A)(i) shall be contributed to the Global Fund as soon as practicable, subject to subparagraph (A)(i), after additional contributions to the Global Fund are made from other sources.

(ii) Any amount made available under this subsection that is withheld by reason of subparagraph (A)(iii) shall be transferred to the Activities to Combat HIV/AIDS Globally Fund and shall remain available under the same terms and conditions as funds appropriated pursuant to the authorization of appropriations under section 401 for HIV/AIDS assistance.

(iii) Any amount made available under this subsection that is withheld by reason of clause (ii) or (iii) of subparagraph (A) is authorized to be made available to carry out section 104A of the Foreign Assistance Act of 1961 (as added by section 301 of this Act). Amounts made available under the preceding sentence are in addition to amounts appropriated pursuant to the authorization of appropriations under section 401 of this Act for HIV/AIDS assistance.

(iv) Notwithstanding clause (i), after July 31 of each of the fiscal years 2004 through 2008, any amount made available under this subsection that is withheld by reason of subparagraph (A)(i) is authorized to be made available to carry out sections 104A, 104B, and 104C of the Foreign Assistance Act of 1961 (as added by title III of this Act).

(C)(i) The President may suspend the application of subparagraph (A) with respect to a fiscal year if the President determines that an international health emergency threatens the national security interests of the United States.

(ii) The President shall notify the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate not less than 5 days before making a determination under clause (i) with respect to the application of subparagraph (A)(i) and shall include in the notification—

(I) a justification as to why increased United States Government contributions to the Global Fund is preferable to increased United States assistance to combat HIV/AIDS, tuberculosis, and malaria on a bilateral basis; and
(II) an explanation as to why other government donors to the Global Fund are unable to provide adequate contributions to the Fund.

(e) Interagency Technical Review Panel.—

(1) Establishment.—The Coordinator of United States Government Activities to Combat HIV/AIDS Globally, established in section 1(f)(1) of the State Department Basic Authorities Act of 1956 (as added by section 102(a) of this Act), shall establish in the executive branch an interagency technical review panel.

(2) Duties.—The interagency technical review panel shall serve as a “shadow” panel to the Global Fund by—

(A) periodically reviewing all proposals received by the Global Fund; and

(B) providing guidance to the United States persons who are representatives on the panels, committees, and boards of the Global Fund, on the technical efficacy, suitability, and appropriateness of the proposals, and ensuring that such persons are fully informed of technical inadequacies or other aspects of the proposals that are inconsistent with the purposes of this or any other Act relating to the provision of foreign assistance in the area of AIDS.

(3) Membership.—The interagency technical review panel shall consist of qualified medical and development experts who are officers or employees of the Department of Health and Human Services, the Department of State, and the United States Agency for International Development.

(4) Chair.—The Coordinator referred to in paragraph (1) shall chair the interagency technical review panel.

(f) Monitoring by Comptroller General.—

(1) Monitoring.—The Comptroller General shall monitor and evaluate projects funded by the Global Fund.

(2) Report.—The Comptroller General shall on a biennial basis shall prepare and submit to the appropriate congressional committees a report that contains the results of the monitoring and evaluation described in paragraph (1) for the preceding 2-year period.

(g) Provision of Information to Congress.—The Coordinator of United States Government Activities to Combat HIV/AIDS Globally shall make available to the Congress the following documents within 30 days of a request by the Congress for such documents:

(1) All financial and accounting statements for the Global Fund and the Activities to Combat HIV/AIDS Globally Fund, including administrative and grantee statements.

(2) Reports provided to the Global Fund and the Activities to Combat HIV/AIDS Globally Fund by organizations contracted to audit recipients of funds.

(3) Project proposals submitted by applicants for funding from the Global Fund and the Activities to Combat HIV/AIDS Globally Fund, but which were not funded.

(h) Sense of the Congress Regarding Encouragement of Private Contributions to the Global Fund.—It is the sense of the Congress that the President should—
(1) conduct an outreach campaign that is designed to—
   (A) inform the public of the existence of—
      (i) the Global Fund; and
      (ii) any entity that will accept private contributions
           intended for use by the Global Fund; and
   (B) encourage private contributions to the Global Fund; and

(2) encourage private contributions intended for use by the
   Global Fund by—
   (A) establishing and operating an Internet website, and
   publishing information about the website; and
   (B) making public service announcements on radio and
       television.

SEC. 203. VOLUNTARY CONTRIBUTIONS TO INTERNATIONAL VACCINE
FUNDS.
(a) VACCINE FUND.—Section 302(k) of the Foreign Assistance Act
   of 1961 (22 U.S.C. 2222(k)) is amended—* * *

TITLe III—BILATERAL EFFORTS
Subtitle A—General Assistance and Programs
SEC. 301.14 ASSISTANCE TO COMBAT HIV/AIDS.
(a) AMENDMENT OF THE FOREIGN ASSISTANCE ACT OF 1961.—
   Chapter 1 of part I of the Foreign Assistance Act of 1961 (22 U.S.C.
   2151 et seq.) is amended—
   (1) in section 104(c) (22 U.S.C. 2151b(c)), by striking para-
       graphs (4) through (7); and
   (2) by inserting after section 104 the following new section:

"SEC. 104A. ASSISTANCE TO COMBAT HIV/AIDS. * * *

(b) AUTHORIZATION OF APPROPRIATIONS.—
   (1) IN GENERAL.—In addition to funds available under sec-
       tion 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C.
       2151b(c)) for such purpose or under any other provision of that
       Act, there are authorized to be appropriated to the President,
       from amounts authorized to be appropriated under section 401,
       such sums as may be necessary for each of the fiscal years
       2004 through 2008 to carry out section 104A of the Foreign As-
       ssistance Act of 1961, as added by subsection (a).
   (2) AVAILABILITY OF FUNDS.—Amounts appropriated pursuant
to paragraph (1) are authorized to remain available until
expended.
   (3) ALLOCATION OF FUNDS.—Of the amount authorized to be
   appropriated by paragraph (1) for the fiscal years 2004 through
2008, such sums as may be necessary are authorized to be appropriated to carry out section 104A(d)(4) of the Foreign Assistance Act of 1961 (as added by subsection (a)), relating to the procurement and distribution of HIV/AIDS pharmaceuticals.

(c) RELATIONSHIP TO ASSISTANCE PROGRAMS TO ENHANCE NUTRITION.—In recognition of the fact that malnutrition may hasten the progression of HIV to AIDS and may exacerbate the decline among AIDS patients leading to a shorter life span, the Administrator of the United States Agency for International Development shall, as appropriate—

(1) integrate nutrition programs with HIV/AIDS activities, generally;

(2) provide, as a component of an anti-retroviral therapy program, support for food and nutrition to individuals infected with and affected by HIV/AIDS; and

(3) provide support for food and nutrition for children affected by HIV/AIDS and to communities and households caring for children affected by HIV/AIDS.

(d) ELIGIBILITY FOR ASSISTANCE.—An organization that is otherwise eligible to receive assistance under section 104A of the Foreign Assistance Act of 1961 (as added by subsection (a)) or under any other provision of this Act (or any amendment made by this Act) to prevent, treat, or monitor HIV/AIDS shall not be required, as a condition of receiving the assistance, to endorse or utilize a multisectoral approach to combatting HIV/AIDS, or to endorse, utilize, or participate in a prevention method or treatment program to which the organization has a religious or moral objection.

(e) LIMITATION.—No funds made available to carry out this Act, or any amendment made by this Act, may be used to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.

(f) LIMITATION.—No funds made available to carry out this Act, or any amendment made by this Act, may be used to provide assistance to any group or organization that does not have a policy explicitly opposing prostitution and sex trafficking, except that this subsection shall not apply to the Global Fund to Fight AIDS, Tuberculosis and Malaria, the World Health Organization, the International AIDS Vaccine Initiative or to any United Nations agency.15

(g) SENSE OF CONGRESS RELATING TO FOOD ASSISTANCE FOR INDIVIDUALS LIVING WITH HIV/AIDS.—

(1) FINDINGS.—Congress finds the following:

(A) The United States provides more than 60 percent of all food assistance worldwide.

---

15 Sec. 595(3) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2004 (division D of Public Law 108–199; 117 Stat. 209), added "", except that this subsection shall not apply to the Global Fund to Fight AIDS, Tuberculosis and Malaria, the World Health Organization, the International AIDS Vaccine Initiative or to any United Nations agency"".
(B) According to the United Nations World Food Program and other United Nations agencies, food insecurity of individuals infected or living with HIV/AIDS is a major problem in countries with large populations of such individuals, particularly in African countries.

(C) Although the United States is willing to provide food assistance to these countries in need, a few of the countries object to part or all of the assistance because of fears of benign genetic modifications to the foods.

(D) Healthy and nutritious foods for individuals infected or living with HIV/AIDS are an important complement to HIV/AIDS medicines for such individuals.

(E) Individuals infected with HIV have higher nutritional requirements than individuals who are not infected with HIV, particularly with respect to the need for protein. Also, there is evidence to suggest that the full benefit of therapy to treat HIV/AIDS may not be achieved in individuals who are malnourished, particularly in pregnant and lactating women.

(2) Sense of Congress.—It is therefore the sense of Congress that United States food assistance should be accepted by countries with large populations of individuals infected or living with HIV/AIDS, particularly African countries, in order to help feed such individuals.

SEC. 302. ASSISTANCE TO COMBAT TUBERCULOSIS.

(a) Amendment of the Foreign Assistance Act of 1961.—Chapter 1 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.), as amended by section 301 of this Act, is further amended by inserting after section 104A the following new section:

“SEC. 104B. ASSISTANCE TO COMBAT TUBERCULOSIS. * * *

(b) Authorization of Appropriations.—

(1) In general.—In addition to funds available under section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c)) for such purpose or under any other provision of that Act, there are authorized to be appropriated to the President, from amounts authorized to be appropriated under section 401, such sums as may be necessary for each of the fiscal years 2004 through 2008 to carry out section 104B of the Foreign Assistance Act of 1961, as added by subsection (a).

SEC. 303. ASSISTANCE TO COMBAT MALARIA.

(a) Amendment of the Foreign Assistance Act of 1961.—Chapter 1 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.), as amended by sections 301 and 302 of this Act, is further amended by inserting after section 104B the following new section:

“SEC. 104C. ASSISTANCE TO COMBAT MALARIA. * * *

(b) Authorization of Appropriations.—

(1) In general.—In addition to funds available under section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c)) for such purpose or under any other provision of that Act, there are authorized to be appropriated to the President, from amounts authorized to be appropriated under section 401, such sums as may be necessary for fiscal years 2004 through 2008 to carry out section 104C of the Foreign Assistance Act of 1961, as added by subsection (a), including for the development of anti-malarial pharmaceuticals by the Medicines for Malaria Venture.

(2) Availability of funds.—Amounts appropriated pursuant to paragraph (1) are authorized to remain available until expended.

(3) Transfer of prior year funds.—Unobligated balances of funds made available for fiscal year 2001, 2002, or 2003 under section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c) (as in effect immediately before the date of enactment of this Act) and made available for the control of malaria shall be transferred to, merged with, and made available for the same purposes as funds made available for fiscal years 2004 through 2008 under paragraph (1).

(c) Conforming Amendment.—Section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c)), as amended by section 301 of this Act, is further amended by adding after paragraph (3) the following: * * *

(1) provide basic health care services for those infected and affected by HIV/AIDS, tuberculosis, and malaria in the area in which they are serving;

(2) provide on-the-job training to medical and other personnel in the area in which they are serving to strengthen the basic health care system of the affected countries;

(3) provide health care educational training for residents of the area in which they are serving;

(4) serve for a period of up to 3 years; and

(5) meet the eligibility requirements in subsection (d).
(c) **Eligibility Requirements.**—To be eligible to participate in the program, a candidate shall—

(f) **Incentives.**—The President may offer such incentives as the President determines to be necessary to encourage individuals to participate in the program, such as partial payment of principal, interest, and related expenses on government and commercial loans for educational expenses relating to professional health training and, where possible, deferment of repayments on such loans, the provision of retirement benefits that would otherwise be jeopardized by participation in the program, and other incentives.

(g) **Report.**—Not later than 18 months after the date of enactment of this Act, the President shall submit to the appropriate congressional committees a report on steps taken to establish the program, including—

1. the process of recruitment, including the venues for recruitment, the number of candidates recruited, the incentives offered, if any, and the cost of those incentives;

4. the potential for expansion of the program.

(h) **Authorization of Appropriations.**—
(1) IN GENERAL.—In addition to amounts otherwise available for such purpose, there are authorized to be appropriated to the President, from amounts authorized to be appropriated under section 401, such sums as may be necessary for each of the fiscal years 2004 through 2008 to carry out the program.

(2) AVAILABILITY OF FUNDS.—Amounts appropriated pursuant to the authorization of appropriations under paragraph (1) are authorized to remain available until expended.

SEC. 305. REPORT ON TREATMENT ACTIVITIES BY RELEVANT EXECUTIVE BRANCH AGENCIES.

(b) REPORT ELEMENTS.—The report shall include—

(1) a description of the activities of relevant executive branch agencies with respect to—

(A) the treatment of opportunistic infections;

(B) the use of antiretrovirals;

(C) the status of research into successful treatment protocols for individuals in the developing world;

(D) technical assistance and training of local health care workers (in countries affected by the pandemic) to administer antiretrovirals, manage side effects, and monitor patients' viral loads and immune status;

(E) the status of strategies to promote sustainability of HIV/AIDS pharmaceuticals (including antiretrovirals) and the effects of drug resistance on HIV/AIDS patients; and

(F) the status of appropriate law enforcement officials working to ensure that HIV/AIDS pharmaceutical treatment is not diminished through illegal counterfeiting and black market sales of such pharmaceuticals;

(2) information on existing pilot projects, including a discussion of why a given population was selected, the number of people treated, the cost of treatment, the mechanisms established to ensure that treatment is being administered effectively and safely, and plans for scaling up pilot projects (including projected timelines and required resources); and

(3) an explanation of how those activities relate to efforts to prevent the transmission of the HIV infection.

SEC. 306. STRATEGIES TO IMPROVE INJECTION SAFETY.

Section 307 of the Public Health Service Act (42 U.S.C. 242l) is amended by adding at the end the following:

“(d) In carrying out immunization programs and other programs in developing countries for the prevention, treatment, and control...
of infectious diseases, including HIV/AIDS, tuberculosis, and malaria, the Director of the Centers for Disease Control and Prevention, in coordination with the Coordinator of United States Government Activities to Combat HIV/AIDS Globally, the National Institutes of Health, national and local government, and other organizations, such as the World Health Organization and the United Nations Children’s Fund, shall develop and implement effective strategies to improve injection safety, including eliminating unnecessary injections, promoting sterile injection practices and technologies, strengthening the procedures for proper needle and syringe disposal, and improving the education and information provided to the public and to health professionals.”

SEC. 307. STUDY ON ILLEGAL DIVERSIONS OF PRESCRIPTION DRUGS.

Not later than 180 days after enactment of this Act, the Secretary of Health and Human Services, in coordination with other agencies, shall submit a report to the Congress that includes the following:

1. A thorough accounting of evidence indicating illegal diversion into the United States of prescription drugs donated or sold for humanitarian efforts, and an estimate of the extent of such diversion.

2. Recommendations to increase the administrative and enforcement powers of the United States to identify, monitor, and prevent the illegal diversion into the United States of prescription drugs donated or sold for humanitarian efforts.

3. Recommendations and guidelines to advise and provide technical assistance to developing countries on how to implement a program that minimizes diversion into the United States of prescription drugs donated or sold for humanitarian efforts.

Subtitle B—Assistance for Children and Families

SEC. 311. FINDINGS.

Congress makes the following findings:

1. Approximately 2,000 children around the world are infected each day with HIV through mother-to-child transmission. Transmission can occur during pregnancy, labor, and delivery or through breast feeding. Over 90 percent of these cases are in developing nations with little or no access to public health facilities.

2. Mother-to-child transmission is largely preventable with the proper application of pharmaceuticals, therapies, and other public health interventions.

3. Certain antiretroviral drugs reduce mother-to-child transmission by nearly 50 percent. Universal availability of this drug could prevent up to 400,000 infections per year and dramatically reduce the number of AIDS-related deaths.

4. At the United Nations Special Session on HIV/AIDS in June 2001, the United States committed to the specific goals with respect to the prevention of mother-to-child transmission,
including the goals of reducing the proportion of infants infected with HIV by 20 percent by the year 2005 and by 50 percent by the year 2010, as specified in the Declaration of Commitment on HIV/AIDS adopted by the United Nations General Assembly at the Special Session.

(5) Several United States Government agencies including the United States Agency for International Development and the Centers for Disease Control are already supporting programs to prevent mother-to-child transmission in resource-poor nations and have the capacity to expand these programs rapidly by working closely with foreign governments and nongovernmental organizations.

(6) Efforts to prevent mother-to-child transmission can provide the basis for a broader response that includes care and treatment of mothers, fathers, and other family members who are infected with HIV or living with AIDS.

(7) HIV/AIDS has devastated the lives of countless children and families across the globe. Since the epidemic began, an estimated 13,200,000 children under the age of 15 have been orphaned by AIDS, that is they have lost their mother or both parents to the disease. The Joint United Nations Program on HIV/AIDS (UNAIDS) estimates that this number will double by the year 2010.

(8) HIV/AIDS also targets young people between the ages of 15 to 24, particularly young women, many of whom carry the burden of caring for family members living with HIV/AIDS. An estimated 10,300,000 young people are now living with HIV/AIDS. One-half of all new infections are occurring among this age group.

SEC. 312. POLICY AND REQUIREMENTS.

(a) POLICY.—The United States Government’s response to the global HIV/AIDS pandemic should place high priority on the prevention of mother-to-child transmission, the care and treatment of family members and caregivers, and the care of children orphaned by AIDS. "GOVERNMENT-WIDE RESCISSIONS

"Sec. 3801. (a) ACROSS-THE-BORD RESCISSIONS.—There is hereby rescinded an amount equal to 1 percent of—

(3) 20 percent of such amounts for HIV/AIDS prevention consistent with section 104A(d) of the Foreign Assistance Act of 1961 (as added by section 301 of this Act), of which such amount at least 33 percent should be expended for abstinence-until-marriage programs; and

For fiscal years 2006 through 2008, not less than 33 percent of the amounts appropriated pursuant to the authorization of appropriations under section 401 for HIV/AIDS prevention consistent with section 104A(d) of the Foreign Assistance Act of 1961 (as added by section 301 of this Act) for each such fiscal year shall be expended for abstinence-until-marriage programs.

(c) ENHANCED HIPC INITIATIVE DEFINED.—In this section, the term “Enhanced HIPC Initiative” means the multilateral debt initiative for heavily indebted poor countries presented in the Report of G–7 Finance Ministers on the Cologne Debt Initiative to the Cologne Economic Summit, Cologne, June 18–20, 1999.

"(2) have documented and demonstrated their commitment to redirect their budgetary resources from international debt repayments to programs to alleviate poverty and promote economic growth that are additional to or expand upon those previously available for such purposes: Provided further, That any limitation of subsection (e) of section 411 of the Agricultural Trade Development and Assistance Act of 1954 shall not apply to funds appropriated under this heading: Provided further, That none of the funds made available under this heading in this or any other appropriations Act shall be made available for Sudan or Burma unless the Secretary of the Treasury determines and notifies the Committees on Appropriations that a democratically elected government has taken office."

(1) The United States and the international community should support efforts that advance the development of democratic civil authorities and institutions in Afghanistan and the establishment of a new broad-based, multi-ethnic, gender-sensitive, and fully representative government in Afghanistan.

(2) The United States, in particular, should provide its expertise to meet immediate humanitarian and refugee needs, fight the production and flow of illicit narcotics, and aid in the reconstruction of Afghanistan.

(3) By promoting peace and security in Afghanistan and preventing a return to conflict, the United States and the international community can help ensure that Afghanistan does not again become a source for international terrorism.

(4) The United States should support the objectives agreed to on December 5, 2001, in Bonn, Germany, regarding the provisional arrangement for Afghanistan as it moves toward the establishment of permanent institutions and, in particular, should work intensively toward ensuring the future neutrality of Afghanistan, establishing the principle that neighboring countries and other countries in the region do not threaten or interfere in one another’s sovereignty, territorial integrity, or political independence, including supporting diplomatic initiatives to support this goal.

(5) The special emergency situation in Afghanistan, which from the perspective of the American people combines security, humanitarian, political, law enforcement, and development imperatives, requires that the President should receive maximum flexibility in designing, coordinating, and administering efforts with respect to assistance for Afghanistan and that a temporary special program of such assistance should be established for this purpose.
(6) To foster stability and democratization and to effectively eliminate the causes of terrorism, the United States and the international community should also support efforts that advance the development of democratic civil authorities and institutions in the broader Central Asia region.

SEC. 102. PURPOSES OF ASSISTANCE.

The purposes of assistance authorized by this title are—

(2) to support the continued efforts of the United States and the international community to address the humanitarian crisis in Afghanistan and among Afghan refugees in neighboring countries;

(3) to fight the production and flow of illicit narcotics, to control the flow of precursor chemicals used in the production of heroin, and to enhance and bolster the capacities of Afghan governmental authorities to control poppy cultivation and related activities;

(4) to help achieve a broad-based, multi-ethnic, gender-sensitive, and fully representative government in Afghanistan that is freely chosen by the people of Afghanistan and that respects the human rights of all Afghans, particularly women, including authorizing assistance for the rehabilitation and reconstruction of Afghanistan with a particular emphasis on meeting the educational, health, and sustenance needs of women and children to better enable their full participation in Afghan society;

(5) to support the Government of Afghanistan in its development of the capacity to facilitate, organize, develop, and implement projects and activities that meet the needs of the Afghan people;

(6) to foster the participation of civil society in the establishment of the new Afghan government in order to achieve a broad-based, multi-ethnic, gender-sensitive, fully representative government freely chosen by the Afghan people, without prejudice to any decisions which may be freely taken by the Afghan people about the precise form in which their government is to be organized in the future;

(7) to support the reconstruction of Afghanistan through, among other things, programs that create jobs, facilitate clearance of landmines, and rebuild the agriculture sector, the health care system, and the educational system of Afghanistan;

(8) to provide resources to the Ministry for Women’s Affairs of Afghanistan to carry out its responsibilities for legal advocacy, education, vocational training, and women’s health programs; and

SEC. 206. PROMOTING SECURE DELIVERY OF HUMANITARIAN AND OTHER ASSISTANCE IN AFGHANISTAN AND EXPANSION OF THE INTERNATIONAL SECURITY ASSISTANCE FORCE.

(a) Findings.—Congress finds the following:

(1) The President has declared his view that the United States should provide significant assistance to Afghanistan so that it is no longer a haven for terrorism.

(2) The delivery of humanitarian and reconstruction assistance from the international community is necessary for the safe return of refugees and is critical to the future stability of Afghanistan.

(3) Enhanced stability in Afghanistan through an improved security environment is critical to the functioning of the Government of Afghanistan and the traditional Afghan assembly or “Loya Jirga” process, which is intended to lead to a permanent national government in Afghanistan, and also is essential for the participation of women in Afghan society.

(4) Incidents of violence between armed factions and local and regional commanders, and serious abuses of human rights, including attacks on women and ethnic minorities throughout Afghanistan, create an insecure, volatile, and unsafe environment in parts of Afghanistan, displacing thousands of Afghan civilians from their local communities.

(5) (A) On July 6, Vice President Haji Abdul Qadir was assassinated in Kabul by unknown assailants.

(B) On September 5, 2002, a car bomb exploded in Kabul killing 32 and injuring 150 and on the same day a member of Kandahar Governor Sherzai’s security team attempted to assassinate President Karzai.

(6) The violence and lawlessness may jeopardize the “Loya Jirga” process, undermine efforts to build a strong central government, severely impede reconstruction and the delivery of humanitarian assistance, and increase the likelihood that parts of Afghanistan will once again become safe havens for al-Qaeda, Taliban forces, and drug traffickers.

(7) The lack of security and lawlessness may also perpetuate the need for United States Armed Forces in Afghanistan and threaten the ability of the United States to meet its military objectives.

(8) The International Security Assistance Force in Afghanistan, currently led by Turkey, and composed of forces from other willing countries without the participation of United

States Armed Forces, is deployed only in Kabul and currently does not have the mandate or the capacity to provide security to other parts of Afghanistan.

(9) Due to the ongoing military campaign in Afghanistan, the United States does not contribute troops to the International Security Assistance Force but has provided support to other countries that are doing so.

(10) The United States is providing political, financial, training, and other assistance to the Afghan Interim Authority as it begins to build a national army and police force to help provide security throughout Afghanistan, but this effort is not meeting the immediate security needs of Afghanistan.

(11) Because of these immediate security needs, the Government of Afghanistan, its President, Hamid Karzai, and many Afghan regional leaders have called for the International Security Assistance Force, which has successfully brought stability to Kabul, to be expanded and deployed throughout the country, and this request has been strongly supported by a wide range of international humanitarian organizations, including the International Committee of the Red Cross, Catholic Relief Services, and Refugees International.

(b) STATEMENT OF POLICY.—It should be the policy of the United States to support measures to help meet the immediate security needs of Afghanistan in order to promote safe and effective delivery of humanitarian and other assistance throughout Afghanistan, further the rule of law and civil order, and support the formation of a functioning, representative Afghan national government.

(c) IMPLEMENTATION OF STRATEGY.—

(1) INITIAL REPORT.—Not later than 60 days after the date of the enactment of this Act, the President shall provide the Committee on International Relations and the Committee on Appropriations of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate with—

(A) a strategy for meeting the immediate and long-term security needs of Afghanistan in order to promote safe and effective delivery of humanitarian and other assistance throughout Afghanistan, further the rule of law and civil order, and support the formation of a functioning, representative Afghan national government, including an update to the strategies submitted pursuant to Public Law 107–206; and

(B) a description of the progress of the Government of Afghanistan toward the eradication of poppy cultivation, the disruption of heroin production, and the reduction of the overall supply and demand for illicit narcotics in Afghanistan in accordance with the provisions of this Act.

\[31\text{In a memorandum of July 22, 2003, for the Secretary of State, the President submitted a report on “implementation of the strategies for meeting the immediate and long-term security needs of Afghanistan” (68 F.R. 53869).}\]
(2) IMPLEMENTATION OF STRATEGY.—Every 6 months after the enactment of this Act through January 1, 2010, the President shall submit to the congressional committees specified in paragraph (1) a report on the implementation of the strategies for meeting the immediate and long-term security needs of Afghanistan, which shall include the following elements—

(A) since the previous report, the progress in recruiting, training, and deploying an Afghan National Army and police force, including the numbers and ethnic composition of recruits; the number of graduates from military and police training; the numbers of graduates retained by the Afghan National Army and police forces since the previous report; the numbers of graduates operationally deployed and to which areas of the country; the degree to which these graduates are assuming security responsibilities; whether Afghan army and police units are establishing effective central governmental authority over areas of the country, and which areas; and the numbers of instances of armed attacks against Afghan central governmental officials, United States or international officials, troops or aid workers, or between the armed forces of regional leaders;

(B) the degree to which armed regional leaders are cooperating and integrating with the central government, providing security and order within their regions of influence, engaging in armed conflict or other forms of competition that are deleterious to peace, security, and the integration of a unified Afghanistan under the central government;

(C) the amount of humanitarian relief provided since the previous report to returnees, isolated populations and other vulnerable groups, as well as demining assistance and landmine survivors rehabilitation; and the numbers of such persons not assisted since the previous report;

(D) the steps taken since the previous report toward national reconstruction, including establishment of the ministries and other institutions of the Government of Afghanistan;

(E) the numbers of Civil Affairs Teams working with regional leaders, as well as the quick impact infrastructure projects undertaken by such teams since the previous report;

(F) efforts undertaken since the previous report to rebuild the justice sector, including the establishment of a functioning judiciary, a competent bar, reintegration of women legal professionals and a reliable penal system, and the respect for human rights; and

(G) a description of the progress of the Government of Afghanistan with respect to the matters described in paragraph (1)(B).

(d) EXPANSION OF THE INTERNATIONAL SECURITY ASSISTANCE FORCE.—

(1) EFFORTS TO EXPAND INTERNATIONAL PEACEKEEPING AND SECURITY OPERATIONS IN AFGHANISTAN.—

(A) EFFORTS.—The President shall encourage, and, as authorized by law, enable other countries to actively participate in expanded international peacekeeping and security operations in Afghanistan, especially through the provision of military personnel for extended periods of time.

(B) REPORTS.—The President shall prepare and transmit a report on the efforts carried out pursuant to subparagraph (A) to the Committee on Foreign Relations of the Senate and the Committee on International Relations of the House of Representatives. The first report under this subparagraph shall be transmitted not later than 60 days after the date of the enactment of the Afghanistan Freedom Support Act Amendments of 2004 and subsequent reports shall be transmitted every 6 months thereafter and may be included in the report required by subsection (c)(2).

(2) AUTHORIZATION OF APPROPRIATIONS.—(A) There is authorized to be appropriated to the President $500,000,000 for each of fiscal years 2003 and 2004 to support the International Security Assistance Force or the establishment of a similar security force.

(C) Funds appropriated pursuant to subparagraph (A) shall be subject to the notification requirements under section 634A of the Foreign Assistance Act of 1961.

(e) UNITED STATES POLICY RELATING TO INTERNATIONAL PEACEKEEPING AND SECURITY OPERATIONS.—It shall be the policy of the United States to make every effort to support the expansion of the International Security Assistance Force, or the establishment of a similar security force, and

"(1) SENSE OF CONGRESS.—Congress urges the President, in order to fulfill the objective of establishing security in Afghanistan, to take all appropriate measures to assist Afghanistan in establishing a secure environment throughout the country, including by—

"(A) sponsoring in the United Nations Security Council a resolution authorizing an expansion of the International Security Assistance Force, or the establishment of a similar security force; and

"(B) enlisting the European and other allies of the United States to provide forces for an expansion of the International Security Assistance Force in Afghanistan, or the establishment of a similar security force.

"(2) AUTHORIZATION OF APPROPRIATIONS.—(A) There is authorized to be appropriated to the President $500,000,000 for each of fiscal years 2003 and 2004 to support the International Security Assistance Force or the establishment of a similar security force.

"(B) Amounts made available under subparagraph (A) may be appropriated pursuant to chapter 4 of part II of the Foreign Assistance Act of 1961, section 551 of such Act, or section 23 of the Arms Export Control Act.

"(C) Funds appropriated pursuant to subparagraph (A) shall be subject to the notification requirements under section 634A of the Foreign Assistance Act of 1961."
of international peacekeeping and security operations in Afghanistan in order to—

(1) increase the area in which security is provided and undertake vital tasks related to promoting security, such as disarming warlords, militias, and irregulars, and disrupting opium production; and

(2) safeguard highways in order to allow the free flow of commerce and to allow material assistance to the people of Afghanistan, and aid personnel in Afghanistan, to move more freely.

SEC. 207. SENSE OF CONGRESS AND REPORT REGARDING COUNTER-DRUG EFFORTS IN AFGHANISTAN.

(1) the President should make the substantial reduction of illegal drug production and trafficking in Afghanistan a priority in the Global War on Terrorism;

(2) the Secretary of Defense, in coordination with the Secretary of State and the heads of other appropriate Federal agencies, should expand cooperation with the Government of Afghanistan and international organizations involved in counter-drug activities to assist in providing a secure environment for counter-drug personnel in Afghanistan; and

(3) the United States, in conjunction with the Government of Afghanistan and coalition partners, should undertake additional efforts to reduce illegal drug trafficking and related activities that provide financial support for terrorist organizations in Afghanistan and neighboring countries.

(b) REPORT REQUIRED.—(1) The Secretary of Defense and the Secretary of State shall jointly prepare a report that describes—

(A) the progress made toward substantially reducing poppy cultivation and heroin production capabilities in Afghanistan; and

(B) the extent to which profits from illegal drug activity in Afghanistan are used to financially support terrorist organizations and groups seeking to undermine the Government of Afghanistan.

(2) The report required by this subsection shall be submitted to Congress not later than 120 days after the date of the enactment of the 9/11 Recommendations Implementation Act.

SEC. 208. RELATIONSHIP TO OTHER AUTHORITY.

(a) ADDITIONAL AUTHORITY.—The authority to provide assistance under this title is in addition to any other authority to provide assistance to the Government of Afghanistan.

(b) LAWS RESTRICTING AUTHORITY.—Assistance under this title to the Government of Afghanistan may be provided notwithstanding section 512 of Public Law 107–115 or any similar provision of law.

SEC. 302. SENSE OF CONGRESS REGARDING PROTECTING AFGHANISTAN’S PRESIDENT.

It is the sense of Congress that—

(1) any United States physical protection force provided for the personal security of the President of Afghanistan should be composed of United States diplomatic security, law-enforcement, or military personnel, and should not utilize private contracted personnel to provide actual physical protection services;

(2) United States allies should be invited to volunteer active-duty military or law enforcement personnel to participate in such a protection force; and

(3) such a protection force should be limited in duration and should be succeeded by qualified Afghan security forces as soon as practicable.

SEC. 303. DONOR CONTRIBUTIONS TO AFGHANISTAN AND REPORTS.

(a) FINDINGS.—The Congress finds that inadequate amounts of international assistance promised by donor states at the Tokyo donors conference and elsewhere have been delivered to Afghanistan, imperiling the rebuilding and development of civil society and infrastructure, and endangering peace and security in that war-torn country.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States should use all appropriate diplomatic means to encourage all states that have pledged assistance to Afghanistan to deliver as soon as possible the total amount of assistance pledged.

SEC. 7104. ASSISTANCE FOR AFGHANISTAN.

(a) 1 SHORT TITLE.—This section may be cited as the “Afghanistan Freedom Support Act Amendments of 2004”.

(b) 2 COORDINATION OF ASSISTANCE.—

(1) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, Congress makes the following findings:

(A) The United States and its allies in the international community have made progress in promoting economic and political reform within Afghanistan, including the establishment of a central government with a democratic constitution, a new currency, and a new army, the increase of personal freedom, and the elevation of the standard of living of many Afghans.

(B) A number of significant obstacles must be overcome if Afghanistan is to become a secure and prosperous democracy, and such a transition depends in particular upon—

(i) improving security throughout the country;

(ii) disarming and demobilizing militias;

(iii) curtailing the rule of the warlords;

(iv) promoting equitable economic development;

(v) protecting the human rights of the people of Afghanistan;

(vi) continuing to hold elections for public officials; and

(vii) ending the cultivation, production, and trafficking of narcotics.

(C) The United States and the international community must make a long-term commitment to addressing the un-

1 22 U.S.C. 7501 note.
stable security situation in Afghanistan and the burgeoning narcotics trade, endemic poverty, and other serious problems in Afghanistan in order to prevent that country from relapsing into a sanctuary for international terrorism.

(2) SENSE OF CONGRESS.—It is the sense of Congress that the United States Government should take, with respect to Afghanistan, the following actions:

(A) Work with other nations to obtain long-term security, political, and financial commitments and fulfillment of pledges to the Government of Afghanistan to accomplish the objectives of the Afghanistan Freedom Support Act of 2002 (22 U.S.C. 7501 et seq.), especially to ensure a secure, democratic, and prosperous Afghanistan that respects the rights of its citizens and is free of international terrorist organizations.

(B) Use the voice and vote of the United States in relevant international organizations, including the North Atlantic Treaty Organization and the United Nations Security Council, to strengthen international commitments to assist the Government of Afghanistan in enhancing security, building national police and military forces, increasing counter-narcotics efforts, and expanding infrastructure and public services throughout the country.

(C) Take appropriate steps to increase the assistance provided under programs of the Department of State and the United States Agency for International Development throughout Afghanistan and to increase the number of personnel of those agencies in Afghanistan as necessary to support the increased assistance.

(c) COORDINATOR FOR ASSISTANCE.—

(1) FINDINGS.—Congress makes the following findings:

(A) The Final Report of the National Commission on Terrorist Attacks Upon the United States criticized the provision of United States assistance to Afghanistan for being too inflexible.

(B) The Afghanistan Freedom Support Act of 2002 (22 U.S.C. 7501 et seq.) contains provisions that provide for flexibility in the provision of assistance for Afghanistan and are not subject to the requirements of typical foreign assistance programs and provide for the designation of a coordinator to oversee United States assistance for Afghanistan.

n. Sudan

(1) Comprehensive Peace in Sudan Act of 2004

Public Law 108–497 [S. 2781], 118 Stat. 4012, approved December 23, 2004

AN ACT To express the sense of Congress regarding the conflict in Darfur, Sudan, to provide assistance for the crisis in Darfur and for comprehensive peace in Sudan, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Comprehensive Peace in Sudan Act of 2004”.

SEC. 2. DEFINITIONS.
In this Act:

(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term “appropriate congressional committees” means the Committee on Foreign Relations of the Senate and the Committee on International Relations of the House of Representatives.

(2) GOVERNMENT OF SUDAN.—The term “Government of Sudan” means the National Congress Party, formerly known as the National Islamic Front, government in Khartoum, Sudan, or any successor government formed on or after the date of the enactment of this Act (other than the coalition government agreed upon in the Nairobi Declaration on the Final Phase of Peace in the Sudan signed on June 5, 2004).

(3) JEM.—The term “JEM” means the Justice and Equality Movement.

(4) SLA.—The term “SLA” means the Sudan Liberation Army.

(5) SPLM.—The term “SPLM” means the Sudan People’s Liberation Movement.

SEC. 3. FINDINGS.
Congress makes the following findings:

(1) A comprehensive peace agreement for Sudan, as envisioned in the Sudan Peace Act (50 U.S.C. 1701 note) and the Machakos Protocol of 2002, could be in jeopardy if the parties do not implement and honor the agreements they have signed.

(2) Since seizing power through a military coup in 1989, the Government of Sudan repeatedly has attacked and dislocated civilian populations in southern Sudan in a coordinated policy of ethnic cleansing and genocide that has cost the lives of more than 2,000,000 people and displaced more than 4,000,000 people.
(3) In response to two decades of civil conflict in Sudan, the United States has helped to establish an internationally supported peace process to promote a negotiated settlement to the war that has resulted in a framework peace agreement, the Nairobi Declaration on the Final Phase of Peace in the Sudan, signed on June 5, 2004.

(4) At the same time that the Government of Sudan was negotiating for a comprehensive and all inclusive peace agreement, enumerated in the Nairobi Declaration on the Final Phase of Peace in the Sudan, it refused to engage in any meaningful discussion with regard to its ongoing campaign of ethnic cleansing and genocide in the Darfur region of western Sudan.

(5) The Government of Sudan reluctantly agreed to attend talks to bring peace to the Darfur region only after considerable international pressure and outrage was expressed through high level visits by Secretary of State Colin Powell and others, and through United Nations Security Council Resolution 1556 (July 30, 2004).

(6) The Government of the United States, in both the executive branch and Congress, has concluded that genocide has been committed and may still be occurring in the Darfur region, and that the Government of Sudan and militias supported by the Government of Sudan, known as the Janjaweed, bear responsibility for the genocide.

(7) Evidence collected by international observers in the Darfur region between February 2003 and November 2004 indicate a coordinated effort to target African Sudanese civilians in a scorched earth policy, similar to that which was employed in southern Sudan, that has destroyed African Sudanese villages, killing and driving away their people, while Arab Sudanese villages have been left unscathed.

(8) As a result of this genocidal policy in the Darfur region, an estimated 70,000 people have died, more than 1,600,000 people have been internally displaced, and more than 200,000 people have been forced to flee to neighboring Chad.

(9) Reports further indicate the systematic rape of thousands of women and girls, the abduction of women and children, and the destruction of hundreds of ethnically African villages, including the poisoning of their wells and the plunder of their crops and cattle upon which the people of such villages sustain themselves.

(10) Despite the threat of international action expressed through United Nations Security Council Resolutions 1556 (July 30, 2004) and 1564 (September 18, 2004), the Government of Sudan continues to obstruct and prevent efforts to reverse the catastrophic consequences that loom over the Darfur region.

(11) In addition to the thousands of violent deaths directly caused by ongoing Sudanese military and government-sponsored Janjaweed attacks in the Darfur region, the Government of Sudan has restricted access by humanitarian and human
rights workers to the Darfur area through intimidation by military and security forces, and through bureaucratic and administrative obstruction, in an attempt to inflict the most devastating harm on those individuals displaced from their villages and homes without any means of sustenance or shelter.

(12) The Government of Sudan’s continued support for the Janjaweed and their obstruction of the delivery of food, shelter, and medical care to the Darfur region is estimated by the World Health Organization to be causing up to 10,000 deaths per month and, should current conditions persist, is projected to escalate to thousands of deaths each day by December 2004.

(13) The Government of Chad served an important role in facilitating the humanitarian cease-fire (the N'Djamena Agreement dated April 8, 2004) for the Darfur region between the Government of Sudan and the two opposition rebel groups in the Darfur region (the JEM and the SLA), although both sides have violated the cease-fire agreement repeatedly.

(14) The people of Chad have responded courageously to the plight of over 200,000 Darfur refugees by providing assistance to them even though such assistance has adversely affected their own means of livelihood.

(15) On September 9, 2004, Secretary of State Colin Powell stated before the Committee on Foreign Relations of the Senate: “When we reviewed the evidence compiled by our team, along with other information available to the State Department, we concluded that genocide has been committed in Darfur and that the Government of Sudan and the [Janjaweed] bear responsibility—and genocide may still be occurring.”

(16) The African Union has demonstrated renewed vigor in regional affairs through its willingness to respond to the crisis in the Darfur region, by convening talks between the parties and deploying several hundred monitors and security forces to the region, as well as by recognizing the need for a far larger force with a broader mandate.

(17) The Government of Sudan’s complicity in the atrocities and genocide in the Darfur region raises fundamental questions about the Government of Sudan’s commitment to peace and stability in Sudan.

SEC. 4. SENSE OF CONGRESS REGARDING THE CONFLICT IN DARFUR, SUDAN.

(a) Sudan Peace Act.—It is the sense of Congress that the Sudan Peace Act (50 U.S.C. 1701 note) remains relevant and should be extended to include the Darfur region of Sudan.

(b) Actions To Address the Conflict.—It is the sense of Congress that—

(1) a legitimate countrywide peace in Sudan will only be possible if those principles enumerated in the 1948 Universal Declaration of Human Rights, that are affirmed in the Machakos Protocol of 2002 and the Nairobi Declaration on the Final Phase of Peace in the Sudan signed on June 5, 2004, are applied to all of Sudan, including the Darfur region;
(2) the parties to the N'Djamena Agreement (the Government of Sudan, the JEM, and the SLA) must meet their obligations under that Agreement to allow safe and immediate delivery of all humanitarian assistance throughout the Darfur region and must expedite the conclusion of a political agreement to end the genocide and conflict in the Darfur region;

(3) the United States should continue to provide humanitarian assistance to the areas of Sudan to which the United States has access and, at the same time, implement a plan to provide assistance to the areas of Sudan to which access has been obstructed or denied;

(4) the international community, including African, Arab, and Muslim nations, should immediately provide resources necessary to save the lives of hundreds of thousands of individuals at risk as a result of the crisis in the Darfur region;

(5) the United States and the international community should—

(A) provide all necessary assistance to deploy and sustain an African Union Force to the Darfur region; and

(B) work to increase the authorized level and expand the mandate of such forces commensurate with the gravity and scope of the problem in a region the size of France;

(6) the President, acting through the Secretary of State and the Permanent Representative of the United States to the United Nations, should—

(A) condemn any failure on the part of the Government of Sudan to fulfill its obligations under United Nations Security Council Resolutions 1556 (July 30, 2004) and 1564 (September 18, 2004), and press the United Nations Security Council to respond to such failure by immediately imposing the penalties suggested in paragraph (14) of United Nations Security Council Resolution 1564;

(B) press the United Nations Security Council to pursue accountability for those individuals who are found responsible for orchestrating and carrying out the atrocities in the Darfur region, consistent with relevant United Nations Security Council Resolutions; and

(C) encourage member states of the United Nations to—

(i) cease to import Sudanese oil; and

(ii) take the following actions against Sudanese Government and military officials and other individuals, who are planning, carrying out, or otherwise involved in the policy of genocide in the Darfur region, as well as their families, and businesses controlled by the Government of Sudan and the National Congress Party:

(I) freeze the assets held by such individuals or businesses in each such member state; and

(II) restrict the entry or transit of such officials through each such member state;

(7) the President should impose targeted sanctions, including a ban on travel and the freezing of assets, on those officials of the Government of Sudan, including military officials, and
other individuals who have planned or carried out, or other-
wise been involved in the policy of genocide in the Darfur re-
region, and should also freeze the assets of businesses controlled
by the Government of Sudan or the National Congress Party;
(8) the Government of the United States should not nor-
ormalize relations with Sudan, including through the lifting of
any sanctions, until the Government of Sudan agrees to, and
takes demonstrable steps to implement, peace agreements for
all areas of Sudan, including the Darfur region;
(9) those individuals found to be involved in the planning or
carrying out of genocide, war crimes, or crimes against human-
ity should not hold leadership positions in the Government of
Sudan or the coalition government established pursuant to the
agreements reached in the Nairobi Declaration on the Final
Phase of Peace in the Sudan; and
(10) the Government of Sudan has a primary responsibility
to guarantee the safety and welfare of its citizens, which in-
cludes allowing them access to humanitarian assistance and
providing them protection from violence.

Notwithstanding any other provision of law, the President is authorized to provide assistance, other than military assistance, to areas that were outside of the control of the Government of Sudan on April 8, 2004, including to provide assistance for emergency relief, development and governance, or to implement any program in support of any viable peace agreement at the local, regional, or national level in Sudan.

SEC. 8. TECHNICAL CORRECTION.

Section 12 of the International Organizations Immunities Act (22 U.S.C. 288f-2) is amended by striking “Organization of African Unity” and inserting “African Union”.

(2) Sudan Peace Act

AN ACT To facilitate famine relief efforts and a comprehensive solution to the war in Sudan.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE. This Act may be cited as the “Sudan Peace Act”.

SEC. 2. FINDINGS. The Congress makes the following findings:

(1) The Government of Sudan has intensified its prosecution of the war against areas outside of its control, which has already cost more than 2,000,000 lives and has displaced more than 4,000,000 people.

(2) A viable, comprehensive, and internationally sponsored peace process, protected from manipulation, presents the best chance for a permanent resolution of the war, protection of human rights, and a self-sustaining Sudan.

(3) Continued strengthening and reform of humanitarian relief operations in Sudan is an essential element in the effort to bring an end to the war.

(4) Continued leadership by the United States is critical.

(5) Regardless of the future political status of the areas of Sudan outside of the control of the Government of Sudan, the absence of credible civil authority and institutions is a major impediment to achieving self-sustenance by the Sudanese people and to meaningful progress toward a viable peace process. It is critical that credible civil authority and institutions play an important role in the reconstruction of post-war Sudan.

(6) Through the manipulation of traditional rivalries among peoples in areas outside of its full control, the Government of Sudan has used divide-and-conquer techniques effectively to subjugate its population. However, internationally sponsored reconciliation efforts have played a critical role in reducing human suffering and the effectiveness of this tactic.

(7) The Government of Sudan utilizes and organizes militias, Popular Defense Forces, and other irregular units for raiding and enslaving parties in areas outside of the control of the Government of Sudan in an effort to disrupt severely the ability of the populations in those areas to sustain themselves. The tactic helps minimize the Government of Sudan’s accountability internationally.

1 50 U.S.C. 1701 note.
(8) The Government of Sudan has repeatedly stated that it intends to use the expected proceeds from future oil sales to increase the tempo and lethality of the war against the areas outside of its control.

(9) By regularly banning air transport relief flights by the United Nations relief operation OLS, the Government of Sudan has been able to manipulate the receipt of food aid by the Sudanese people from the United States and other donor countries as a devastating weapon of war in the ongoing effort by the Government of Sudan to starve targeted groups and subdue areas of Sudan outside of the Government’s control.

(11) The efforts of the United States and other donors in delivering relief and assistance through means outside of OLS have played a critical role in addressing the deficiencies in OLS and offset the Government of Sudan’s manipulation of food donations to advantage in the civil war in Sudan.

(12) While the immediate needs of selected areas in Sudan facing starvation have been addressed in the near term, the population in areas of Sudan outside of the control of the Government of Sudan are still in danger of extreme disruption of their ability to sustain themselves.

(13) The Nuba Mountains and many areas in Bahr al Ghazal and the Upper Nile and the Blue Nile regions have been excluded completely from relief distribution by OLS, consequently placing their populations at increased risk of famine.

(14) At a cost which has sometimes exceeded $1,000,000 per day, and with a primary focus on providing only for the immediate food needs of the recipients, the current international relief operations are neither sustainable nor desirable in the long term.

(15) The ability of populations to defend themselves against attack in areas outside of the control of the Government of Sudan has been severely compromised by the disengagement of the front-line states of Ethiopia, Eritrea, and Uganda, fostering the belief among officials of the Government of Sudan that success on the battlefield can be achieved.

(16) The United States should use all means of pressure available to facilitate a comprehensive solution to the war in Sudan, including—

(A) the multilateralization of economic and diplomatic tools to compel the Government of Sudan to enter into a good faith peace process;

(B) the support or creation of viable democratic civil authority and institutions in areas of Sudan outside of government control;

(C) continued active support of people-to-people reconciliation mechanisms and efforts in areas outside of government control;

(D) the strengthening of the mechanisms to provide humanitarian relief to those areas; and
(E) cooperation among the trading partners of the United States and within multilateral institutions toward those ends.

The Congress hereby—
(1) condemns—

(E) aerial bombardment of civilian targets that is sponsored by the Government of Sudan; and
(2) recognizes that, along with selective bans on air transport relief flights by the Government of Sudan, the use of raiding and slaving parties is a tool for creating food shortages and is used as a systematic means to destroy the societies, culture, and economies of the Dinka, Nuer, and Nuba peoples in a policy of low-intensity ethnic cleansing.

      (A) 4 The President shall make a determination and certify in writing to the appropriate congressional committees within 6 months after the date of enactment of this Act, and each 6 months thereafter, that the Government of Sudan and the Sudan People’s Liberation Movement are negotiating in good faith and that negotiations should continue.
      
      (B) If, under subparagraph (A) the President determines and certifies in writing to the appropriate congressional committees that the Government of Sudan has not engaged in good faith negotiations to achieve a permanent, just, and equitable peace agreement, or has unreasonably interfered with humanitarian efforts, then the President, after consultation with the Congress, shall implement the measures set forth in paragraph (2).

(d) REPORT ON UNITED STATES OPPOSITION TO FINANCING BY INTERNATIONAL FINANCIAL INSTITUTIONS.—The Secretary of the Treasury shall submit a semiannual report to the appropriate congressional committees describing the steps taken by the United States to oppose the extension of a loan, credit, or guarantee if, after the Secretary of the Treasury gives the instructions described in subsection (b)(2)(A), such financing is extended.
Sec. 7. Multilateral Pressure on Combatants.

It is the sense of Congress that—

(1) the United Nations should help facilitate peace and recovery in Sudan;

(2) the President, acting through the United States Permanent Representative to the United Nations, should seek to end the veto power of the Government of Sudan over the plans by OLS for air transport relief flights and, by doing so, to end the manipulation of the delivery of relief supplies to the advantage of the Government of Sudan on the battlefield; and

o. Trafficking in Persons

(1) Trafficking Victims Protection Act of 2000

AN ACT To combat trafficking in persons, especially into the sex trade, slavery, and involuntary servitude, to reauthorize certain Federal programs to prevent violence against women, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

* * * * * * *

DIVISION A—TRAFFICKING VICTIMS PROTECTION ACT OF 2000

SEC. 101. SHORT TITLE.

This division may be cited as the “Trafficking Victims Protection Act of 2000”.

SEC. 102. PURPOSES AND FINDINGS.

(a) PURPOSES.—The purposes of this division are to combat trafficking in persons, a contemporary manifestation of slavery whose victims are predominantly women and children, to ensure just and effective punishment of traffickers, and to protect their victims.

(b) FINDINGS.—Congress finds that:

(1) As the 21st century begins, the degrading institution of slavery continues throughout the world. Trafficking in persons is a modern form of slavery, and it is the largest manifestation of slavery today. At least 700,000 persons annually, primarily women and children, are trafficked within or across international borders. Approximately 50,000 women and children are trafficked into the United States each year.

(2) Many of these persons are trafficked into the international sex trade, often by force, fraud, or coercion. The sex industry has rapidly expanded over the past several decades. It involves sexual exploitation of persons, predominantly women and girls, involving activities related to prostitution, pornography, sex tourism, and other commercial sexual services. The low status of women in many parts of the world has contributed to a burgeoning of the trafficking industry.

(3) Trafficking in persons is not limited to the sex industry. This growing transnational crime also includes forced labor and involves significant violations of labor, public health, and human rights standards worldwide.

(4) Traffickers primarily target women and girls, who are disproportionately affected by poverty, the lack of access to education, chronic unemployment, discrimination, and the lack of economic opportunities in countries of origin. Traffickers lure women and girls into their networks through false promises of decent working conditions at relatively good pay as nannies, maids, dancers, factory workers, restaurant workers, sales clerks, or models. Traffickers also buy children from poor families and sell them into prostitution or into various types of forced or bonded labor.

(5) Traffickers often transport victims from their home communities to unfamiliar destinations, including foreign countries away from family and friends, religious institutions, and other sources of protection and support, leaving the victims defenseless and vulnerable.

(6) Victims are often forced through physical violence to engage in sex acts or perform slavery-like labor. Such force includes rape and other forms of sexual abuse, torture, starvation, imprisonment, threats, psychological abuse, and coercion.

(7) Traffickers often make representations to their victims that physical harm may occur to them or others should the victim escape or attempt to escape. Such representations can have the same coercive effects on victims as direct threats to inflict such harm.

(8) Trafficking in persons is increasingly perpetrated by organized, sophisticated criminal enterprises. Such trafficking is the fastest growing source of profits for organized criminal enterprises worldwide. Profits from the trafficking industry contribute to the expansion of organized crime in the United States and worldwide. Trafficking in persons is often aided by official corruption in countries of origin, transit, and destination, thereby threatening the rule of law.

(9) Trafficking includes all the elements of the crime of forcible rape when it involves the involuntary participation of another person in sex acts by means of fraud, force, or coercion.

(10) Trafficking also involves violations of other laws, including labor and immigration codes and laws against kidnapping, slavery, false imprisonment, assault, battery, pandering, fraud, and extortion.

(11) Trafficking exposes victims to serious health risks. Women and children trafficked in the sex industry are exposed to deadly diseases, including HIV and AIDS. Trafficking victims are sometimes worked or physically brutalized to death.

(12) Trafficking in persons substantially affects interstate and foreign commerce. Trafficking for such purposes as involuntary servitude, peonage, and other forms of forced labor has an impact on the nationwide employment network and labor market. Within the context of slavery, servitude, and labor or services which are obtained or maintained through coercive
conduct that amounts to a condition of servitude, victims are subjected to a range of violations.

(13) Involuntary servitude statutes are intended to reach cases in which persons are held in a condition of servitude through nonviolent coercion. In United States v. Kozminski, 487 U.S. 931 (1988), the Supreme Court found that section 1584 of title 18, United States Code, should be narrowly interpreted, absent a definition of involuntary servitude by Congress. As a result, that section was interpreted to criminalize only servitude that is brought about through use or threatened use of physical or legal coercion, and to exclude other conduct that can have the same purpose and effect.

(14) Existing legislation and law enforcement in the United States and other countries are inadequate to deter trafficking and bring traffickers to justice, failing to reflect the gravity of the offenses involved. No comprehensive law exists in the United States that penalizes the range of offenses involved in the trafficking scheme. Instead, even the most brutal instances of trafficking in the sex industry are often punished under laws that also apply to lesser offenses, so that traffickers typically escape deserved punishment.

(15) In the United States, the seriousness of this crime and its components is not reflected in current sentencing guidelines, resulting in weak penalties for convicted traffickers.

(16) In some countries, enforcement against traffickers is also hindered by official indifference, by corruption, and sometimes even by official participation in trafficking.

(17) Existing laws often fail to protect victims of trafficking, and because victims are often illegal immigrants in the destination country, they are repeatedly punished more harshly than the traffickers themselves.

(18) Additionally, adequate services and facilities do not exist to meet victims’ needs regarding health care, housing, education, and legal assistance, which safely reintegrate trafficking victims into their home countries.

(19) Victims of severe forms of trafficking should not be inappropriately incarcerated, fined, or otherwise penalized solely for unlawful acts committed as a direct result of being trafficked, such as using false documents, entering the country without documentation, or working without documentation.

(20) Because victims of trafficking are frequently unfamiliar with the laws, cultures, and languages of the countries into which they have been trafficked, because they are often subjected to coercion and intimidation including physical detention and debt bondage, and because they often fear retribution and forcible removal to countries in which they will face retribution or other hardship, these victims often find it difficult or impossible to report the crimes committed against them or to assist in the investigation and prosecution of such crimes.

(21) Trafficking of persons is an evil requiring concerted and vigorous action by countries of origin, transit or destination, and by international organizations.

(22) One of the founding documents of the United States, the Declaration of Independence, recognizes the inherent dignity
and worth of all people. It states that all men are created equal and that they are endowed by their Creator with certain unalienable rights. The right to be free from slavery and involuntary servitude is among those unalienable rights. Acknowledging this fact, the United States outlawed slavery and involuntary servitude in 1865, recognizing them as evil institutions that must be abolished. Current practices of sexual slavery and trafficking of women and children are similarly abhorrent to the principles upon which the United States was founded.

(23) The United States and the international community agree that trafficking in persons involves grave violations of human rights and is a matter of pressing international concern. The international community has repeatedly condemned slavery and involuntary servitude, violence against women, and other elements of trafficking, through declarations, treaties, and United Nations resolutions and reports, including the Universal Declaration of Human Rights; the 1956 Supplementary Convention on the Abolition of Slavery, the Slave Trade, and Institutions and Practices Similar to Slavery; the 1948 American Declaration on the Rights and Duties of Man; the 1957 Abolition of Forced Labor Convention; the International Covenant on Civil and Political Rights; the Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment; United Nations General Assembly Resolutions 50/167, 51/66, and 52/98; the Final Report of the World Congress against Sexual Exploitation of Children (Stockholm, 1996); the Fourth World Conference on Women (Beijing, 1995); and the 1991 Moscow Document of the Organization for Security and Cooperation in Europe.

(24) Trafficking in persons is a transnational crime with national implications. To deter international trafficking and bring its perpetrators to justice, nations including the United States must recognize that trafficking is a serious offense. This is done by prescribing appropriate punishment, giving priority to the prosecution of trafficking offenses, and protecting rather than punishing the victims of such offenses. The United States must work bilaterally and multilaterally to abolish the trafficking industry by taking steps to promote cooperation among countries linked together by international trafficking routes. The United States must also urge the international community to take strong action in multilateral fora to engage recalcitrant countries in serious and sustained efforts to eliminate trafficking and protect trafficking victims.

SEC. 108. MINIMUM STANDARDS FOR THE ELIMINATION OF TRAFFICKING.

(a) MINIMUM STANDARDS.—For purposes of this division, the minimum standards for the elimination of trafficking applicable to the government of a country of origin, transit, or destination for a significant number of victims of severe forms of trafficking are the following:

1. The government of the country should prohibit severe forms of trafficking in persons and punish acts of such trafficking.

2. For the knowing commission of any act of sex trafficking involving force, fraud, coercion, or in which the victim of sex trafficking is a child incapable of giving meaningful consent, or of trafficking which includes rape or kidnapping or which causes a death, the government of the country should prescribe punishment commensurate with that for grave crimes, such as forcible sexual assault.

3. For the knowing commission of any act of a severe form of trafficking in persons, the government of the country should prescribe punishment that is sufficiently stringent to deter and that adequately reflects the heinous nature of the offense.

4. The government of the country should make serious and sustained efforts to eliminate severe forms of trafficking in persons.

(b) CRITERIA.—In determinations under subsection (a)(4), the following factors should be considered as indicia of serious and sustained efforts to eliminate severe forms of trafficking in persons:

1. Whether the government of the country vigorously investigates and prosecutes acts of severe forms of trafficking in persons, and convicts and sentences persons responsible for such acts, that take place wholly or partly within the territory of the country. After reasonable requests from the Department of State for data regarding investigations, prosecutions, convictions, and sentences, a government which does not provide such data, consistent with the capacity of such government to obtain such data, shall be presumed not to have vigorously investigated, prosecuted, convicted or sentenced such acts. During the periods prior to the annual report submitted on June 1, 2004, and on June 1, 2005, and the periods afterwards until September 30 of each such year, the Secretary of State may disregard the presumption contained in the preceding sentence if the government has provided some data to
the Department of State regarding such acts and the Secretary has determined that the government is making a good faith effort to collect such data.\(^{30}\)

(2) Whether the government of the country protects victims of severe forms of trafficking in persons and encourages their assistance in the investigation and prosecution of such trafficking, including provisions for legal alternatives to their removal to countries in which they would face retribution or hardship, and ensures that victims are not inappropriately incarcerated, fined, or otherwise penalized solely for unlawful acts as a direct result of being trafficked.

(3) Whether the government of the country has adopted measures to prevent severe forms of trafficking in persons, such as measures to inform and educate the public, including potential victims, about the causes and consequences of severe forms of trafficking in persons, measures to reduce the demand for commercial sex acts and for participation in international sex tourism by nationals of the country, measures to ensure that its nationals who are deployed abroad as part of a peacekeeping or other similar mission do not engage in or facilitate severe forms of trafficking in persons or exploit victims of such trafficking, and measures to prevent the use of forced labor or child labor in violation of international standards.\(^{31}\)

(4) Whether the government of the country cooperates with other governments in the investigation and prosecution of severe forms of trafficking in persons.

(5) Whether the government of the country extradites persons charged with acts of severe forms of trafficking in persons on substantially the same terms and to substantially the same extent as persons charged with other serious crimes (or, to the extent such extradition would be inconsistent with the laws of such country or with international agreements to which the country is a party, whether the government is taking all appropriate measures to modify or replace such laws and treaties so as to permit such extradition).

(6) Whether the government of the country monitors immigration and emigration patterns for evidence of severe forms of trafficking in persons and whether law enforcement agencies of the country respond to any such evidence in a manner that is consistent with the vigorous investigation and prosecution of acts of such trafficking, as well as with the protection of human rights of victims and the internationally recognized human right to leave any country, including one’s own, and to return to one’s own country.

\(^{30}\)Sec. 6(d)(1)(B) of the Trafficking Victims Protection Reauthorization Act of 2003 (Public Law 108–193; 117 Stat. 2882) added text to this point beginning at “After reasonable requests”. \(^{31}\)Sec. 104(b)(1)(A) of the Trafficking Victims Protection Reauthorization Act of 2005 (Public Law 109–164; 119 Stat. 3564) inserted “, measures to reduce the demand for commercial sex acts and for participation in international sex tourism by nationals of the country, measures to ensure that its nationals who are deployed abroad as part of a peacekeeping or other similar mission do not engage in or facilitate severe forms of trafficking in persons or exploit victims of such trafficking, and measures to prevent the use of forced labor or child labor in violation of international standards”. SEC. 2. FINDINGS.

Congress finds the following:

(2) The United States Government currently estimates that 600,000 to 800,000 individuals are trafficked across international borders each year and exploited through forced labor

(719)
and commercial sex exploitation. An estimated 80 percent of such individuals are women and girls.

(3) Since the enactment of the Trafficking Victims Protection Act of 2000, United States efforts to combat trafficking in persons have focused primarily on the international trafficking in persons, including the trafficking of foreign citizens into the United States.

(4) Trafficking in persons also occurs within the borders of a country, including the United States.

(5) No known studies exist that quantify the problem of trafficking in children for the purpose of commercial sexual exploitation in the United States. According to a report issued by researchers at the University of Pennsylvania in 2001, as many as 300,000 children in the United States are at risk for commercial sexual exploitation, including trafficking, at any given time.

(6) Runaway and homeless children in the United States are highly susceptible to being domestically trafficked for commercial sexual exploitation. According to the National Runaway Switchboard, every day in the United States, between 1,300,000 and 2,800,000 runaway and homeless youth live on the streets. One out of every seven children will run away from home before the age of 18.

(7) Following armed conflicts and during humanitarian emergencies, indigenous populations face increased security challenges and vulnerabilities which result in myriad forms of violence, including trafficking for sexual and labor exploitation. Foreign policy and foreign aid professionals increasingly recognize the increased activity of human traffickers in post-conflict settings and during humanitarian emergencies.

(8) There is a need to protect populations in post-conflict settings and humanitarian emergencies from being trafficked for sexual or labor exploitation. The efforts of aid agencies to address the protection needs of, among others, internally displaced persons and refugees are useful in this regard. Nonetheless, there is a need for further integrated programs and strategies at the United States Agency for International Development, the Department of State, and the Department of Defense to combat human trafficking, including through protection and prevention methodologies, in post-conflict environments and during humanitarian emergencies.

(9) International and human rights organizations have documented a correlation between international deployments of military and civilian peacekeepers and aid workers and a resulting increase in the number of women and girls trafficked into prostitution in post-conflict regions.

(10) The involvement of employees and contractors of the United States Government and members of the Armed Forces in trafficking in persons, facilitating the trafficking in persons, or exploiting the victims of trafficking in persons is inconsistent with United States laws and policies and undermines the credibility and mission of United States Government programs in post-conflict regions.
(11) Further measures are needed to ensure that United States Government personnel and contractors are held accountable for involvement with acts of trafficking in persons, including by expanding United States criminal jurisdiction to all United States Government contractors abroad.

AN ACT To authorize appropriations for fiscal years 2004 and 2005 for the Trafficking Victims Protection Act of 2000, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Trafficking Victims Protection Reauthorization Act of 2003".

SEC. 2. FINDINGS.

Congress finds the following:

(1) Trafficking in persons continues to victimize countless men, women, and children in the United States and abroad.

(2) Since the enactment of the Trafficking Victims Protection Act of 2000 (division A of Public Law 106–386), the United States Government has made significant progress in investigating and prosecuting acts of trafficking and in responding to the needs of victims of trafficking in the United States and abroad.

(3) On the other hand, victims of trafficking have faced unintended obstacles in the process of securing needed assistance, including admission to the United States under section 101(a)(15)(T)(i) of the Immigration and Nationality Act.

(4) Additional research is needed to fully understand the phenomenon of trafficking in persons and to determine the most effective strategies for combating trafficking in persons.

(5) Corruption among foreign law enforcement authorities continues to undermine the efforts by governments to investigate, prosecute, and convict traffickers.

1 22 U.S.C. 7101 note.
(6) International Law Enforcement Academies should be more fully utilized in the effort to train law enforcement authorities, prosecutors, and members of the judiciary to address trafficking in persons-related crimes.

TITLE VIII—GENERAL PROVISIONS

SEC. 801. IMPACT ON EMPLOYMENT IN THE UNITED STATES.
No funds made available to carry out any provision of this Act
or the amendments made by this Act may be obligated or expended
for any financial incentive to a business enterprise currently lo-
cated in the United States for the purpose of inducing such an en-

by such enterprise outside the United States.

or the amendments made by this Act may be obligated or expended

r. Overseas Private Investment Corporation Amendments Act of 1988

TITLE I—OVERSEAS PRIVATE INVESTMENT CORPORATION

SECTION 1. SHORT TITLE.
This Act may be cited as the “Overseas Private Investment Corporation Amendments Act of 1988”.

SEC. 109. SMALL AND MINORITY-OWNED BUSINESSES.
(a) FINDINGS.—The Congress finds that—
   (1) the Overseas Private Investment Corporation has a consistent record of encouraging United States business investment in the world’s developing countries;
   (2) 62 percent of the open projects supported by the Corporation during fiscal year 1987 were located in the poorest of developing countries; and
   (3) United States small businesses participated in 34 percent of the open projects supported by the Corporation during fiscal year 1987.
(b) SENSE OF CONGRESS.—It is the sense of the Congress that—
   (1) the Overseas Private Investment Corporation should continue to encourage United States small businesses to invest in the world’s developing countries; and
   (2) the Corporation should continue to encourage United States small businesses that are minority-owned to invest in the world’s developing countries as these businesses are well suited to the economic and social development needs of such countries.

1 Sec. 555 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1989 (Public Law 100–461; 102 Stat. 2268–36), enacted into law by reference title I of H.R. 5263, as passed by the House of Representatives on September 20, 1988, and provided further: “That notwithstanding any other provision of this Act, titles I and III of S. 2757 as reported by the Senate Committee on Foreign Relations on September 7, 1988, are hereby enacted into law”.

Title I of H.R. 5263 and title I of S. 2757, in large part, amended chapter 2, title IV of the FA Act of 1961, Sections 109 and 111, shown here, were freestanding provisions and were identical in both bills.

s. Special Foreign Assistance Act of 1986

AN ACT To promote immunization and oral rehydration in developing countries, to promote democracy in Haiti, to protect tropical forests and biological diversity in developing countries, to authorize increased funding for the Child Survival Fund and for international narcotics control assistance, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Special Foreign Assistance Act of 1986”.

TITLE I—PROMOTING IMMUNIZATION AND ORAL REHYDRATION IN DEVELOPING COUNTRIES

SEC. 101. FINDINGS.
The Congress finds that—

(1) the United Nations Children’s Fund (UNICEF) reports that 3.5 million children die annually because they have not been immunized against the six major childhood diseases: polio, measles, whooping cough, diphtheria, tetanus, and tuberculosis;

(2) at present less than 20 percent of children in the developing world are fully immunized against these diseases;

(3) each year more than five million additional children are permanently disabled and suffer diminished capacities to contribute to the economic, social, and political development of their countries because they have not been immunized;

(4) ten million additional childhood deaths from immunizable and potentially immunizable diseases could be averted annually by the development of techniques in biotechnology for new and cost-effective vaccines;

(5) the World Health Assembly, the Executive Board of the United Nations Children’s Fund, and the United Nations General Assembly are calling upon the nations of the world to commit the resources necessary to meet the challenge of universal access to childhood immunization by 1990;

(6) at the 1984 “Bellagio Conference” it was determined that the goal of universal childhood immunization by 1990 is indeed achievable; and

1 22 U.S.C. 2151 note.
(7) the Congress has expressed its expectation that the Agency for International Development will set as a goal the immunization by 1990 of at least 80 percent of all the children in those countries in which the Agency has a program.

SEC. 102. UNITED STATES PARTICIPATION IN GLOBAL EFFORT.

(a) UNITED STATES GOVERNMENT SUPPORT.—The Congress calls upon the President to direct the Agency for International Development, working through the Centers for Disease Control and other appropriate Federal agencies, to work in a global effort to provide enhanced support toward achieving the goal of universal access to childhood immunization by 1990 by—

(1) assisting in the delivery, distribution, and use of vaccines, including—

(A) the building of locally sustainable systems and technical capacities in developing countries to reach, by the appropriate age, not less than 80 percent of their annually projected target population with the full schedule of required immunizations; and

(B) the development of a sufficient network of indigenous professionals and institutions with responsibility for developing, monitoring, and assessing immunization programs and continually adapting strategies to reach the goal of preventing immunizable diseases; and

(2) performing, supporting, and encouraging research and development activities, both in the public and private sector, that will be targeted at developing new vaccines and at modifying and improving existing vaccines to make them more appropriate for use in developing countries.

(b) PRIVATE SECTOR SUPPORT.—In support of this global effort, the President should appeal to the people of the United States and the United States private sector to support public and private efforts to provide the resources necessary to achieve universal access to childhood immunization by 1990.

TITLE II—PROMOTING DEMOCRACY IN HAITI

SEC. 201. FINDINGS CONCERNING HAITI.

The Congress finds that—

(1) the establishment of an interim government in Haiti committed to a restoration of democracy provides Haiti with an opportunity to build the political, social, and economic institutions necessary to promote Haiti’s development, to provide a better future for the people of Haiti, and to provide the framework for more effective mutual cooperation with the United States, Haiti’s neighbor in the Caribbean, and the other nations of the Hemisphere;

(2) the magnitude of the political, economic, and social tasks facing the people of Haiti will make the achievement of a better future a difficult task which will require a determined and sustained effort by the Haitian people over a long period of

time and will require significant external assistance from the United States and other donors; and

(3) it is in the interest of the United States to provide appropriate support for the development of Haiti, a close neighbor which is one of the world’s poorest nations and which is committed to the establishment of a democratic government.

SEC. 202. ECONOMIC ASSISTANCE FOR HAITI.

(a) EARMARKING OF FUNDS.—Not less than $108,000,000 of the aggregate amounts available for fiscal year 1987 to carry out sections 103 through 106 of the Foreign Assistance Act of 1961 (relating to development assistance), chapter 4 of part II of that Act (relating to the Economic Support Fund), and titles I and II of the Agricultural Trade Development and Assistance Act of 1954 (relating to the Food for Peace Program) shall be available only for Haiti.

(b) USE OF DEVELOPMENT ASSISTANCE.—Assistance under sections 103 through 106 of the Foreign Assistance Act of 1961 which is provided for Haiti pursuant to subsection (a) shall be used to support a transition to democracy in Haiti, emphasizing foreign investment, job creation (especially in the private sector), rural development, health care and sanitation, small-scale irrigation, reforestation and land conservation, and literacy education. Such assistance should reflect the need to distribute development assistance resources more equitably among the various regions in Haiti in order to support sustainable development in all of Haiti.

(c) REQUIREMENT FOR SEGREGATED ACCOUNT FOR ECONOMIC SUPPORT ASSISTANCE FUNDS PAID TO GOVERNMENT OF HAITI.—Funds under chapter 4 of part II of the Foreign Assistance Act of 1961 which are made available for Haiti pursuant to subsection (a) may be paid to the Government of Haiti only if the Government of Haiti will maintain those funds in a separate account and not commingle them with other funds.

(d) CONDITIONS ON ECONOMIC SUPPORT AND DEVELOPMENT ASSISTANCE.—Funds may be obligated for assistance for Haiti under sections 103 through 106 of chapter 4 of part II of the Foreign Assistance Act of 1961 pursuant to subsection (a) only if the President determines that the interim Government of Haiti—

(1) is improving the human rights situation in Haiti;

(2) is implementing its timetable for completion of a new constitution that promotes genuine democratic reforms and guarantees the fundamental principles of democracy;

(3) is establishing a framework for free and open elections leading to a democratically-elected civilian government, which would include free and functioning political parties and associations, free labor unions, and freedom of the press;

(4) is cooperating fully in implementing United States development, food, and other economic assistance programs in Haiti (including programs for prior fiscal years);

(5) is maintaining a system of fiscal accountability to ensure that all resources allocated to the development of Haiti are used in the most effective and efficient manner;
(6) is continuing its investigation of alleged human rights abuses and corruption by the Duvalier government and is prosecuting, in accordance with due process, those responsible for human rights abuses and corruption;

(7) is maintaining a free and independent judiciary system;

(8) is continuing to cooperate with the United States in halting illegal emigration to the United States from Haiti; and

(9) is encouraging private sector development.

(f) ADDITIONAL ASSISTANCE FOR ECONOMIC DEVELOPMENT IN HAITI.—In order to assist economic development in Haiti, a Foreign Commercial Service officer should be assigned to the United States Embassy in Haiti.

SEC. 203. MILITARY TRAINING AND OTHER NONLETHAL ASSISTANCE FOR HAITI.

(a) AUTHORIZATION OF ASSISTANCE.—Up to $4,000,000 of the aggregate amounts available for fiscal year 1987 to carry out chapter 2 of part II of the Foreign Assistance Act of 1961 (relating to grant military assistance), chapter 5 of part II of that Act (relating to international military education and training), and the Arms Export Control Act (relating to FMS assistance) may be made available for Haiti for education, training, and other nonlethal assistance (such as transportation equipment, communications equipment, and uniforms).

(b) CONDITIONS ON MILITARY ASSISTANCE.—Funds made available pursuant to subsection (a) may be obligated only if the President certifies to the Congress the following:

(1) The Government of Haiti has submitted a formal request to the United States specifying a comprehensive plan for the reform and reorganization of the mission, command, and control structures of the Haitian armed forces consistent with a transition to democracy, the rule of law, constitutional government, and an elected civilian government. Such a plan should include a publicly announced commitment by the armed forces of Haiti to abide by international human rights standards and adoption of a code of conduct to assure adherence to these standards.

(2) The Government of Haiti is making substantial efforts—

(A) to prevent the involvement of the Haitian armed forces in human rights abuses and corruption by removing from those forces and prosecuting, in accordance with due process, those military personnel responsible for the human rights abuses and corruption;

(B) to ensure that freedom of speech and assembly are respected;

(C) to conduct investigations into the killings of unarmed civilians in Gonaives, Martissant, and Fort Dimanche, to prosecute, in accordance with due process, those responsible for those killings, and to prevent any similar occurrences in the future;

Subsec. (e) amended the Foreign Assistance Act of 1961, sec. 401(s)(2), fiscal year 1987 funding authorization for the Inter-American Foundation.
Sec. 204  Special FA Act of 1986 (P.L. 99–529)  755

(D) to provide education and training to the Haitian armed forces with respect to internationally recognized human rights and the civil and political rights essential to democracy, in order to enable those forces to function consistent with those rights; and

(E) to take steps to implement the policy of the Government of Haiti requiring former members of the Volunteers for National Security (VSN) to turn in their weapons and to take the necessary actions to enforce this requirement.

(c)\(^4\)  * * * [Repealed—1998]

(d) Notification to Congress.—Funds made available pursuant to subsection (a) may be obligated only if the Committee on Appropriations and the Committee on Foreign Affairs of the House of Representatives and the Committee on Appropriations and the Committee on Foreign Relations of the Senate are notified fifteen days in advance.

(e) Relation to Existing Provision.—Assistance under subsection (a) may be provided notwithstanding the limitations contained in section 705(e) of the International Security and Development Cooperation Act of 1985 and is in addition to the assistance allowed under that section.

SEC. 204. RECOVERY BY HAITI OF ASSETS STOLEN BY DUVALIER REGIME.

(a) Findings.—The Congress finds that—

(1) the Government of Haiti believes that former president-for-life Jean Claude Duvalier and other individuals associated with the Duvalier regime illegally diverted to their own use substantial amounts of the assets of the Government of Haiti;

(2) the Government of Haiti is attempting to locate and recover those assets through legal means;

(3) virtually every relevant jurisdiction, both in the United States and abroad, requires the posting of some form of security to secure the issuance of orders of attachment or other judicial seizures of property;

(4) the Government of Haiti is unable, without outside assistance, to post the necessary security because of its lack of assets;

(5) Haiti’s economic situation could be significantly improved, and the need for external resources reduced, if the Government of Haiti is able to pursue its legal remedies against those who are in large part responsible for the economic crisis in Haiti; and

(6) the United States has a substantial foreign policy interest in helping the Government of Haiti recover any assets which were illegally diverted by those associated with the Duvalier regime.

\(^4\)Sec. 2219(a)(4) of the Foreign Relations Authorization Act, Fiscal Years 1998 and 1999 (division G, subdivision B of Public Law 105–277; 112 Stat. 2681), repealed subsec. (c), which had read as follows:

"(c) Reports.—Not later than three months after the President submits his certification under subsection (b) and every three months thereafter, the President shall report to the Congress on the extent to which the actions of the Government of Haiti are consistent with each of the objectives specified in subsection (b). Half of the assistance provided pursuant to subsection (a) shall be withheld from delivery until the President submits the first such report."
(b) ACTIONS TO ASSIST HAITI.—The President shall exercise the authorities granted by section 203 of the International Emergency Economic Powers Act (50 U.S.C. App. 1702) to assist the Government of Haiti in its efforts to recover, through legal proceedings, assets which the Government of Haiti alleges were stolen by former president-for-life Jean Claude Duvalier and other individuals associated with the Duvalier regime. This subsection shall be deemed to satisfy the requirements of section 202 of that Act.

NOTE.—Except for the provisions noted below, the International Security and Development Cooperation Act of 1985 consists of amendments to the Foreign Assistance Act of 1961, the Arms Export Control Act, the Peace Corps Act, Public Law 480, and to several former foreign aid annual authorization acts. These amendments are incorporated into the texts of these Acts at the appropriate locations.

AN ACT To authorize international development and security assistance programs and Peace Corps programs for fiscal years 1986 and 1987, and for other purposes.

SEC. 130. FOREIGN MILITARY SALES FOR JORDAN.

(a) MIDDLE EAST PEACE.—The foreign military sales financing authorized by this Act for Jordan is provided and increased in the recognition of progress Jordan has made in the search for a just and lasting peace in the Middle East, to encourage further progress, in recognition of the continuing defense needs of Jordan, and in the expectation that Jordan will enter into direct negotiations with Israel based on United Nations Security Council Resolutions 242 and 338 in order to resolve the state of war between those two countries.

(b) SENSE OF CONGRESS.—It is the sense of the Congress that no foreign military sales financing authorized by this Act may be used to finance the procurement by Jordan of United States advanced aircraft, new air defense weapons systems, or other new advanced military weapons systems, and no notification may be made pursuant to section 36(b) of the Arms Export Control Act with respect to a proposed sale to Jordan of United States advanced aircraft, new air defense systems, or other new advanced military weapons systems, unless Jordan is publicly committed to the recognition of Israel and to negotiate promptly and directly with Israel under the basic tenets of United Nations Security Council Resolutions 242 and 338.

SEC. 131. CERTIFICATION CONCERNING AWACS SOLD TO SAUDI ARABIA.

(a) The President's 1981 AWACS Communication to the Senate.—(1) The Congress finds that in his October 28, 1981, communication to the Senate concerning the proposed sale of AWACS aircraft and F15 enhancement items to Saudi Arabia which was then being reviewed by the Congress (hereafter in this section referred to as the “1981 AWACS communication”), the President stated the following:

“Transfer of the AWACS will take place . . . only after the Congress has received in writing a Presidential certification, containing agreements with Saudi Arabia, that the following conditions have been met:

1. Security of Technology
   A. That a detailed plan for the security of equipment, technology, information, and supporting documentation has been agreed to by the United States and Saudi Arabia and is in place; and
   B. The security provisions are no less stringent than measures employed by the U.S. for protection and control of its equipment of like kind outside the continental U.S.; and
   C. The U.S. has the right of continual on-site inspection and surveillance by U.S. personnel of security arrangements for all operations during the useful life of the AWACS. It is further provided that security arrangements will be supplemented by additional U.S. personnel if it is deemed necessary by the two parties; and
   D. Saudi Arabia will not permit citizens of third nations either to perform maintenance on the AWACS or to modify any such equipment without prior, explicit mutual consent of the two governments; and
   E. Computer software, as designated by the U.S. Government, will remain the property of the USG.

2. Access to Information
   “That Saudi Arabia has agreed to share with the United States continuously and completely the information that it acquires from use of the AWACS.

“B. There are in place adequate and effective procedures requiring the screening and security clearance of citizens of Saudi Arabia and that only cleared Saudi citizens and cleared U.S. nationals will have access to AWACS equipment, technology, or documentation, or information derived therefrom, without the prior, explicit mutual consent of the two governments.

“4. AWACS Flight Operations
“That the Saudi AWACS will be operated solely within the boundaries of Saudi Arabia, except with the prior, explicit mutual consent of the two governments, and solely for defensive purposes as defined by the United States, in order to maintain security and regional stability.

“5. Command Structure
“That agreements as they concern organizational command and control structure for the operation of AWACS are of such a nature to guarantee that the commitments above will be honored.

“6. Regional Peace and Security
“That the sale contributes directly to the stability and security of the area, enhances the atmosphere and prospects for progress toward peace, and that initiatives toward the peaceful resolution of disputes in the region have either been successfully completed or that significant progress toward that goal has been accomplished with the substantial assistance of Saudi Arabia.”

(2) The Congress finds that the President also stated in the 1981 AWACS communications that should circumstances arise that might require changes in the arrangements described in that communication, “they would be made only with Congressional participation”.

(b) REQUIREMENT FOR PRESIDENTIAL CERTIFICATION.—As provided in the 1981 AWACS communication, before the E3A airborne warning and control system (AWACS) aircraft which were the subject of that communication are transferred to Saudi Arabia, the President shall submit to the Congress a written Presidential certification, containing agreements with Saudi Arabia, that the conditions set forth in that communication have been met.

(c) CONGRESSIONAL PARTICIPATION IN CHANGES IN AWACS ARRANGEMENTS.—In order to facilitate the congressional participation provided for in the 1981 AWACS communication, the President shall notify the Congress promptly of any changes being considered by the United States in the arrangements described in that communication.

SEC. 615. LATIN AMERICAN REGIONAL NARCOTICS CONTROL ORGANIZATION.

(a) Feasibility Study.—The Secretary of State, with the assistance of the National Drug Enforcement Policy Board, shall conduct a study of the feasibility of establishing a regional organization in Latin America which would combat narcotics production and trafficking through regional information-sharing and a regional enforcement unit.

(b) Report.—No later than six months after the date of enactment of this Act, a report on the advisability of encouraging the establishment of such an organization shall be submitted to the Committee on Foreign Affairs and the Committee on the Judiciary of the House of Representatives and the Committee on Foreign Relations and the Committee on the Judiciary of the Senate.

SEC. 616. GREATER EFFORT BY UNITED STATES ARMED FORCES TO SUPPORT NARCOTICS CONTROL EFFORTS ABROAD.

No later than 60 days after the date of enactment of this Act, the President shall report to the Congress on why the United States Armed Forces should not exert greater effort in facilitating and supporting interception of narcotics traffickers, and in gathering narcotics-related intelligence, outside the United States.

SEC. 617. CUBAN DRUG TRAFFICKING.

(a) Findings.—The Congress finds that—

1. the subject of the flow, use, and control of narcotic and psychotropic substances is a matter of great international importance;
2. the problem of drug abuse and drug trafficking continues to worsen throughout most parts of the world;
3. the concerns of the governments of many countries have become manifest in several bilateral and multilateral narcotics control projects;
4. United Nations agencies monitor and apply controls on the flow and use of drugs and coordinate multilateral efforts to control production, trafficking, and abuse of drugs;
5. the United Nations Fund for Drug Abuse Control funds narcotics projects throughout the world and has been a vehicle since 1971 for multilateral implementation of narcotics control and reduction programs;
6. the International Narcotics Control Board is charged with monitoring compliance with the Single Convention on Narcotic Drugs, 1961, and the Convention on Psychotropic Substances, and Cuba is a party to both Conventions;
7. the United Nations Commission on Narcotic Drugs is responsible for formulating policies, coordinating activities, supervising the implementation of international conventions, and making recommendations to governments for international drug control;
(8) the promotion of drug abuse and participation in drug trafficking is universally considered egregious criminal behavior wherever it occurs, whether it occurs locally, nationally, or internationally;
(9) a Federal grand jury of the United States has indicted four prominent Cuban officials on charges of conspiring to smuggle drugs into the United States;
(10) United States Government officials have testified at several congressional hearings that the Government of Cuba is facilitating the flow of illicit drugs into the United States in order to obtain hard currency, support guerrilla/terrorist activities, and undermine United States society; and
(11) such alleged conduct on the part of the Government of Cuba would be injurious to the world community and counter to the general principle of international law that no country has the right to use or permit the use of its territory in such a manner as to injure another country or persons therein.

(b) RECOMMENDED ACTIONS.—It is the sense of the Congress that the President should—
(1) acting through the Permanent Representative of the United States to the United Nations, take such steps as may be necessary to place the question of the involvement by the Government of Cuba in illicit drug trafficking on the agenda of the United Nations;
(2) acting through the Representative of the United States to the Organization of American States, request the Organization of American States to consider this question as soon as possible; and
(3) request other appropriate international organizations and international forums to consider this question.

(c) REPORT.—The President shall report to the Congress on the actions taken pursuant to this section.

SEC. 619. DRUG TRAFFICKING AND THE PROBLEM OF TOTAL CONFIDENTIALITY OF CERTAIN FOREIGN BANK ACCOUNTS.

(a) FINDINGS.—The Congress finds that—
(1) several banks in Latin America and the Caribbean are used by narcotics traffickers as depositories for money obtained in providing illicit drugs to the United States and other countries of the region;
(2) offshore banks which provide total confidentiality provide a service which materially assists the operations of illicit drug traffickers; and
(3) cooperation in gaining access to the bank accounts of such narcotics traffickers would materially assist United States authorities in controlling the activities of such traffickers.

(b) POLICY.—The Congress—
(1) requests the President to negotiate treaties or appropriate international agreements with all countries providing confidential banking services (giving high priority to countries in the Caribbean region) to provide disclosure to the United

States Government of information contained in official records, and in records of bank accounts, concerning persons under investigation for violations of United States law, in particular those regarding international drug trafficking;

(2) directs the President to include reports on the results of such efforts in the annual International Narcotics Control Strategy Report; and

(3) reaffirms its intention to obtain maximum cooperation on the part of all governments for the purpose of halting international drug trafficking, and constantly to evaluate the cooperation of those governments receiving assistance from the United States.

(B) Jose Napoleon Duarte was elected President of El Salvador in 1984 in the most democratic election held in El Salvador in many years;

(C) political violence in El Salvador has declined dramatically under President Duarte’s leadership;

(D) President Duarte’s policies of respect for human rights, political pluralism, dialogue and reconciliation with the Salvadoran guerrilla force, legal and social reform and effective defense against the violent overthrow of the Salvadoran government are deserving of praise from all who believe in a democratic form of government;

(E) the March 31, 1985, legislation and municipal elections were successfully carried out, with 64 percent of the electorate defying guerrilla attacks to vote;

(F) the victory of President Duarte’s Christian Democratic Party reaffirms the support for these policies by his fellow citizens, the essential test of any government or movement;

(G) in spite of the state of siege technically in effect due to the insurgent threat, observance of free speech, free press, and

30The Foreign Assistance and Related Programs Appropriations Act, 1987 (sec. 101(f) of Public Law 99–591; 100 Stat. 3341–232), provided the following:

"Sec. 537. None of the funds available in this Act may be used to make available to El Salvador any helicopters or other aircraft, and licenses may not be issued under section 38 of the Arms Export Control Act for the export to El Salvador of any such aircraft, unless the Committee on Appropriations of the House of Representatives and the Committee on Appropriations of the Senate are notified at least fifteen days in advance in accordance with the procedures applicable to notifications.

Sec. 545. Of the amounts made available by this Act for military assistance and financing for El Salvador under chapters 2 and 5 of part II of the Foreign Assistance Act of 1961 and under the Arms Export Control Act, $5,000,000 may not be expended until the President reports, following the conclusion of the Appeals process in the case of Captain Avila, to the Committees on Appropriations that the Government of El Salvador has (1) substantially concluded all investigative action with respect to those responsible for the January 1981 deaths of the two United States land reform consultants Michael Hammer and Mark Pearlman and the Salvadoran Land Reform Institute Director Jose Rodolfo Viera, and (2) pursued all legal avenues to bring to trial and obtain a verdict of those who ordered and carried out the January 1981 murders."
free assembly are widely enjoyed in El Salvador and permit public airing of opposing political views;
(H) President Duarte is firmly committed to judicial reform and prosecution of cases involving “death squads”;
(I) President Duarte’s leadership and popular support has notably weakened the popular support given the guerrillas, as evidenced by the high levels of voter participation in the free elections held in El Salvador since 1982, the reduction in territory in which the guerrillas can freely operate, their inability to mount frontal military attacks, and their resort to economic sabotage, ambushes, political assassination, and urban terrorism with blatant disregard for basic human rights; and
(J) President Duarte has succeeded in reversing the decline in his country’s economy which, though still weak, has better prospects than in recent years.

(2) Therefore, it is the sense of the Congress that—
(A) President Duarte is to be congratulated for his outstanding leadership under difficult circumstances and for his efforts to foster democratic government and institutions in his country, and he is encouraged to continue his efforts to promote political pluralism, democratic institutions, and respect for human rights in his country; and
(B) the armed services of El Salvador are to be congratulated for their improved performance and professionalism in defending Salvadoran citizens and their democratically elected government from attack by armed insurgents, and especially for their role in helping to protect and uphold the electoral process.

(3) The Congress reaffirms the importance of continued support for democratic principles and institutions and respect for human rights by the various sectors of Salvadoran society, which is a major factor in United States support for El Salvador.

(2) the elected civilian government will be in control of the Salvadoran military and security forces, and those forces will comply with applicable rules of international law and with Presidential directives pertaining to the protection of civilians during combat operations, including Presidential directive C111–03–984 (relating to aerial fire support);
(3) the Government of El Salvador will make demonstrated progress, during the period covered by each report pursuant to subsection (c), in ending the activities of the death squads;
(4) the Government of El Salvador will make demonstrated progress, during the period covered by each report pursuant to subsection (c), in establishing an effective judicial system; and

(c) REPORTS.—On October 1, 1985, April 1, 1986, October 1, 1986, and April 1, 1987, the President shall report to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate on the extent to which the objectives described in subsection (b) are being met. With respect to the objective described in paragraph (4) of that subsection, each report shall discuss whether the commission proposed by the President of El Salvador to investigate human rights cases has been established, funded, and given sufficient investigative powers; whether the evidence that commission collects may be used in the Salvadoran judicial process; whether that commission has issued a comprehensive report with regard to its investigation of all Americans murdered in El Salvador; and whether those responsible for the Las Hojas massacre are being prosecuted.

(d) AIRCRAFT FOR AERIAL WARFARE.—(1) The authorities of part II of the Foreign Assistance Act of 1961 and the Arms Export Control Act may not be used to make available to El Salvador any helicopters or other aircraft, and licenses may not be issued under section 38 of the Arms Export Control Act for the export to El Salvador of any such aircraft, unless the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate are notified at least 15 days in advance in accordance with the procedures applicable to reprogramming notifications under section 634A of the Foreign Assistance Act of 1961.

(2) Paragraph (1) shall take effect on the date of enactment of this Act and shall remain in effect until October 1, 1987.

(e) SPECIAL ACCOUNT FOR LOCAL CURRENCIES.—(1) All local currencies, which are generated with the funds provided to El Salvador for balance-of-payments support for fiscal years 1986 and 1987 under chapter 4 of part II of the Foreign Assistance Act of 1961 (relating to the economic support fund), shall be deposited in accordance with section 609 of that Act in a special account established by the Government of El Salvador.

(2) Local currencies deposited pursuant to paragraph (1) shall be used for projects assisting agrarian reform and the agricultural sector (and particular emphasis shall be placed on projects for these purposes); judicial reform, employment generation; health, education, and other social services; infrastructure repair; and credits and other support for the private sector (principally for small and medium sized businesses).

(3) For purposes of subsection—

(A) the term “agrarian reform” means projects assisting or enhancing the abilities of agencies, cooperatives, and farms to implement land reform decrees in El Salvador, notwithstanding section 620(g) of the Foreign Assistance Act of 1961; and

(B) the term “judicial reform” means projects assisting or enhancing the abilities of agencies of the Salvadoran Government to investigate and prosecute politically motivated violence.

SEC. 713. USE OF EMPLOYEE STOCK OWNERSHIP PLANS IN DEVELOPMENT EFFORTS.

(a) FINDINGS.—The Congress declares that—
(1) employee stock ownership plans in industrial, farming, banking, and other enterprises in Central America and the Caribbean can be an important component in achieving United States goals in Central America and the Caribbean; and

(2) employee stock ownership plans should be used as an instrument in financing growth and transfers of equity in the region, in reorganizing state-owned enterprises into viable employee-owned businesses, in expanding political and economic pluralism, and in strengthening democratic institutions in the region.

(b) PLAN FOR EXPANDED USE OF ESOPS.—The President is urged to develop a plan for the expanded use of employee stock ownership plans in development efforts of the United States in Central America and the Caribbean, with an emphasis on policy and infrastructural changes needed to encourage voluntary employee stock ownership initiatives by multinational corporations and other private sector enterprises which have investments, are considering making new investments, or are interested in management contracts and joint ventures in the region.

SEC. 714. INTERNATIONAL ADVISORY COMMISSION FOR THE CARIBBEAN REGION.

(a) FINDINGS.—The Congress finds that—

(1) many of the social, agricultural, educational, and economic problems which confront nations in the Caribbean Region result primarily from social and economic injustice and inadequate economic and agricultural development;

(2) such problems are not addressed sufficiently by current United States policies toward that region;

(3) the development of the Caribbean Region is of vital importance to the economic and strategic interests of the United States and its allies; and
4. for purposes of defining development plans, providing an international forum for Caribbean Region development issues, and providing expert advice to donor-aid countries, an international commission is needed as the prime institution for promoting economic cooperation and development in the Caribbean Region.

(b) INVITATIONS TO PARTICIPATE IN COMMISSION.—
   (1) INVITATION TO CARIBBEAN COUNTRIES.—The President may invite the countries which comprise the Caribbean Region to participate with the United States in a commission to be known as the International Advisory Commission for the Caribbean Region (hereafter in this section referred to as the “Commission”).
   (2) INVITATION TO CERTAIN OTHER COUNTRIES.—The President may also invite the Netherlands, the United Kingdom, France, Canada, the Commonwealth of Puerto Rico, and the Virgin Islands to participate in the Commission.

(c) FUNCTIONS OF COMMISSION.—It is the sense of the Congress that the Commission should—
   (1) examine social, agricultural, educational, and economic issues which affect the Caribbean Region; and
   (2) consult with leaders of the countries in the Caribbean Region and with representatives from public and private organizations involved in matters related to the Caribbean Region in order to evaluate the problems and needs of such countries.

(d) FUNDING FOR ORGANIZATIONAL MEETING OF COMMISSION.—Of the funds authorized to be appropriated to carry out section 106 of the Foreign Assistance Act of 1961 (relating to development assistance for energy, private and voluntary organizations, and selected development activities), up to a total of $100,000 for fiscal years 1986 and 1987 may be made available to—

It is the sense of the Congress that funds appropriated for the fiscal years 1986 and 1987 under section 103(a)(2) of the Foreign Assistance Act of 1961 (relating to development assistance for agriculture, rural development, and nutrition) should be used for a comprehensive rural electrification program in Central America in order to establish conditions of stability and a foundation for economic development.

SEC. 716. FACILITATING INTERNATIONAL COMMERCE THROUGH MEXICO.

(a) FINDING.—Recognizing that increased levels of balanced international trade are an essential component in an economic development program for the region and that the United States has traditionally been the most important trading partner for each of the nations of Latin America, it is the sense of the Congress that current procedures and laws of the Government of Mexico, and practices of its officials, constitute a significant impediment to the transit of vehicles carrying the commodities of international trade through Mexican territory.

(b) NEGOTIATIONS AND COOPERATIVE STEPS CONCERNING TRANSIT.—As the Government of Mexico has played a valuable role in assisting and encouraging the economic and political development of the region, and in offering advice to the United States as to constructive policies this nation might pursue with respect to peace and prosperity in the area, the Secretary of State, acting independently or with representatives of other Latin America nations, shall initiate negotiations with the Government of Mexico aimed at eliminating or reducing those impediments to international trade. The agenda for such negotiations should include discussions to encourage the Government of Mexico to accede to existing international custom conventions on international in-transit shipments. Such actions are to be taken in concert with the institution by the United States, and the nations of the region where the transiting shipments originate, of appropriate and cooperative steps to make sealed-truck, no-inspection transit administratively acceptable to the Government of Mexico and other transited countries. Similar bilateral or multilateral negotiations by the Secretary of State with nations respecting the same international customs conventions is also encouraged.

(c) REPORT.—The Secretary of State shall report the status of these negotiations to Congress by January 1, 1986.

SEC. 719. REPORTS ON FOREIGN DEBT IN LATIN AMERICA.
(a) FINDINGS.—The Congress finds that—
(1) the foreign debt of Latin American countries has soared from $27,000,000,000 in 1970 to over $350,000,000,000 in 1983;
(2) the foreign debt of Latin American countries is a serious obstacle to their economic progress, threatens their stability, and endangers the democratic processes in those nations;
(3) the economic and political futures of many of the Latin American countries hang in the balance and depend upon a successful resolution of the foreign debt crisis; and
(4) the confidence of the American people in the United States system of banking is also involved in a successful resolution of the foreign debt crisis.

(b) REPORT.—Not later than January 1, 1986, the Secretary of State shall prepare and transmit to the Congress a report on—
(1) the magnitude of the foreign debt crisis in the Western Hemisphere;
(2) the impact of the foreign debt crisis on the economies of the countries of Latin America;
(3) the degree to which the national security interests of the United States are implicated in this crisis;
(4) the steps being taken and the policy being pursued by the United States aimed at dealing with this crisis;
(5) the degree to which the foreign debt crisis affects the system of banking in the United States; and
(6) the steps being taken and the policy being pursued by the United States Government aimed at dealing with this crisis.

SEC. 720. ECONOMIC ASSISTANCE FOR URUGUAY.
Of the amounts authorized to be appropriated to carry out chapter 4 of part II of the Foreign Assistance Act of 1961 (relating to the economic support fund), $15,000,000 for fiscal year 1986 and $15,000,000 for fiscal year 1987 shall be available only for Uruguay.

SEC. 721. CANADIAN EXPORTS TO THE UNITED STATES.
(a) CATTLE AND HOGS.—(1) The Congress finds that—
(A) livestock prices have been in decline for some time due to excessive supply partially caused by dramatic increases in importation of live cattle and hogs from Canada, which has in-
increased by 1,000 percent in the last decade in the case of hogs alone;
(B) American livestock producers are suffering from the same general economic crisis affecting all of agriculture, and many will face liquidation or foreclosure in the near future; and
(C) the disparity between the United States and the Canadian dollar amounts to 32 to 34 percent and results in even further increases in Canadian hogs and cattle being imported into the United States.

(2) Therefore, it is the sense of the Congress that the President should direct appropriate officials of the executive branch, including the United States Trade Representative, the Secretary of Agriculture, and the Secretary of Commerce, to aggressively pursue discussions with the Canadian Government directed toward immediate reduction in the Canadian export of cattle and hogs to the United States.

(b) SOFTWOOD TIMBER.—(1) The Congress finds that—
(A) softwood timber prices have been in decline for some time due to excessive supply partially caused by dramatic increases in importation of processed softwood timber from Canada, which has increased from 18 percent of the United States market in the last two years to 35 to 40 percent today;
(B) American timber producers are suffering from this economic crisis, and the difficulty in acquiring timber from the National Forest System; and
(C) the disparity between the United States and the Canadian dollar amounts to 32 to 34 percent and results in even further increases in processed softwood timber being imported into the United States.

(2) Therefore, it is the sense of the Congress that the President should direct appropriate officials of the executive branch, including the United States Trade Representative, the Secretary of Agriculture, and the Secretary of Commerce, to aggressively pursue discussions with the Canadian Government directed toward immediate reduction in the Canadian export of softwood timber to the United States.

SEC. 722. NICARAGUA.

(a) SETTLEMENT OF THE CONFLICT.—The Congress—
(1) strongly supports national reconciliation in Nicaragua and the creation of a framework for negotiating a peaceful settlement to the Nicaraguan conflict; and
(2) finds that the United States should, in assisting efforts to reach comprehensive and verifiable final agreements based on the Contadora Document of Objectives, encourage the Government of Nicaragua to pursue a dialogue with the armed opposition forces and their political representatives for the purposes of achieving an equitable political settlement of the conflict, including free and fair elections.

(b) UNITED STATES CONCERNS ABOUT NICARAGUAN FOREIGN AND DOMESTIC POLICIES.—The Congress finds and declares the following:
(1) Despite positive actions by the Congress signaling support for negotiated solutions to conflicts in Central America, there are disturbing trends in Nicaragua’s foreign and domestic policies, including—

(A) President Daniel Ortega’s April 1985 trip to the Soviet Union at a time when the Congress signaled its strong disapproval of increasing Nicaraguan-Soviet ties;

(B) the Sandinista government’s close military ties with Cuba, the Soviet Union, and its Warsaw Pact allies; the disappointing and insufficient reduction of the number of Cuban advisors in Nicaragua by only 100 out of an approximately 2,500; and the continuing military buildup that Nicaragua’s neighbors consider threatening;

(C) the Sandinista government’s curtailment of individual liberties, political expression, freedom of worship, and the independence of the media;

(D) the subordination of military, judicial, and internal security functions to the ruling political party; and

(E) the Sandinista government’s efforts to export its influence and ideology.

(2) If Nicaragua does not address the concerns described in paragraph (1), the United States has several options to address this challenge to peace and stability in the region, including political, diplomatic, and trade sanctions. In addition, the United States—

(A) should through appropriate regional organizations, such as the Organization of American States, seek to maintain multilateral pressure on Nicaragua to address these concerns; and

(B) should, if called upon to do so, give serious consideration to supporting any sanctions adopted by such an organization.

(3) In assessing whether or not progress is being made in addressing these concerns, the Congress will expect prompt and significant initiatives by the Government of Nicaragua such as—

(A) the removal of foreign military advisors from Nicaragua;

(B) the end to Sandinista support for insurgencies in other countries in the region, including the cessation of military supplies to the rebel forces fighting the democratically elected government in El Salvador;

(C) restoration of individual liberties, political expression, freedom of worship, and the independence of the media; and

(D) progress toward international reconciliation and a pluralistic democratic system, including steps to liberalize institutions in order to allow the internal opposition in Nicaragua to become a viable partner in the Nicaraguan political process.

(c) Resolution of the Conflict in Nicaragua.—

(1) Basis for Policy.—The Congress finds that—

(A) the people of Nicaragua are suffering the horrors of a fierce armed conflict that is causing grave hardships and
loss of life, has thrown the country into a serious political, social, and economic upheaval, and is of serious concern to the nations of the region and to the United States; 
(B) this conflict is fundamentally a continuation of efforts of the Nicaraguan people to attain a representative government at peace with its neighbors, efforts which began under the Somoza regime; and 
(C) the United States recognized these noble aspirations of the Nicaraguan people in the June 23, 1979, resolution of the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs of the Organization of American States, which reads as follows:

“WHEREAS:
“The people of Nicaragua are suffering the horrors of a fierce armed conflict that is causing grave hardships and loss of life, and has thrown the country into a serious political, social and economic upheaval; 
“The inhumane conduct of the dictatorial regime governing the country, as evidenced by the report of the Inter-American Commission on Human Rights, is the fundamental cause of the dramatic situation faced by the Nicaraguan people; and 
“The spirit of solidarity that guides Hemisphere relations places an unavoidable obligation on the American countries to exert every effort within their power, to put an end to the bloodshed and to avoid the prolongation of this conflict which is disrupting the peace of the Hemisphere;

THE SEVENTEENTH MEETING OF CONSULTATION OF MINISTERS OF FOREIGN AFFAIRS,

“DECLARES:
“That the solution of the serious problem is exclusively within the jurisdiction of the people of Nicaragua. 
“That in the view of the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs this solution should be arrived at on the basis of the following: 
 “1. Immediate and definitive replacement of the Somoza regime. 
 “2. Installation in Nicaraguan territory of a democratic government, the composition of which should include the principal representative groups which oppose the Somoza regime and which reflects the free will of the people of Nicaragua. 
 “4. The holding of free elections as soon as possible, that will lead to the establishment of a truly democratic government that guarantees peace, freedom, and justice.

RESOLVES:
 “1. To urge the member states to take steps that are within their reach to facilitate an enduring and peaceful solution of the Nicaraguan problem on the bases set forth above, scrupulously respecting the principle of nonintervention and abstaining from any action that might be in conflict with the above bases or be incompatible with a peaceful and enduring solution to the problem.
“2. To commit their efforts to promote humanitarian assistance to the people of Nicaragua and to contribute to the social and economic recovery of the country.

“3. To keep the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs open while the present situation continues.”.

(2) The Government of Nicaragua.—The Congress further finds that—

(A) the Government of National Reconstruction of Nicaragua formally accepted the June 23, 1979, resolution as a basis for resolving the Nicaraguan conflict in its “Plan to Achieve Peace” which was submitted to the Organization of American States on July 12, 1979;

(B) the June 23 1979, resolution and its acceptance by the Government of National Reconstruction of Nicaragua was the formal basis for the removal of the Somoza regime and the installation of the Government of National Reconstruction;

(C) the Government of National Reconstruction, now known as the Government of Nicaragua and controlled by the Frente Sandinista (the FSLN), has flagrantly violated the provisions of the June 23, 1979, resolution, the rights of the Nicaraguan people, and the security of the nations in the region, in that it—

(i) no longer includes the democratic members of the Government of National Reconstruction in the political process;

(ii) is not a government freely elected under conditions of freedom of the press, assembly, and organization, and is not recognized as freely elected by its neighbors, Costa Rica, Honduras, and El Salvador;

(iii) has taken significant steps towards establishing a totalitarian Communist dictatorship, including the formation of FSLN neighborhood watch committees and the enactment of laws that violate human rights and grant undue executive power;

(iv) has committed atrocities against its citizens as documented in reports by the Inter-American Commission on Human Rights of the Organization of American States;

(v) has aligned itself with the Soviet Union and Soviet allies, including the German Democratic Republic, Bulgaria, Libya, and the Palestine Liberation Organization;

(vi) has committed and refuses to cease aggression in the form of armed subversion against its neighbors in violation of the Charter of the United Nations, the Charter of the Organization of American States, the Inter-American Treaty of Reciprocal Assistance, and the 1965 United Nations General Assembly Declaration on Intervention; and

(vii) has built up an army beyond the needs of immediate self-defense, at the expense of the needs of
the Nicaraguan people and about which the nations of the region have expressed deepest concern.

(3) **THE NICARAGUAN DEMOCRATIC OPPOSITION.**—The Congress further finds that—

(A) as a result of these violations, the Government of Nicaragua has lost the support of virtually all independent sectors of Nicaraguan society who initially supported the removal of the Somoza regime (including democratic political parties of the left, center, and right; the leadership of the Church; free unions; and the business, farmer, and professional sectors) and who still seek democracy, reject the rule of the Frente Sandinista, and seek the free elections promised in 1979;

(B) the Nicaraguan political opposition has joined with the armed opposition groups in issuing the San José Manifesto of March 1, 1985, calling for a national dialogue under mediation by the Nicaraguan Bishops Conference to peacefully attain the fulfillment of the Government of Nicaragua’s commitments to the Organization of American States, including “the democratization of Nicaragua, conscious that democracy is the only means to carry out an authentic revolution and secure our national identity and sovereignty”;

(C) on June 12, 1985, in San Salvador, El Salvador, the political and armed opposition groups representing the entire democratic political spectrum of Nicaragua formed the United Nicaraguan Opposition and affirmed their “historical commitment to achieve for Nicaragua the reconciliation of her children, to establish the foundation for democracy and the moral and material reconstruction of the nation”;

(D) the United Nicaraguan Opposition further declared its intention to “give priority at all times to a political solution which will ease the suffering of our people”.

(4) **CONCERNS IN THE REGION AND UNITED STATES RESPONSIBILITIES.**—The Congress further finds that—

(A) Nicaragua’s neighbors, Costa Rica, El Salvador, and Honduras, have expressed, individually and through the Contadora process, their belief that their peace and freedom is not safe so long as the Government of Nicaragua excludes from power most of Nicaragua’s political leadership and is controlled by a small sectarian party, without regard to the will of the majority of Nicaraguans; and

(B) the United States, given its role in the installation of the current Government of Nicaragua, has a special responsibility regarding the implementation of the commitments made by that Government in 1979, especially to those who fought against Somoza to bring democracy to Nicaragua with United States support.

(5) **RESOLUTION OF THE CONFLICT.**—The Congress—

(A) condemns the Government of Nicaragua for violating its solemn commitments to the Nicaraguan people, the United States, and the Organization of American States;
(B) affirms that the Government of Nicaragua will be regarded as having achieved political legitimacy when it fulfills its 1979 commitment to the Organization of American States to implement genuinely democratic elections, under the supervision of the Organization of American States, in which all elements of the Nicaraguan resistance can peacefully participate under conditions recognized as necessary for free elections by international bodies;

(C) urges the Government of Nicaragua to enter a national dialogue, as proposed by the Nicaraguan democratic resistance in San Jose, Costa Rica, on March 1, 1985, under mediation by the Nicaraguan Bishops Conference in order to peacefully resolve the current crisis through internationally recognized elections in which all elements of Nicaraguan society can freely participate;

(D) supports the Nicaraguan democratic resistance in its efforts to peacefully resolve the Nicaraguan conflict and to achieve the fulfillment of the Government of Nicaragua's solemn commitments to the Nicaraguan people, the United States, and the Organization of American States;

(E) supports efforts by the Contadora nations, the Organization of American States, and other appropriate regional organizations to maintain multilateral pressure on Nicaragua to fulfill its commitments; and

(F) requests that the Secretary of State transmit the text of this subsection to the Foreign Ministers of the member states of the Organization of American States.

(d) Prohibition Relating to Military or Paramilitary Operations in Nicaragua.—Notwithstanding any other provision of law, no funds authorized to be appropriated or otherwise made available by this Act (except the funds authorized to be appropriated in this section), by the Foreign Assistance Act of 1961, or by the Arms Export Control Act shall be used to provide assistance of any kind, either directly or indirectly, to any person or group engaging in an insurgency or other act of rebellion against the Government of Nicaragua. The United States shall not enter into any arrangement conditioning, expressly or impliedly, the provision of assistance under this Act or the purchase of defense articles and services under the Arms Export Control Act upon the provision of assistance by a recipient to persons or groups engaging in an insurgency or other act of rebellion against the Government of Nicaragua.

(e) Limitation on Use of Funds Against Nicaragua.—None of the funds authorized to be appropriated in this or any other Act can be used to fund directly, or indirectly, activities against the Government of Nicaragua which have not been authorized by, or pursuant to, law and which would place the United States in violation of our obligations under the Charter of the Organization of American States, to which the United States is a signatory, or under international law as defined by treaty commitments agreed to, and ratified by, the Government of the United States.

(f) Food Aid to the Nicaraguan People.—In cooperation with Cardinal Miguel Obando y Bravo and private and voluntary organizations, the President should explore and promote means for pro-
viding food aid to the Nicaraguan people through private and voluntary organizations and the Catholic Church.

(g) **Humanitarian Assistance for Nicaraguan Democratic Resistance.**—(1) Effective upon the date of enactment of this Act, there are authorized to be appropriated $27,000,000 for humanitarian assistance to the Nicaraguan democratic resistance. Such assistance shall be provided to such department or agency of the United States as the President shall designate, except the Central Intelligence Agency or the Department of Defense.

(2) The assistance authorized by this subsection is authorized to remain available for obligation until March 31, 1986.

(3) One-third of the assistance authorized by this subsection shall be available for obligation at any time after the appropriation of funds pursuant to such authorization, an additional one-third shall be available for obligation upon submission of the first report required by subsection (j), and the remaining one-third shall be available for obligation upon submission of the second such report.

(4) The President shall establish appropriate procedures to ensure that any humanitarian assistance provided by the United States Government to the Nicaraguan democratic resistance is used only for the intended purpose and is not diverted (through barter, exchange, or any other means) for acquisition of weapons systems, ammunition, or other equipment, vehicle, or material which can be used to inflict serious bodily harm or death.

(5) As used in this subsection, the term “humanitarian assistance” means the provision of food, clothing, medicine, and other humanitarian assistance, and it does not include the provision of weapons, weapons systems, ammunition, or other equipment, vehicles, or material which can be used to inflict serious bodily harm or death.

(h) **Assistance for Implementation of a Contadora Agreement.**—Effective upon the date of enactment of this Act, there are authorized to be appropriated $2,000,000, which are authorized to remain available until expended, for payment by the Secretary of State for the expenses arising from implementation by the Contadora nations (Mexico, Panama, Colombia, and Venezuela) of an agreement among the countries of Central America based on the Contadora Document of Objectives of September 9, 1983, including peacekeeping, verification, and monitoring systems.

(i) **Policies With Respect to Nicaragua.**—The President is hereby urged and requested—

(1) to pursue vigorously the use of diplomatic and economic measures to resolve the conflict in Nicaragua, including simultaneous negotiations—

(A) to implement the Contadora Document of Objectives of September 8, 1983; and

(B) to develop, in close consultation and cooperation with other nations, trade and economic measures to complement such policies of the United States and to encourage the Government of Nicaragua to take the necessary steps to resolve the conflict;

(2) to suspend the economic sanctions imposed by the President on May 1, 1985, and the United States military maneue-
vers in Honduras and off the coast of Nicaragua, if the Government of Nicaragua agrees—

(A) to a cease fire,

(B) to open a dialogue with all elements of the opposition, including the Nicaraguan democratic resistance, and

(C) to suspend the state of emergency in Nicaragua;

(3) to call upon the Nicaraguan democratic resistance to remove from their ranks any individuals who have engaged in human rights abuses; and

(4) to resume bilateral discussions with the Government of Nicaragua with a view to encouraging—

(A) a church-mediated dialogue between the Government of Nicaragua and all elements of the opposition, including the Nicaraguan democratic resistance, in support of internal reconciliation as called for by the Contadora Document of Objectives; and

(B) a comprehensive, verifiable agreement among the nations of Central America, based on the Contadora Document of Objectives.

(j) REPORTS.—The President shall submit a report to the Congress 90 days after the date of enactment of this Act, and every 90 days thereafter, on any actions taken to carry out subsections (g) and (h). Each such report shall include—

(1) a detailed statement of any progress made in reaching a negotiated settlement referred to in subsection (i)(1), including the willingness of the Nicaraguan democratic resistance and the Government of Nicaragua to negotiate a settlement;

(2) a detailed accounting of the disbursements made to provide humanitarian assistance with the funds provided pursuant to subsection (g); and

(3) a discussion of the alleged human rights violations by the Nicaraguan democratic resistance and the Government of Nicaragua, including a statement of the steps taken by the Nicaraguan democratic resistance to comply with the request referred to in subsection (i)(3).

(k) SUBMISSION OF REQUEST FOR ADDITIONAL ASSISTANCE FOR THE CENTRAL AMERICA PEACE PROCESS.—If the President determines at any time after the enactment of this Act that—

(1) negotiations based on the Contadora Document of Objectives of September 9, 1983, have produced an agreement, or show promise of producing an agreement, or

(2) other trade and economic measures will assist in a resolution of the conflict, or to stabilization in the region,

the President may submit to the Congress a request for budget and other authority to provide additional assistance for the furtherance of the Central America peace process.

(l) STATEMENT TO BE INCLUDED.—The President’s request pursuant to subsection (k) shall include a detailed statement as to progress made to resolve the conflict in the region.

(m) CONSULTATION WITH THE CONGRESS.—In formulating a request pursuant to subsection (k), the President shall consult with the Congress.

(n) HOUSE PROCEDURES.—(1) The provisions of this subsection apply, during the 99th Congress, to the consideration in the House
of Representatives of a joint resolution with respect to the request submitted by the President pursuant to subsection (k).

(2) For purposes of this subsection, the term “joint resolution” means only a joint resolution introduced within 3 legislative days after the Congress receives the request submitted by the President pursuant to subsection (k)—

(A) the matter after the resolving clause of which is as follows: “That the Congress hereby approves the additional authority and assistance for the Central America peace process that the President requested pursuant to the International Security and Development Cooperation Act of 1985, notwithstanding section 10 of Public Law 91–672.”;

(B) which does not have a preamble; and

(C) the title of which is as follows: “Joint Resolution relating to Central America pursuant to the International Security and Development Cooperation Act of 1985.”.

(3) A joint resolution shall, upon introduction, be referred to the appropriate committee or committees of the House of Representatives.

(4) If all the committees of the House to which a joint resolution has been referred have not reported the same joint resolution by the end of 15 legislative days after the first joint resolution was introduced, any committee which has not reported the first joint resolution introduced shall be discharged from further consideration of that joint resolution and that joint resolution shall be placed on the appropriate calendar of the House.

(5)(A) At any time after the first joint resolution placed on the appropriate calendar has been on that calendar for a period of 5 legislative days, it is in order for any Member of the House (after consultation with the Speaker as to the most appropriate time for the consideration of that joint resolution) to move that the House resolve itself into the Committee of the Whole House on the State of the Union for the consideration of that joint resolution. The motion is highly privileged and is in order even though a previous motion to the same effect has been disagreed to. All points of order against the joint resolution under clauses 2 and 6 of Rule XXI of the Rules of the House are waived. If the motion is agreed to, the resolution shall remain the unfinished business of the House until disposed of. A motion to reconsider the vote by which the motion is disagreed to shall not be in order.

(B) Debate on the joint resolution shall not exceed ten hours, which shall be divided equally between a Member favoring and a Member opposing the joint resolution. A motion to limit debate is in order at any time in the House or in the Committee of the Whole and is not debatable.

(C) An amendment to the joint resolution is not in order.

(D) At the conclusion of the debate on the joint resolution, the Committee of the Whole shall rise and report the joint resolution back to the House, and the previous question shall be considered as ordered on the joint resolution to final passage without intervening motion.

(6) As used in this subsection, the term “legislative day” means a day on which the House is in session.
(q) Statement To Be Included.—The President's request pursuant to subsection (p) shall include a detailed statement as to why the negotiations or other measures have failed to resolve the conflict in the region.

(r) Consultation With the Congress.—In formulating a request pursuant to subsection (p), the President shall consult with the Congress.

(s) [Repealed—1987]
(t) 39 * * * [Repealed—1987]
(u) CONGRESSIONAL RULEMAKING POWERS.—Subsections (n), (o), (s), and (t) are enacted—

1) as exercises of the rulemaking powers of the House of Representatives and Senate, and as such they are deemed a part of the Rules of the House and the Rules of the Senate, respectively, but applicable only with respect to the procedure to be followed in the House and the Senate in the case of joint resolutions under this section, and they supersede other rules only to the extent that they are inconsistent with such rules; and

2) with full recognition of the constitutional right of the House and the Senate to change their rules at any time, in the same manner, and to the same extent as in the case of any other rule in the House or Senate, and of the right of the Committee on Rules of the House of Representatives to report a resolution for the consideration of any measure.

TITLE VIII—AFRICA

SEC. 801. BALANCE-OF-PAYMENTS SUPPORT FOR COUNTRIES IN AFRICA.

(a) ESF COMMODITY IMPORT AND SECTOR PROGRAMS.—Agreements with countries in Africa which provide for the use of funds made available to carry out chapter 4 of part II of the Foreign Assistance Act of 1961 for the fiscal years 1986 and 1987 to finance imports by those countries (under commodity import programs or sector programs) shall require that those imports be used to meet long-term development needs in those countries in accordance with the following criteria:

1) Spare parts and other imports shall be allocated on the basis of evaluations, by the agency primarily responsible for administering part I of that Act, of the ability of likely recipients to use such spare parts and imports in a maximally productive, employment generating, and cost effective way.

2) Imports shall be coordinated with investments in accordance with the recipient country’s plans for promoting economic development. The agency primarily responsible for administering part I of that Act shall assess such plans to determine whether they will effectively promote economic development.
(3) Emphasis shall be placed on imports for agricultural activities which will expand agricultural production, particularly activities which expand production for export or production to reduce reliance on imported agricultural products.

(4) Emphasis shall also be placed on a distribution of imports having a broad development impact in terms of economic sectors and geographic regions.

(5) In order to maximize the likelihood that the imports financed by the United States under such chapter are in addition to imports which would otherwise occur, consideration shall be given to historical patterns of foreign exchange uses.

(6)(A) Seventy-five percent of the foreign currencies generated by the sale of such imports by the government of the country shall be deposited in a special account established by that government and, except as provided in subparagraph (B), shall be available only for use in accordance with the agreement for economic development activities which are consistent with the policy directions of section 102 of the Foreign Assistance Act of 1961 and which are the types of activities for which assistance may be provided under sections 103 through 106 of that Act.

(B) The agreement shall require that the government of the country make available to the United States Government such portion of the amount deposited in the special account as may be determined by the President to be necessary for requirements of the United States Government.

(b) ANNUAL EVALUATIONS.—The agency primarily responsible for administering part I of the Foreign Assistance Act of 1961 shall conduct annual evaluations of the extent to which the criteria set forth in this subsection have been met.

SEC. 802. ECONOMIC SUPPORT ASSISTANCE FOR SOUTHERN AFRICA.

(a) FUNDS FOR SOUTHERN AFRICA REGIONAL PROGRAMS.—Of the amounts authorized to be appropriated to carry out chapter 4 of part II of the Foreign Assistance Act of 1961, not less than $30,000,000 for fiscal year 1986 and not less than $30,000,000 for fiscal year 1987 shall be available only for regional programs in southern Africa. Not less than 50 percent of each of these amounts shall be allocated to assist sector projects supported by the Southern Africa Development Coordination Conference (SADCC) to enhance the economic development of the nine member states forming this important regional institution, especially in the following sectors: transportation, agriculture research and training, manpower development, and institutional support for the SADCC secretariat.

(b) STUDIES RELATING TO SOUTHERN AFRICA REGIONAL PROGRAMS.—(1) The administrator of the agency primarily responsible for administering part I of the Foreign Assistance Act of 1961 shall conduct a study which evaluates—

---

40Sec. 4(b)(1) of the South African Democratic Transition Support Act of 1993 (Public Law 103-149; 107 Stat. 1505) repealed subsecs. (c) and (d) of this section. Those subsections stated eligibility criteria for funds for South Africa educational training programs and for the Human Rights Fund for South Africa through chapter 4 of part II of the Foreign Assistance Act of 1961 for fiscal years 1986 and 1987.
Sec. 803. POLICY TOWARD SOUTH AFRICAN “HOMELANDS”.

(a) FINDINGS.—The Congress finds that—

(1) the sanctity of the family, individual liberty, maximum freedom of choice, ownership of private property, and equal treatment of all citizens, regardless of race, are principles which are fully supported by the American people;

(2) the forced relocation of blacks by the Government of the Republic of South Africa to designated “homelands” divides families, as families are required to remain in the “homelands” while fathers seek work in the so-called “white areas”;

(3) the forced removal of persons living in so-called “black spots” in “white” rural areas in South Africa denies them the fundamental right to live and to farm on land they have legally occupied for years, and subjects them to arbitrary arrest and detention when they seek these rights;

(4) compared to “white” South Africa, the designated “homelands”, which are meant to accommodate the largest South African population group on a fraction of South African territory and were established without the consent of the vast majority of the governed, are characterized by high rates of infant mortality, unemployment, and malnutrition and by a severe shortage of medical services;

(5) the policy of the Government of the Republic of South Africa denies blacks their rightful claim to full South African citizenship; and

(6) the recent violence in South Africa must be seen as an inevitable result of the denial of the full rights of citizenship.

(b) STATEMENT OF POLICY.—It is the sense of the Congress that—

(1) the policy of separate development and the forced relocation of the people of the Republic of South Africa are inconsistent with fundamental American values and internationally recognized principles of human rights;

(2) the Government of the United States should continue to regard as citizens of South Africa all persons born within the internationally recognized boundaries of the Republic of South Africa, and not differentiate among these citizens on the basis of the South African Government’s claim to have granted independence to various “homelands”;

(3) at such times that any “homeland” official applies for a visa for travel to the United States, such visa should not be
granted unless that official holds a passport which is recognized as valid by the Government of the United States; and

(4) the Government of the United States should urge that the forced relocation of South African citizens be discontinued and that policies be adopted for all South Africa's citizens which protect the sanctity of the family, individual liberty, maximum freedom of choice, ownership of private property, and equal treatment of all citizens, regardless of race.

SEC. 804. ASSISTANCE FOR ZAIRE.

(a) Economic Support Assistance.—Funds allocated for assistance for Zaire under chapter 4 of part II of the Foreign Assistance Act of 1961 for each of the fiscal years 1986 and 1987 shall be used only for assistance which is provided in accordance with the provisions applicable to assistance under chapter 1 of part I of the Foreign Assistance Act of 1961. Such assistance shall be provided, to the maximum extent practicable, through private and voluntary organizations.

(b) Military Assistance.—For each of the fiscal years 1986 and 1987—

(1) the value of assistance provided under chapter 2 of part II of the Foreign Assistance Act of 1961 for Zaire may not exceed $7,000,000; and

(2) financing may not be provided under the Arms Export Control Act of Zaire.

SEC. 805. ASSISTANCE FOR TUNISIA.

(a) Policy Concerning Security Assistance.—The United States provides security assistance to Tunisia in recognition of the traditional friendship between the United States and Tunisia and our common interests in the region. The provision of such assistance is also based on the expectation that political stability and development in Tunisia will be best advanced through continued growth of democratic institutions.

(b) Earmarking of MAP and ESF.—For each of the fiscal years 1986 and 1987—

(1) not less than $15,000,000 of the amounts authorized to be appropriated to carry out chapter 2 of part II of the Foreign Assistance Act of 1961, and

(2) not less than $20,000,000 of the amounts authorized to be appropriated to carry out chapter 4 of part II of that Act, shall be available only for Tunisia.

SEC. 806. POLITICAL SETTLEMENT IN SUDAN.

(a) Findings.—The Congress finds that—

(1) friendship and mutual interests bind the United States and Sudan; and

(2) the peace, security, and economic development of Sudan depend in large part on addressing the problems associated with the traditional north-south division in that country through political rather than military means.

41Title III of the Foreign Assistance and Related Programs Appropriations Act, 1986 (sec. 101(c) of Public Law 99–190; 99 Stat. 1301), appropriated for Foreign Military Sales for fiscal year 1986: "not less than $27,000,000 of concessional credits shall be provided only for Tunisia."
(b) **United States Policy.**—It is, therefore, the policy of the United States that the provision of security assistance to Sudan shall be based on the expectation that the Government of Sudan will make progress toward reaching a political settlement with all parties to the conflict in the south of Sudan.

SEC. 807. ELECTIONS IN LIBERIA.

In recognition of the special relationship that the United States has with Liberia and of the wide variety of interests that the United States has in Liberia, security assistance for Liberia for fiscal years 1986 and 1987 is based on the expectation of a successful completion of free and fair elections, on a multiparty basis, in October 1985 as proposed by the Government of Liberia and on a return to full civilian, constitutional rule as a consequence of those elections.

(2) The certification required by paragraph (1) is a certification by the President to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate that the Government of the People’s Republic of Mozambique—

(A) is making a concerted and significant effort to comply with internationally recognized human rights;

(B) is making continued progress in implementing essential economic and political reforms, including the restoration of private property and respect for the right to engage in free enterprise in all sectors of the economy;

SEC. 901. THE PHILIPPINES.  

(a) DEMOCRACY IN THE PHILIPPINES.—It is the sense of the Congress that the United States should encourage the revitalization of democracy in the Philippines. To that end, the Congress affirms its intention to grant future aid to the Philippines according to the determination of the Congress that United States security interests are enhanced and sufficient progress is made by the Government of the Philippines in—

(1) guaranteeing free, fair, and honest elections in 1986 and 1987, or sooner should any such elections occur;
(2) ensuring the full, fair, and open prosecution of those responsible for the murder of Benigno Aquino, including those involved in the cover-up;
(3) ensuring freedom of speech and freedom of the press, and unrestricted access to the media on the part of all candidates for public office in the local and provincial elections of 1986 and the Presidential election of 1987;
(4) establishing the writ of habeas corpus and the termination of the Presidential Detention Action and all other forms of detention without charge or trial;
(5) releasing all individuals detained or imprisoned for peaceful political activities;
(6) making substantial progress in terminating extrajudicial killings by the Philippine military and security forces and the prosecution of those responsible for such killings in the past;
(7) implementing structural economic reforms and a strengthening of the private sector, including elimination of corruption and monopolies; and
(8) enhancing the professional capability of the Philippine armed forces and security forces (including the Philippine Constabulary and the Civilian House Defense Forces).

(b) PRIMARY PURPOSE OF UNITED STATES ASSISTANCE.—The Congress finds and declares that the primary purpose of United States assistance to the Philippines should be to maintain and foster friendly relations between the people of the Philippines and the United States.

44Title II of the Foreign Assistance and Related Programs Appropriations Act, 1987 (sec. 101(f) of Public Law 99–591; 100 Stat. 3341–221), provided:

"ECONOMIC SUPPORT FUND"

"That not less than an additional sum of $200,000,000 shall be available only for the Philippines: * * *" Title I, Chapter V of the Urgent Supplemental Appropriations Act, 1986 (Public Law 99–349; 100 Stat. 726), further provided:

people of the United States and to encourage the restoration of internal security, both of which goals can be best served by the achievement of an open and stable democracy.

(c) CONGRESSIONAL OVERSIGHT.—The Congress, in determining future aid levels for the Philippines, will take into account not only our military bases agreement with that country, but also the extent to which the objectives and goals specified in subsections (a) and (b) have been implemented. The Congress may defer assistance for the Philippines under both chapter 2 of part II of the Foreign Assistance Act of 1961 and the Arms Export Control Act if—

(1) significant progress is not achieved with respect to the objectives and goals specified in subsections (a) and (b), or

(2) the Congress finds that such assistance is used to violate the internationally recognized human rights of the Filipino people.

(d) [Repealed—1986]

(e) NONLETHAL ASSISTANCE.—Assistance provided for the Philippines for fiscal year 1986 under the Arms Export Control Act or under chapter 2, of part II of the Foreign Assistance Act of 1961 shall be nonlethal in character.

SEC. 903. DISADVANTAGED CHILDREN IN ASIA.

(a) * * *

(b) ADDITIONAL STEPS TO HELP AMERASIAN CHILDREN.—The Congress finds that Amerasian children are currently the object of discrimination in the countries in Asia where they now reside. Therefore, the President shall report to the Congress on the quality of life of these children and on what additional steps, such as facilitating adoptions, the United States could take to enhance the lives of these children.

SEC. 904. ASSISTANCE FOR AFGHANISTAN.

(a) AUTHORIZATION.—The President may make available funds authorized to be appropriated to carry out chapter 4 of part II of the Foreign Assistance Act of 1961 (relating to the economic support fund) for the provision of food, medicine, or other humanitarian assistance to the Afghan people, notwithstanding any other provision of law.

(b) EARMARKING OF FUNDS.—Each fiscal year, not less than $15,000,000 of the aggregate amount of funds available to carry out...
chapter 4 of part II of the Foreign Assistance Act of 1961 shall be available only for humanitarian assistance to the Afghan people pursuant to subsection (a) of this section.

(c) **Effective Dates.**—This section shall take effect on the date of enactment of this Act, except that subsection (b) shall not apply to fiscal year 1985.

**SEC. 905. ASSISTANCE FOR THE CAMBODIAN PEOPLE.**

The President may make available to the noncommunist resistance forces in Cambodia up to $5,000,000 for fiscal year 1986, and up to $5,000,000 for fiscal year 1987, of the funds authorized to be appropriated to carry out chapter 2 (relating to grant military assistance) or chapter 4 (relating to the economic support fund) of part II of the Foreign Assistance Act of 1961, notwithstanding any other provision of law.

**SEC. 906. PROHIBITION ON CERTAIN ASSISTANCE TO THE KHMER ROUGE.**

(a) **Prohibition.**—Notwithstanding any other provision of law, none of the funds authorized to be appropriated by this Act or any other Act may be obligated or expended for the purpose or with the effect of promoting, sustaining, or augmenting, directly or indirectly, the capacity of the Khmer Rouge or any of its members to conduct military or paramilitary operations in Cambodia or elsewhere in Indochina.

(b) **Deobligation of Certain Funds.**—All funds appropriated before the date of enactment of this section which were obligated but not expended for activities having the purpose or effect described in subsection (a) shall be deobligated and shall be deposited in the Treasury of the United States as miscellaneous receipts.

(c) **Exception for Humanitarian Assistance.**—This section shall not be construed as limiting the provision of food, medicine, or other humanitarian assistance to the Cambodian people.

**SEC. 907. POLITICAL SETTLEMENT IN SRI LANKA.**

(a) **Findings.**—The Congress finds that—

(1) the Government and people of Sri Lanka and the Government and people of the United States share a common devotion to independence, democracy, and human rights;

(2) the United States is concerned over the armed clashes between the security forces of the Government of Sri Lanka and some Sri Lankans who seek through violent means, including terrorist attacks, to divide that nation;

(3) there have been acts of terrorism committed against members of the Sri Lankan security forces, as well as against civilians, and there have been human rights abuses by members of the security forces against civilians, particularly Tamils, despite the efforts of the Government, which the Congress believes must be intensified, to put an end to those abuses;

(4) the differences and grievances in Sri Lanka cannot be resolved through the use of force; and

(5) the United States is a proud participant through its economic assistance programs in Sri Lanka’s highly regarded development efforts and looks forward to enhanced cooperation and assistance in the context of a political settlement in Sri
Lanka leading to the kind of peaceful climate in which additional aid could be effectively utilized.

(b) **Political Settlement.**—It is, therefore, the sense of the Congress that—

1. all parties in Sri Lanka, from all communities in and out of government, should renew their efforts to achieve a joint political settlement which meets the legitimate concerns of all the people of Sri Lanka, while preserving the territorial integrity of Sri Lanka; and
2. all parties outside Sri Lanka should do nothing which would impede progress toward such a settlement.

**SEC. 908. UNITED STATES POLICY TOWARD THE REPUBLIC OF KOREA.**

(a) **Findings.**—The Congress finds that—

1. the Government of the Republic of Korea has taken several significant and encouraging steps in liberalizing the political system in that country;
2. among the steps which have facilitated a more democratic environment are the release of hundreds of student demonstrators, the lifting of a political ban on more than 300 opposition leaders, and the holding of a vigorously contested election for the National Assembly in which the opposition made substantial gains;
3. despite these steps, the people of the Republic of Korea, who have become increasingly better educated and prosperous as a result of Korea's extraordinarily rapid economic development, have the desire and the capability to participate more fully and effectively in the government of their own country; and
4. while internationally recognized human rights are clearly respected much more in the Republic of Korea than in the Democratic People's Republic of Korea, continued progress toward democratization in the south is in the interests of both the Republic of Korea and the United States, inasmuch as long-term political stability cannot be assured in the absence of further progress towards democratic government.

(b) **United States Policy.**—It is the policy of the United States to provide assistance to the Republic of Korea in order to help that country defend itself against external aggression. It is the hope of the United States that the continuing close relations between our two countries, including such assistance, will encourage the establishment of a genuinely democratic system in the Republic of Korea, in which internationally recognized human rights, including freedom of the press, freedom of association, and freedom of assembly are observed.

**TITLE X—FOOD AND AGRICULTURAL ASSISTANCE**

**SEC. 1008. LONG-TERM AGRICULTURAL COMMODITY AGREEMENTS WITH FOOD DEFICIT COUNTRIES.**

TITLE XII—MISCELLANEOUS PROVISIONS RELATING TO FOREIGN ASSISTANCE

SEC. 1205. REPORTS ON ECONOMIC CONDITIONS IN CERTAIN COUNTRIES.

(a) EXTERNAL DEBT BURDEN OF CERTAIN COUNTRIES RECEIVING UNITED STATES ASSISTANCE.—The Congress finds that the Governments of Egypt, Israel, Turkey, and Portugal each have an enormous external debt burden which may be made more difficult by virtue of financing provided for those governments under various United States assistance programs.

(b) ANNUAL REPORTS ON ECONOMIC CONDITIONS.—In order to assist the Congress in examining United States assistance for those countries, the President shall report to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate, not later than January 15 of each year, regarding economic conditions prevailing in Egypt, Israel, Turkey, and Portugal which may affect their respective ability to meet their international debt obligations and to stabilize their economies.

SEC. 1206. EGYPTIAN-ISRAELI RELATIONS.

The Congress notes the recent effort of Egypt to move the peace process forward. However, the Congress continues to be concerned about the less than normal relations between Egypt and Israel. It is the sense of the Congress that all United States foreign assistance to Egypt is provided in the expectation that the Egyptian Government will continue in its efforts to bring peace to the region and that it will continue to support and fulfill the provisions of the Camp David Accords and the Egyptian-Israeli Peace Treaty.
SEC. 1210. REPORT ON UNITED STATES ASSISTANCE TO COAL EXPORTING NATIONS.

(b) REAFFIRMATION AND CODIFICATION OF POLICY.—The United States hereby reaffirms that policy. In accordance with that policy, no officer or employee of the United States Government and no agent or other individual acting on behalf of the United States Government shall negotiate with the Palestine Liberation Organization or any representatives thereof (except in emergency or humanitarian situations) unless and until the Palestine Liberation Organization recognizes Israel’s right to exist, accepts United Nations Security Council Resolutions 242 and 338 and renounces the use of terrorism, except that no funds authorized to be appropriated by this or any other Act may be obligated or made available for the conduct of the current dialogue on the Middle East process with

PROMOTING THE DEVELOPMENT OF THE HAITIAN PEOPLE AND PROVIDING FOR ORDERLY EMIGRATION FROM HAITI

It is the sense of the Congress that for the fiscal year 1984 up to $24,000,000 of the funds available to carry out chapter 1 of part I of the Foreign Assistance Act of 1961, and up to $10,000,000 of the funds available to carry out chapter 4 of part II of such Act, should be made available for development assistance for Haiti, subject to the limitation contained in the third paragraph of this heading.

(1) is continuing to cooperate with the United States in halting illegal emigration to the United States from Haiti;

(2) is cooperating fully in implementing United States development, food, and other economic assistance programs in Haiti (including programs for prior fiscal years); and

(3) is making a concerted and significant effort to improve the human rights situation in Haiti by implementing the political reforms which are essential to the development of democracy in Haiti, including the establishment of political parties, free elections, and freedom of the press.

Six months after the date of enactment of this section, the President shall report to the Congress on the extent to which the actions of the Government of Haiti are consistent with each numbered provision contained in the third paragraph of this heading.
Notwithstanding the limitations of section 660 of the Foreign Assistance Act of 1961, funds made available under such Act for the fiscal year 1984 may be used for programs with Haiti, which shall be consistent with prevailing United States refugee policies, to assist in halting significant illegal emigration from Haiti to the United States.

13Subsec. (c) amended the Foreign Assistance Act of 1961 by adding a new sec. 540 providing $5,000,000 for Poland during fiscal year 1982.
USE OF CERTAIN POLISH CURRENCIES

Sec. 709. (a) Notwithstanding section 1415 of the Supplemental Appropriation Act, 1953, section 508 of the General Government Matters, Department of Commerce, and Related Agencies Appropriation Act, 1962, or any other provision of law, the currencies or credits received by the United States from the April 1981 sale and from the October 1981 sale of United States Government-held surplus dairy products to Poland shall, to such extent as may be provided in advance in an appropriation Act, be used by the President in Poland to serve United States interests, including use for activities of common benefit to the people of the United States and the people of Poland, such as joint programs in energy, agriculture, education, science, health, and culture, or for humanitarian activities.

(b) Notwithstanding any other provision of law, the availability or expenditure of such foreign currencies or credits shall not affect or reduce appropriations otherwise available for the purposes described in subsection (a).

FINDINGS REGARDING GLOBAL SECURITY

Sec. 710. (a) The Congress finds that the security of the United States and other countries is increasingly affected by a broad range of global problems including shortages or potential shortages of food, oil, water, wood, and other basic mineral and natural resources; desperate poverty; sickness; population pressures; environmental deterioration, including soil erosion and water pollution; and large-scale and destabilizing refugee problems.

(b) The Congress finds that hunger, disease, and extreme poverty are among the most critical of these global problems. As ever greater numbers of people perceive the disparity between their own continuing deprivation and the prosperity of others, and judge their predicament to be neither just nor inevitable, it becomes increasingly likely that there will be unrest and violence with consequent disruption of the flow of essential materials, adverse effects on the world economy, decreased likelihood of cooperative efforts toward meeting the other critical problems threatening national and global security, and increased likelihood of confrontation between nations which possess nuclear arms.

(c) Therefore, the Congress finds that the Nation's understanding of global and national security must be broad enough to include the problems cited in this section, and that adequate protection of the security of the United States requires effective action on these global problems, and in particular on the problems of hunger, disease, and extreme poverty.

WORLD FOOD SECURITY RESERVES

Sec. 711. (a) The Congress finds that—

(1) the Congress recently passed and the President signed into law an Act which provides for establishment of a United States food security reserve of up to four million metric tons of wheat to be used for emergency food assistance;
(2) the food import needs of developing countries will increase over the next ten years; and
(3) other grain exporting countries could take additional steps to assure continuity of food assistance during food crisis years.

(b) The President shall encourage other grain exporting countries to establish their own food security reserves or take other measures that complement the United States food security reserve.

(c) The President shall report to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate within one year after the enactment of this Act on the actions he has taken and the response of other countries to these proposals.

FINDINGS AND DECLARATION OF POLICY REGARDING WORLD HUNGER

Sec. 712. The Congress, affirming the value of human life, finds and declares that the elimination of hunger and its causes is of fundamental moral significance and, further, that it is in the political, economic, and security interests of the United States. Therefore, the Congress declares that the elimination of hunger and its causes shall be a primary objective of United States relations with the developing countries.

REAFFIRMATION OF SUPPORT FOR HUMAN RIGHTS PROVISIONS

Sec. 713. (a) The Congress reaffirms its support for the various statutory provisions which have been enacted in order to promote internationally recognized human rights.

(b) It is the sense of the Congress that a strong commitment to the defense of human rights should continue to be a central feature of United States foreign policy.

IMMIGRANT VISAS FOR TAIWAN

Sec. 714. The approval referred to in the first sentence of section 202(b) of the Immigration and Nationality Act shall be considered to have been granted with respect to Taiwan (China).

LEBANON

Sec. 715. It is the sense of the Congress that the Government of the United States should continue to support diplomatic efforts to resolve the current crisis in Lebanon, and to pursue a comprehensive and coordinated policy in Lebanon guided by the following principles:

(1) maintenance of an effective cease-fire throughout Lebanon;
(2) resolution of the issue of the Syrian missiles deployed in Lebanon;
(3) freedom, security, and opportunity for the Christian and all other Lebanese communities, including the Moslem, Druze, Armenian, and Jewish communities in Lebanon;

Sec. 716. IS & DC Act of 1981 (P.L. 97–113) 825

(4) reaffirmation of the historic United States-Lebanon relationship and strengthening the longstanding commitment of the United States to the independence, sovereignty, and territorial integrity of Lebanon, without partition, free from terrorism and violence, and free to determine its future without Soviet or other outside interference;

(5) generous international support for relief, rehabilitation, and humanitarian assistance for Lebanon, particularly for those Lebanese citizens who have suffered from the terrorism and violence of recent events;

(6) restoration of Lebanon’s sovereignty free from outside domination or occupation; and

(7) support for a free and open national election.

USE OF CHEMICAL AND TOXIN WEAPONS

Sec. 716. (a) The Congress condemns the use of, and the provision for use of, chemical agents and toxin weapons against the peoples of Laos, Kampuchea, or Afghanistan.

(b) It is the sense of the Congress that the President should, acting through the Permanent Representative of the United States to the United Nations and all other appropriate diplomatic agents, seek definite measures to bring to an end actions by any party or government in using, and providing for use, chemical agents or toxin weapons against the peoples of Laos, Kampuchea, and Afghanistan, in violation of the spirit and the provisions of—

(1) the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction (done at Washington, London, and Moscow on April 10, 1972); 15

(2) the Protocol for the Prohibition of the Use in War of Asphyxiating, Poisonous or Other Gases, and of Bacteriological Methods of Warfare (signed at Geneva on June 17, 1925); 15 and

(3) customary international law.

(c) It is further the sense of Congress that the President should—

(1) allocate the highest possible priority to the development of further evidence clarifying the nature and origins of the chemical agents and toxin weapons being used against the peoples of Laos, Kampuchea, and Afghanistan; and

(2) vigorously seek a satisfactory explanation from the Government of the Soviet Union regarding the strong circumstantial and presumptive evidence of its role in the use, or provision for use, of such weapons.

(d) The Congress reiterates the concern expressed in House Resolution 644 (96th Congress), adopted by the House of Representatives on May 19, 1980, regarding the outbreak of pulmonary anthrax near Sverdlosk on April 3, 1979, and expresses its disappointment that the Soviet Union has failed adequately to respond to requests for data explaining this incident as provided in the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction.

15 For text, see Legislation on Foreign Relations Through 1988, vol. V, sec. F.
(e) It is further the sense of Congress that the negotiation of a treaty prohibiting the development, production, and stockpiling of chemical weapons, with reliable verification provisions, should be given a high priority by the United States Government and by all foreign governments.

FINANCIAL OBLIGATIONS TO THE UNITED NATIONS

Sec. 717. (a) The Congress finds and declares that—

(1) the financing of the United Nations is the collective responsibility of all member nations;

(2) the International Court of Justice has determined that the expenses of the United Nations incurred in its peacekeeping operations are properly included as a part of the regular expenses of the United Nations; and

(3) peacekeeping operations are vital to the mission of the United Nations and must be adequately financed if such operations are to continue.

(b) It is the sense of the Congress that the President, acting through the Permanent Representative of the United States to the United Nations, should undertake appropriate diplomatic initiatives to ensure that members of the United Nations make payments of all their outstanding financial obligations to the United Nations, including their assessments with respect to the peacekeeping operations of the United Nations.

CONDEMNATION OF LIBYA FOR ITS SUPPORT OF INTERNATIONAL TERRORIST MOVEMENTS

Sec. 718. (a) The Congress condemns the Libyan Government for its support of international terrorist movements, its efforts to obstruct positive movement toward the peaceful resolution of problems in the Middle East region, and its actions to destabilize and control governments of neighboring states in Africa.

(b) The Congress believes that the President should conduct an immediate review of concrete steps the United States could take, individually and in concert with its allies, to bring economic and political pressure on Libya to cease such activities, and should submit a report on that review to the Congress within one hundred and eighty days after the date of enactment of this Act. Such a review should include the possibility of tariffs on or prohibitions against the import of crude oil from Libya.

---

16 Sec. 701(1) of the FRIENDSHIP Act (Public Law 103–199; 103 Stat. 2317) struck out “of the Soviet Union” from the section heading.

17 Sec. 701(2) of the FRIENDSHIP Act (Public Law 103–199; 103 Stat. 2317) inserted “and” at the end of paragraph (2), replaced “;” and “;” at the end of para. (3) with a period, and struck out para. (4), which had read as follows:

“4) the Government of the Union of Soviet Socialist Republics is currently $180,000,000 in arrears on its payments to the United Nations, primarily as a result of its refusal to pay for the peacekeeping operations of the United Nations.”

18 Sec. 701(3) of the FRIENDSHIP Act (Public Law 103–199; 107 Stat. 2317) struck out “a diplomatic initiative to obtain payment by the Government of the Union of Soviet Socialist Republics of all its outstanding financial obligations to the United Nations, including its” and inserted in lieu thereof “appropriate diplomatic initiatives to ensure that members of the United Nations make payments of all their outstanding financial obligations to the United Nations, including their.”
UNITED STATES CITIZENS ACTING IN THE SERVICE OF INTERNATIONAL TERRORISM

Sec. 719. (a) It is the sense of the Congress that the spread of international terrorism poses a grave and growing danger for world peace and for the national security of the United States. As a part of its vigorous opposition to the activities of international terrorist leaders and the increase of international terrorism, the United States should take all steps necessary to ensure that no United States citizen is acting in the service of terrorism or of the proponents of terrorism.

(b) Not later than six months after the enactment of this Act, the President shall submit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a report which includes—

(1) a description of all legislation, currently in force, and of all administrative remedies, presently available, which can be employed to prevent the involvement, service, or participation by United States citizens in activities in support of international terrorism or terrorist leaders;

(2) an assessment of the adequacy of such legislation and remedies, and of the enforcement resources available to carry out such measures, to prevent the involvement, service, or participation by United States citizens in activities in support of international terrorism or terrorist leaders; and

(3) a description of available legislative and administrative alternatives, together with an assessment of their potential impact and effectiveness, which could be enacted or employed to put an end to the participation of United States citizens in activities in support of international terrorism or terrorist leaders.

NONALIGNED COUNTRIES

Sec. 720. (a) In considering whether to provide assistance, make sales, extend credits, or guarantee loans under the provisions of the Foreign Assistance Act of 1961, as amended, or the Arms Export Control Act, to any country represented at the Meeting of Ministers of Foreign Affairs and Heads of Delegations of the Non-Aligned Countries to the 36th General Session of the General Assembly of the United Nations on September 25 and 28, 1981, the President shall take into account whether such country has dissociated itself from the communique issued following the meeting.

(b) Within thirty days after the date of enactment of this section, the President shall submit a report to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate on the countries which have dissociated themselves from the nonaligned countries communique and on their methods of dissociation.
PROMOTING THE DEVELOPMENT OF THE HAITIAN PEOPLE AND PROVIDING FOR ORDERLY EMIGRATION FROM HAITI

Sec. 721. (a)(1) It is the sense of the Congress that up to $15,000,000 of the funds available for the fiscal year 1982 to carry out chapter 1 of part I of the Foreign Assistance Act of 1961 should be made available for development assistance for Haiti, subject to the limitation in subsection (b) of this section.

(2) To the maximum extent practicable, assistance for Haiti for the fiscal year 1982 under chapter 1 of part I of the Foreign Assistance Act of 1961 should be provided through private and voluntary organizations.

(b) Funds available for the fiscal year 1982 to carry out chapter 1 of part I or chapter 2 or chapter 5 of part II of the Foreign Assistance Act of 1961 may be expended for Haiti, and credits and guarantees extended for the fiscal year 1982 under the Arms Export Control Act may be approved for use for Haiti, only if the President determines that the Government of Haiti—

(1) is cooperating with the United States in halting illegal emigration from Haiti;

(2) is not aiding, abetting, or otherwise supporting illegal emigration from Haiti;

(3) has provided assurances that it will cooperate fully in implementing United States development assistance programs in Haiti (including programs for prior fiscal years); and

(4) is not engaged in a consistent pattern of gross violations of internationally recognized human rights.

(c) Six months after the date of enactment of this Act, the President shall prepare and transmit to the Congress a report on the extent to which the actions of the Government of Haiti are consistent with paragraphs (1), (2), (3), and (4) of subsection (b) of this section.

(d) Notwithstanding the limitations of section 660 of the Foreign Assistance Act of 1961, funds made available under such Act for the fiscal year 1982 and for the fiscal year 1983 may be used for programs with Haiti to assist in halting significant illegal emigration from Haiti to the United States.

COMPREHENSIVE ANALYSIS OF FOREIGN ASSISTANCE

Sec. 722. (a) It is the sense of Congress that at a time when major retrenchments and reappraisals are being made in domestic programs, it is also logical that, while maintaining past international commitments, the magnitude and direction of future foreign assistance programs should also be reviewed. As part of such a review process, the President is requested to provide a comprehensive report to the Congress on his approach to foreign assistance. Such report shall include an analysis and recommendations on the following issues:

(1) the relationship between foreign assistance and defense expenditures as means of conducting foreign policy;

(2) the appropriate mix between military and economic assistance;

(3) the strengths and weaknesses, and appropriate mix, of bilateral and multilateral assistance programs;
(4) the relevance of the basic human needs approach to current aid policy;
(5) the performance of other aid donors, and the benefits they derive from their programs;
(6) criteria for determining the appropriate size and composition of country programs;
(7) the appropriateness of the current mix of grants and loans, and the possibility of combining them with new or existing guarantee, insurance, and export credit programs;
(8) specific means to more actively engage the private sector in assistance programs; and
(9) the usefulness of current functional categories in constructing the development assistance budget.
(b) The Congress requests that the President provide to the Congress a preliminary report by March 31, 1982, and a final report by June 30, 1982, with respect to the issues referred to in subsection (a).

EXTERNAL DEBT BURDENS OF EGYPT, ISRAEL, AND TURKEY

Sec. 723. The Congress finds that the Governments of Egypt, Israel, and Turkey each have an enormous external debt burden which may be made more difficult by virtue of financing provided for those governments under various United States assistance programs. In order to assist the Congress in examining United States assistance for these countries, the President shall report to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate, not later than one hundred and twenty days after the date of enactment of this Act and not later than one year after the date of enactment of this Act, regarding economic conditions prevailing in Egypt, Israel, and Turkey which may affect their respective ability to meet their international debt obligations and to stabilize their economies. These reports shall also analyze the impact on Egypt’s economy of Arab sanctions against Egypt.

NICARAGUA

Sec. 724. (a) In furnishing assistance under this Act to the Government of Nicaragua, the President shall take into account the extent to which that Government has engaged in violations of internationally recognized human rights (including the right to organize and operate labor unions free from political oppression, the right to freedom of the press, and the right to freedom of religion) and shall encourage the Government of Nicaragua to respect those rights.
(b) In furnishing assistance under this Act to the Government of Nicaragua, the President shall take into account the extent to which that Government has fulfilled its pledge of July 1979 to the member states of the Organization of American States—
(1) to establish full respect for human rights in Nicaragua in accordance with the United Nations Universal Declaration of
the Rights and Duties of Man and the Charter on Human Rights of the Organization of American States;
(2) to allow the free movement in Nicaragua of the Inter-American Commission on Human Rights; and
(3) to establish the framework for free and democratic elections so that the people of Nicaragua may elect their representatives to city councils, to constitutional assembly, and to Nicaragua’s highest-ranking authorities, with such framework to include, but not be limited to, the full and complete opportunity for political activity of the Nicaraguan people.

(c) Assistance to the Government of Nicaragua under this Act shall be terminated if the President determines and reports to the Congress that the Government of Nicaragua cooperates with or harbors any international terrorist organization or is aiding, abetting, or supporting acts of violence or terrorism in other countries, or that Soviet, Cuban, or other foreign combat military forces are stationed or situated within the borders of Nicaragua and the presence of such forces constitutes a threat to the national security of the United States or to any Latin American ally of the United States.

(d) Any agreement between the United States and the Government of Nicaragua regarding the use of funds appropriated to carry out this Act, which are to be made available in the form of loans, shall specifically require that to the maximum extent possible such loan funds, and any local currency generated in conjunction therewith, shall be used for assistance to the private sector. Local currency loan programs in Nicaragua shall be monitored and audited in accordance with section 624(g) of the Foreign Assistance Act of 1961.

(e) For each six-month period in which any funds are expended under this Act for Nicaragua, the President shall submit to the Speaker of the House of Representatives, and the chairman of the Committee on Foreign Relations of the Senate, a report accounting fully and in itemized detail for the amounts obligated and actually expended in Nicaragua.

Sec. 726. (a) Section 406 of the International Security Assistance and Arms Export Control Act of 1976 (22 U.S.C. 2370 note) is repealed.

(b) Notwithstanding any other provision of law—

20Title V of Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act, 1990 (Public Law 101–162; 103 Stat. 1030) repealed sec. 725 (22 U.S.C. 2370 note). Sec. 725 had (a) repealed sec. 620B of the Foreign Assistance Act of 1961, and (b) required the President to provide to Congress a detailed report certifying that (1) the Government of Argentina made significant progress in complying with internationally recognized principles of human rights; and (2) the provision of such assistance, credits, defense articles, defense services, or export licenses was in the national interests of the United States, as a condition for those forms of assistance listed in para. (2).

Sec. 727
IS & DC Act of 1981 (P.L. 97–113)

(1) no assistance may be furnished under chapter 2, 4, 5, or 6 of part II of the Foreign Assistance Act of 1961 to Chile;

(2) no sale of defense articles or services may be made under the Arms Export Control Act to Chile;

(3) no credits (including participation in credits) may be extended and no loan may be guaranteed under the Arms Export Control Act with respect to Chile; and

(4) no export licenses may be issued under section 38 of the Arms Export Control Act to or for the Government of Chile;

unless and until the President submits to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a detailed report certifying—

(A) that the Government of Chile has made significant progress in complying with internationally recognized principles of human rights;

(B) that the provision of such assistance, articles or services is in the national interest of the United States; and

(C) that the Government of Chile is not aiding or abetting international terrorism and has taken appropriate steps to cooperate to bring to justice by all legal means available in the United States or Chile those indicted by a United States grand jury in connection with the murders of Orlando Letelier and Ronni Moffitt.

(c) 22 The prohibition contained in subsection (b) does not prohibit the sale, or the licensing for export, of cartridge actuated devices, propellant actuated devices, components, parts, tools, technical manuals, time compliance to technical orders (TCTOs), or TCTO retrofits for aircraft of the F–5E/F, A/T–37, or C–130E/H type owned by the Chilean Air Force, 23 so long as the items are provided only for purposes of enhancing the safety of the aircraft crew.

ASSISTANCE FOR EL SALVADOR

Sec. 727. (a) It is the sense of the Congress that assistance furnished to the Government of El Salvador, both economic and military, should be used to encourage—

"CHILE"

"Sec. 544. (a) Funds appropriated by this Act under the heading ‘Economic Support Fund’ may be used under the authority of section 534(b) (4) and (6) of the Foreign Assistance Act of 1961 to support the efforts of private groups and individuals seeking to develop a national consensus on the importance of an independent judiciary and the administration of justice generally in a democratic society. Assistance may be provided under this section without regard to the requirements of section 726(b) of the International Security and Development Cooperation Act of 1981."

In Public Notice 1333 of September 30, 1990, the Secretary of State certified that "(A) the Government of Chile has made significant progress in complying with internationally recognized principles of human rights; (B) the provision of such assistance, articles or services described in provisions (1)–(4) of sections 726(b) of the Act is in the national interest of the United States; and (C) the Government of Chile is not aiding or abetting international terrorism and has taken appropriate steps to cooperate to bring to justice by all legal means available in the United States or Chile those indicted by a United States grand jury in connection with the murders of Orlando Letelier and Ronni Moffitt." (56 F.R. 4886; February 6, 1991).

22 Subsec. (c) was added by sec. 715 of the International Security and Development Cooperation Act of 1985 (Public Law 99–83; 99 Stat. 247).

23 Sec. 544(b) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101–513; 104 Stat. 2019), struck out "and technical manuals for aircraft of the F–5E/F or A/T–37 type which were sold to the Chilean Air Force by the United States before January 1, 1976", and inserted in lieu thereof text beginning at "components, parts, tools, * * *".
(1) full observance of internationally recognized human rights in accordance with sections 116 and 502B of the Foreign Assistance Act of 1961;
(2) full respect for all other fundamental human rights, including the right of freedom of speech and of the press, the right to organize and operate free labor unions, and the right to freedom of religion;
(3) continued progress in implementing essential economic and political reforms, including land reform and support for the private sector;
(4) a complete and timely investigation of the deaths of all United States citizens killed in El Salvador since October 1979;
(5) an end to extremist violence and the establishment of a unified command and control of all government security forces in this effort;
(6) free, fair, and open elections at the earliest date; and
(7) increased professional capability of the Salvadoran Armed Forces in order to establish a peaceful and secure environment in which economic development and reform and the democratic processes can be fully implemented, thereby permitting a phased withdrawal of United States military training and advisory personnel at the earliest possible date.

(b) It is the sense of the Congress that the United States economic assistance to El Salvador should put emphasis on revitalizing the private sector and supporting the free market system. The Congress recognizes that the lack of foreign exchange to buy imported raw materials and intermediate goods is a major impediment to the ability of the Salvadoran economy to provide jobs. The Congress also recognizes that the funds budgeted for economic assistance are only a fraction of the foreign exchange needed, and United States economic aid should be used, wherever possible, to stimulate private sector lending. Therefore, the Congress urges the President to set aside a portion of the economic support funds to provide guarantees to private United States banks willing to give credits to the Salvadoran private sector.

RESTRICTIONS ON MILITARY ASSISTANCE AND SALES TO EL SALVADOR

Sec. 728. (a)(1) The Congress finds that peaceful and democratic development in Central America is in the interest of the United States and of the community of American States generally, that the recent civil strife in El Salvador has caused great human suffering and disruption to the economy of that country, and that substantial assistance to El Salvador is necessary to help alleviate that suffering and to promote economic recovery within a peaceful and democratic process. Moreover, the Congress recognizes that the efforts of the Government of El Salvador to achieve these goals are affected by the activities of forces beyond its control.

(2) Taking note of the substantial progress made by the Government of El Salvador in land and banking reforms, the Congress declares it should be the policy of the United States to encourage and support the Government of El Salvador in the implementation of these reforms.
(3) The United States also welcomes the continuing efforts of
President Duarte and his supporters in the Government of El Sal-
vador to establish greater control over the activities of members of
the armed forces and government security forces. The Congress
finds that it is in the interest of the United States to cooperate
with the Duarte government in putting an end to violence in El
Salvador by extremist elements among both the insurgents and the
security forces, and in establishing a unified command and control
of all government forces.

(4) The United States supports the holding of free, fair, and open
elections in El Salvador at the earliest date. The Congress notes
the progress being made by the Duarte government in this area,
as evidenced by the appointment of an electoral commission.

(b) In fiscal years 1982 and 1983, funds may be obligated for as-
sistance for El Salvador under chapter 2 or 5 of part II of the For-
eign Assistance Act of 1961, letters of offer may be issued and cred-
its and guarantees may be extended for El Salvador under the
Arms Export Control Act, and members of the Armed Forces may
be assigned or detailed to El Salvador to carry out functions under
the Foreign Assistance Act of 1961 or the Arms Export Control Act,
only if not later than thirty days after the date of enactment of this
Act and every one hundred and eighty days thereafter, the Presi-
dent makes a certification in accordance with subsection (d).

(c) If the President does not make such a certification at any of
the specified times then the President shall immediately—

(1) suspend all expenditures of funds and other deliveries of
assistance for El Salvador which were obligated under chapters
2 and 5 of part II of the Foreign Assistance Act of 1961 after
the date of enactment of this Act;
(2) withhold all approvals for use of credits and guarantees
for El Salvador which were extended under the Arms Export
Control Act after the date of enactment of this Act;
(3) suspend all deliveries of defense articles, defense services,
and design and construction services to El Salvador which
were sold under the Arms Export Control Act after the date of
enactment of this Act; and
(4) order the prompt withdrawal from El Salvador of all
members of the Armed Forces performing defense services,
conducting international military education and training activi-
ties, or performing management functions under section 515 of

Any suspension of assistance pursuant to paragraphs (1) through
(4) of this subsection shall remain in effect during fiscal year 1982
and during fiscal year 1983 until such time as the President makes
a certification in accordance with subsection (d).

(d) The certification required by subsection (b) is a certification
by the President to the Speaker of the House of Representatives
and to the chairman of the Committee on Foreign Relations of the
Senate of a determination that the Government of El Salvador—

(1) is making a concerted and significant effort to comply
with internationally recognized human rights;
(2) is achieving substantial control over all elements of its
own armed forces, so as to bring to an end the indiscriminate
torture and murder of Salvadoran citizens by these forces:
(3) is making continued progress in implementing essential economic and political reforms, including the land reform program;

(4) is committed to the holding of free elections at an early date and to that end has demonstrated its good faith efforts to begin discussions with all major political factions in El Salvador which have declared their willingness to find and implement an equitable political solution to the conflict, with such solution to involve a commitment to—

(A) a renouncement of further military or paramilitary activity; and

(B) the electoral process with internationally recognized observers.

Each such certification shall discuss fully and completely the justification for making each of the determinations required by paragraphs (1) through (4).

(e) On making the first certification under subsection (b) of this section, the President shall also certify to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate that he has determined that the Government of El Salvador has made good faith efforts both to investigate the murders of the six United States citizens in El Salvador in December 1980 and January 1981 and to bring to justice those responsible for those murders. The second certification required under this section may be made only if it includes a determination by the President that the Government of El Salvador (1) has made good faith efforts since the first such certification was made to investigate the murders of those six United States citizens and to bring to justice those responsible for those murders, and (2) has taken all reasonable steps to investigate the disappearance of journalist John Sullivan in El Salvador in January 1981. The fourth certification required under this section may be made only if it includes a determination by the President that, since the third such certification was made, the Government of El Salvador (1) has made good faith efforts both to investigate the murders of the seven United States citizens in El Salvador in December 1980 and January 1981 and to bring to justice all those responsible for those murders, and (2) has taken all reasonable steps to investigate the killing of Michael Kline in El Salvador in October 1982.

REPORTING REQUIREMENT RELATING TO EL SALVADOR

Sec. 729. (a) Not later than ninety days after the date of enactment of this section, the President shall prepare and transmit to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate a report setting forth—

(1) the viewpoints of all major parties to the conflict in El Salvador and of the influential actors in the Salvadoran polit-
(2) the views of democratic Latin American nations, Canada, the Organization of American States, and European allies of the United States regarding a negotiated settlement to such conflict.

(b) It is the sense of the Congress that the President shall, as soon as possible, send a special envoy or use other appropriate means to consult with and gather information from appropriate representatives of the parties to the Salvadoran conflict, democratic governments of Latin America, Canada, and European allies of the United States regarding the attainment of a negotiated settlement in El Salvador.

RESTRICTIONS ON AID TO EL SALVADOR

Sec. 730. None of the funds authorized to be appropriated by this Act may be made available for the provision of assistance to El Salvador for the purpose of planning for compensation, or for the purpose of compensation, for the confiscation, nationalization, acquisition, or expropriation of any agricultural or banking enterprise, or of the properties or stock shares which may be pertaining thereto.

EL SALVADORAN REFUGEES

Sec. 731. It is the sense of the Congress that the administration should continue to review, on a case-by-case basis, petitions for extended voluntary departure made by citizens of El Salvador who claim that they are subject to persecution in their homeland, and should take full account of the civil strife in El Salvador in making decisions on such petitions.

(b) * * *
(c) Except as otherwise explicitly provided by their terms, amendments to the Foreign Assistance Act of 1961 and the Arms Export Control Act which are applicable only to a single fiscal or calendar year or which require reports or other actions on a nonrecurring basis shall be deemed to have expired and shall be removed from law upon the expiration of the applicable time periods for the fulfillment of the required actions.

REPORT ON NUCLEAR ACTIVITIES

Sec. 735. Beginning with the fiscal year 1983 and for each fiscal year thereafter, the President shall prepare and transmit to the Congress, as part of the presentation materials for foreign assistance programs proposed for the fiscal year, a classified report describing the nuclear programs and related activities of any country.

\[\text{Note.}\]
for which a waiver of section 669 or 670 of the Foreign Assistance Act of 1961 is in effect, including an assessment of—
(1) the extent and effectiveness of International Atomic Energy Agency safeguards at that country’s nuclear facilities; and
(2) the capability, actions, and intentions of the government of that country with respect to the manufacture or acquisition of a nuclear explosive device.

* * * * * * * * *

PROHIBITIONS RELATING TO NUCLEAR TRANSFERS AND NUCLEAR DETONATIONS

Sec. 737. The Congress finds that any transfer of a nuclear explosive device to a non-nuclear-weapon state or, in the case of a non-nuclear-weapon state, any receipt or detonation of a nuclear explosive device would cause grave damage to bilateral relations between the United States and that country.

INTERAGENCY GROUP ON HUMAN RIGHTS AND FOREIGN ASSISTANCE

Sec. 710. It is the sense of the Congress that—

(1) the Interagency Group on Human Rights and Foreign Assistance has been an effective mechanism for coordinating and implementing United States human rights policies;
(2) the President should consider establishing the Interagency Group on a more permanent basis;
(3) the Interagency Group should examine proposals for not only economic assistance but also for security assistance; and
(4) the President should report his recommendations for strengthening the Interagency Group to the Congress no later than July 1, 1981.

PEACE IN THE MIDDLE EAST

Sec. 711. (a) It is the sense of the Congress that all parties to the Arab-Israeli conflict need to reaffirm their unequivocal commitment to the peace process in order to achieve further progress toward a comprehensive settlement, to reinforce the principles of the Camp David accords, and to take actions to encourage parties not currently involved in the peace process to become active participants in peace efforts.

(b) It is further the sense of the Congress that to further these goals (1) all parties to the conflict should accept Israel's unequivocal right to exist within secure and recognized borders; (2) the Governments of Israel and Egypt should maintain and strengthen their commitment to the process of normalization of relations and continue actions to support that commitment; (3) the Governments of Israel and Egypt should reaffirm their commitment to United Nations Resolution 242 and its applicability, in all its aspects, to territories under negotiations; and (4) the governments of countries in the Middle East should assure that their policies and actions are consistent with the objectives of achieving peace and of involving other parties in the peace process.

ASSISTANCE FOR JORDAN

Sec. 712. (3) an orderly and lawful refugee process is necessary for the furtherance of United States domestic well-being;
(4) continuation of the traditional compassionate and humanitarian policy of the United States regarding entry to its shores of refugees and other victims of oppression is threatened by the precipitate influx of large numbers of Cubans fleeing their country;
(5) the United States has sought to negotiate with the Government of Cuba to establish a lawful, safe, and orderly process by which Cubans may be allowed to leave their country; and
(6) the Cuban refugee crisis is a problem of international concern and other nations should contribute to its resolution.

(b)(1) The Congress urges the President to take the necessary steps to encourage and secure greater international cooperation with respect to the large number of Cuban natives who have recently fled or are attempting to flee Cuba. Such steps should include seeking the agreement of other countries to admit some of those persons into their respective countries and to contribute funds and other assistance for the resettlement of those persons.

(2) In order to encourage countries throughout the world which are recipients of United States bilateral and multilateral assistance to permit and to help finance the resettlement of Cuban and other refugees within their borders, the President shall, to the maximum extent feasible, attempt to channel such assistance to countries which have demonstrated a willingness to provide assistance to Cuban and other refugees.

(c) It is the sense of the Congress that, in carrying out subsection (b)(1), the President should seek the discussion, in an appropriate international forum such as the United Nations or the Organization of American States, of the situation involving the flight of large numbers of Cuban natives from Cuba, of the resettlement of Cuban refugees, and of means by which a more orderly process may be established to handle future crises of a similar nature.

28Sec. 714, which had required quarterly and annual reports to Congress regarding the military capabilities and deployment of Soviet military personnel in Cuba and Soviet military assistance to the armed forces of Cuba, was repealed by sec. 734(a)(2) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560).

The Congress reaffirms the profound humanitarian and foreign policy concerns of the United States in the economic and social progress of the developing countries and in the alleviation of the worst physical manifestations of poverty in these countries.

In furtherance of that objective, the Congress recognizes that developing countries require extensive scientific and technological ca-

Sec. 23. (a)(1) The President is authorized until December 31, 1982—
(A) to transfer, without reimbursement, to the Republic of Korea, only in conjunction with the withdrawal of the 2d Infantry Division and support forces from Korea, such United States Government-owned defense articles as he may determine which are located in Korea in the custody of units of the United States Army scheduled to depart from Korea; and
(B) to furnish to the Republic of Korea, without reimbursement, defense services (including technical and operational training) in Korea directly related to the United States Government-owned defense articles transferred to the Republic of Korea under this subsection.

(2) Any transfer under the authority of this section shall be made in accordance with all the terms and conditions of the Foreign Assistance Act of 1961 applicable to the furnishing of defense articles and defense services under chapter 2 of part II of that Act, except that no funds heretofore or hereafter appropriated under that Act shall be available to reimburse any agency of the United States Government for any such transfer or related services.

(b) In order that transfers of defense articles under subsection (a) will not cause significant adverse impact on the readiness of the Armed Forces of the United States, the President is authorized, in lieu of such transfers, to transfer additional defense articles from the stocks of the Department of Defense, wherever located, to the Republic of Korea to compensate for the military capability of defense articles withdrawn from Korea in any case where he determines that—
(1) the transfer of specific defense articles located in Korea would have a significant adverse impact on the readiness of the United States Armed Forces;
(2) the defense capability provided by those defense articles is needed by the Armed Forces of the Republic of Korea in order to maintain the military balance on the Korean peninsula; and

Sec. 734(a)(12) of the International Security and Development Cooperation Act of 1981 (Pub. L. 97–113; 95 Stat. 1560) struck out subsec. The President submitted this report to Congress on December 28, 1979.

(3) a comparable defense capability could be provided by less

The President shall report to the Congress each determination
made under this subsection prior to the transfer of the defense arti-

PIASTER CONVERSION

Sec. 29.11 No provision of law shall be construed to prevent payment of claims of former and present Vietnamese employees of the Agency for International Development, who presently reside in the United States, for the conversion of Vietnamese piasters to dollars because such conversion cannot take place in the territory of the former Republic of Vietnam or because the official with whom such piasters were deposited was not a United States disbursing officer.

9 Sec. 734(a)(13) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560) repealed sec. 25, which had prohibited U.S. aid for Zaire during fiscal year 1978 supporting any military or paramilitary operations in Zaire (unless the President determined that such assistance would be in the U.S. national security interests).

10 Sec. 734(a)(13) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560) struck out para. (2), which required a report every 90 days from the President regarding the extent to which Korea was cooperating with the investigation being conducted by the Department of Justice.

FUTURE UNITED STATES DEVELOPMENT ASSISTANCE

Sec. 131. It is the sense of the Congress that the United States should increase substantially its assistance for self-help development among the world’s poorest people. Such assistance should be provided in accordance with the general policies and principles of chapter 1 of part I of the Foreign Assistance Act of 1961, with particular emphasis on encouraging and supporting more equitable patterns of economic growth, especially in the poorest countries, and should be coordinated with similar expanded efforts by international organizations, donor nations, and the recipient countries themselves.

PLAN FOR INCREASED MINORITY BUSINESS PARTICIPATION IN FOREIGN ASSISTANCE ACTIVITIES

Sec. 133. (a) The Administrator of the agency primarily responsible for administering part I of the Foreign Assistance Act of 1961 shall prepare and transmit to the Congress, not later than 30 days after the date of enactment of this Act, a detailed plan for the establishment of a section on minority business within such agency.
(b) Such plan shall include, but shall not be limited to—
(1) a description of where the section on minority business will be located in such agency’s organizational structure and what relevant lines of authority will be established;
(2) a listing of the specific responsibilities that will be assigned to the section on minority business to enable it to increase, in a rational and effective manner, participation of minority business enterprises in activities funded by such agency;
(3) a design for a time-phase system for bringing about expanded minority business enterprise participation, including specific recommendations for percentage allocations of contracts by such agency to minority business enterprises;
(4) a proposed reporting system that will permit objective measuring of the degree of participation of minority business enterprises in comparison to the total activities funded by such agency;
(5) a detailed projection of the administrative budgetary impact of the establishment of the section on minority business; and
(6) a detailed set of objective criteria upon which determinations will be made as to the qualifications of minority business enterprises to receive contracts funded by such agency.

3 Sec. 734(a)(6) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560) struck out subsec. (a), which had prohibited assistance to or reparations for Cambodia, Vietnam, Laos, or Cuba for fiscal year 1978.
(c) Upon the enactment of the International Development Cooperation Act of 1979, the section on minority business established pursuant to subsection (a) shall be redesignated as the Minority Resource Center (hereafter in this section referred to as the “Center”) which shall be responsible for increasing the participation of economically and socially disadvantaged business enterprises in contract, procurement, grant, and research and development activities funded by the agency primarily responsible for administering part I of the Foreign Assistance Act of 1961 (hereafter in this section referred to as the “agency”).

(2) The Center shall—

(A) establish, maintain, and disseminate information to, and otherwise serve as an information clearinghouse for, economically and socially disadvantaged business enterprises regarding business opportunities in development assistance programs funded by the agency;

(B) design and conduct programs to encourage, promote, and assist economically and socially disadvantaged business enterprises to secure direct contracts, host country contracts, operation expatriate contracts, indefinite quantity contracts, subcontracts, projects, grants, and research and development contracts in order for such enterprises to participate in such development assistance programs;

(C) conduct market research, planning, economic and business analyses, and feasibility studies to identify business opportunities in such development assistance programs;

(D) develop support mechanisms which will enable socially and economically disadvantaged businesses to take advantage of business opportunities in such development assistance programs; and

(E) enter into such contracts (to such extent or in such amounts as are provided in appropriation Acts), cooperative agreements, or other transactions as may be necessary in the conduct of its functions under this section.

(3) The Administrator of the agency and the Secretary of State shall provide the Center with such relevant information, including procurement schedules, bids, and specifications with respect to development assistance programs funded by the agency, as may be requested by the Center in connection with the performance of its functions under this section.

(4) There shall be a Director of the Center who shall be the chief executive officer of the Center. The Director shall be appointed by the Administrator of the agency.

(5)(A) For the purposes of this section, the term “economically and socially disadvantaged enterprise” means a business—

(i) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals or, in the case of a publicly owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and

---

(ii) whose management and daily business operations are controlled by one or more such individuals.

(B) Socially disadvantaged individuals are those who have been subjected to racial or ethnic prejudice or cultural bias because of their identity as a member of a group without regard to their individual qualities.

(C) Economically disadvantaged individuals are those socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged. In determining the degree of diminished credit and capital opportunities, the Administrator of the agency shall consider, but not be limited to, the assets and net worth of the socially disadvantaged individual.

(6) * * * [Repealed—1981]

(7) Of the funds available to the agency for operating expenses, up to $950,000 for fiscal year 1980 may be allocated to the Center to carry out its functions under this section.

(8) If the Administrator of the agency determines that such a consolidation would significantly further the purposes of this section and would eliminate unnecessary duplication of activity, the Administrator may consolidate the Center with the Office of Small and Disadvantaged Business Utilization established in the agency by section 15(k) of the Small Business Act. Any such consolidation shall ensure that all the functions specified in paragraph (2) of this subsection continue to be carried out. Before implementing any such consolidation, the Administrator shall submit to the Congress a detailed report setting forth the reasons for the proposed consolidation.

CONTROL OF MILITARY FORCES IN THE INDIAN OCEAN

Sec. 407. It is the sense of Congress that the President should undertake to enter into negotiations with the Soviet Union intended to achieve an agreement limiting the deployment of naval, air, and land forces of the Soviet Union and the United States in the Indian Ocean and littoral countries. Such negotiations should be convened as soon as possible and should consider, among other things, limitations with respect to—

1. the establishment or use of facilities for naval, air, or land forces in the Indian Ocean and littoral countries;
2. the number of naval vessels which may be deployed in the Indian Ocean, or the number of "shipdays" allowed therein; and

UNITED STATES CITIZENS IMPRISONED IN MEXICO

Sec. 408. (a) The Congress, while sharing the concern of the President over the urgent need for international cooperation to restrict traffic in dangerous drugs, is convinced that such efforts must be consistent with respect for fundamental human rights. The Congress, therefore, calls upon the President to take steps to insure that United States efforts to secure stringent international law enforcement measures are combined with efforts to secure fair and humane treatment for citizens of all countries.

(b) The Congress requests that the President communicate directly to the President and Government of the Republic of Mexico, a nation with which we have friendly and cooperative relations, the continuing desire of the United States for such relations between our two countries and the concern of the United States over treatment of United States citizens arrested in Mexico.

STRIFE IN LEBANON

Sec. 410.\textsuperscript{13} It is the sense of the Congress that the situation in Lebanon, a nation traditionally friendly to the United States, poses a danger to peace in the Middle East. The Congress deplores the armed civil strife and continuing erosion of national institutions which threaten to destroy the political and economic fabric of Lebanon with such tragic impact on all its people. The Congress views with grave concern any outside efforts to exploit the current strife with the purpose of transforming Lebanon into a radical state in confrontation with Israel. The Congress requests that the President use his good offices to secure an end to the civil strife and national discord in Lebanon and to preserve the traditional friendly attitude of Lebanon toward the United States.

* * * * * * *

KOREA

All determinations, authorizations, regulations, orders, contracts, agreements, and other actions issued, undertaken, or entered into under authority of any provision of law repealed by this section shall continue in full force and effect until modified, revoked, or superseded by appropriate authority.

(b) Subject to the availability of appropriations therefore, the President is authorized to adopt as a contract of the United States Government, and assume any liabilities arising thereunder (in whole or in part), any contract which had been funded or approved for funding by the Agency for International Development prior to June 30, 1975, for financing with funds made available under the Foreign Assistance Act of 1961 or the Foreign Assistance Act of 1974, or any equitable claim based upon a letter of intent issued prior to April 30, 1975, in which the Agency had expressed its intention to finance a transaction subject to the availability of funds, between the former Governments of Vietnam or Cambodia (including any of their agencies) or the Government of Laos (or any of its agencies) and any person and to apply with respect to any such contract the authorities of the Foreign Assistance Act of 1961.

(2) Paragraphs (3) and (4) of this subsection are enacted—

(A) as an exercise of the rulemaking power of the Senate and as such they are deemed a part of the rules of the Senate, but applicable only with respect to the procedure to be followed in the Senate in the case of resolutions described by subsection (a)(1) of this section; and they supersede other rules of the Senate only to the extent that they are inconsistent therewith; and

POLICY ON THE INDEPENDENCE OF ANGOLA, MOZAMBIQUE, AND GUINEA-BISSAU

Sec. 50. (a)(1) Congress finds that the Government of Portugal’s recognition of the right to independence of the African territories of Angola, Mozambique, and Guinea-Bissau marks a significant advance toward the goal of self-determination for all the peoples of Africa, without which peace on the continent is not secure.

(2) Congress finds that progress toward independence for the Portuguese African territories will have a significant impact on the international organizations and the community of nations.

(3) Congress commends the Portuguese Government’s initiatives on these fronts as evidence of a reaffirmation of that Government’s support for her obligations under both the United Nations Charter and the North Atlantic Treaty Organizations.

(b) Therefore, Congress calls upon the President and the Secretary of State to take the following actions designed to make clear United States support for a peaceful and orderly transition to independence in the Portuguese African territories:

(1) An official statement should be issued of United States support for the independence of Angola, Mozambique, and Guinea-Bissau, and of our desire to have good relations with the future governments of the countries.

(2) It should be made clear to the Government of Portugal that we view the efforts toward a peaceful and just settlement of the conflict in the African territories as consistent with Portugal’s obligations under the North Atlantic Treaty Organization partnership.

(3) The United States should encourage United Nations support for a peaceful transition to independence, negotiated settlement of all differences, and the protection of human rights of all citizens of the three territories.

(4) The United States should open a dialog with potential leaders of Angola, Mozambique, and Guinea-Bissau and assure them of our commitment to their genuine political and economic independence.

(5) The economic development needs of the three territories will be immense when independence is achieved. Therefore, it is urged that the United States Agency for International Development devote attention to assessing the economic situation in Angola, Mozambique, and Guinea-Bissau and be ready to cooperate with the future governments in providing the kind of assistance that will help make their independence viable. In addition, the United States Government should take the initia-
tive among other donors, both bilateral and multilateral, in seeking significant contribution of development assistance for the three territories.

(6) In light of the need of Angola, Mozambique, and Guinea-Bissau for skilled and educated manpower, a priority consideration should be given to expanding current United States programs of educational assistance to the territories as a timely and substantive contribution to their independence.

(c) [Repealed—1981]

CONVENTIONAL ARMS TRADE

Sec. 51. (a) It is the sense of the Congress that the recent growth in international transfers of conventional arms to developing nations—

(1) is a cause for grave concern for the United States and other nations in that in particular areas of the world it increases the danger of potential violence among nations, and diverts scarce world resources from more peaceful uses; and

(2) could be controlled progressively through negotiations and agreements among supplier and recipient nations.

(b) Therefore, the President is urged to propose to the Geneva Conference of the Committee on Disarmament that it consider as a high priority agenda item discussions among participating nations of that Conference for the purposes of—

(1) agreeing to workable limitations on conventional arms transfers; and

(2) establishing a mechanism through which such limitations could be effectively monitored.

(c) [Repealed—1981]

INVOlVEMENT OF PUERTO RICO IN THE CARIBBEAN DEVELOPMENT BANK

Sec. 52. (a) The President may transmit to the Caribbean Development Bank an instrument stating that the Commonwealth of Puerto Rico has the authority to conclude an agreement of accession with such Bank and to assume rights and obligations pursuant to such agreement. However, such agreement may only be concluded after it has been approved by the United States Secretary of State.

(b) The instrument transmitted by the President to the Caribbean Development Bank under subsection (a) shall state that the United States shall not assume any financial or other responsibility for the performance of any obligation incurred by the Commonwealth of Puerto Rico pursuant to such agreement of accession or pursuant to any other aspect of its membership or participation in such Bank.

12 Sec. 734(a)(8) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560) struck out subsec. (c), which had required a report from the President on the implementation of the proposals outlined in subsec. (b). The President submitted this report to Congress on June 4, 1975.

15 Sec. 734(a)(8) of the International Security and Development Cooperation Act of 1981 (Public Law 97–113; 95 Stat. 1560) struck out subsec. (c), which had required a report from the President on steps he has taken to carry out this section. The President submitted this report on June 30, 1975.
(c) Such agreement of accession shall provide that the Commonwealth of Puerto Rico may not receive from the Caribbean Development Bank any funds provided to the Bank by the United States.

POLICY WITH RESPECT TO COUNTRIES MOST SERIOUSLY AFFECTED BY FOOD SHORTAGES

Sec. 55. (a) The United Nations has designated thirty-two countries as “Most Seriously Affected” by the current economic crisis. These are countries without the internal food production capability or the foreign exchange availability to secure food to meet their immediate food requirements. The Congress calls upon the President and Secretary of State to take the following actions designed to mobilize appropriate resources to meet the food emergency:

(1) Review and make appropriate adjustments in the level of programming of our food and fertilizer assistance programs with the aim of increasing to the maximum extent feasible the volume of food and fertilizer available to those countries most seriously affected by current food shortages.

(2) Call upon all traditional and potential new donors of food, fertilizer, or the means financing these commodities to immediately increase their participation in efforts to address the emergency food needs of the developing world.

(3) Make available to these most seriously affected countries the maximum feasible volume of food commodities, with appropriate regard to the current domestic price and supply situations.

(4) Maintain regular and full consultation with the appropriate committees of the Congress and report to the Congress and the Nation on steps which are being taken to help meet this food emergency. In accordance with this provision, the President shall report to the Congress on a global assessment of food needs for fiscal year 1975, specifying expected food grain deficits and currently planned programming of food assistance, and steps which are being taken to encourage other countries to increase their participation in food assistance or the financing of food assistance. Such report should reach the Congress promptly and should be supplemented quarterly for the remainder of fiscal year 1975.

(5) The Congress directs that during the fiscal year ending June 30, 1975, not more than 30 percent of concessional food aid should be allocated to countries other than those which are most seriously affected by current food shortages, unless the President demonstrates to the appropriate Committees of the Congress that use of such food assistance is solely for humanitarian food purposes.

(6) The Congress calls upon the President to proceed with the implementation of resolutions and recommendations adopted by the World Food Conference. The Congress believes that it is incumbent upon the United States to take a leading role

in assisting in the development of a viable and coherent world food policy which would begin the task of alleviating widespread hunger and suffering prevalent in famine-stricken nations. The President shall report to the Congress within 120 days of enactment of this Act on the implementation of the resolutions and the extent to which the United States is participating in the implementation of resolutions adopted at the World Food Conference.

REPAYMENT OF LOANS IN DEFAULT

Sec. 56. It is the sense of the Congress that any country receiving assistance under the Foreign Assistance Act of 1961 which is in default, at least 90 days prior to the date of enactment of this Act, of any payment of principal or interest due on any loan or credit received from the United States shall promptly pay all such principal and interest. It is further the sense of the Congress that the President shall promptly enter into negotiations with each such country to help effectuate the payment of such principal and interest, or to effectuate the transfer by such country to the United States of goods, services, concessions, or actions beneficial to the United States, in lieu of the payment of such principal and interest.

ALBERT SCHWEITZER HOSPITAL

Sec. 33. There is authorized to be appropriated to the President for fiscal year 1974 $1,000,000 to make grants, on such terms and conditions as he may specify, to the Albert Schweitzer Hospital in Gabon.

PRISONERS OF WAR AND INDIVIDUALS MISSING IN ACTION

Sec. 34. (a) The Congress declares that—

(1) the families of those one thousand three hundred individuals missing in action during the Indochina conflict have suffered extraordinary torment in ascertaining the full and complete information about their loved ones who are formally classified as missing in action;

(2) United States involvement in the Indochina conflict has come to a negotiated end with the signing of the Vietnam Agreement in Paris on January 27, 1973, and section 307 of the Second Supplemental Appropriations Act, 1973, requires that “None of the funds herein appropriated under this Act may be expended to support directly or indirectly combat activities in or over Cambodia, Laos, North Vietnam and South Vietnam or off the shores of Cambodia, Laos, North Vietnam and South Vietnam by United States forces, and after August 15, 1973, no other funds heretofore appropriated under any other Act may be expended for such purpose.”;

(3) the question of the return of prisoners of war and accounting for individuals missing in action and dead in Laos is covered by article 18 of the Protocol signed by representatives of the Lao Patriotic Front (Pathet Lao) and the Royal Laotian Government in Vientiane on September 14, 1973 (which implements article 5 of the Agreement signed by the Pathet Lao and that government in Vientiane on February 21, 1973, requiring the release of all prisoners “regardless of nationality” captured and held in Laos), and paragraph C of such article 18 provides that, within “15 to 30 days” from the date of the signing of the Protocol, each side is to report the number of those prisoners and individuals still held, with an indication of their nationality and status, together with a list of names and any who died in captivity; and

---

The Foreign Assistance and Related Programs Appropriations Act, 1974 (Public Law 93–240; 87 Stat. 1175), appropriated $1,000,000.
(4) few of the United States men lost in Laos during the military engagements in Indochina have been returned, and with knowledge about many of these men not yet being fully disclosed, and the North Vietnam cease-fire provisions calling for inspection of crash and grave sites and for other forms of cooperation have not been fully complied with.

(b) It is, therefore, the sense of the Congress that—

(1) the provisions for the release of prisoners and an accounting of individuals missing and dead, as provided for in article 18 of the Protocol signed on September 14, 1973, by the Pathet Lao and the Royal Laotian Government, be adhered to in spirit and in deed; and

(2) the faithful compliance with the spirit of the Laotian Agreement and Protocol on the question of individuals missing in action will encourage all parties in Indochina to cooperate in providing complete information on all nationals of any nation who may be captured or missing at any place in Indochina.

RIGHTS IN CHILE

Sec. 35. It is the sense of the Congress that (1) the President should request the Government of Chile to protect the human rights of all individuals, Chilean and foreign, as provided in the Universal Declaration of Human Rights, the Convention and Protocol Relating the Status of Refugees, and other relevant international legal instruments guaranteeing the granting of asylum, safe conduct, and the humane treatment or release of prisoners; (2) the President should support international humanitarian initiatives by the United Nations High Commissioner for Refugees and the International Committee of the Red Cross to insure the protection and safe conduct and resettlement of political refugees, the humane treatment of political prisoners, and the full inspection of detention facilities under international auspices; (3) the President should support and facilitate efforts by voluntary agencies to meet emergency relief needs; and (4) the President should request of the Inter-American Commission on Human Rights to undertake an immediate inquiry into recent events occurring in Chile.

REVISION OF SOCIAL PROGRESS TRUST FUND AGREEMENT

Sec. 39. (a) It is the sense of the Congress that the United States should participate fully in efforts to alleviate current and future food shortages which threaten the world. To this end, the President shall—

1. encourage, support, and expedite studies relating to the long-range implications of the world food situation (including studies of national and world production, distribution, and utilization of agricultural commodities and other foodstuffs) and support the organizing of a world food conference under United Nations auspices in 1974;
2. request the member nations of the General Agreement on Tariffs and Trade to explore the means of assuring equitable access by all nations to national markets and mineral and agricultural resources;
3. Consult and cooperate with appropriate international agencies, such as the Food and Agricultural Organization of the United Nations, in determining the need for, the feasibility of, and cost of an equitably-shared basis of, establishing an international system of strategic food reserves; and
4. report his findings and recommendations to the Congress on the implementation of this section no later than December 31, 1974.

(b) It is further the sense of the Congress that—

1. in making assessments which would affect or relate to the level of domestic production, the Executive Branch should include in the estimates of overall utilization the expected demands for humanitarian food assistance through such programs as are carried out under the Agricultural Trade Development and Assistance Act of 1954 (Public Law 480); and
2. legislation providing increased flexibility for responding to emergency and humanitarian requirements for food assistance should be considered as promptly as possible to the end that the last sentence of section 401 of the Agricultural Trade Development and Assistance Act of 1954 (Public Law 480), may be amended by striking the period and inserting in lieu thereof a comma and the following: “unless the Secretary determines that some part of the exportable supply should be used to carry out the national interest and humanitarian objectives of this Act.”

(7) All outstanding currency swaps with the central bank of Mexico by the Board of Governors of the Federal Reserve System and the rationale for, and any expected costs of, such transactions.

(8) The amount of payments made by customers of Mexican petroleum companies that have been deposited in the account at the Federal Reserve Bank of New York established to ensure repayment of any payment by the United States Government, including the Board of Governors of the Federal Reserve System, in connection with any guarantee issued to, or any swap with, the Government of Mexico.

(9) Any setoff by the Federal Reserve Bank of New York against funds in the account described in paragraph (8).

Act, 2001 (H.R. 5526, as introduced on October 24, 2000, enacted by reference in sec. 101(a)
of Public Law 106–429; 114 Stat. 1900A–59), repealed “paragraph (2) [sic], which had read as
follows: "(2) a description of the military expenditures of each country receiving United States
foreign assistance, and the efforts each country is making to reduce those expenditures;"

(1114)
(c)(1) In furtherance of the policies contained in section 533(a) of Public Law 101–513 and section 1308 of the International Development and Finance Act of 1989 (Public Law 101–240), and as a basis for measuring more effectively progress by the MDBs toward improved environmental performance, the Secretary of the Treasury shall instruct the United States Executive Directors of the MDBs to encourage each MDB, at a minimum, to meet the benchmarks established in paragraph (2) in the areas of sustainable energy development, forest conservation, forced displacement of populations, and environmental impact assessment. On March 1, 1993 and March 1, 1994, the Secretary of the Treasury shall submit a report to the Congress describing in detail the progress being made by the MDBs in meeting these benchmarks.

(2) For the purposes of paragraph (1), benchmarks are as follows:

(A) In the area of sustainable energy development—

(i) all loans in the energy sector should be based on, or support development of, “least-cost” integrated resource plans. Such plans shall include analyses of possible end-use energy efficiency measures and nonconventional renewable energy options, and such plans shall reflect the quantifiable environmental costs of proposed energy developments;

(ii) a substantial portion of loans and grants in the energy, industry, and transportation sectors shall be devoted to end-use energy efficiency improvements and nonconventional renewable energy development; and

(iii) all organizational units within the MDBs should create staff positions in a management role in end-use efficiency and renewable energy, which positions shall be staffed by individuals with professional experience in program design and management and educational degrees in relevant technical disciplines.

(B) In the area of forest conservation—

(i) forestry loans should not support commercial logging in relatively undisturbed primary forests, nor should loans result in any significant loss of tropical forests;

(ii) forestry loans should not be disbursed until legal, economic, land tenure, and other policy conditions needed to ensure sustainability are in place;

(iii) loans should not support mineral, petroleum, or other industrial development in, or construction or upgrading of roads through, relatively undisturbed primary forests unless adequate safeguards and monitoring systems, developed in consultation with local populations, are already in place to prevent degradation of the surrounding forests;

(iv) loans should be consistent with and support the needs and rights of indigenous peoples and other long-term forest inhabitants and should not be made to countries which have shown an unwillingness to resolve fairly the territorial claims of such people; and

(v) support for protection of biological diversity, in close consultation with local communities, should be increased to account for a larger proportion of MDB lending.
(C) In the area of forced displacement of populations—
   (i) the World Bank, Inter-American Development Bank, and
   Asian Development Bank should maintain a listing, available to the Secretary of the Treasury, of all ongoing
   projects involving forced displacement of populations, including the number of people displaced and a report on the
   status of the implementation of their resettlement policy guidelines for each such project, and obtain agreements
   with borrowers to ensure that all ongoing projects involving forced displacement will be in full compliance with
   their resettlement policy guidelines by mid-1993; and
   (ii) the African Development Bank should adopt and implement policy guidelines on forced displacement similar to
   such guidelines of the other MDBs.
(D) In the area of procedures for environmental impact assessment (EIA)—
   (i) each MDB should require that draft and final EIA reports be made available to the public in borrowing and
   donor countries and that the public be offered timely opportunities for comment on the EIA process, including initial
   scoping sessions, review of EIA categories assigned to individual projects, and opportunities to comment on draft
   and final EIA reports;
   (ii) each MDB should apply EIA requirements to all sector loans and develop and apply the methodology for environ-
   mental assessment of structural adjustment loans;
   (iii) each MDB should require that the EIA process include analyses of the potential impacts of proposed projects
   on the global environment; and
   (iv) each MDB should require the head of the appropriate environmental unit, rather than project officers, de-
   termine the appropriate type of environmental analysis required under the bank’s EIA procedures.

(g) Funds appropriated by this Act or any subsequent Act for the Development Assistance Fund and the Development Fund for Africa may be used for expenses (including related support costs) relating to the environment and energy sectors, of individuals detailed to or employed by the Agency for International Development, particularly those involved with the “Global Warning Initiative”\(^4\) described in this subsection.

GLOBAL WARMING INITIATIVE

SEC. 534. (a) TROPICAL FORESTRY ASSISTANCE.—(1) In order to achieve the maximum impact from activities relating to tropical forestry, the Agency for International Development shall focus tropical forestry assistance programs on the key middle- and low-income developing countries (hereinafter “key countries”) which are projected to contribute large amounts of greenhouse gases related to global warming as a result of industrialization and the burning of fossil fuels, and destruction of tropical forests.

(2) Funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, may be used by the Agency for International Development, notwithstanding any other provision of law, for the purpose of supporting tropical forestry programs aimed at reducing emissions of greenhouse gases with regard to the key countries in which deforestation makes a significant contribution to global warming, except that such assistance shall be subject to sections 116, 502B, and 620A of the Foreign Assistance Act of 1961.

(3) In providing assistance relating to tropical forests, the Administrator of that Agency shall, to the extent feasible and appropriate, assist countries in developing a systematic analysis of the appropriate use of their total tropical forest resources, with the goal of developing a national program for sustainable forestry.

(b) ENERGY ASSISTANCE.—(1) In order to achieve the maximum impact from activities relating to energy, the Agency for International Development shall focus energy assistance activities on the key countries, where assistance would have the greatest impact on reducing emissions from greenhouse gases. Such assistance
shall be focused on improved energy efficiency, increased use of renewable energy resources and national energy plans (such as least-cost energy plans) which include investment in end-use efficiency and renewable energy resources.

(2) Funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, may be used by the Agency for International Development, notwithstanding any other provision of law, for the purpose of supporting energy programs aimed at reducing emissions of greenhouse gases related to global warming with regard to the key countries, except that such assistance shall be subject to sections 116, 502B, and 620A of the Foreign Assistance Act of 1961.

(3) It is the sense of the Congress that the Agency for International Development should increase its efforts in the fields of energy efficiency, renewable energy, and energy planning. Such increase should take place with respect to key countries and countries with large Economic Support Fund project assistance. Such efforts should include—

(A) an increase in the number of Agency for International Development staff with energy expertise, including staff with expertise in renewable energy technologies and end-use efficiency;

(B) assistance to develop analyses of energy-sector actions that could minimize emissions of greenhouse gases at least cost, while at the same time meeting basic economic and social development needs. Such assistance should include country-specific analyses which compare the economic and environmental costs of actions to promote energy efficiency and non-conventional renewable energy with the economic and environmental costs of investments to provide additional conventional energy supplies;

(C) assistance to develop energy-sector plans that employ end-use analysis and other techniques to identify the most cost-effective actions to minimize increased reliance on fossil fuels, ensuring to the maximum extent feasible that non-governmental organizations and academic institutions are involved in this planning;

(D) insuring that AID energy assistance—including support for private-sector initiatives—is consistent with the analyses and plans described in subparagraphs (B) and (C) above, and that environmental impacts (including that on global warming) and alternatives have been fully analyzed;

(E) assistance to improve efficiency in the production, transmission, distribution, and use of energy. Such assistance should focus on the development of institutions to (i) promote energy efficiency in all sectors of energy production and use, (ii) provide training and technical assistance to help energy producers and users identify cost-effective actions to improve energy efficiency, (iii) finance specific investments in energy efficiency in all sectors of energy production and use, and (iv) improve local capabilities in the research, development, and sale of energy efficient technologies;

(F) assistance in exploiting nonconventional renewable energy resources, including wind, solar, small-hydro, geothermal,
and advanced biomass systems. This assistance should also promote efficient use of traditional biomass fuels through improved fuelwood management and improved methods of charcoal production;

(G) expanding efforts to meet the energy needs of the rural poor through the methods described in subparagraphs (E) and (F). Specifically these efforts should promote improved efficiency in the use of biomass fuels for household energy, improved systems of fuelwood management, and the development of the nonconventional renewable energy systems described in subparagraph (F);

(H) encouraging host countries to sponsor meetings with officials from the United States utility sector who are leaders in energy efficiency and other United States experts to discuss the application of least-cost planning techniques;

(I) developing a cadre of United States experts from industry, academia, nonprofit organizations, and government agencies capable of providing technical assistance to developing countries concerning energy policy and planning, energy efficiency and renewable energy resources;

(J) in cooperation with the Department of Energy, the Environmental Protection Agency, the World Bank, and the Development Assistance Committee of the OECD, supporting research concerning the ways developing nations can meet their energy needs while minimizing global warming and how to meet those needs; and

(K) strengthening the Agency for International Development’s partnership with the Department of Energy in order to ensure that the Agency’s energy efforts take full advantage of United States expertise and technology.

(c) REPORTS AND AUTHORITIES.—(1) The Agency for International Development, in consultation with the Environmental Protection Agency (EPA), the Department of State, and other appropriate agencies, shall submit to Congress no later than April 15, 1990, a report which (1) examines the potential contributions of developing countries to future global emissions of greenhouse gases under different economic growth scenarios, (2) estimates the relative contributions of those countries to global greenhouse gas emissions, and (3) identifies specific key countries which stand to contribute significantly to global greenhouse gas emissions, and in which actions to promote energy efficiency, reliance on renewable energy resources, and conservation of forest resources could significantly reduce emissions of greenhouse gases. This report should utilize existing data, including the models and methodologies already developed by the EPA for their report to Congress on policy options for stabilizing global climate.

(2) Of the funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, the Agency for International Development may use such amounts as may be necessary to reimburse United States Government agencies, agencies of State governments, and institutions of higher learning for the full costs of employees detailed or assigned to the Agency for International Development for the purpose of carrying out activities relating to forestry and energy programs aimed
at reducing emissions of greenhouse gases related to global warming. Personnel who are detailed or assigned for the purposes of this section shall not be included within any personnel ceiling applicable to any United States Government agency during the period of detail or assignment.

(d) Export-Import Bank.—(1) Of the financing provided by the Export-Import Bank that is utilized for the support of exports for the energy sector, the Bank shall seek to provide not less than 5 per centum of such financing for renewable energy projects.

(2) The Export-Import Bank shall take all appropriate steps to finance information exchanges and training whose purpose it is to help link United States producers in the renewable energy sector with assistance programs and potential foreign customers.

(3) Beginning on April 15, 1990, the Chairman of the Export-Import Bank shall submit an annual report to the Committees on Appropriations on the Bank’s implementation of this subsection.

(A) Those funds may be transferred to and consolidated with the funds made available to carry out section 481 of the Foreign Assistance Act of 1961 in order to provide additional narcotics control assistance for those countries. Funds transferred under this paragraph may only be used to provide increased funds for activities previously justified to the Congress. Transfers may be made under this paragraph without regard to the 20-percent increase limitation contained in section 610 of the Foreign Assistance Act.

§ 1551. Definitions; applicability of subchapter³

(a) In this subchapter—

(1) An obligated balance of an appropriation account as of
the end of a fiscal year is the amount of unliquidated obliga-

(2) An unobligated balance is the difference between the obli-
gated balance and the total unexpended balance.

(3) A fixed appropriation account is an appropriation account
available for obligation for a definite period.

(b) The limitations on the availability for expenditure prescribed
in this subchapter apply to all appropriations unless specifically

(c) This subchapter does not apply to—
   (1) appropriations for the District of Columbia government; or
   (2) appropriations to be disbursed by the Secretary of the Senate or the Chief Administrative Officer\(^4\) of the House of Representatives.

§ 1552. Procedure for appropriation accounts available for definite periods

(a)\(^5\) On September 30th of the 5th fiscal year after the period of availability for obligation of a fixed appropriation account ends, the account shall be closed and any remaining balance (whether obligated or unobligated) in the account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose.

(b) Collections authorized or required to be credited to an appropriation account, but not received before closing of the account under subsection (a) or under section 1555 of this title shall be deposited in the Treasury as miscellaneous receipts.

\(^4\) Sec. 219(b)(1) of Public Law 104–186 (110 Stat. 1748) struck out “Clerk” and inserted in lieu thereof “Chief Administrative Officer”.

\(^5\) Sec. 1406 of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101–510; 104 Stat. 1680) required the following:

"SEC. 1406. AUDIT OF OBLIGATED BALANCES OF DEPARTMENT OF DEFENSE"

"(a) AUDIT REQUIREMENT.—The Secretary of Defense shall provide for an audit of each account of the Department of Defense established under paragraph (1) of section 1552(a) of title 31, United States Code, as in effect on the day before the date of the enactment of this Act. The audit shall, with respect to each such account, identify—"

"(1) the balance in the account;
(2) the amount of such balance that is considered by the Secretary (as of the time of the audit) to represent amounts required for valid obligations (as supported by documentary evidence as required by section 1501 of title 31) and the amount of such balance that is considered by the Secretary (as of the time of the audit) to represent amounts for obligations that are considered no longer valid;
(3) the sources of amounts in the account, shown by fiscal year and by amount for each fiscal year; and
(4) such other matters as the Secretary considers appropriate."

"(b) DEOBLAGATION OF OBLIGATIONS NO LONGER VALID.—Any obligated amounts in accounts of the Department of Defense established under paragraph (1) of section 1552(a) of title 31, United States Code, that are determined pursuant to the audit under subsection (a) to represent amounts for obligations that are no longer valid shall be deobligated and canceled.
(c) REPORT ON AUDIT.—Not later than December 31, 1991, the Secretary of Defense shall submit to Congress a report containing the results of the audit conducted pursuant to subsection (a). The report shall set forth—"

"(1) the information required to be identified pursuant to subsection (a); and
(2) for each appropriation account (A) the average length of time funds have been obligated, (B) the average size of the obligation, and (iii) the object classification of the obligations, all shown for total obligations and separately for valid obligations and obligations that are no longer valid."

chargeable to that account, both as to purpose and in amount, before closing and that are not otherwise chargeable to any current appropriation account of the agency may be charged to any current appropriation account of the agency available for the same purpose.

(2) The total amount of charges to an account under paragraph (1) may not exceed an amount equal to 1 percent of the total appropriations for that account.

(c)(1) In the case of a fixed appropriation account with respect to which the period of availability for obligation has ended, if an obligation of funds from that account to provide funds for a program, project, or activity to cover amounts required for contract changes would cause the total amount of obligations from that appropriation during a fiscal year for contract changes for that program, project, or activity to exceed $4,000,000, the obligation may only be made if the obligation is approved by the head of the agency (or an officer of the agency within the Office of the head of the agency to whom the head of the agency has delegated the authority to approve such an obligation).

(2) In the case of a fixed appropriation account with respect to which the period of availability for obligation has ended, if an obligation of funds from that account to provide funds for a program, project, or activity to cover amounts required for contract changes would cause the total amount obligated from that appropriation during a fiscal year for that program, project, or activity to exceed $25,000,000, the obligation may not be made until—

(A) the head of the agency submits to the appropriate authorizing committees of Congress and the Committees on Appropriations of the Senate and the House of Representatives a notice in writing of the intent to obligate such funds, together with a description of the legal basis for the proposed obligation and the policy reasons for the proposed obligation; and

(B) a period of 30 days has elapsed after the notice is submitted.

(3) In this subsection, the term “contract change” means a change to a contract under which the contractor is required to perform additional work. Such term does not include adjustments to pay claims or increases under an escalation clause.

(d)(1) Obligations under this section may be paid without prior action of the Comptroller General.

(2) This subchapter does not—

(A) relieve the Comptroller General of the duty to make decisions requested under law; or

(B) affect the authority of the Comptroller General to settle claims and accounts.

§ 1554. Audit, control, and reporting

(a) Any audit requirement, limitation on obligations, or reporting requirement that is applicable to an appropriation account shall remain applicable to that account after the end of the period of availability for obligation of that account.

(b)(1) After the close of each fiscal year, the head of each agency shall submit to the President and the Secretary of the Treasury a report regarding the unliquidated obligations, unobligated balances, canceled balances, and adjustments made to appropriation
Sec. 1555 31 U.S.C.—Valid Obligations

(2) Each report required by this subsection shall—
   (A) provide a description, with reference to the fiscal year of appropriations, of the amount in each account, its source, and an itemization of the appropriations accounts;
   (B) describe all current and expired appropriations accounts;
   (C) describe any payments made under section 1553 of this title;
   (D) describe any adjustment of obligations during that fiscal year pursuant to section 1553 of this title;
   (E) contain a certification by the head of the agency that the obligated balances in each appropriation account of the agency reflect proper existing obligations and that expenditures from the account since the preceding review were supported by a proper obligation of funds and otherwise were proper;
   (F) describe all balances canceled under sections 1552 and 1555 of this title.

(3) The head of each Federal agency shall provide a copy of each such report to the Speaker of the House of Representatives and the Committee on Appropriations, the Committee on Governmental Affairs, and other appropriate oversight and authorizing committees of the Senate.

(c) 6 * * * [Repealed—1991]

(c) 6 The head of each agency shall establish internal controls to assure that an adequate review of obligated balances is performed to support the certification required by section 1108(c) of this title.

§ 1555. Closing of appropriation accounts available for indefinite periods

An appropriation account available for obligation for an indefinite period shall be closed, and any remaining balance (whether obligated or unobligated) in that account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose, if—

(1) the head of the agency concerned or the President determines that the purposes for which the appropriation was made have been carried out; and

(2) no disbursement has been made against the appropriation for two consecutive fiscal years.

6Sec. 1004(b) of the National Defense Authorization Act for Fiscal Years 1992 and 1993 (Public Law 102–190; 105 Stat. 1457) (1) struck out subsec. (c), and (2) redesignated subsec. (d) as subsec. (c).

The former subsec. (c) had required the Director of the Congressional Budget Office to estimate the effect on the Federal deficit of payments and adjustments made with respect to sections 1552 and 1553 of this title for each agency and annually report on the same.

Sec. 1004(a) of Public Law 102–190 further required the following:

“(a) TEMPORARY REQUIREMENT FOR OMB REPORT.—At the same time that the President submits to Congress the budget for each of fiscal years 1993, 1994, 1995, and 1996 under section 1105 of title 31, United States Codes, the Director of the Office of Management and Budget shall submit to Congress a report regarding the effect on the Federal Deficit of payments and adjustments made with respect to sections 1552 and 1553 of such title for the fiscal year in which such budget is submitted, the fiscal year preceding that fiscal year, and the fiscal year covered by that budget. The report shall include separate estimates for the accounts of each agency.”.
§ 1556. Comptroller General: reports on appropriation accounts

(a) In carrying out audit responsibilities, the Comptroller General shall report on operations under this subchapter to—
   (1) the head of the agency concerned;
   (2) the Secretary of the Treasury; and
   (3) the President.

(b) A report under this section shall include an appraisal of unpaid obligations under fixed appropriation accounts for which the period of availability for obligation has ended.

§ 1557. Authority for exemptions in appropriation laws

A provision of an appropriation law may exempt an appropriation from the provisions of this subchapter and fix the period for which the appropriation remains available for expenditure.

§ 1558. Availability of funds following resolution of a formal protest or other challenge

(a) Notwithstanding section 1552 of this title or any other provision of law, funds available to an agency for obligation for a contract at the time a protest or other action referred to in subsection (b) is filed in connection with a solicitation for, proposed award of, or award of such contract shall remain available for obligation for 100 days after the date on which the final ruling is made on the protest or other action. A ruling is considered final on the date on which the time allowed for filing an appeal or request for reconsideration has expired, or the date on which a decision is rendered on such an appeal or request, whichever is later.

(b) Subsection (a) applies with respect to—
   (1) any protest filed under subchapter V of chapter 35 of this title; or
   (2) an action commenced under administrative procedures or for a judicial remedy if—
      (A) the action involves a challenge to—
         (i) a solicitation for a contract;
         (ii) a proposed award of a contract;
         (iii) an award of a contract; or
         (iv) the eligibility of an offeror or potential offeror for a contract or of the contractor awarded the contract; and
      (B) commencement of the action delays or prevents an executive agency from making an award of a contract or proceeding with a procurement.

8 Sec. 5502 of Public Law 104–106 (110 Stat. 698) inserted "other action referred to in subsection (b)".
9 Sec. 5502 of Public Law 104–106 (110 Stat. 698) struck out "90 working days" and inserted in lieu thereof "100 days".
10 Sec. 5502 of Public Law 104–106 (110 Stat. 698) inserted "or other action".
11 Sec. 5502 of Public Law 104–106 (110 Stat. 698) amended and restated subsec. (b). It previously read as follows: "(b) Subsection (a) applies with respect to any protest filed under subchapter V of chapter 35 of this title or under section 111(f) of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 739(f))."

USE OF THE INDEX

The index is organized by subject matter only. Each subject entry also includes the legal citation indicating the document to which it refers. These legal citations were not chosen on the basis of standard legal citation form, but rather for the amount of information they provided and for convenience in producing a computer-printed index.

Page references, wherever possible, indicate the exact page on which mention of the entry is made. Entries of a more general nature that refer to a large section or to an entire document are listed with the page on which the reference begins.
