Incorporating Change 2, May 24, 2017

USD(P)

SUBJECT: Personnel Recovery in the Department of Defense

References: See Enclosure 1

1. PURPOSE. This Directive:

a. Incorporates and cancels DoD Directive (DoDD) 2310.2 (Reference (a)) and DoD Instruction (DoDI) 2310.3 (Reference (b)) as a single Directive to establish policy and realign responsibilities for personnel recovery in the Department of Defense.

b. Defines the responsibilities for personnel recovery regarding the preparation of forces and operational planning and ensures that DoD personnel recovery responsibilities and procedures adapt to meet emerging requirements.

c. Identifies the Under Secretary of Defense for Policy (USD(P)) as OSD's Principal Staff Assistant (PSA) responsible for personnel recovery strategy, policy development, and operational oversight through the ~~USD(P) Chief of Staff (CoS) and the Deputy Assistant Secretary of Defense for Prisoner of War/Missing Personnel Affairs (DASD(POW/MPA))~~ *Assistant Secretary of Defense for Special Operations and Low Intensity Conflict (ASD(SO/LIC))* according to DoDD 5110.10 (Reference (c)).

d. Operational implementation of joint personnel recovery policy and doctrine shall be with the Chairman of the Joint Chiefs of Staff. The Joint Personnel Recovery Agency (JPRA), as a Chairman's controlled activity, shall be the DoD office of primary responsibility (OPR) and execute these responsibilities as noted in Enclosure 2.

2. APPLICABILITY

a. This Directive applies to OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense (IG DoD), the Defense Agencies, the DoD Field Activities, and all other organizational entities within the Department of Defense (hereafter referred to collectively as the "DoD Components").

b. Memorandums of agreement or memorandums of understanding (MOUs) entered into by non-DoD organizations with the Department of Defense dealing with personnel recovery shall include terms making the provisions of this Directive applicable to those organizations.

3. DEFINITIONS. See Glossary.

4. POLICY. It is DoD policy that:

a. Preserving the lives and well-being of U.S. military, DoD civilians, and DoD contractor personnel authorized to accompany the U.S. Armed Forces who are in danger of becoming, or already are, beleaguered, besieged, captured, detained, interned, or otherwise missing or evading capture (hereafter referred to as “isolated”) while participating in U.S.-sponsored activities or missions, is one of the highest priorities of the Department of Defense. DoD contractor personnel authorized to accompany U.S. forces are identified in DoDI 3020.41 (Reference (d)). The military, DoD civilians, and DoD contractor personnel authorized to accompany the U.S. Armed Forces are hereafter referred to as “DoD personnel.”

b. The Department of Defense has an obligation to train, equip, and protect its personnel, prevent their capture and exploitation by adversaries, and reduce the potential for using isolated personnel as leverage against U.S. security objectives. Commanders at all levels must link force protection programs and personnel recovery as a means of preserving the force. This requires commanders to maintain situational awareness of their personnel during all phases of military operations.

c. The Department of Defense shall not offer payment of ransom or grant concessions for the return of any person identified in paragraph 4.a. The prohibition against ransom and concessions is not intended to prevent efforts to elicit information that leads to the return of isolated personnel, nor does it prevent the award of compensation obligated by the use of a blood chit (see Appendix J of Joint Publication 3-50 (Reference (e)) by DoD or other authorized personnel.

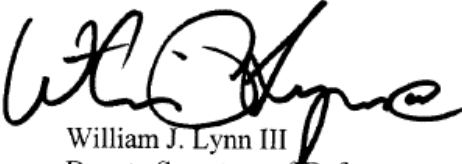

5. RESPONSIBILITIES. See Enclosure 2.

6. RELEASABILITY. ~~UNLIMITED~~ *Cleared for public release*. This Directive is ~~approved for public release and is~~ available on the ~~Internet from the~~ DoD Issuances Web Site at <http://www.dtic.mil/whs/directives>.

7. EFFECTIVE DATE. This Directive: ~~is effective April 16, 2009.~~

~~a. Is effective April 16, 2009.~~

~~b. Must be reissued, cancelled, or certified current within 5 years of its publication in accordance with DoD Instruction 5025.01 (Reference (f)). If not it will expire effective April 16, 2019 and be removed from the DoD Issuances Website.~~

~~PART II. TERMS AND~~ DEFINITIONS

These terms and their definitions are for the purpose of this Directive.

contingency contractor personnel. Defense contractors and employees of defense contractors and associated subcontractors, including U.S. citizens, U.S. legal aliens, third country nationals (~~TCNs~~), and citizens of host nations who are authorized to accompany U.S. military forces in contingency operations or other military operations, or exercises designated by the geographic Combatant Commander. This includes employees of external support, systems support, and theater support contractors. Such personnel are provided with an appropriate identification card under the Geneva Conventions.

CDF. A sub-category of contingency contractor personnel. CDF are employees of system support and external support contractors, and associated subcontractors, at all tiers, who are specifically authorized in their contract to deploy through a deployment center or process and provide support to U.S. military forces in contingency operations or in other military operations, or exercises designated by a geographic Combatant Commander. CDF includes forward-deployed system support and external support contractors designated to remain in place in theater when a contingency is declared. Such personnel are provided with an appropriate identification card under the Geneva Conventions. CDF usually work for the U.S. military forces under a deployable contract agreement in peacetime, and in many cases have a long-term relationship with a specific unit. They usually live with and provide services directly to U.S. military forces and receive Government-furnished support similar to DoD civilians. CDF do not include ~~TCNs~~ *third country nationals* or local national personnel hired in theater using local procurement (e.g., day laborers).

Defense contractor. Any individual, firm, corporation, partnership, association, or other legal non-Federal entity that enters into a contract directly with the Department of Defense to furnish services, supplies, or construction. For purposes of this Directive, foreign governments, representatives of foreign governments, or foreign corporations wholly owned by foreign governments that have entered into contracts with the Department of Defense are not Defense contractors.

isolated personnel. U.S. military, DoD civilians and contractor personnel (and others designated by the President or Secretary of Defense) who are separated from their unit (as an individual or a group) while participating in a U.S. sponsored military activity or mission and are, or may be, in a situation where they must survive, evade, resist, or escape.

personnel recovery. The sum of military, diplomatic, and civil efforts to prepare for and execute the recovery and reintegration of isolated personnel.
