## Summary

This list of about 200 congressional liaison offices is intended to help congressional offices in placing telephone calls and addressing correspondence to government agencies. The information was supplied by the appropriate agency and is current as of the date of publication. Entries are arranged alphabetically in four sections: legislative branch; judicial branch; executive branch; and agencies, boards, and commissions.

This report is not intended to be comprehensive. It includes contacts at major federal agencies and agencies for which CRS has received repeated requests. If you need a contact for a federal agency not listed in this report, or for a private organization, such as a business or nonprofit, or a state agency, please place a request on [CRS.gov](http://CRS.gov) or call 7-5700.

CRS is currently in the process of updating this report. There may be listings that do not yet reflect changes resulting from the new Administration. We will be working over the next months to update all listings. Please contact the author for assistance.

This report was produced for congressional offices only.
